Subject: Volunteer Opportunity in Flint

The State Emergency Operations Center (SEOC) is coordinating a response to the ongoing health and safety issues in the city of Flint's drinking water. Teams from the Michigan State Police, Genesee County Sheriff's Department, Michigan Department of Health and Human Services, and volunteer organizations have been delivering bottled water, water filters, replacement cartridges and water testing kits at homes in the city of Flint since Tuesday.

To help with this critical work, the SEOC is looking for volunteers to expand this effort and continue this distribution during the upcoming holiday weekend. Teams are being assembled for shifts on Saturday, January 16; Sunday, January 17; and Monday, January 18, 2016. If you are interested in volunteering your time for this critical work, please complete the information in one of the attached surveys (depending on which day you are volunteering).

To volunteer on Saturday, January 16, https://www.surveymonkey.com/r/28NVJBL

To volunteer on Sunday, January 17, https://www.surveymonkey.com/r/26NMJKK

To volunteer on Monday, January 18, https://www.surveymonkey.com/r/26P7P5G

Volunteers will begin their assignment at the Local Emergency Operations Center located in the Genesee County Administration Building located at 1101 Beach St, Flint at 9 a.m. and end by 4 p.m. Parking is available at the corner of Beach Street and 8th Street. Lunch will be provided. This is strictly a volunteer effort, as all three days will be unpaid. Volunteers are responsible for their own transportation; mileage reimbursement for personal vehicles is not authorized. Volunteers should dress for working outdoors and wear foot attire appropriate for walking.

This opportunity is for state employees and their immediate family members 16 years of age or older only, others looking to assist should volunteer through the American Red Cross in Flint. The volunteer coordination center for the Red Cross is located at 1401 S. Grand Traverse, Flint, MI. They are open from 9 a.m. to 7 p.m.

For more information on the state's response efforts, visit www.michigan.gov/flintwater.

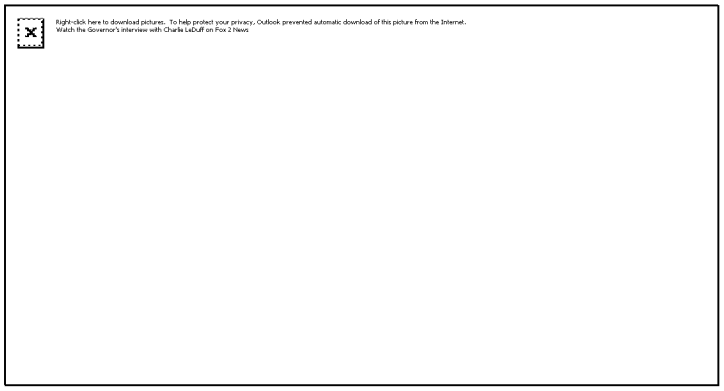
How we are fixing the Flint water crsis

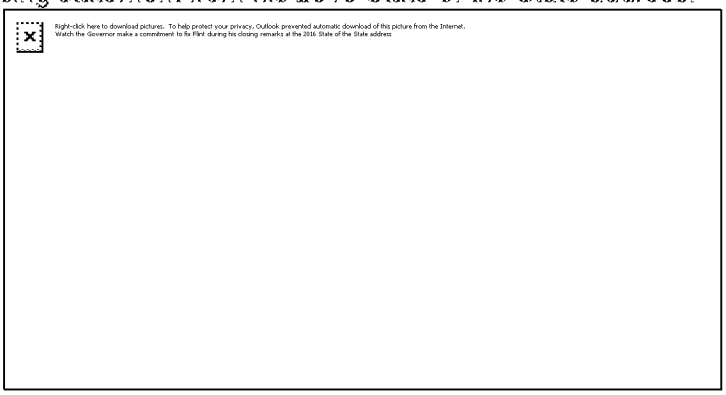
Governor Rick Snyder has committed to spending the rest of his time as Governor to fixing the Flint water crisis. Over the last few days, he has sat down to explain what happened and how we're fixing the Flint water crisis. Watch the interviews below and be sure to read the Governor's Op-Ed in the USA Today.

Governor Snyder on Morning Joe



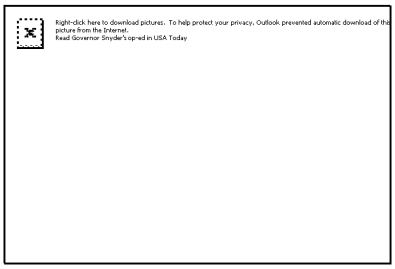
"What is so frustrating and what makes you so angry is you have a handful of experts who were career civil servants that made terrible decisions, in my view. We have to live with the consequences, and they worked for me, so I accept that responsibility. We are going to fix this problem." Watch Governor Snyder address how we are fixing the Flint water crisis on Morning Joe.

Governor Snyder with Charlie LeDuff on Fox 2 Detroit



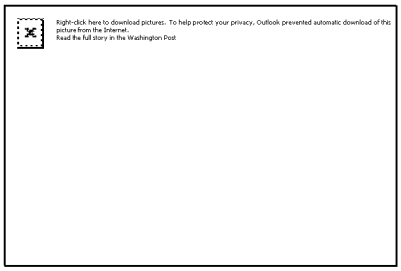
"I feel awful about this. These are people. They've been harmed. You can't feel good about that. The people of Flint have been harmed and a major influence of that harm came from people who worked for me, and I feel responsible for that. But I am committed

to solving the problem and addressing the damage as much as possible for the rest of the time I'm Governor." Watch Governor Snyder address the Flint water crisis with Charlie LeDuff on Fox 2 News.



Governor Snyder's 2016 State of the State

"Michiganders don't quit, we don't give up, instead we will work with even more passion and commitment to truly improve our state. For everyone who's chosen to make Michigan their home, this is more than a promise, this is my commitment." Watch Governor Snyder's full closing statement from his 2016 State of the State address.



Governor in USA Today: "I will fix this, and I mean it."

"Residents in one of Michigan's proud cities cannot drink their water. That's unacceptable. The crisis in Flint arose from missteps at all levels of government — local, state and federal. But as governor, I take responsibility for what these families are going through, and I'm holding people in my administration accountable for their failures." Click here to read the Governor's full op-ed.

Washington Post: "Michigan Gov. Rick Snyder is in a tough spot, but he's his own best spokesman"

Snyder has born the brunt of criticism in the local health crisis that has turned into a national scandal. But unlike many other politicians facing crises of leadership, Snyder may also be his own best counter-programming. Click here to read the full story in the Washington Post.

Subject: Flint Volunteer Efforts

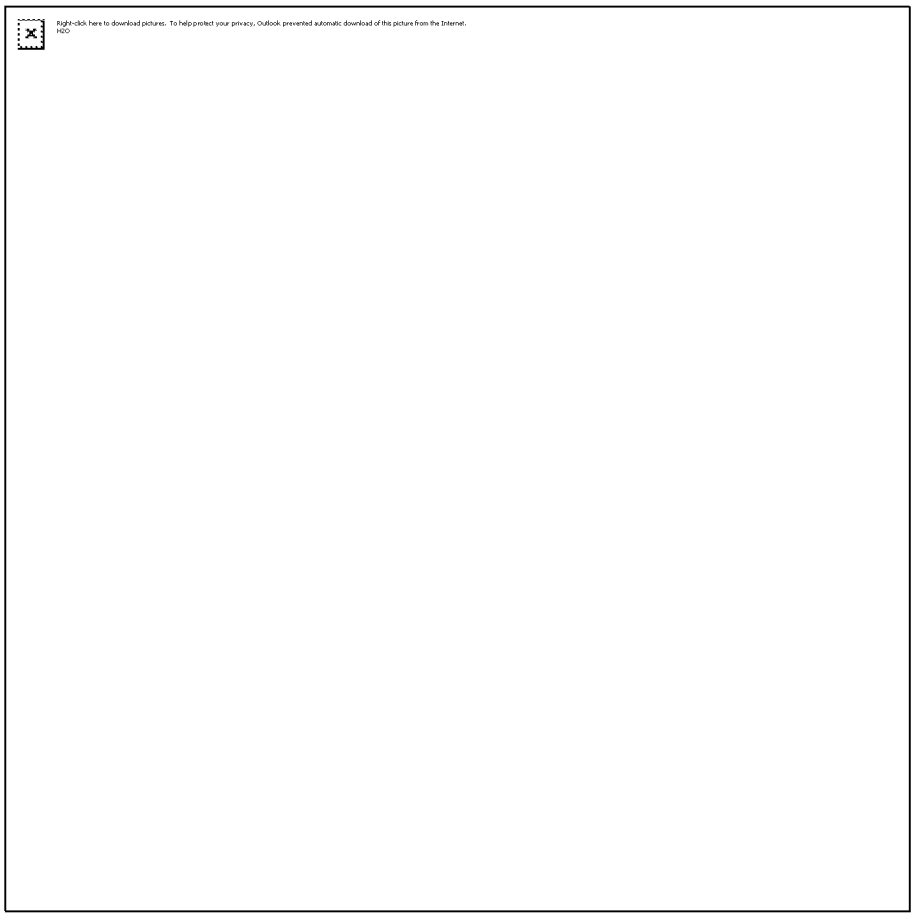
Dear State Employees,

Gov. Rick Snyder and I want to thank everyone who donated their time during the holiday weekend to deliver bottled water, water filters, replacement cartridges and water testing kits to families in the city of Flint. We are working hard to ensure all residents are provided with the safe water resources they need, and each donation and hour of your time volunteered goes a long way.

For employees who would like to help the residents of Flint, there are several opportunities to do so. Please visit www.helpforflint.com to learn how you can help.

For additional information and updates, visit www.michigan.gov/flintwater.

Again, thank you for all your support.



Sincerely, Mike Zimmer
Office of Good Government Director
Dept. of Licensing and Regulatory Affairs Director

To: Camp, William (DTMB)
Subject: Contributing time, muscle and money

During this month's Martin Luther King Jr. holiday weekend, some state employees turned their "day off" into a "day on" in Flint. There, they delivered bottled water, water filters, replacement cartridges and water testing kits to families. The volunteers joined other Michiganders, turning Dr. King's birthday observance into a day of service.

Mike Zimmer, director of the Office of Good Government and the Department of Licensing and Regulatory Affairs, has shared a link – www.helpforflint.com – that offers other opportunities to contribute time, muscle and money to bring clean drinking water to the community.Here in DTMB, some of our employees didn't wait for an invitation to lend a hand. Office of Retirement Services staff contributed funds that were used to buy 31 cases and 23 gallons of water, which a local organization transported to Flint.

Autumn Hubbard, Ambrea Mack and Sarah Esquivel, who are in the photo at the left, nearly emptied the shelves at their local grocery store. Thanks for your efforts.

everyone.

Now work.

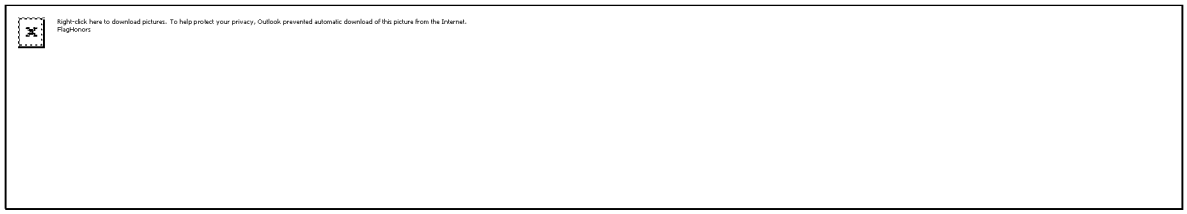
Last week, I signed a new policy that formalizes the annual employee review process and sets expectations for employees and managers. Administrative Policy 200.37 establishes consistent standards for implementing performance plans and reviews. Some of the standards are practices we have followed for years. Others are new. Some of particular note include:

- The mandatory use of HRMN
- A standard Feb. 1-Jan. 31 rating period for all employees
- An Individual Development Plan that specifies training or development programs for each employee
- Competencies and objectives that align to DTMB goals or scorecard metrics
- Consequences for managers and supervisors who do not complete the review process as required

A fundamental role of each DTMB manager or supervisor is to provide employees with direction and feedback on their performance. Employees also are expected to take an active role in pursuing professional development opportunities and achieving their competencies and objectives. I encourage you to review the new policy and talk with your manager or supervisor if you have questions. Of course, I welcome your questions and input as well. Please send your comments and ideas to me at behend@michigan.gov.

I know these have been busy weeks for many of you as you take on additional responsibilities and work hard to provide resources and services for our customers and citizens across the state. Please know that your hard work has not gone unnoticed. Thank you for everything you do, every day.

Have a great week,



David

Subject: Thank you for your service

THANK YOU!

Fellow employees,

Each day, more than 46,000 state of Michigan employees come to work with the confidence and commitment to make Michigan a better place to live, work and play. I appreciate the way you care about the citizens we serve, and how it is reflected in the work that you do.

As you have heard from me and the media, our reputation and trust can be severely impacted when people do not make good decisions, or use good judgment in solving problems. That principle is universal, but never more so than when public health is at stake. What happened in Flint can never be allowed to happen again anywhere in our state.

I know that you want to work in a place where employee input is valued, efforts are recognized, and teams are always striving for continuous improvement. That's why we introduced employee surveys, Bureaucracy Busters and other reinvention initiatives. We want and deserve a culture of innovation, continuous improvement and employee engagement at every level. We can never take for granted how important the people are who depend on us to do our jobs, and I am asking you not to let the situation in Flint negatively impact your motivation to excel every day.

Many of you have taken an interest in helping the citizens of Flint on your own time, and I'd like to take this opportunity to recognize and thank those who have volunteered over the last couple of weekends. You have worked tirelessly to deliver cases of bottled water, water filters, replacement cartridges and water testing kits to the families in need. I appreciate you donating your time to help our fellow Michiganders. To date, more than 37,000 homes have been visited by one of our water resource teams.

For employees who would like to further help the people of Flint, please visit www.HelpForFlint.com to learn how you can do so. For additional information and to sign up for daily updates, please visit www.mi.gov/FlintWater. I am committed to ensuring that all residents have access to safe and clean water.

Again, I'd like to express my gratitude for the work you do every day to continuously improve our state and earn the trust of those you serve. You make a real difference.

Thanks,

Governor Rick Snyder

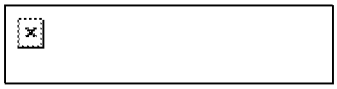
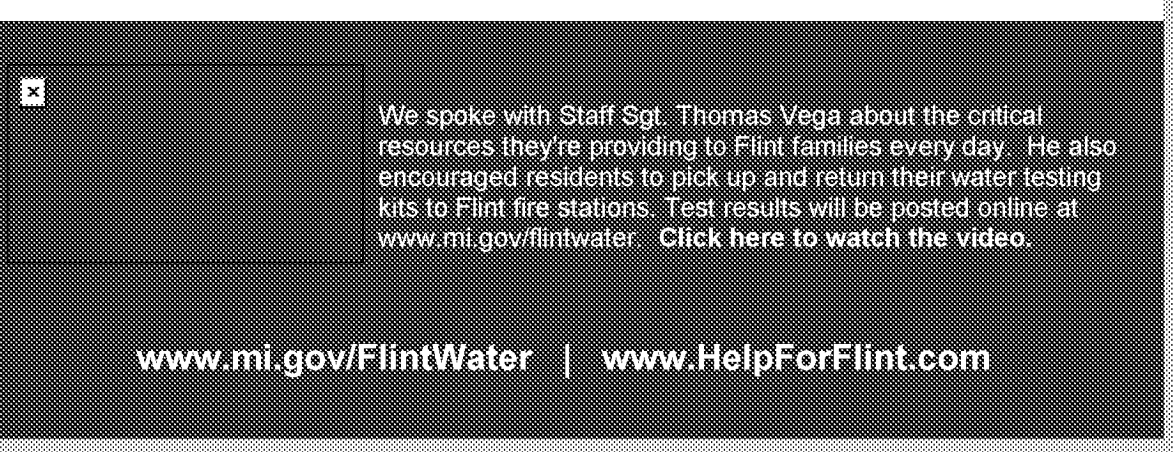
Subject: "Flint residents should not have to pay for water they cannot drink"

Budget recommendation will include $30 million request for Flint water bill repayments



When Governor Rick Snyder presents his budget recommendation next Wednesday, Feb. 10, he will include a $30 million request for the residents of Flint to keep their water service on and eliminate the need to pay for water they cannot completely trust to drink.



Under the governor's ask, the funding would enable the city of Flint to apply credits for customers on future bills. Estimates show water is roughly 47 percent of billing and sewer costs are around 53 percent. The credit would be applied to consumption usage (roughly

65 percent) of a resident's water portion of the bill, such as for bathing, drinking, cooking, and washing your hands. Residents still would be responsible for paying the sewer portion of their water bills.

Professor Marc Edwards of Virginia Tech said, "This essentially refunds all the money associated with consumption or consumer use. I think it's an amazing gesture of common sense and good will and it corrects an injustice. I don't think there's a precedent for this. I feel so encouraged by the direction this is going."

Click here to learn more about the budget request.

VIDEO: What Governor Snyder's FY17 budget means for Michigan

Gov. Rick Snyder's FY 2017 budget calls for critical investments for the Flint water crisis, statewide infrastructure and the Detroit Public Schools. The governor's recommendation also addresses the skyrocketing costs of specialty medications that Michigan residents depend on for better health outcomes.

This budget also stays committed to the Governor's core statewide priorities of education, talent and economic development, health and human services, and public safety.

The proposed FY 2017 budget makes key investments to strengthen the state for all of

Michigan's families. Click here to learn more about the top 6 takeaways from the Governor's FY 2017 state budget.

Click a tweet to tweet it out:

The #MIBudget @OneToughNerd proposed yesterday makes key investments to strengthen Michigan for all families --> www.mi.gov/MIBudget

--> @OneToughNerd's #MIBudget includes $72 million a year for Detroit Public Schools. It is time to act now -- > www.mi.gov/MIBudget

Volunteers at the Food Bank of Eastern Michigan are working hard to collect donations in order to help the families of Flint. Last Thursday, Governor Snyder visited with the many dedicated volunteers and helped sort cans of food.

Good nutrition is critically important for Flint's children. Foods that are high in calcium, vitamin C, and iron can help limit the effects of lead exposure. To donate or volunteer at the Food Bank of Eastern Michigan, visit www.fbem.org.

Sent: Wednesday, February 17, 2016 10:10 AM
To: Camp, William (DTMB)
Subject: The Gov. Snyder's Budget Proposal

Good morning everyone. I hope everyone had a great holiday weekend.

I had the good fortune to travel to Marquette on Monday with Chad Laidlaw, DTMB's policy and planning analyst, to meet with city, business and university leaders and to address the Economic Club of Marquette. I told them about the many things DTMB does, placing special emphasis on our work in mobility and cybersecurity. Marquette is really developing and making its mark as an innovative and entrepreneurial community.

Now work.

The executive budget Gov. Snyder presented last week outlined his investment plan for Michigan. Yes, the proposal for fiscal year 2017-18 outlined a strategy to address the critical challenges of addressing the Flint water crisis and turning around Detroit's Public Schools, but the $54.9 billion plan also includes investment in four key areas:

- **Education.** The budget increases investment to K-12 schools, community colleges and the state's public universities. Additional funds are proposed to expand career, technical, science, technology, engineering and math programs.
- **Protecting the Public.** The governor's plan expands the Secure Cities program, which has reduced violent crime in four major Michigan cities. Funds also would support an additional trooper recruit school and an academy to train corrections officers, among other initiatives.
- **Putting People First.** The governor recommends continued expansion of the Healthy Kids Dental Program and funding efforts to ensure residents have access to affordable health care. His proposal boosts funds to help cover new higher cost specialty medications to treat conditions such as hepatitis C and cystic fibrosis, among others.
- **Investing in Infrastructure.** The proposal allocates $1.2 billion to maintain and repair Michigan roads, bridges and other critical infrastructure.

The budget proposal also includes FY 2017-18 funding recommendations for DTMB. Gov. Snyder recommends ongoing funding of $1.3 billion for department operations and a one-time allocation of $32.4 million.

A few highlights include:

- $502 million for information technology support for all state agencies and $132.8 million for 14 high-priority IT projects in seven agencies. He recommends increasing the Information Technology Investment Fund by $7 million, from $65 million to $72 million. This fund supports several major multiyear IT projects and upgrades, including the replacement of outdated legacy systems.
- An additional $5 million to support cybersecurity improvements to safeguard citizens' personal information and protect critical infrastructure and government services.
- IT support of $6.5 million to modernize the Office of Retirement Services' systems and enhance customer service for more than 530,000 current and future retirees.

You can see the full executive budget recommendations, which are posted on the Budget Office website. Details of DTMB's proposed budget begin on page B-75.

We can expect to see many changes before the budgets are signed and become effective Oct. 1. The executive budget will be used by the House and Senate Appropriations Committees as they work on their own budgets and hold committee hearings on the proposals. I'll keep you posted as the process moves ahead.

As always, I welcome your notes, whether about the budget process or any other topic. Please send them to me at behend@michigan.gov.

Thank you again for all the good work you do. I hope you have a great week ahead.

David

Subject: FW: State of Michigan Contract Question

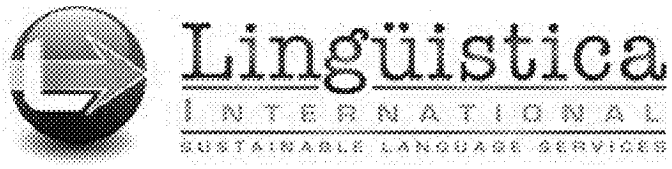
Hello William,

Sabrina is currently on a meeting and has asked me to reply to your question. Pricing will be based on the contract rates for all Standard requests.

The expedited time frames are as follows:

Standard Request
0 to 500 words document (48 hours turnaround)
501 to 3000 words document (72 hours turnaround)
>3000 will need to be evaluated to provide completion time frame.

Do you have any idea on the expected volume / frequency of requests?



Rush orders can be completed within 24 hours as long as word count is less than 500 words. Rush requests will be priced higher based on document specs as well as formatting / editing requirements.

Please let me know if you should have other questions.

Subject: State of Michigan Contract Question

Good Morning,

I am reaching out today with a couple questions. Given the water issues in Flint, which have made national news, the State has additional translation needs. Various documents, including water filter instructions may need to be translated into a variety of languages for the residents of Flint. The State would need services provided with both standard and expedited lead times and a 24/7 contact for the Flint response teams. Are these items Linguistica could provide, and if so what languages could be provided? More details will be provided as we discuss further.

I look forward to hearing from you,

Yours,
Will Camp

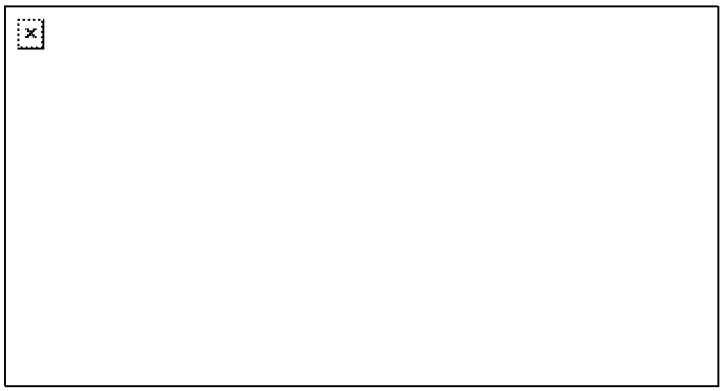
How we are fixing the Flint water crsis

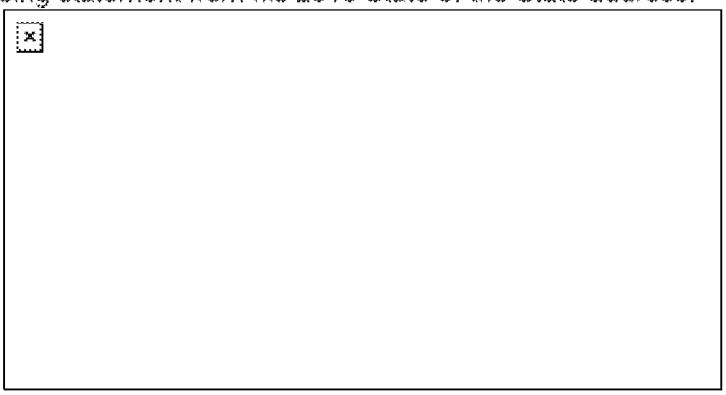
Governor Rick Snyder has committed to spending the rest of his time as Governor to fixing the Flint water crisis. Over the last few days, he has sat down to explain what happened and how we're fixing the Flint water crisis. Watch the interviews below and be sure to read the Governor's Op-Ed in the USA Today.



Governor Snyder on Morning Joe

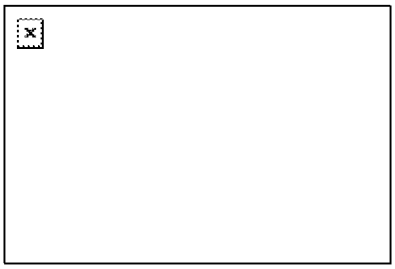
"What is so frustrating and what makes you so angry is you have a handful of experts who were career civil servants that made terrible decisions, in my view. We have to live with the consequences, and they worked for me, so I accept that responsibility. We are going to fix this problem." Watch Governor Snyder address how we are fixing the Flint water crisis on Morning Joe.

Governor Snyder with Charlie LeDuff on Fox 2 Detroit



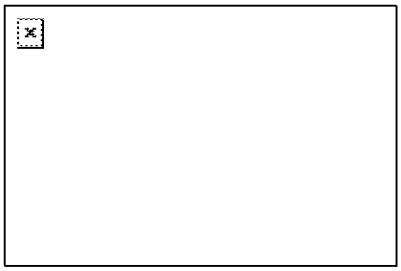
"I feel awful about this. These are people. They've been harmed. You can't feel good about that. The people of Flint have been harmed and a major influence of that harm

came from people who worked for me, and I feel responsible for that. But I am committed to solving the problem and addressing the damage as much as possible for the rest of the time I'm Governor." Watch Governor Snyder address the Flint water crisis with Charlie LeDuff on Fox 2 News.



Governor Snyder's 2016 State of the State

"Michiganders don't quit, we don't give up, instead we will work with even more passion and commitment to truly improve our state. For everyone who's chosen to make Michigan their home, this is more than a promise, this is my commitment." Watch Governor Snyder's full closing statement from his 2016 State of the State address.



Governor in USA Today: "I will fix this, and I mean it."

"Residents in one of Michigan's proud cities cannot drink their water. That's unacceptable. The crisis in Flint arose from missteps at all levels of government — local, state and federal. But as governor, I take responsibility for what these families are going through, and I'm holding people in my administration accountable for their failures." Click here to read the Governor's full op-ed.

Washington Post: "Michigan Gov. Rick Snyder is in a tough spot, but he's his own best spokesman"

Snyder has born the brunt of criticism in the local health crisis that has turned into a national scandal. But unlike many other politicians facing crises of leadership, Snyder may also be his own best counter-programming. Click here to read the full story in the Washington Post.

Subject: Flint Volunteer Efforts

Dear State Employees,

Gov. Rick Snyder and I want to thank everyone who donated their time during the holiday weekend to deliver bottled water, water filters, replacement cartridges and water testing kits to families in the city of Flint. We are working hard to ensure all residents are provided with the safe water resources they need, and each donation and hour of your time volunteered goes a long way.

For employees who would like to help the residents of Flint, there are several opportunities to do so. Please visit www.helpforflint.com to learn how you can help.

For additional information and updates, visit www.michigan.gov/flintwater.

Again, thank you for all your support.

Sincerely, Mike Zimmer
Office of Good Government Director
Dept. of Licensing and Regulatory Affairs Director

Sue

Please get this list to J&B first thing Monday as a rush request. Need price and lead times. Work with DHHS Purchasing, who would be issuing the PO. Melissa will conduct concurrent research with VWR, just in case. Hopefully one or both vendors sell all items.

Make sure to ask J&B for a 24/7 phone number in case there are more rush requests.

Good morning Kim,

I'm in the CHECC today. I'll let you call me when it is convenient for you. The best number is 517-335-8672. We'll check to see if GDHD put more detail in the MICIMS system. We have been trying really hard to support the GCHD. This is a request that went to me first and it is critical to assist them for blood lead testing of the Flint kids.

Thanks,
Jackie

Good news! Richard was able to put me in touch with the MDHHS-HS purchasing director, Kim Stephen, and they are able to purchase the blood lead testing kits and supplies that Genesee County Health Department requested this afternoon. We simply need to call her back tomorrow (contact information below) and let her know the specifics of each item (type, manufacturer, etc.) and she can get them ordered and to GCHD as early as Monday or Tuesday. I've attached a word document summarizing all the various requests that GCHD submitted in MICIMS for these assets, but we may need to gather additional information before calling Kim back.

Linda, I believe you were going to touch base with Toni this afternoon. Was she able to provide any additional clarification as to how soon they need the supplies?

Kathy, the locals unfortunately entered each item they need as 10 separate MICIMS requests, instead of just one that lists each item in the description. So each one has to be updated separately in MICIMS…but I did go in and add comments to them already this evening.

Good Morning Sue,

We can have the gloves, bandaids (both sizes), alcohol preps, and gauze sponges delivered today if needed. We have a driver standing by right now.

Regarding the quote, the only item I haven't included is the Microcuvettes.

Please note on the 1" x 1" square gauze, I quoted a 2" x 2" gauze that is on the contract because we have them in stock and ready to ship out. We didn't have any 1" x 1" gauze on hand. I hope this will work.

On the Leadcare II items, we can order these today and they will ship to us tomorrow. We should have them here by the end of this week.

I quoted a few different sizes on the table covers, these are all plastic backed. The manufacturer has a facility in Westland, MI and they said they would work with us to get product out asap to Flint.

Thank you,
Chris Respondek

Hi Sue,

Sorry the math calculated incorrectly on line 1 for the LeadCare test kits, it should be $42.895.00, it was listed as $4,289.50. Here is the revised version, sorry for the error here.

Thank you,
Chris Respondek

Good Morning Sue,

We can have the gloves, bandaids (both sizes), alcohol preps, and gauze sponges delivered today if needed. We have a driver standing by right now.

Regarding the quote, the only item I haven't included is the Microcuvettes.

Please note on the 1" x 1" square gauze, I quoted a 2" x 2" gauze that is on the contract because we have them in stock and ready to ship out. We didn't have any 1" x 1" gauze on hand. I hope this will work.

On the Leadcare II items, we can order these today and they will ship to us tomorrow. We should have them here by the end of this week.

I quoted a few different sizes on the table covers, these are all plastic backed. The manufacturer has a facility in Westland, MI and they said they would work with us to get product out asap to Flint.

Thank you,
Chris Respondek

Good Morning Sue,

I received your email and I'm working on this right now. Is it possible to obtain the information on the plastic backed table covers and Micro-cuvettes as well? The table covers come in a wide variety of sizes and the micro-cuvettes have a few manufacturer's and these usually work with specific test kits.

Thank you,
Chris Respondek

Shirley –

Attached is the J & B Medical quotation and information in the email below for the items DHHS requested (excluding #5 micro-cuvettes), pending the agency's confirmation of the model nos.

If the 2" x 2" gauze squares that are on contract are not acceptable, J & B can order the 1" x 1" gauze squares for you.

As soon as DHHS confirms the specific models, I will forward them to J & B Medical to update their quote.

Thank you.

Good Morning,

Here is the revised quote with a new Bath Mat we offer that is also on the contract. These are disposable and plastic like. I think they'll work to meet your needs, and we have exactly 10 cases in stock.

The only remaining item left to price out is the microcuvettes; if you have any information on these it would be greatly appreciated. I can quote one of the versions we sell, but the only way to make certain it will work for your needs is to find out which machine, or which microcuvette is currently being used.

Please see attached list of blood lead testing supplies for the Genesee County Local Health Department. Consider this an urgent need, associated with the Flint water state of emergency.

We will need pricing and lead times. If you have any questions on the products requested, please let me know.

The agency, DHHS will issue a PO release against J & B Medical Contract No. 071B4300126.

Thank you.

Subject: RE: Blood Lead Testing Supplies - Flint Water - RUSH - J & B Medical Quotation

Good Morning,

Here is the revised quote with a new Bath Mat we offer that is also on the contract. These are disposable and plastic like. I think they'll work to meet your needs, and we have exactly 10 cases in stock.

The only remaining item left to price out is the microcuvettes; if you have any information on these it would be greatly appreciated. I can quote one of the versions we sell, but the only way to make certain it will work for your needs is to find out which machine, or which microcuvette is currently being used.

TID950255

TIDI BATH MATS Bath Mat, White Paper, Printed Blue "Shell", 14½" x 20", 500/cs

Shirley –

Attached is the J & B Medical quotation and information in the email below for the items DHHS requested (excluding #5 micro-cuvettes), pending the agency's confirmation of the model nos.

If the 2" x 2" gauze squares that are on contract are not acceptable, J & B can order the 1" x 1" gauze squares for you.

As soon as DHHS confirms the specific models, I will forward them to J & B Medical to update their quote.

Thank you.

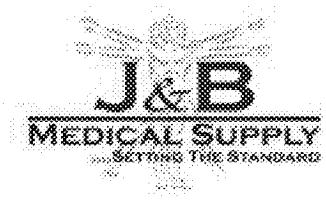
Subject: RE: Blood Lead Testing Supplies - Flint Water - RUSH - Need Emergency Contact

Good Morning Sue,

We can have the gloves, bandaids (both sizes), alcohol preps, and gauze sponges delivered today if needed. We have a driver standing by right now.

Regarding the quote, the only item I haven't included is the Microcuvettes.



Please note on the 1" x 1" square gauze, I quoted a 2" x 2" gauze that is on the contract because we have them in stock and ready to ship out. We didn't have any 1" x 1" gauze on hand. I hope this will work.

On the Leadcare II items, we can order these today and they will ship to us tomorrow. We should have them here by the end of this week.

I quoted a few different sizes on the table covers, these are all plastic backed. The manufacturer has a facility in Westland, MI and they said they would work with us to get product out asap to Flint.

Thank you,

Chris Respondek

Good Morning,

Here is the revised quote with a new Bath Mat we offer that is also on the contract. These are disposable and plastic like. I think they'll work to meet your needs, and we have exactly 10 cases in stock.

The only remaining item left to price out is the microcuvettes; if you have any information on these it would be greatly appreciated. I can quote one of the versions we sell, but the only way to make certain it will work for your needs is to find out which machine, or which microcuvette is currently being used.

TID950255

TIDI BATH MATS Bath Mat, White Paper, Printed Blue "Shell", 14½" x 20", 500/cs

Please see confirmation below from DHHS on the test kit model. Can you please update your quotation now to include item #5 micro-cuvettes?

Also, please update your quotation for item #7 for a disposable type placemat instead of a table cover.

Thank you.

Sue

Thank you Sue, Barb Bidigare just provided me the info on the test kits, and yes they are the Lead Care II,

Regarding the table covers, they actually need something that would resemble a place matt, something easy to dispose of instead of an entire table cover.

Please look into this for us and provide any information you obtain.

Thank you

Shirley –

Attached is the J & B Medical quotation and information in the email below for the items DHHS requested (excluding #5 micro-cuvettes), pending the agency's confirmation of the model nos.

If the 2" x 2" gauze squares that are on contract are not acceptable, J & B can order the 1" x 1" gauze squares for you.

As soon as DHHS confirms the specific models, I will forward them to J & B Medical to update their quote.

Thank you.

Subject: RE: Blood Lead Testing Supplies - Flint Water - RUSH - Need Emergency Contact

Good Morning Sue,

We can have the gloves, bandaids (both sizes), alcohol preps, and gauze sponges delivered today if needed. We have a driver standing by right now.

Regarding the quote, the only item I haven't included is the Microcuvettes.

Please note on the 1" x 1" square gauze, I quoted a 2" x 2" gauze that is on the contract because we have them in stock and ready to ship out. We didn't have any 1" x 1" gauze on hand. I hope this will work.

On the Leadcare II items, we can order these today and they will ship to us tomorrow. We should have them here by the end of this week.

I quoted a few different sizes on the table covers, these are all plastic backed. The manufacturer has a facility in Westland, MI and they said they would work with us to get product out asap to Flint.

Thank you,
Chris Respondek

Subject: FW: Blood Lead Testing Supplies - Flint Water - RUSH - J & B Medical Quotation

Thank you Sue, Barb Bidigare just provided me the info on the test kits, and yes they are the Lead Care II,

Regarding the table covers, they actually need something that would resemble a place matt, something easy to dispose of instead of an entire table cover.

Please look into this for us and provide any information you obtain.

Thank you

Shirley –

Attached is the J & B Medical quotation and information in the email below for the items DHHS requested (excluding #5 micro-cuvettes), pending the agency's confirmation of the model nos.

If the 2" x 2" gauze squares that are on contract are not acceptable, J & B can order the 1" x 1" gauze squares for you.

As soon as DHHS confirms the specific models, I will forward them to J & B Medical to update their quote.

Thank you.

Subject: RE: Blood Lead Testing Supplies - Flint Water - RUSH - Need Emergency Contact

Good Morning Sue,

We can have the gloves, bandaids (both sizes), alcohol preps, and gauze sponges delivered today if needed. We have a driver standing by right now.

Regarding the quote, the only item I haven't included is the Microcuvettes.

Please note on the 1" x 1" square gauze, I quoted a 2" x 2" gauze that is on the contract because we have them in stock and ready to ship out. We didn't have any 1" x 1" gauze on hand. I hope this will work.

On the Leadcare II items, we can order these today and they will ship to us tomorrow. We should have them here by the end of this week.

I quoted a few different sizes on the table covers, these are all plastic backed. The manufacturer has a facility in Westland, MI and they said they would work with us to get product out asap to Flint.

Thank you,
Chris Respondek

Good Morning Sue,

I received your email and I'm working on this right now. Is it possible to obtain the information on the plastic backed table covers and Micro-cuvettes as well? The table covers come in a wide variety of sizes and the micro-cuvettes have a few manufacturer's and these usually work with specific test kits.

Thank you,
Chris Respondek

If the 2" x 2" gauze squares that are on contract are not acceptable, J & B can order the 1" x 1" gauze squares for you.

As soon as DHHS confirms the specific models, I will forward them to J & B Medical to update their quote.

Thank you.

Subject: RE: Blood Lead Testing Supplies - Flint Water - RUSH - Need Emergency Contact

Good Morning Sue,

We can have the gloves, bandaids (both sizes), alcohol preps, and gauze sponges delivered today if needed. We have a driver standing by right now.

Regarding the quote, the only item I haven't included is the Microcuvettes.

Please note on the 1" x 1" square gauze, I quoted a 2" x 2" gauze that is on the contract because we have them in stock and ready to ship out. We didn't have any 1" x 1" gauze on hand. I hope this will work.

On the Leadcare II items, we can order these today and they will ship to us tomorrow. We should have them here by the end of this week.

I quoted a few different sizes on the table covers, these are all plastic backed. The manufacturer has a facility in Westland, MI and they said they would work with us to get product out asap to Flint.

Thank you,
Chris Respondek

Good Morning Sue,

I received your email and I'm working on this right now. Is it possible to obtain the information on the plastic backed table covers and Micro-cuvettes as well? The table covers come in a wide variety of sizes and the micro-cuvettes have a few manufacturer's and these usually work with specific test kits.

Thank you,
Chris Respondek

Subject: FW: Blood Lead Testing Supplies - Flint Water - RUSH - J & B Medical Quotation

Shirley –

Attached is the J & B Medical quotation and information in the email below for the items DHHS requested (excluding #5 micro-cuvettes), pending the agency's confirmation of the model nos.

If the 2" x 2" gauze squares that are on contract are not acceptable, J & B can order the 1" x 1" gauze squares for you.

As soon as DHHS confirms the specific models, I will forward them to J & B Medical to update their quote.

Thank you.

Subject: RE: Blood Lead Testing Supplies - Flint Water - RUSH - Need Emergency Contact

Good Morning Sue,

We can have the gloves, bandaids (both sizes), alcohol preps, and gauze sponges delivered today if needed. We have a driver standing by right now.

Regarding the quote, the only item I haven't included is the Microcuvettes.

Please note on the 1" x 1" square gauze, I quoted a 2" x 2" gauze that is on the contract because we have them in stock and ready to ship out. We didn't have any 1" x 1" gauze on hand. I hope this will work.

On the Leadcare II items, we can order these today and they will ship to us tomorrow. We should have them here by the end of this week.

I quoted a few different sizes on the table covers, these are all plastic backed. The manufacturer has a facility in Westland, MI and they said they would work with us to get product out asap to Flint.

Thank you,
Chris Respondek

Good Morning,

Here is the revised quote with a new Bath Mat we offer that is also on the contract. These are disposable and plastic like. I think they'll work to meet your needs, and we have exactly 10 cases in stock.

The only remaining item left to price out is the microcuvettes; if you have any information on these it would be greatly appreciated. I can quote one of the versions we sell, but the only way to make certain it will work for your needs is to find out which machine, or which microcuvette is currently being used.

TID950255

TIDI BATH MATS Bath Mat, White Paper, Printed Blue "Shell", 14½" x 20", 500/cs

Thank you Sue, Barb Bidigare just provided me the info on the test kits, and yes they are the Lead Care II,

Regarding the table covers, they actually need something that would resemble a place matt, something easy to dispose of instead of an entire table cover.

Please look into this for us and provide any information you obtain.

Thank you

Good Morning,

Here is the revised quote with a new Bath Mat we offer that is also on the contract. These are disposable and plastic like. I think they'll work to meet your needs, and we have exactly 10 cases in stock.

The only remaining item left to price out is the microcuvettes; if you have any information on these it would be greatly appreciated. I can quote one of the versions we sell, but the only way to make certain it will work for your needs is to find out which machine, or which microcuvette is currently being used.

TID950255

TIDI BATH MATS Bath Mat, White Paper, Printed Blue "Shell", 14½" x 20", 500/cs

Good Morning Sue,

We can have the gloves, bandaids (both sizes), alcohol preps, and gauze sponges delivered today if needed. We have a driver standing by right now.

Regarding the quote, the only item I haven't included is the Microcuvettes.

Please note on the 1" x 1" square gauze, I quoted a 2" x 2" gauze that is on the contract because we have them in stock and ready to ship out. We didn't have any 1" x 1" gauze on hand. I hope this will work.

On the Leadcare II items, we can order these today and they will ship to us tomorrow. We should have them here by the end of this week.

I quoted a few different sizes on the table covers, these are all plastic backed. The manufacturer has a facility in Westland, MI and they said they would work with us to get product out asap to Flint.

Thank you,
Chris Respondek

Good Afternoon Barb and All,

Currently we aren't direct with Sarstedt. One of our main vendor's sells their products and when we search their website and check with their CS staff on code 20.1278.100, the Greiner Bio-One VACUETTE item came up as a direct sub; it's listed as an equivalent replacement.

My purchasing team is calling Sarstedt direct right now to see if we can become a distributor for the, and if not they're going to see who we can purchase these direct from.

Thank you,

Good Afternoon Barb and All,

Currently we aren't direct with Sarstedt. One of our main vendor's sells their products and when we search their website and check with their CS staff on code 20.1278.100, the Greiner Bio-One VACUETTE item came up as a direct sub; it's listed as an equivalent replacement.

My purchasing team is calling Sarstedt direct right now to see if we can become a distributor for the, and if not they're going to see who we can purchase these direct from.

Thank you,
Chris Respondek

Good Morning,

Here is the revised quote with a new Bath Mat we offer that is also on the contract. These are disposable and plastic like. I think they'll work to meet your needs, and we have exactly 10 cases in stock.

The only remaining item left to price out is the microcuvettes; if you have any information on these it would be greatly appreciated. I can quote one of the versions we sell, but the only way to make certain it will work for your needs is to find out which machine, or which microcuvette is currently being used.

TID950255

TIDI BATH MATS Bath Mat, White Paper, Printed Blue "Shell", 14½" x 20", 500/cs

Thank you Sue, Barb Bidigare just provided me the info on the test kits, and yes they are the Lead Care II,

Regarding the table covers, they actually need something that would resemble a place matt, something easy to dispose of instead of an entire table cover.

Please look into this for us and provide any information you obtain.

Thank you

Shirley –

Attached is the J & B Medical quotation and information in the email below for the items DHHS requested (excluding #5 micro-cuvettes), pending the agency's confirmation of the model nos.

If the 2" x 2" gauze squares that are on contract are not acceptable, J & B can order the 1" x 1" gauze squares for you.

As soon as DHHS confirms the specific models, I will forward them to J & B Medical to update their quote.

Thank you.

Subject: RE: Blood Lead Testing Supplies - Flint Water - RUSH - Need Emergency Contact

Good Morning Sue,

We can have the gloves, bandaids (both sizes), alcohol preps, and gauze sponges delivered today if needed. We have a driver standing by right now.

Regarding the quote, the only item I haven't included is the Microcuvettes.

Please note on the 1" x 1" square gauze, I quoted a 2" x 2" gauze that is on the contract because we have them in stock and ready to ship out. We didn't have any 1" x 1" gauze on hand. I hope this will work.

On the Leadcare II items, we can order these today and they will ship to us tomorrow. We should have them here by the end of this week.

I quoted a few different sizes on the table covers, these are all plastic backed. The manufacturer has a facility in Westland, MI and they said they would work with us to get product out asap to Flint.

Thank you,
Chris Respondek

Good Morning,

Here is the revised quote with a new Bath Mat we offer that is also on the contract. These are disposable and plastic like. I think they'll work to meet your needs, and we have exactly 10 cases in stock.

The only remaining item left to price out is the microcuvettes; if you have any information on these it would be greatly appreciated. I can quote one of the versions we sell, but the only way to make certain it will work for your needs is to find out which machine, or which microcuvette is currently being used.

TID950255

TIDI BATH MATS Bath Mat, White Paper, Printed Blue "Shell", 14½" x 20", 500/cs

Thank you Sue, Barb Bidigare just provided me the info on the test kits, and yes they are the Lead Care II,

Regarding the table covers, they actually need something that would resemble a place matt, something easy to dispose of instead of an entire table cover.

Please look into this for us and provide any information you obtain.

Thank you

Shirley –

Attached is the J & B Medical quotation and information in the email below for the items DHHS requested (excluding #5 micro-cuvettes), pending the agency's confirmation of the model nos.

If the 2" x 2" gauze squares that are on contract are not acceptable, J & B can order the 1" x 1" gauze squares for you.

As soon as DHHS confirms the specific models, I will forward them to J & B Medical to update their quote.

Thank you.

Subject: RE: Blood Lead Testing Supplies - Flint Water - RUSH - Need Emergency Contact

Good Morning Sue,

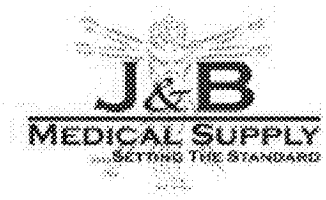
We can have the gloves, bandaids (both sizes), alcohol preps, and gauze sponges delivered today if needed. We have a driver standing by right now.

Regarding the quote, the only item I haven't included is the Microcuvettes.



Please note on the 1" x 1" square gauze, I quoted a 2" x 2" gauze that is on the contract because we have them in stock and ready to ship out. We didn't have any 1" x 1" gauze on hand. I hope this will work.

On the Leadcare II items, we can order these today and they will ship to us tomorrow. We should have them here by the end of this week.

I quoted a few different sizes on the table covers, these are all plastic backed. The manufacturer has a facility in Westland, MI and they said they would work with us to get product out asap to Flint.

Thank you,

Chris Respondek

Good Afternoon Barb and All,

Currently we aren't direct with Sarstedt. One of our main vendor's sells their products and when we search their website and check with their CS staff on code 20.1278.100, the Greiner Bio-One VACUETTE item came up as a direct sub; it's listed as an equivalent replacement.

My purchasing team is calling Sarstedt direct right now to see if we can become a distributor for the, and if not they're going to see who we can purchase these direct from.

Thank you,
Chris Respondek

Good Afternoon Barb and All,

Currently we aren't direct with Sarstedt. One of our main vendor's sells their products and when we search their website and check with their CS staff on code 20.1278.100, the Greiner Bio-One VACUETTE item came up as a direct sub; it's listed as an equivalent replacement.

My purchasing team is calling Sarstedt direct right now to see if we can become a distributor for the, and if not they're going to see who we can purchase these direct from.

Thank you,
Chris Respondek

Good Morning,

Here is the revised quote with a new Bath Mat we offer that is also on the contract. These are disposable and plastic like. I think they'll work to meet your needs, and we have exactly 10 cases in stock.

The only remaining item left to price out is the microcuvettes; if you have any information on these it would be greatly appreciated. I can quote one of the versions we sell, but the only way to make certain it will work for your needs is to find out which machine, or which microcuvette is currently being used.

Thank you Sue, Barb Bidigare just provided me the info on the test kits, and yes they are the Lead Care II,

Regarding the table covers, they actually need something that would resemble a place matt, something easy to dispose of instead of an entire table cover.

Please look into this for us and provide any information you obtain.

Thank you

Shirley –

Attached is the J & B Medical quotation and information in the email below for the items DHHS requested (excluding #5 micro-cuvettes), pending the agency's confirmation of the model nos.

If the 2" x 2" gauze squares that are on contract are not acceptable, J & B can order the 1" x 1" gauze squares for you.

As soon as DHHS confirms the specific models, I will forward them to J & B Medical to update their quote.

Thank you.

Subject: RE: Blood Lead Testing Supplies - Flint Water - RUSH - Need Emergency Contact

Good Morning Sue,

We can have the gloves, bandaids (both sizes), alcohol preps, and gauze sponges delivered today if needed. We have a driver standing by right now.

Regarding the quote, the only item I haven't included is the Microcuvettes.

Please note on the 1" x 1" square gauze, I quoted a 2" x 2" gauze that is on the contract because we have them in stock and ready to ship out. We didn't have any 1" x 1" gauze on hand. I hope this will work.

On the Leadcare II items, we can order these today and they will ship to us tomorrow. We should have them here by the end of this week.

I quoted a few different sizes on the table covers, these are all plastic backed. The manufacturer has a facility in Westland, MI and they said they would work with us to get product out asap to Flint.

Thank you,
Chris Respondek

Chris,
It looks like you are listing the Greiner Bio-One Vacuette collection system instead of the Sarstedt microcuvettes. Can't you get the Sarstedt?

Good Afternoon everyone,

The 2 items Barb sent pictures of are 2 separate products, and we can obtain both of them. I have added both to the quote and re-attached it. Please let me know if there are any further questions or concerns.

Thank you,
Chris Respondek

Good Morning,

Here is the revised quote with a new Bath Mat we offer that is also on the contract. These are disposable and plastic like. I think they'll work to meet your needs, and we have exactly 10 cases in stock.

The only remaining item left to price out is the microcuvettes; if you have any information on these it would be greatly appreciated. I can quote one of the versions we sell, but the only way to make certain it will work for your needs is to find out which machine, or which microcuvette is currently being used.

TID950255

TIDI BATH MATS Bath Mat, White Paper, Printed Blue "Shell", 14½" x 20", 500/cs

Available : 10 (Cas)

Please see confirmation below from DHHS on the test kit model. Can you please update your quotation now to include item #5 micro-cuvettes?

Also, please update your quotation for item #7 for a disposable type placemat instead of a table cover.

Thank you.

Sue

Thank you Sue, Barb Bidigare just provided me the info on the test kits, and yes they are the Lead Care II,

Regarding the table covers, they actually need something that would resemble a place matt, something easy to dispose of instead of an entire table cover.

Please look into this for us and provide any information you obtain.

Thank you

Shirley –

Attached is the J & B Medical quotation and information in the email below for the items DHHS requested (excluding #5 micro-cuvettes), pending the agency's confirmation of the model nos.

If the 2" x 2" gauze squares that are on contract are not acceptable, J & B can order the 1" x 1" gauze squares for you.

As soon as DHHS confirms the specific models, I will forward them to J & B Medical to update their quote.

Thank you.

Subject: RE: Blood Lead Testing Supplies - Flint Water - RUSH - Need Emergency Contact

Good Morning Sue,

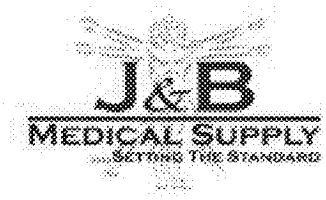
We can have the gloves, bandaids (both sizes), alcohol preps, and gauze sponges delivered today if needed. We have a driver standing by right now.

Regarding the quote, the only item I haven't included is the Microcuvettes.



Please note on the 1" x 1" square gauze, I quoted a 2" x 2" gauze that is on the contract because we have them in stock and ready to ship out. We didn't have any 1" x 1" gauze on hand. I hope this will work.

On the Leadcare II items, we can order these today and they will ship to us tomorrow. We should have them here by the end of this week.

I quoted a few different sizes on the table covers, these are all plastic backed. The manufacturer has a facility in Westland, MI and they said they would work with us to get product out asap to Flint.

Thank you,

Chris Respondek

Good Morning Sue,

I received your email and I'm working on this right now. Is it possible to obtain the information on the plastic backed table covers and Micro-cuvettes as well? The table covers come in a wide variety of sizes and the micro-cuvettes have a few manufacturer's and these usually work with specific test kits.

Thank you,

Subject: Blood Lead Testing Supplies - Flint Water - RUSH
Importance: High

Please see attached list of blood lead testing supplies for the Genesee County Local Health Department. Consider this an urgent need, associated with the Flint water state of emergency.

We will need pricing and lead times. If you have any questions on the products requested, please let me know.

The agency, DHHS will issue a PO release against J & B Medical Contract No. 071B4300126.

Thank you.

Sue

Subject: Thank you for your service

THANK YOU!

Fellow employees,

Each day, more than 46,000 state of Michigan employees come to work with the confidence and commitment to make Michigan a better place to live, work and play. I appreciate the way you care about the citizens we serve, and how it is reflected in the work that you do.

As you have heard from me and the media, our reputation and trust can be severely impacted when people do not make good decisions, or use good judgment in solving problems. That principle is universal, but never more so than when public health is at stake. What happened in Flint can never be allowed to happen again anywhere in our state.

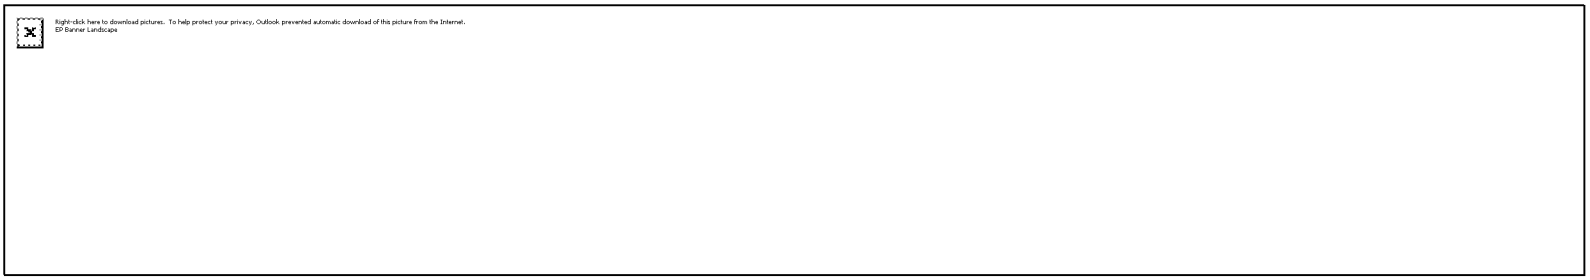
I know that you want to work in a place where employee input is valued, efforts are recognized, and teams are always striving for continuous improvement. That's why we introduced employee surveys, Bureaucracy Busters and other reinvention initiatives. We want and deserve a culture of innovation, continuous improvement and employee engagement at every level. We can never take for granted how important the people are who depend on us to do our jobs, and I am asking you not to let the situation in Flint negatively impact your motivation to excel every day.

Many of you have taken an interest in helping the citizens of Flint on your own time, and I'd like to take this opportunity to recognize and thank those who have volunteered over the last couple of weekends. You have worked tirelessly to deliver cases of bottled water, water filters, replacement cartridges and water testing kits to the families in need. I appreciate you donating your time to help our fellow Michiganders. To date, more than 37,000 homes have been visited by one of our water resource teams.

For employees who would like to further help the people of Flint, please visit www.HelpForFlint.com to learn how you can do so. For additional information and to sign up for daily updates, please visit www.mi.gov/FlintWater. I am committed to ensuring that all residents have access to safe and clean water.

Again, I'd like to express my gratitude for the work you do every day to continuously improve our state and earn the trust of those you serve. You make a real difference.

Thanks,



Governor Rick Snyder

Subject: Volunteer Opportunity in Flint

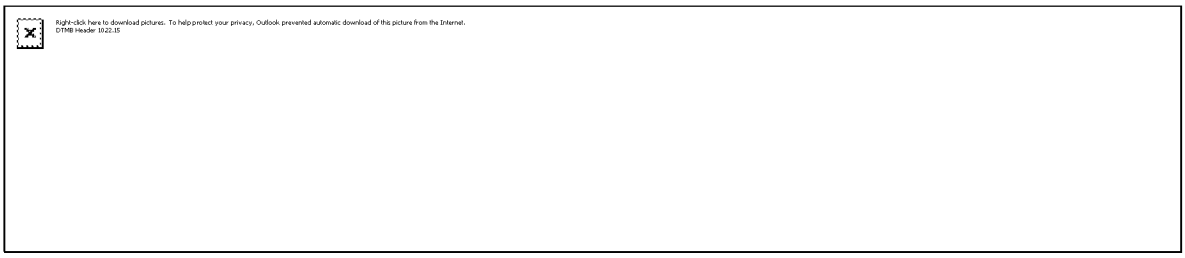
The State Emergency Operations Center (SEOC) is coordinating a response to the ongoing health and safety issues in the city of Flint's drinking water. Teams from the Michigan State Police, Genesee County Sheriff's Department, Michigan Department of Health and Human Services, and volunteer organizations have been delivering bottled water, water filters, replacement cartridges and water testing kits at homes in the city of Flint since Tuesday.

To help with this critical work, the SEOC is looking for volunteers to expand this effort and continue this distribution during the upcoming holiday weekend. Teams are being assembled for shifts on Saturday, January 16; Sunday, January 17; and Monday, January 18, 2016. If you are interested in volunteering your time for this critical work, please complete the information in one of the attached surveys (depending on which day you are volunteering).

To volunteer on Saturday, January 16, https://www.surveymonkey.com/r/28NVJBL

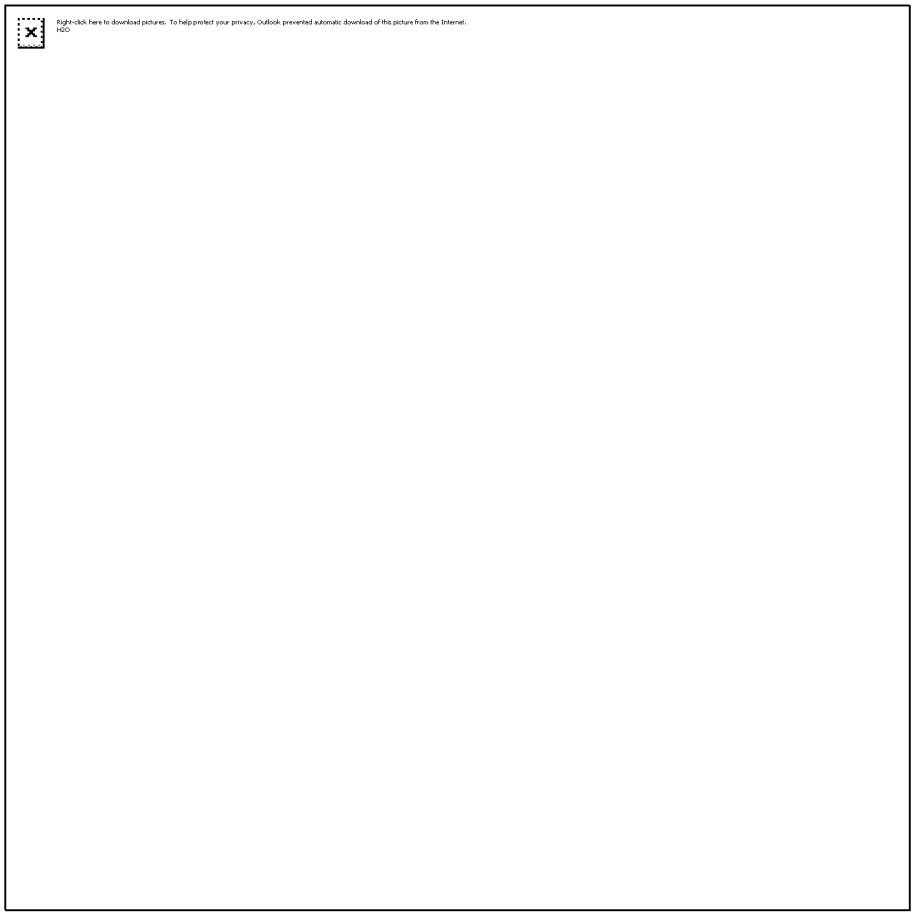
To volunteer on Sunday, January 17, https://www.surveymonkey.com/r/26NMJKK

To volunteer on Monday, January 18, https://www.surveymonkey.com/r/26P7P5G



Volunteers will begin their assignment at the Local Emergency Operations Center located in the Genesee County Administration Building located at 1101 Beach St, Flint at 9 a.m. and end by 4 p.m. Parking is available at the corner of Beach Street and 8th Street. Lunch will be provided. This is strictly a volunteer effort, as all three days will be unpaid. Volunteers are responsible for their own transportation; mileage reimbursement for personal vehicles is not authorized. Volunteers should dress for working outdoors and wear foot attire appropriate for walking.

This opportunity is for state employees and their immediate family members 16 years of age or older only, others looking to assist should volunteer through the American Red Cross in Flint. The volunteer coordination center for the Red Cross is located at 1401 S. Grand Traverse, Flint, MI. They are open from 9 a.m. to 7 p.m.



For more information on the state's response efforts, visit www.michigan.gov/flintwater.

Subject: Contributing time, muscle and money

During this month's Martin Luther King Jr. holiday weekend, some state employees turned their "day off" into a "day on" in Flint. There, they delivered bottled water, water filters, replacement cartridges and water testing kits to families. The volunteers joined other Michiganders, turning Dr. King's birthday observance into a day of service.

Mike Zimmer, director of the Office of Good Government and the Department of Licensing and Regulatory Affairs, has shared a link – www.helpforflint.com – that offers other opportunities to contribute time, muscle and money to bring clean drinking water to the community.Here in DTMB, some of our employees didn't wait for an invitation to lend a hand. Office of Retirement Services staff contributed funds that were used to buy 31 cases and 23 gallons of water, which a local organization transported to Flint.

Autumn Hubbard, Ambrea Mack and Sarah Esquivel, who are in the photo at the left, nearly emptied the shelves at their local grocery store. Thanks for your efforts.

everyone.

Now work.

Last week, I signed a new policy that formalizes the annual employee review process and sets expectations for employees and managers. Administrative Policy 200.37 establishes consistent standards for implementing performance plans and reviews. Some of the standards are practices we have followed for years. Others are new. Some of particular note include:

- The mandatory use of HRMN
- A standard Feb. 1-Jan. 31 rating period for all employees
- An Individual Development Plan that specifies training or development programs for each employee
- Competencies and objectives that align to DTMB goals or scorecard metrics
- Consequences for managers and supervisors who do not complete the review process as required

A fundamental role of each DTMB manager or supervisor is to provide employees with direction and feedback on their performance. Employees also are expected to take an active role in pursuing professional development opportunities and achieving their competencies and objectives. I encourage you to review the new policy and talk with your manager or supervisor if you have questions. Of course, I welcome your questions and input as well. Please send your comments and ideas to me at behend@michigan.gov.

I know these have been busy weeks for many of you as you take on additional responsibilities and work hard to provide resources and services for our customers and citizens across the state. Please know that your hard work has not gone unnoticed. Thank you for everything you do, every day.

Have a great week,

David

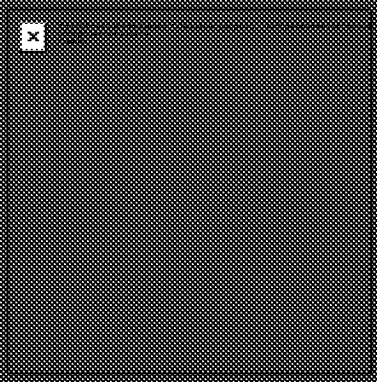
VIDEO: What Governor Snyder's FY17 budget means for Michigan

Gov. Rick Snyder's FY 2017 budget calls for critical investments for the Flint water crisis, statewide infrastructure and the Detroit Public Schools. The governor's recommendation also addresses the skyrocketing costs of specialty medications that Michigan residents depend on for better health outcomes.



This budget also stays committed to the Governor's core statewide priorities of education, talent and economic development, health and human services, and public safety.

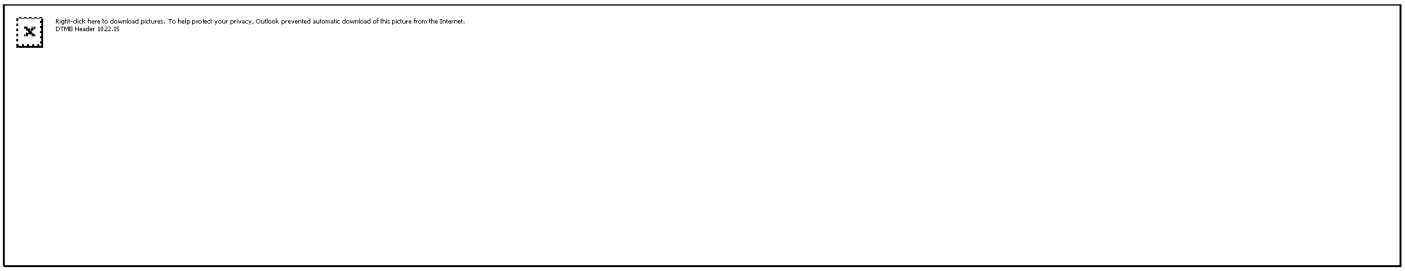
The proposed FY 2017 budget makes key investments to strengthen the state for all of

Michigan's families. Click here to learn more about the top 6 takeaways from the Governor's FY 2017 state budget.

Click a tweet to tweet it out:

The #MIBudget @OneToughNerd proposed yesterday makes key investments to strengthen Michigan for all families --> www.mi.gov/MIBudget

--> @OneToughNerd's #MIBudget includes $72 million a year for Detroit Public Schools. It is time to act now -- > www.mi.gov/MIBudget



--> @onetoughnerd's significant investment in #Flint families is the right thing to do. #FlintFWD #MIBudget www.mi.gov/MIBudget

Subject: The Gov. Snyder's Budget Proposal

Good morning everyone. I hope everyone had a great holiday weekend.

I had the good fortune to travel to Marquette on Monday with Chad Laidlaw, DTMB's policy and planning analyst, to meet with city, business and university leaders and to address the Economic Club of Marquette. I told them about the many things DTMB does, placing special emphasis on our work in mobility and cybersecurity. Marquette is really developing and making its mark as an innovative and entrepreneurial community.

Now work.

The executive budget Gov. Snyder presented last week outlined his investment plan for Michigan. Yes, the proposal for fiscal year 2017-18 outlined a strategy to address the critical challenges of addressing the Flint water crisis and turning around Detroit's Public Schools, but the $54.9 billion plan also includes investment in four key areas:

- **Education.** The budget increases investment to K-12 schools, community colleges and the state's public universities. Additional funds are proposed to expand career, technical, science, technology, engineering and math programs.
- **Protecting the Public.** The governor's plan expands the Secure Cities program, which has reduced violent crime in four major Michigan cities. Funds also would support an additional trooper recruit school and an academy to train corrections officers, among other initiatives.
- **Putting People First.** The governor recommends continued expansion of the Healthy Kids Dental Program and funding efforts to ensure residents have access to affordable health care. His proposal boosts funds to help cover new higher cost specialty medications to treat conditions such as hepatitis C and cystic fibrosis, among others.
- **Investing in Infrastructure.** The proposal allocates $1.2 billion to maintain and repair Michigan roads, bridges and other critical infrastructure.

The budget proposal also includes FY 2017-18 funding recommendations for DTMB. Gov. Snyder recommends ongoing funding of $1.3 billion for department operations and a one-time allocation of $32.4 million.

A few highlights include:

- $502 million for information technology support for all state agencies and $132.8 million for 14 high-priority IT projects in seven agencies. He recommends increasing the Information Technology Investment Fund by $7 million, from $65 million to $72 million. This fund supports several major multiyear IT projects and upgrades, including the replacement of outdated legacy systems.
- An additional $5 million to support cybersecurity improvements to safeguard citizens' personal information and protect critical infrastructure and government services.
- IT support of $6.5 million to modernize the Office of Retirement Services' systems and enhance customer service for more than 530,000 current and future retirees.

You can see the full executive budget recommendations, which are posted on the Budget Office website. Details of DTMB's proposed budget begin on page B-75.

We can expect to see many changes before the budgets are signed and become effective Oct. 1. The executive budget will be used by the House and Senate Appropriations Committees as they work on their own budgets and hold committee hearings on the proposals. I'll keep you posted as the process moves ahead.

As always, I welcome your notes, whether about the budget process or any other topic. Please send them to me at behend@michigan.gov.

Thank you again for all the good work you do. I hope you have a great week ahead.

David

Major strides were taken late last week to bring clean water to the beleaguered city of Flint, Mich. On Thursday, Gov. Rick Snyder signed a bill allocating $9.35 million to help the city reconnect to the Detroit Water and Sewer system. By Friday evening, Flint reportedly started channeling its water from Detroit. But even as the water began to flow and officials heralded the development, the transition in water quality will not be complete for about three weeks.

A year after Toledo's water crisis and less than a month after record-breaking algae blooms fouled Lake Erie, the Ohio River and sites in between, Ohio wants to tighten regulations on how public water systems test for, treat and report toxic algae. The Ohio EPA has proposed rules that would require public water systems to report harmful algae blooms to the state. The proposed rules also would require water systems to increase testing if algae toxins are found in water.

Good morning,

Right-click here to download pictures. To help protect your privacy, Outlook prevented automatic download of this picture from the Internet.

The wastewater that flows through the world's largest treatment plant every day in Chicago could produce enough energy to cut an annual $50 million electricity bill to zero. That's if Metropolitan Water Reclamation District engineers can achieve their goal to become energy neutral by 2023. Slashing energy consumption and producing whatever remaining power it needs onsite would make the MWRD the largest treatment authority in the country to do so.

Detroit has cleared the final major hurdle that will enable a new regional authority to take over operations and debt of the city's water and sewer department by Jan. 1, city officials said. Jon Wheatley, the department's public finance manager, said the city surpassed a 51 percent threshold of water and sewer bondholders consenting to the transfer of more than $4 billion of debt to the Great Lakes Water Authority, which grew out of Detroit's historic bankruptcy.

Good morning,

Right-click here to download pictures. To help protect your privacy, Outlook prevented automatic download of this picture from the Internet.

The City of Waukesha has the next six months to make its case for a Lake Michigan water supply in front of the Conference of Great Lakes Governors, where it needs unanimous consent. After 5 1/2 years of scrutiny and revisions, the Wisconsin DNR announced it would forward Waukesha's request for lake water for review. The DNR took that step after finding the application meets requirements of a Great Lakes protection compact and could be approved.

NON-DISCLOSURE AGREEMENT

This Non-disclosure Agreement (Agreement) is between the Michigan Department of Technology, Management and Budget (DTMB), located at 530 West Allegan Street, Lansing, Michigan 48929, and [Bidder Name] [(Short Form of Bidder Name)], located at [Street, City, State, Zip].

During the Exchange Period set forth below, DTMB will provide Confidential Information to the Bidder in furtherance of the Business Purpose, described below:

Business Purpose	To facilitate Bidder's response to the State's RFP No. [_____] for armored car services
Project Name	RFP No. [ ]
Project Description	Armored Courier Service - Statewide
Exchange Period	[MM/DD/YY to MM/DD/YY]
Agreement Begin Date	[MM/DD/YY]
Agreement End Date	[MM/DD/YY]

Comment [HS(1]: Insert RFP number

Comment [HS(2]: The Exchange Period will run from the RFP issue date to the RFP Submission deadline.

Comment [HS(3]: Insert the date on which the Bidder requests additional information to respond to the RFP.

Comment [HS(4]: The anticipated contract begin date.

Comment [JJ(5R4]: To be clear, this is the start and end date of the NDA, not the contract we're soliciting for.

Confidential Information. For the purposes of this Agreement, Confidential or Proprietary Information (Confidential Information) includes information from the State of Michigan, DTMB, or other departments or agencies (collectively referred to as "the State") including: lists of potential service locations that require or may require armored courier services, the pricing attachment, and any other information designated by the State as confidential in writing or identified as confidential at the time of disclosure if such disclosure is verbal or visual and confirmed in writing to the recipient party within 15 days of disclosure; and any copies of the prior categories or excerpts included in other materials created by the recipient party. Confidential Information also includes all information protected by state or federal law including "Personal Information" as defined in the Michigan Identity Theft Protection Act, MCL 445.63(r).

Duties. The Bidder must: (a) use the same degree of care it uses to protect its own Confidential Information, exclusive of corporate document marking conventions, but in any event not less than reasonable care, to protect the State's Confidential Information during the Exchange Period from unauthorized use, dissemination, or publication; (b) use the State's Confidential Information only in connection with the Business Purpose; and (c) limit access to the State's Confidential Information to those employees performing work in connection with the Business Purpose. Each party must advise its employees and agents who receive or have access to any of the State's Confidential Information of its confidential nature.

Exclusions. Confidential Information does not include information that: (a) was or becomes generally available to the public other than as a result of disclosure in violation of this Agreement; (b) becomes available to the recipient party from a source other than the disclosing party, provided that the recipient party has no reason to believe that the source is itself bound by a confidentiality or non-disclosure agreement with the disclosing party or is otherwise prohibited from disclosing the Confidential Information by a legal, contractual, or fiduciary obligation; (c) was developed by the recipient party without the use of the disclosing

party's Confidential Information; (d) is subject to disclosure by the recipient party under the Freedom of Information Act (FOIA), MCL 15.231 *et seq.*; (e) or is required to be disclosed by other law, regulation, or court order, so long as the recipient party provides the disclosing party with written notice of the required disclosure promptly upon receipt of notice of the disclosure.

Return of Confidential Information. Except as otherwise provided by law, the Bidder must return all copies of the State's Confidential Information or certify in writing that all copies thereof have been destroyed **within five (5) business days of this Agreement's end date**.

No Third Party Beneficiaries. The State's Confidential Information may include information that belongs to a third party that is assisting the State with the Business Purpose. Nothing in this Agreement, however, is intended to confer any rights or remedies upon any person or entity not a party to this Agreement.

No Warranties or Further Rights. The State makes no representations or warranties, express or implied, with respect to any of its Confidential Information. Nothing contained in this Agreement shall be construed as granting or conferring to the Bidder any rights by license or otherwise in or to the State's Confidential Information, except for the use of such Confidential Information as expressly provided in this Agreement. The Bidder may not use the State's Confidential Information for any purpose except in relation to the Business Purpose.

Remedies. Bidder acknowledges and agrees that money damages might not be a sufficient remedy for any breach or threatened breach of this Agreement. Therefore, in addition to all other remedies available at law (which DTMB does not waive by the exercise of any rights hereunder), DTMB is entitled to seek specific performance and injunctive and other equitable relief as a remedy for any such breach or threatened breach, and Bidder hereby waives any requirement for the securing or posting of any bond or the showing of actual monetary damages in connection with such claim.

Miscellaneous. The Bidder may not act, and does not have the authority to act, as an agent of the State for any purpose. This Agreement is governed by and construed in accordance with the laws of the State of Michigan. The Bidder may not assign its rights or obligations under this Agreement. Any modification of this Agreement must be in writing and signed by both parties.

Counterparts and Electronic Documents. This Agreement may be executed and delivered in counterparts, including by a facsimile or an electronic transmission thereof, each of which shall be deemed an original.

Michigan's top environmental official resigned after an independent task force delivered its initial findings on the Flint water crisis - conclusions that also prompted an apology from Gov. Rick Snyder. Dan Wyant, director of the Department of Environmental Quality since 2011, tendered his resignation last week, marking the second agency shakeup in just over two months related to Flint's drinking water problems.

Good morning,

Right-click here to download pictures. To help protect your privacy, Outlook prevented automatic download of this picture from the Internet.

Michigan Gov. Rick Snyder declared a state of emergency in Flint last Tuesday over problems with lead in the city's drinking water, the same day federal officials confirmed they're investigating the matter. Snyder's action follows emergency declarations by the city and Genesee County, which requested help from the state. Michigan's declaration makes state resources available in cooperation with local response and recovery operations.

President Obama declared a state of emergency in response to the water crisis in Flint, Mich., where thousands of residents have been exposed to toxic amounts of lead. The president's action authorizes FEMA to "coordinate all disaster relief efforts which have the purpose of alleviating the hardship and suffering caused by the emergency" in Genesee County.

Subject: Blood Lead Testing Supplies - Flint Water - RUSH
Attachments: GCHD_LeadTestingResourceRequestjs.docx

Importance: High

Please see attached list of blood lead testing supplies for the Genesee County Local Health Department. Consider this an urgent need, associated with the Flint water state of emergency.

We will need pricing and lead times. If you have any questions on the products requested, please let me know.

The agency, DHHS will issue a PO release against J & B Medical Contract No. 071B4300126.

Thanks.

Shirley –

Attached is the J & B Medical quotation and information in the email below for the items you requested (excluding #5 micro-cuvettes), pending the agency's confirmation of the model nos.

The size 1 x 1 gauze squares that they do not have on hand can be ordered.

As soon as DHHS confirms the specific models, I will forward to J & B to provide a quote.

Thank you.

Subject: RE: Blood Lead Testing Supplies - Flint Water - RUSH - Need Emergency Contact

Good Morning Sue,

We can have the gloves, bandaids (both sizes), alcohol preps, and gauze sponges delivered today if needed. We have a driver standing by right now.

Regarding the quote, the only item I haven't included is the Microcuvettes.

Please note on the 1" x 1" square gauze, I quoted a 2" x 2" gauze that is on the contract because we have them in stock and ready to ship out. We didn't have any 1" x 1" gauze on hand. I hope this will work.

On the Leadcare II items, we can order these today and they will ship to us tomorrow. We should have them here by the end of this week.

I quoted a few different sizes on the table covers, these are all plastic backed. The manufacturer has a facility in Westland, MI and they said they would work with us to get product out asap to Flint.

Thank you,
Chris Respondek

Good Morning Sue,

I received your email and I'm working on this right now. Is it possible to obtain the information on the plastic backed table covers and Micro-cuvettes as well? The table covers come in a wide variety of sizes and the micro-cuvettes have a few manufacturer's and these usually work with specific test kits.

Thank you,
Chris Respondek

Good Morning,

Here is the revised quote with a new Bath Mat we offer that is also on the contract. These are disposable and plastic like. I think they'll work to meet your needs, and we have exactly 10 cases in stock.

The only remaining item left to price out is the microcuvettes; if you have any information on these it would be greatly appreciated. I can quote one of the versions we sell, but the only way to make certain it will work for your needs is to find out which machine, or which microcuvette is currently being used.

Thank you Sue, Barb Bidigare just provided me the info on the test kits, and yes they are the Lead Care II,

Regarding the table covers, they actually need something that would resemble a place matt, something easy to dispose of instead of an entire table cover.

Please look into this for us and provide any information you obtain.

Thank you

Shirley –

Attached is the J & B Medical quotation and information in the email below for the items DHHS requested (excluding #5 micro-cuvettes), pending the agency's confirmation of the model nos.

If the 2" x 2" gauze squares that are on contract are not acceptable, J & B can order the 1" x 1" gauze squares for you.

As soon as DHHS confirms the specific models, I will forward them to J & B Medical to update their quote.

Thank you.

Good Morning Sue,

We can have the gloves, bandaids (both sizes), alcohol preps, and gauze sponges delivered today if needed. We have a driver standing by right now.

Regarding the quote, the only item I haven't included is the Microcuvettes.

Please note on the 1" x 1" square gauze, I quoted a 2" x 2" gauze that is on the contract because we have them in stock and ready to ship out. We didn't have any 1" x 1" gauze on hand. I hope this will work.

On the Leadcare II items, we can order these today and they will ship to us tomorrow. We should have them here by the end of this week.

I quoted a few different sizes on the table covers, these are all plastic backed. The manufacturer has a facility in Westland, MI and they said they would work with us to get product out asap to Flint.

Thank you,
Chris Respondek

Good Morning,

Here is the revised quote with a new Bath Mat we offer that is also on the contract. These are disposable and plastic like. I think they'll work to meet your needs, and we have exactly 10 cases in stock.

The only remaining item left to price out is the microcuvettes; if you have any information on these it would be greatly appreciated. I can quote one of the versions we sell, but the only way to make certain it will work for your needs is to find out which machine, or which microcuvette is currently being used.

TID950255

TIDI BATH MATS Bath Mat, White Paper, Printed Blue "Shell", 14½" x 20", 500/cs

Available : 10 (Cas)

Thank you Sue, Barb Bidigare just provided me the info on the test kits, and yes they are the Lead Care II,

Regarding the table covers, they actually need something that would resemble a place matt, something easy to dispose of instead of an entire table cover.

Please look into this for us and provide any information you obtain.

Thank you

Shirley –

Attached is the J & B Medical quotation and information in the email below for the items DHHS requested (excluding #5 micro-cuvettes), pending the agency's confirmation of the model nos.

If the 2" x 2" gauze squares that are on contract are not acceptable, J & B can order the 1" x 1" gauze squares for you.

As soon as DHHS confirms the specific models, I will forward them to J & B Medical to update their quote.

Thank you.

Good Morning Sue,

We can have the gloves, bandaids (both sizes), alcohol preps, and gauze sponges delivered today if needed. We have a

driver standing by right now.

Regarding the quote, the only item I haven't included is the Microcuvettes.

Please note on the 1" x 1" square gauze, I quoted a 2" x 2" gauze that is on the contract because we have them in stock and ready to ship out. We didn't have any 1" x 1" gauze on hand. I hope this will work.

On the Leadcare II items, we can order these today and they will ship to us tomorrow. We should have them here by the end of this week.

I quoted a few different sizes on the table covers, these are all plastic backed. The manufacturer has a facility in Westland, MI and they said they would work with us to get product out asap to Flint.

Thank you,
Chris Respondek

Good Morning Sue,

I received your email and I'm working on this right now. Is it possible to obtain the information on the plastic backed table covers and Micro-cuvettes as well? The table covers come in a wide variety of sizes and the micro-cuvettes have a few manufacturer's and these usually work with specific test kits.

Thank you,

President Barack Obama said Thursday his administration is giving $80 million in aid to Michigan mostly to help repair Flint's water infrastructure and make the drinking water safe. Speaking to a gathering of mayors at the White House, the president called the lead contamination of drinking water in Flint an "inexcusable" situation. A White House official later said the revolving fund money would be made immediately available.

Good morning,

Right-click here to download pictures. To help protect your privacy, Outlook prevented automatic download of this picture from the Internet.

Under mounting pressure to rip out and replace lead pipes that connect an estimated 15,000 or more customers to main water lines, Michigan Gov. Rick Snyder said that the state first intends to make the existing pipes safe by rebuilding a protective coating between the lead and the water. The governor said the state is still trying to determine where all the lead service lines in Flint are located, and that replacing them will be a long-term issue.

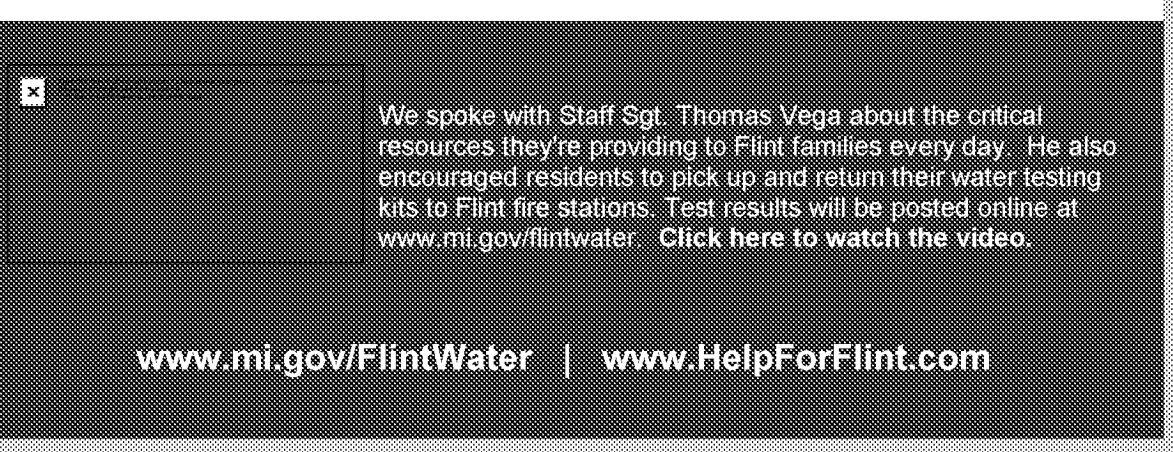
Subject: "Flint residents should not have to pay for water they cannot drink"

Budget recommendation will include $30 million request for Flint water bill repayments

When Governor Rick Snyder presents his budget recommendation next Wednesday, Feb. 10, he will include a $30 million request for the residents of Flint to keep their water service on and eliminate the need to pay for water they cannot completely trust to drink.



Under the governor's ask, the funding would enable the city of Flint to apply credits for customers on future bills. Estimates show water is roughly 47 percent of billing and sewer costs are around 53 percent. The credit would be applied to consumption usage (roughly

65 percent) of a resident's water portion of the bill, such as for bathing, drinking, cooking, and washing your hands. Residents still would be responsible for paying the sewer portion of their water bills.

Professor Marc Edwards of Virginia Tech said, "This essentially refunds all the money associated with consumption or consumer use. I think it's an amazing gesture of common sense and good will and it corrects an injustice. I don't think there's a precedent for this. I feel so encouraged by the direction this is going."

Click here to learn more about the budget request.

Subject: RE: Flint Briefing

Rebecca – The initial order was placed for the lead testing kits and supplies on 1/26/16, however there is no pending activity relating to the medical supplies contract at this time. I did follow up with Shirley Martin, DHHS this morning and she said that Chris Sanchez said there is a possibility there may be another order, but they do not have specific information at this time.

Thanks.

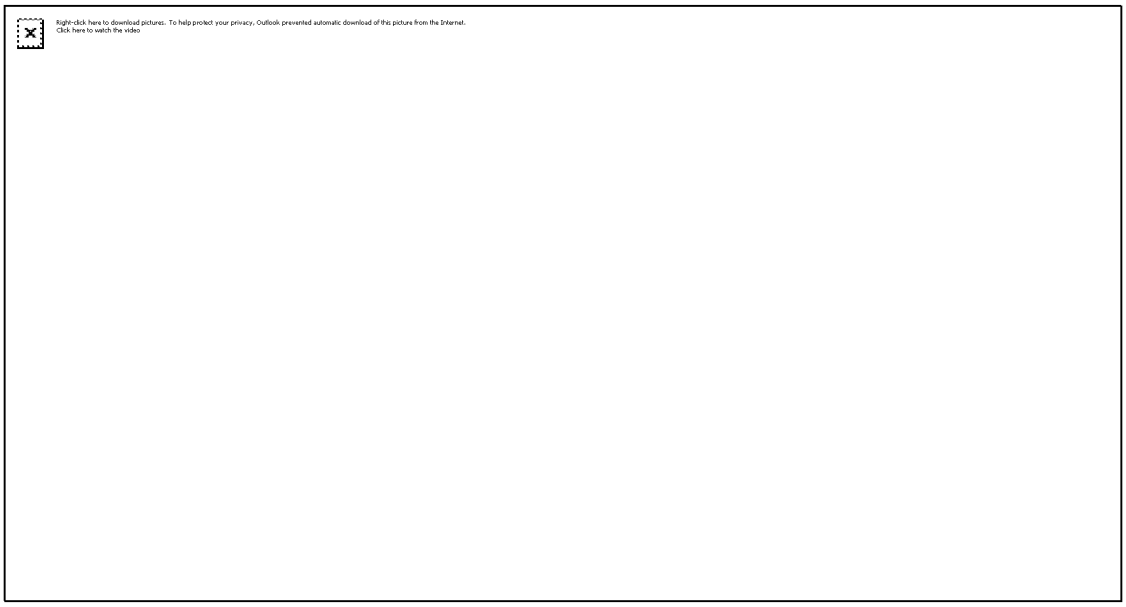
Subject: Flint Briefing

All

I'm going to be out on Friday, and Jeff/Sharon have asked for a Flint briefing on Thursday.

You all have worked with one or more vendors involved in Flint response.
Can you please provide the following: 24/7 contact name, phone and email for applicable vendors. Please also describe any pending inquiries, issues or orders – or confirm none currently pending.

Melissa (Sci Spec, VWR, other?)
Lymon (DK Security)
Yvon (Hertz, other equipment rental?)
Will (Linquistica)
Steve (Home Depot, Grainger)
Sue (Have contact info already, thank you. Please just confirm no pending activity for medical supplies)



Rebecca Cook

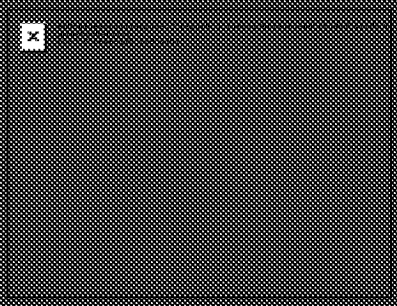
VIDEO: How volunteers are helping Flint



Volunteers at the Food Bank of Eastern Michigan are working hard to collect donations in order to help the families of Flint. Last Thursday, Governor Snyder visited with the many dedicated volunteers and helped sort cans of food.

Good nutrition is critically important for Flint's children. Foods that are high in calcium, vitamin C, and iron can help limit the effects of lead exposure. To donate or volunteer at the Food Bank of Eastern Michigan, visit www.fbem.org.

DEFINITIONS

"Days" means calendar days unless otherwise specified.

"24x7x365" means 24 hours a day, seven days a week, and 365 days a year (including the 366th day in a leap year).

"Additional Service" means any Services/Deliverables within the scope of the Contract, but not specifically provided under any Statement of Work, that once added will result in the need to provide the Contractor with additional consideration.

"Audit Period" means the seven year period following Contractor's provision of any work under the Contract.

"Bidder(s)" are those companies that submit a proposal in response to this RFP.

"Business Day," whether capitalized or not, shall mean any day other than a Saturday, Sunday, Office of State **Employer mandated furlough day**, or State-recognized legal holiday (as identified in the Collective Bargaining Agreement for State employees) from 8:00am EST through 5:00pm EST unless otherwise stated.

"Blanket Purchase Order" is an alternate term for Contract and is used in the States computer system.

"Business Critical" means any function identified in any Statement of Work as Business Critical.

"Chronic Failure" is defined in any applicable Service Level Agreements.

"Deleted – Not Applicable" means that section is not applicable or included in this RFP. This is used as a placeholder to maintain consistent numbering.

"Deliverable" means physical goods and/or commodities as required or identified by a Statement of Work

"DMB" means the Michigan Department of Management and Budget

"Environmentally preferable products" means a product or service that has a lesser or reduced effect on human health and the environment when compared with competing products or services that serve the same purpose. Such products or services may include, but are not limited to, those which contain recycled content, minimize waste, conserve energy or water, and reduce the amount of toxics either disposed of or consumed.

"Excusable Failure" has the meaning given in **Section 2.244.**

"Hazardous material" means any material defined as hazardous under the latest version of federal Emergency Planning and Community Right-to-Know Act of 1986 (including revisions adopted during the term of the Contract).

"Incident" means any interruption in Services.

"ITB" is a generic term used to describe an Invitation to Bid. The ITB serves as the document for transmitting the RFP to potential Bidders

"Key Personnel" means any Personnel designated in **Section 1.031** as Key Personnel.

"New Work" means any Services/Deliverables outside the scope of the Contract and not specifically provided under any Statement of Work, that once added will result in the need to provide the Contractor with additional consideration.

"Ozone-depleting substance" means any substance the Environmental Protection Agency designates in 40 CFR part 82 as: (1) Class I, including, but not limited to, chlorofluorocarbons, halons, carbon tetrachloride, and methyl chloroform; or (2) Class II, including, but not limited to, hydrochlorofluorocarbons.

"Post-Consumer Waste" means any product generated by a business or consumer which has served its intended end use, and which has been separated or diverted from solid waste for the purpose of recycling into a usable commodity or product, and which does not include post-industrial waste.

"Post-Industrial Waste" means industrial by-products which would otherwise go to disposal and wastes generated after completion of a manufacturing process, but does not include internally generated scrap commonly returned to industrial or manufacturing processes.

"Recycling" means the series of activities by which materials that are no longer useful to the generator are collected, sorted, processed, and converted into raw materials and used in the production of new products. This definition excludes the use of these materials as a fuel substitute or for energy production.

"Reuse" means using a product or component of municipal solid waste in its original form more than once.

"RFP" means a Request for Proposal designed to solicit proposals for services.

"Services" means any function performed for the benefit of the State.

"Source reduction" means any practice that reduces the amount of any hazardous substance, pollutant, or contaminant entering any waste stream or otherwise released into the environment prior to recycling, energy recovery, treatment, or disposal.

"State Location" means any physical location where the State performs work. State Location may include state-owned, leased, or rented space.

"Subcontractor" means a company Contractor delegates performance of a portion of the Services to, but does not include independent contractors engaged by Contractor solely in a staff augmentation role.

"Unauthorized Removal" means the Contractor's removal of Key Personnel without the prior written consent of the State.

"Waste prevention" means source reduction and reuse, but not recycling.

"Waste reduction", or "pollution prevention" means the practice of minimizing the generation of waste at the source and, when wastes cannot be prevented, utilizing environmentally sound on-site or off-site reuse and recycling. The term includes equipment or technology modifications, process or procedure modifications, product reformulation or redesign, and raw material substitutions. Waste treatment, control, management, and disposal are not considered pollution prevention, per the definitions under Part 143, Waste Minimization, of the Natural Resources and Environmental Protection Act (NREPA), 1994 PA 451, as amended.

"Work in Progress" means a Deliverable that has been partially prepared, but has not been presented to the State for Approval.

"Work Product" refers to any data compilations, reports, and other media, materials, or other objects or works of authorship created or produced by the Contractor as a result of an in furtherance of performing the services required by this Contract.

Article 1 – Statement of Work (SOW)

1.010 Project Identification

1.011 Project Request

This Contract is for child restraint systems. The Contractor is an authorized distributor Evenflo Company, Inc.

1.012 Background

The Michigan Department of Community Health (MDCH), Bureau of Health Promotion and Disease Control, Division of Chronic Disease and Injury Control, Injury and Violence Prevention Section (IVPS) with the Michigan State Police (MSP), function as the State of Michigan's Child Passenger Safety Training and Education. The program works with statewide partners to conduct Child Safety Seat Inspections for parents/caregivers of children from birth to eight years of age. As part of those inspections, child safety seats are available to provide as replacements for unsafe, recalled, or inappropriate child safety seats. The target population for this program is low-income and underserved areas.

1.020 Scope of Work and Deliverables

1.021 In Scope

This Contract is for child safety seats. Specific child safety seat models will be shipped to directly to child passenger safety technicians at various locations throughout the State of Michigan, and to Michigan State Police Posts, per **Attachment C – Michigan State Police Posts**, as needed.

1.022 Work and Deliverable

Contractor must provide Deliverables/Services and staff, and otherwise do all things necessary for or incidental to the performance of work, as set forth below:

1. The Contractor shall provide shipment of specific child safety seat models as requested by MDCH, IVPS
2. All child safety seats must be shipped at IVPS request only. The Contractor shall not ship any products prior to approval.
3. Contractor shall ship product within 5-7 business days (including the day order is received) after receipt of order.
4. The State requires that there is no minimum order quantity.
5. The Contractor must replace any damaged products at no cost.

1.030 Roles and Responsibilities

1.031 Contractor Staff, Roles, and Responsibilities

The Contractor shall have internal controls, approved by Purchasing Operations, to insure that authorized individuals with the State place orders. The Contractor shall verify orders that have quantities that appear to be abnormal or excessive.

It is the preference of the State of Michigan that the Contractor have an accessible customer service department with an individual specifically assigned to State of Michigan accounts. It is the preference of the State of Michigan that the Contractor has experienced sales representatives make timely personal visits to State accounts. The Contractor's customer service must respond to State agency inquiries

promptly. It is the preference of the State of Michigan that the Contractor provides a statewide toll-free number for customer service calls.

Any supplies and services to be furnished under this Contract shall be ordered by issuance of a purchase order, unless otherwise defined within this Contract, orders will be issued by the MDCH and MSP.

All purchase orders are subject to the terms and conditions of this Contract. In the event of a conflict between a purchase order and the Contract, the Contract shall control.

If mailed, a purchase order is considered "issued" when the State deposits the order in the mail. Orders may be issued orally, by facsimile, or by electronic commerce methods.

1.040 Project Plan

1.041 Project Plan Management

The Contractor will carry out this project under the direction and control of the MDCH, Bureau of Health Promotion and Disease Control, Division of Chronic Disease and Injury Control, Injury and Violence Prevention Section.

1.042 Reports – Deleted, Not Applicable

1.050 Acceptance

1.051 Criteria

The following criteria will be used by the State to determine Acceptance of the Services or Deliverables provided under this SOW:

Specific child safety seat models shall be shipped at the request of IVPS. Any damaged products will be returned to the Contractor at the Contractor's expense and replaced at no charge.

1.052 Final Acceptance

The Contractor shall supply all specific models requested that the state requires.

1.060 Proposal Pricing

1.061 Proposal Pricing

For authorized Price List, see **Attachment A, Price Proposal**.

Contractor's out-of-pocket expenses are not separately reimbursable by the State unless, on a case-by-case basis for unusual expenses, the State has agreed in advance and in writing to reimburse Contractor

for the expense at the State's current travel reimbursement rates. See www.michigan.gov/dmb for current rates.

1.062 Price Term

Prices quoted are the maximum for a period of 365 days from the date the Contract becomes effective.

Prices are subject to change at the end of each 365-day period. Such changes shall be based on changes in actual costs incurred. Documentation of such changes must be provided with the request for price change in order to substantiate any requested change. Purchasing Operations reserves the right to consider various pertinent information sources to evaluate price increase requests (such as the CPI and PPI, US City Average, as published by the US Department of Labor, Bureau of Labor Statistics). Purchasing Operations also reserves the right to consider other information related to special economic and/or industry circumstances, when evaluating a price change request. Changes may be either increases or decreases, and may be requested by either party. Approved changes shall be firm for the remainder of the contract period unless further revised at the end of the next 365-day period. Requests for price changes shall be RECEIVED IN WRITING AT LEAST TEN DAYS PRIOR TO THEIR EFFECTIVE DATE, and are subject to written acceptance before becoming effective. In the event new prices are not acceptable, the CONTRACT may be cancelled. **The Contractor remains responsible for performing according to the contract terms at the contract price for all orders received before price revisions are approved or before the contract is cancelled.**

1.063 Tax Excluded from Price

(a) Sales Tax: For purchases made directly by the State, the State is exempt from State and Local Sales Tax. Prices must not include the taxes. Exemption Certificates for State Sales Tax will be furnished upon request.

(b) Federal Excise Tax: The State may be exempt from Federal Excise Tax, or the taxes may be reimbursable, if articles purchased under any resulting Contract are used for the State's exclusive use. Certificates showing exclusive use for the purposes of substantiating a tax-free, or tax-reimbursable sale will be sent upon request. If a sale is tax exempt or tax reimbursable under the Internal Revenue Code, prices must not include the Federal Excise Tax.

1.064 Holdback – Deleted, Not applicable

1.070 Commodity Requirements and Terms

Product Quality

1.0701 Specifications

Definite Specifications - All commodities and/or services to be furnished hereunder shall conform to the specifications as specified and/or copies of specifications attached. Please refer to **Attachment B – Specifications.**

1.0702 Alternate Bids – Deleted, Not Applicable

1.0703 Research and Development

Contractor shall invest in new product development and research to stay current with ongoing demands.

1.0704 Quality Assurance Program

Contractor shall have a Quality Assurance Program(s) currently in place within their organization.

1.0705 Warranty for Products or Services

The warranty for products or procured under this Contract shall be the standard warranty offered by the manufacturer, 90 days from date of purchase, which is Evenflo's standard warranty. In the event the product does not meet the stated requirements, the Contractor will either deduct them from the invoice amount, or replace them at no additional cost.

1.0706 Training Deleted, Not applicable

1.0707 Special Programs – Deleted, Not Applicable

1.0708 Security

This Contract may require frequent deliveries to State of Michigan facilities. The Contractor shall ensure the security and safety of these buildings. This shall include, but is not limited to, performance of security background checks on all personnel assigned to State of Michigan facilities (i.e. delivery people) and how they are performed, what the security check consists of, the name of the company that performs the security checks, use of uniforms and ID badges, etc. If security background checks are performed on staff, the Contractor shall indicate the name of the company that performs the check as well as provide a document stating that each employee has satisfactorily completed a security check and is suitable for assignment to State facilities. Upon request by the State, the Contractor shall provide the results of all security background checks.

Upon review of the security measures by the Contractor, the State will decide whether to issue State ID badges to the Contractor's delivery personnel or accept the ID badge issued to delivery personnel by the Contractor.

The State may decide to also perform a security background check. If so, the Contractor will be required to provide to the State a list of all delivery people that will service State of Michigan facilities, including name and date of birth (social security number or driver license number would also be helpful).

The Contractor and its subcontractors shall comply with the security access requirements of individual State facilities; see section 2.051, Background Checks and Security.

Delivery Capabilities

1.0709 Time Frames

All orders shall be delivered within 5-7 business days after receipt of order.

1.0710 Minimum Order

There is no minimum order requirement for this Contract.

1.0711 Packaging

Packaging and containers, etc., shall be in accordance with supplier's commercial practice and shall meet the requirements of the Michigan Department of Transportation (MDOT) and rail and motor carrier freight classifications in effect at time of shipment, which will permit application of the lowest freight rate.

1.0712 Palletizing

Shipments shall be palletized whenever possible and shall conform to the following:

- Manufacturer's standard 4-way shipping pallets are acceptable.

1.0713 Delivery Term

Prices are quoted "F.O.B. Delivered" with transportation charges prepaid on all orders to the State.

1.0714 Contract Performance

The Contractor has not had a contract terminated for default in the last three years. Termination for default is defined as notice to stop performance which was delivered to the Contractor due to the Contractor's non-performance or poor performance and the issue of performance was either (a) not litigated due to inaction on the part of the Contractor, or (b) litigated and determined that the Contractor was in default.

1.0715 Place of Performance

Contractor, in the performance of this Contract, intends to use one or more plants or facilities located at a different address from the address indicated in section 4.011. The following information must be provided for these plants or facilities:

Place of Performance Full address	**Owner/Operator of facility to be used**	**Percent (%) of Contract value to be Performed at listed Location**
225 Byers Road Miamisburg, OH 45342	Linda Galer Evenflo	75%

1.0716 Environmental Requirements

Energy Efficiency Purchasing Policy – The State shall seek wherever possible to purchase energy efficient products. This may include giving preference to U.S. Environmental Protection Agency (EPA) certified 'Energy Star' products for any category of products for which EPA has established Energy Star certification. For other purchases, the State may include energy efficiency as one of the priority factors to consider when choosing among comparable bids.

Environmental Purchasing Policy – The State of Michigan has committed to encourage the use of products and services that impact the environment less than competing products. This can be best accomplished by including environmental considerations in purchasing decisions, while remaining fiscally responsible, to promote practices that improve worker health, conserve natural resources, and prevent pollution. Environmental components that may be considered in Best Value Purchasing evaluation include: recycled content and recyclability; energy efficiency; and the presence of undesirable materials in the products, especially those toxic chemicals which are persistent and bio-accumulative. Bidders able to supply products containing recycled and environmentally preferable materials that meet performance requirements are encouraged to offer them in bids and proposals. Information on any relevant third party certification (such as Green Seal, Energy Star, etc.) should also be provided.

I. Recycled Content and Recyclability

A. Recycled Packaging. Bidders may offer some or all of the following items listed below or provide alternative proposal as to how packaging materials can be reduced, eliminated or otherwise made more environmentally preferable. It is desirable that Bidders offer packaging which:

a. is made from recycled content which meets or exceeds all federal and state recycled content guidelines (currently 35% post-consumer for all corrugated cardboard)

b. minimizes or eliminates the use of polystyrene or other difficult to recycle materials
c. minimizes or eliminates the use packaging and containers and, in the alternative, minimizes or eliminates the use of non-recyclable packaging and containers
d. provides for a return program where packaging can be returned to a specific location for recycling
e. contains materials which are easily recyclable in Michigan.

All Bidders are requested to indicate below an estimate of the percentage of recycled materials, if any, contained in each item bid. Higher percentages of recycled materials are preferred. Product performance is paramount, whether containing recycled material or not; however, preference will be given to products that perform up to specification and are environmentally preferable without compromising quality.

____39.4_____ % (Total estimated percentage of recovered material)

____35.4_____ % (Estimated percentage of post-consumer material)

____4.5_____ % (Estimated percentage of post-industrial waste)

Certification

I, Jon Tellier, am an officer or employee responsible for the performance of this contract and hereby certify that the percentage of recovered material content for EPA-designated products met the applicable contract specifications.
___JET_____ (Initial)

II. Materials Identification and Tracking

A. Hazardous Material Identification. 'Hazardous material', as used in this clause, includes any material defined as hazardous under the latest version of federal Emergency Planning and Community Right-to-Know Act of 1986 (including revisions adopted during the term of the contract).

(1) The Bidder must list any hazardous material, as defined in §370.20 (a) of 40 CFR, to be delivered under this contract. The hazardous material shall be properly identified and include any applicable identification number, such as National Stock Number or Special Item Number. This information shall also be included on the Material Safety Data Sheet submitted under this contract.

Material (if none, enter 'None')	Identification Number
None	

(2) This list must be updated during performance of the contract whenever the Contractor determines that any other material to be delivered under this contract is hazardous.

(3) The apparently successful Bidder agrees to submit, for each item as required prior to award, a Material Safety Data Sheet for each hazardous material identified in paragraph (1) of this clause. Data shall be submitted in accordance with Section 312 of the federal Emergency Planning and Community Right-to-Know Act, whether or not the apparently successful Bidder is the actual manufacturer of these items. Failure to submit the Material Safety Data Sheet prior to award may result in the apparently successful Bidder being considered non-responsive and ineligible for award.

B. Mercury Content. It is the clear intent of state agencies to avoid purchasing products that contain intentionally-added mercury whenever possible. Bidders shall offer mercury-free product alternatives whenever available. Should mercury-free alternatives not exist, as presently is the case with a few select

products and devices such as fluorescent lamps or where the alternative is not yet cost competitive, such as dental amalgam, Bidders shall offer the lowest mercury content available for a given application. Bidders shall disclose whenever products contain added-mercury by using the following format.

( ) Product contains added-Mercury (attach an explanation that includes: the amount or concentration of mercury and justification as to why this particular product is essential).
In addition, the Bidder shall also ensure that all products to be purchased containing intentionally added-mercury shall be labeled as: "product contains mercury/recycle or dispose of properly." For instances where space constraints limit the amount or size of print, the chemical symbol "Hg" followed by a picture of a trash container with a diagonal line through it shall suffice for labeling requirements.
BIDDERS PLEASE NOTE: Michigan Law Prohibits the sale of mercury-containing thermostats, thermometers, sphygmomanometers (blood pressure monitors) and other types of medical devices. For specific details visit: http://www.michigan.gov/deq/0,1607,7-135-3307_29693_4175-160230--,00.html

C. Brominated Flame Retardants (BFR). Bidders shall disclose whether the products being offered contain toxic flame retardants. Bidders are encouraged to provide BFR-free alternatives when available.

(X) Product does not contain BFR's

( ) Product does contain BFR's (attach an explanation)

D. Ozone Depleting Substances

'Ozone-depleting substance', as used in this clause, means any substance the Environmental Protection Agency designates in 40 CFR part 82 as:

(1) Class I, including, but not limited to, chlorofluorocarbons, halons, carbon tetrachloride, and methyl chloroform; or

(2) Class II, including, but not limited to, hydrochlorofluorocarbons.

The Contractor shall label products which contain or are manufactured with ozone-depleting substances in the manner and to the extent required by 42 U.S.C. 7671j (b), (c), and (d) and 40 CFR part 82, Subpart E, as follows:

'Warning: Contains (or manufactured with, if applicable) _____ (insert the name of the substance(s).), a substance(s) which harm(s) public health and environment by destroying ozone in the upper atmosphere.'

A. Clean Air and Water

Vendor certifies that any facility to be used in the performance of this contract has all the necessary environmental permits and is in consistent compliance with all applicable environmental requirements and has no outstanding unresolved violations.

The vendor will immediately notify the state, before award, of the receipt of any communication from the Environmental Protection Agency or any state environmental agency, of civil or criminal enforcement for any facility that the vendor proposes to use in the performance of this contract.
__JET_____ (Initial)

B. Emergency Planning and Community Right-to-Know Reporting - By signing this offer, the Bidder certifies that:

(1) The owner or operator of each facility that will be used in the performance of this contract is in compliance with the filing and reporting requirements described in sections 302, 304, 311, 312 and 313 of the Emergency Planning and Community Right-to-Know Act of 1986 (EPCRA) (42 U.S.C. 11001, et. seq.) and section 6607 of the Pollution Prevention Act of 1990 (PPA) (42 U.S.C. 13101, et. seq.). EPCRA filing and reporting requirements include emergency planning notification, release reporting, hazardous chemical inventory reporting, and toxic chemical release inventory (TRI) reporting.

(2) The owner or operator of each facility that will be used in the performance of this contract will maintain compliance with the filing and reporting requirements described in sections 302, 304, 311, 312 and 313 of the Emergency Planning and Community Right-to-Know Act of 1986 (EPCRA) (42 U.S.C. 11001, et. seq.) and section 6607 of the Pollution Prevention Act of 1990 (PPA) (42 U.S.C. 13101, et. seq.) for the life of the contract.
___JET___ (Initial)

1.0717 Subcontractors

Indicate below **ALL** work to be subcontracted under any resulting Contract (use additional attachment if necessary; estimates are acceptable):

Description of Work to be sub-contracted	**Percent (%) of total contract value to be sub-contracted**	**Sub-contractor's name and principal place of business (City and State)**
Manufacturing of car seats	75%	Evenflo 225 Byers Road Miamisburg, OH 45342

1.0718 Reports and Meetings - Deleted, Not applicable

1.0719 Samples/Models- Deleted, Not applicable

1.080 Additional Requirements

1.081 Recall Program

The Contractor will work with the National Highway Traffic & Safety Administration (NHTSA) regarding any product recall issues. If a recall is announced, the manufacturer, Evenflo Company, Inc. attempts to contact every registered consumer and customer that purchased the recalled item. Evenflo has also added an online system that allows consumers to register Evenflo products for the purpose of information sharing regarding safety campaigns. In addition, Evenflo provides web links to the National Highway Traffic & Safety Administration (NHTSA) CPSC (Consumer Product Safety Commission).

Article 2, Terms and Conditions

2.000 Contract Structure and Term

2.001 Contract Term

This Contract is for a period of three (3) years beginning June 2, 2010 through June 1, 2013. All outstanding Purchase Orders must also expire upon the termination (cancellation for any of the reasons listed in **Section 2.150)** of the Contract, unless otherwise extended under the Contract. Absent an early termination for any reason, Purchase Orders issued but not expired, by the end of the Contract's stated term, will remain in effect for the balance of the fiscal year for which they were issued.

2.002 Options to Renew

This Contract may be renewed in writing by mutual agreement of the parties not less than 30 days before its expiration. The Contract may be renewed for up to two (2) additional one (1) year periods.

2.003 Legal Effect

Contractor shall show acceptance of this Contract by signing two copies of the Contract and returning them to the Contract Administrator. The Contractor shall not proceed with the performance of the work to be done under the Contract, including the purchase of necessary materials, until both parties have signed the Contract to show acceptance of its terms, and the Contractor receives a contract release/purchase order that authorizes and defines specific performance requirements.

Except as otherwise agreed in writing by the parties, the State assumes no liability for costs incurred by Contractor or payment under this Contract, until Contractor is notified in writing that this Contract (or Change Order) has been approved by the State Administrative Board (if required), approved and signed by all the parties, and a Purchase Order against the Contract has been issued.

2.004 Attachments & Exhibits

All Attachments and Exhibits affixed to any and all Statement(s) of Work, or appended to or referencing this Contract, are incorporated in their entirety and form part of this Contract.

2.005 Ordering

The State will issue a written Purchase Order, Blanket Purchase Order, Direct Voucher or Procurement Card Order, which must be approved by the Contract Administrator or the Contract Administrator's designee, to order any Services/Deliverables under this Contract. All orders are subject to the terms and conditions of this Contract. No additional terms and conditions contained on either a Purchase Order or Blanket Purchase Order apply unless they are also specifically contained in that Purchase Order's or Blanket Purchase Order's accompanying Statement of Work. Exact quantities to be purchased are unknown, however, the Contractor will be required to furnish all such materials and services as may be ordered during the CONTRACT period. Quantities specified, if any, are estimates based on prior purchases, and the State is not obligated to purchase in these or any other quantities.

2.006 Order of Precedence

(a) The Contract, including any Statements of Work and Exhibits, to the extent not contrary to the Contract, each of which is incorporated for all purposes, constitutes the entire agreement between the parties with respect to the subject matter and supersedes all prior agreements, whether written or oral, with respect to the subject matter and as additional terms and conditions on the purchase order must apply as limited by **Section 2.005.**

(b) In the event of any inconsistency between the terms of the Contract and a Statement of Work, the terms of the Statement of Work will take precedence (as to that Statement of Work only); provided, however, that a Statement of Work may not modify or amend the terms of the Contract, which may be modified or amended only by a formal Contract amendment.

2.007 Headings

Captions and headings used in the Contract are for information and organization purposes. Captions and headings, including inaccurate references, do not, in any way, define or limit the requirements or terms and conditions of the Contract.

2.008 Form, Function & Utility

If the Contract is for use of more than one State agency and if the Deliverable/Service does not the meet the form, function, and utility required by that State agency, that agency may, subject to State purchasing policies, procure the Deliverable/Service from another source.

2.009 Reformation and Severability

Each provision of the Contract is severable from all other provisions of the Contract and, if one or more of the provisions of the Contract is declared invalid, the remaining provisions of the Contract remain in full force and effect.

2.010 Consents and Approvals

Except as expressly provided otherwise in the Contract, if either party requires the consent or approval of the other party for the taking of any action under the Contract, the consent or approval must be in writing and must not be unreasonably withheld or delayed.

2.011 No Waiver of Default

If a party fails to insist upon strict adherence to any term of the Contract then the party has not waived the right to later insist upon strict adherence to that term, or any other term, of the Contract.

2.012 Survival

Any provisions of the Contract that impose continuing obligations on the parties, including without limitation the parties' respective warranty, indemnity and confidentiality obligations, survive the expiration or termination of the Contract for any reason. Specific references to survival in the Contract are solely for identification purposes and not meant to limit or prevent the survival of any other section.

2.020 Contract Administration

2.021 Issuing Office

This Contract is issued by the Department of Management and Budget, Purchasing Operations and Michigan Department of Community Health, Bureau of Health Promotion and Disease Control, Division of Chronic Disease and Injury Control, Injury and Violence Prevention Section (collectively, including all other relevant State of Michigan departments and agencies, the "State"). Purchasing Operations is the sole point of contact in the State with regard to all procurement and contractual matters relating to the Contract. Purchasing Operations **is the only State office authorized to change, modify, amend, alter or clarify the prices, specifications, terms and conditions of this Contract.** The Contractor Administrator within Purchasing Operations for this Contract is:

Sue Cieciwa, Buyer Specialist
Purchasing Operations
Department of Management and Budget
Mason Bldg, 2nd Floor
PO Box 30026
Lansing, MI 48909
Email: Cieciwas@michigan.gov
Phone: (517) 373-0301
Fax: (517) 335-0046

2.022 Contract Compliance Inspector (CCI)

After DMB-PurchOps receives the properly executed Contract, it is anticipated that the Director of Purchasing Operations, in consultation with Michigan Department of Community Health, Bureau of Health Promotion and Disease Control, Division of Chronic Disease and Injury Control, Injury and Violence Prevention Section, will direct the person named below, or any other person so designated, to monitor and coordinate the activities for the Contract on a day-to-day basis during its term. However, monitoring of this Contract implies **no authority to change, modify, clarify, amend, or otherwise alter the prices, terms, conditions and specifications of the Contract as that authority is retained by DMB Purchasing Operations**. The Contract Compliance Inspector for this Contract is:

Shirley Martin
Michigan Department of Community Health
Bureau of Budget and Audit
Contract Management Section
Email: Martins@michigan.gov
Phone: (517) 241-2305
Fax: (517) 241-4845

and

Vickie Olivarez
Michigan State Police
Budget & Financial Services Division
714 S. Harrison Road
East Lansing, MI 48823
E-Mail: Olivarev@michigan.gov
Phone: (517) 336-6336
Fax: (517) 333-2737

2.023 Project Manager

The following individual will oversee the project:

Angela Glew, Child Passenger Safety Specialist
Michigan Department of Community Health, Bureau of Health Promotion and Disease Control, Division of Chronic Disease and Injury Control, Injury and Violence Prevention Section
109 W. Michigan Ave
Lansing, MI 48913
Email: glewa@michigan.gov
Phone: (517) 335-9420
Fax: (517) 335-9669

2.024 Change Requests

The State reserves the right to request from time to time any changes to the requirements and specifications of the Contract and the work to be performed by the Contractor under the Contract. During the course of ordinary business, it may become necessary for the State to discontinue certain business practices or create Additional Services/Deliverables. At a minimum, to the extent applicable, the State would like the Contractor to provide a detailed outline of all work to be done, including tasks necessary to accomplish the services/deliverables, timeframes, listing of key personnel assigned, estimated hours for each individual per task, and a complete and detailed cost justification.

If the Contractor does not so notify the State, the Contractor has no right to claim thereafter that it is entitled to additional compensation for performing that service or providing that deliverable.

Change Requests:

(a) By giving Contractor written notice within a reasonable time, the State must be entitled to accept a Contractor proposal for Change, to reject it, or to reach another agreement with Contractor. Should the parties agree on carrying out a Change, a written Contract Change Notice must be prepared and issued under this Contract, describing the Change and its effects on the Services and any affected components of this Contract (a "Contract Change Notice").
(b) No proposed Change must be performed until the proposed Change has been specified in a duly executed Contract Change Notice issued by the Department of Management and Budget, Purchasing Operations.
(c) If the State requests or directs the Contractor to perform any activities that Contractor believes constitute a Change, the Contractor must notify the State that it believes the requested activities are a Change before beginning to work on the requested activities. If the Contractor fails to notify the State before beginning to work on the requested activities, then the Contractor waives any right to assert any claim for additional compensation or time for performing the requested activities. If the Contractor commences performing work outside the scope of this Contract and then ceases performing that work, the Contractor must, at the request of the State, retract any out-of-scope work that would adversely affect the Contract.

2.025 Notices

Any notice given to a party under the Contract must be deemed effective, if addressed to the party as addressed below, upon: (i) delivery, if hand delivered; (ii) receipt of a confirmed transmission by facsimile if a copy of the notice is sent by another means specified in this Section; (iii) the third Business Day after being sent by U.S. mail, postage pre-paid, return receipt requested; or (iv) the next Business Day after being sent by a nationally recognized overnight express courier with a reliable tracking system.

State:
State of Michigan
Purchasing Operations
Attention: Sue Cieciwa, Buyer Specialist
PO Box 30026
530 West Allegan
Lansing, Michigan 48909

Contractor:
Patriot Solutions LLC
Attention: Jon Tellier
7060 Placid Pointe Ct.
Caledonia, MI 49316

Either party may change its address where notices are to be sent by giving notice according to this Section.

2.026 Binding Commitments

Representatives of Contractor must have the authority to make binding commitments on Contractor's behalf within the bounds set forth in the table. Contractor may change the representatives from time to time upon written notice.

2.027 Relationship of the Parties

The relationship between the State and Contractor is that of client and independent contractor. No agent, employee, or servant of Contractor or any of its Subcontractors must be or must be deemed to be an employee, agent or servant of the State for any reason. Contractor will be solely and entirely responsible for its acts and the acts of its agents, employees, servants and Subcontractors during the performance of the Contract.

2.028 Covenant of Good Faith

Each party must act reasonably and in good faith. Unless stated otherwise in the Contract, the parties will not unreasonably delay, condition or withhold the giving of any consent, decision or approval that is either requested or reasonably required of them in order for the other party to perform its responsibilities under the Contract.

2.029 Assignments

(a) Neither party may assign the Contract, or assign or delegate any of its duties or obligations under the Contract, to any other party (whether by operation of law or otherwise), without the prior written consent of the other party; provided, however, that the State may assign the Contract to any other State agency, department, division or department without the prior consent of Contractor and Contractor may assign the Contract to an affiliate so long as the affiliate is adequately capitalized and can provide adequate assurances that the affiliate can perform the Contract. The State may withhold consent from proposed assignments, subcontracts, or novations when the transfer of responsibility would operate to decrease the State's likelihood of receiving performance on the Contract or the State's ability to recover damages.

(b) Contractor may not, without the prior written approval of the State, assign its right to receive payments due under the Contract. If the State permits an assignment, the Contractor is not relieved of its responsibility to perform any of its contractual duties, and the requirement under the Contract that all payments must be made to one entity continues.

(c) If the Contractor intends to assign the contract or any of the Contractor's rights or duties under the Contract, the Contractor must notify the State in writing at least 90 days before the assignment. The Contractor also must provide the State with adequate information about the assignee within a reasonable amount of time before the assignment for the State to determine whether to approve the assignment.

2.030 General Provisions

2.031 Media Releases

News releases (including promotional literature and commercial advertisements) pertaining to the RFP and Contract or project to which it relates shall not be made without prior written State approval, and then only in accordance with the explicit written instructions from the State. No results of the activities associated with the RFP and Contract are to be released without prior written approval of the State and then only to persons designated.

2.032 Contract Distribution

Purchasing Operations retains the sole right of Contract distribution to all State agencies and local units of government unless other arrangements are authorized by Purchasing Operations.

2.033 Permits

Contractor must obtain and pay any associated costs for all required governmental permits, licenses and approvals for the delivery, installation and performance of the Services. The State must pay for all costs and expenses incurred in obtaining and maintaining any necessary easements or right of way.

2.034 Website Incorporation

The State is not bound by any content on the Contractor's website, even if the Contractor's documentation specifically referenced that content and attempts to incorporate it into any other communication, unless the State has actual knowledge of the content and has expressly agreed to be bound by it in a writing that has been manually signed by an authorized representative of the State.

2.035 Future Bidding Preclusion

Contractor acknowledges that, to the extent this Contract involves the creation, research, investigation or generation of a future RFP, it may be precluded from bidding on the subsequent RFP. The State reserves the right to disqualify any Bidder if the State determines that the Bidder has used its position (whether as

an incumbent Contractor, or as a Contractor hired to assist with the RFP development, or as a Vendor offering free assistance) to gain a competitive advantage on the RFP.

2.036 Freedom of Information

All information in any proposal submitted to the State by Contractor and this Contract is subject to the provisions of the Michigan Freedom of Information Act, 1976 Public Act No. 442, as amended, MCL 15.231, et seq (the "FOIA").

2.037 Disaster Recovery

Contractor and the State recognize that the State provides essential services in times of natural or man-made disasters. Therefore, except as so mandated by Federal disaster response requirements, Contractor personnel dedicated to providing Services/Deliverables under this Contract will provide the State with priority service for repair and work around in the event of a natural or man-made disaster.

2.040 Financial Provisions

2.041 Fixed Prices for Services/Deliverables

Each Statement of Work or Purchase Order issued under this Contract shall specify (or indicate by reference to the appropriate Contract Exhibit) the firm, fixed prices for all Services/Deliverables, and the associated payment milestones and payment amounts. The State may make progress payments to the Contractor when requested as work progresses, but not more frequently than monthly, in amounts approved by the Contract Administrator, after negotiation. Contractor must show verification of measurable progress at the time of requesting progress payments.

2.042 Adjustments for Reductions in Scope of Services/Deliverables

If the scope of the Services/Deliverables under any Statement of Work issued under this Contract is subsequently reduced by the State, the parties shall negotiate an equitable reduction in Contractor's charges under such Statement of Work commensurate with the reduction in scope.

2.043 Services/Deliverables Covered

For all Services/Deliverables to be provided by Contractor (and its Subcontractors, if any) under this Contract, the State shall not be obligated to pay any amounts in addition to the charges specified in this Contract.

2.044 Invoicing and Payment – In General

(a) Each Statement of Work issued under this Contract shall list (or indicate by reference to the appropriate Contract Exhibit) the prices for all Services/Deliverables, equipment and commodities to be provided, and the associated payment milestones and payment amounts.

(b) Each Contractor invoice will show details as to charges by Service/Deliverable component and location at a level of detail reasonably necessary to satisfy the State's accounting and charge-back requirements. Invoices for Services performed on a time and materials basis will show, for each individual, the number of hours of Services performed during the billing period, the billable skill/labor category for such person and the applicable hourly billing rate. Prompt payment by the State is contingent on the Contractor's invoices showing the amount owed by the State minus any holdback amount to be retained by the State in accordance with **Section 1.064**.

(c) Correct invoices will be due and payable by the State, in accordance with the State's standard payment procedure as specified in 1984 Public Act No. 279, MCL 17.51 et seq., within 45 days after receipt, provided the State determines that the invoice was properly rendered.

(d) All invoices should reflect actual work done. Specific details of invoices and payments will be agreed upon between the Contract Administrator and the Contractor after the proposed Contract Agreement has been signed and accepted by both the Contractor and the Director of Purchasing Operations, Department of Management & Budget. This activity will occur only upon the specific written direction from Purchasing Operations.

The specific payment schedule for any Contract(s) entered into, as the State and the Contractor(s) will mutually agree upon. The schedule should show payment amount and should reflect actual work done by the payment dates, less any penalty cost charges accrued by those dates. As a general policy statements shall be forwarded to the designated representative by the 15th day of the following month.

The Government may make progress payments to the Contractor when requested as work progresses, but not more frequently than monthly, in amounts approved by the Contract Administrator, after negotiation. Contractor must show verification of measurable progress at the time of requesting progress payments.

2.045 Pro-ration - Deleted, Not applicable

2.046 Antitrust Assignment

The Contractor assigns to the State any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this Contract.

2.047 Final Payment

The making of final payment by the State to Contractor does not constitute a waiver by either party of any rights or other claims as to the other party's continuing obligations under the Contract, nor will it constitute a waiver of any claims by one party against the other arising from unsettled claims or failure by a party to comply with this Contract, including claims for Services and Deliverables not reasonably known until after acceptance to be defective or substandard. Contractor's acceptance of final payment by the State under this Contract shall constitute a waiver of all claims by Contractor against the State for payment under this Contract, other than those claims previously filed in writing on a timely basis and still unsettled.

2.048 Electronic Payment Requirement

Electronic transfer of funds is required for payments on State Contracts. Contractors are required to register with the State electronically at http://www.cpexpress.state.mi.us. As stated in Public Act 431 of 1984, all contracts that the State enters into for the purchase of goods and services shall provide that payment will be made by electronic fund transfer (EFT).

2.050 Taxes

2.051 Employment Taxes

Contractors are expected to collect and pay all applicable federal, state, and local employment taxes, including the taxes.

2.052 Sales and Use Taxes

Contractors are required to be registered and to remit sales and use taxes on taxable sales of tangible personal property or services delivered into the State. Contractors that lack sufficient presence in Michigan to be required to register and pay tax must do so as a volunteer. This requirement extends to: (1) all members of any controlled group as defined in § 1563(a) of the Internal Revenue Code and applicable regulations of which the company is a member, and (2) all organizations under common control as defined in § 414(c) of the Internal Revenue Code and applicable regulations of which the company is a member that make sales at retail for delivery into the State are registered with the State for the collection and remittance of sales and use taxes. In applying treasury regulations defining "two or more trades or businesses under common control" the term "organization" means sole proprietorship, a partnership (as defined in § 701(a)(2) of the Internal Revenue Code), a trust, an estate, a corporation, or a limited liability company.

2.060 Contract Management

2.061 Contractor Personnel Qualifications

All persons assigned by Contractor to the performance of Services under this Contract must be employees of Contractor or its majority-owned (directly or indirectly, at any tier) subsidiaries (or a State-approved Subcontractor) and must be fully qualified to perform the work assigned to them. Contractor must include a similar provision in any subcontract entered into with a Subcontractor. For the purposes of this Contract, independent contractors engaged by Contractor solely in a staff augmentation role must be treated by the State as if they were employees of Contractor for this Contract only; however, the State understands that the relationship between Contractor and Subcontractor is an independent contractor relationship.

2.062 Contractor Key Personnel – Deleted, Not applicable

2.063 Re-assignment of Personnel at the State's Request – Deleted, Not applicable

2.064 Contractor Personnel Location – Deleted, Not applicable

2.065 Contractor Identification – Deleted, Not applicable

2.066 Cooperation with Third Parties – Deleted, Not applicable

2.067 Contract Management Responsibilities – Deleted, Not applicable

2.068 Contractor Return of State Equipment/Resources – Deleted, Not applicable

2.070 Subcontracting by Contractor

2.071 Contractor full Responsibility – Deleted, Not applicable

Contractor shall have full responsibility for the successful performance and completion of all of the Services and Deliverables. The State will consider Contractor to be the sole point of contact with regard to all contractual matters under this Contract, including payment of any and all charges for Services and Deliverables.

2.072 State Consent to delegation

Contractor shall not delegate any duties under this Contract to a Subcontractor unless the Department of Management and Budget, Purchasing Operations has given written consent to such delegation. The State shall have the right of prior written approval of all Subcontractors and to require Contractor to replace any Subcontractors found, in the reasonable judgment of the State, to be unacceptable. The State's request shall be written with reasonable detail outlining the reasons for the removal request. Additionally, the State's request shall be based on legitimate, good-faith reasons. Replacement Subcontractor(s) for the removed Subcontractor shall be fully qualified for the position. If the State exercises this right, and the Contractor cannot immediately replace the removed Subcontractor, the State will agree to an equitable adjustment in schedule or other terms that may be affected by the State's required removal. If any such incident with a removed Subcontractor results in delay not reasonable anticipatable under the circumstances and which is attributable to the State, the applicable SLA for the affected Work will not be counted in time agreed upon by the parties.

2.073 Subcontractor bound to Contract

In any subcontracts entered into by Contractor for the performance of the Services, Contractor shall require the Subcontractor, to the extent of the Services to be performed by the Subcontractor, to be bound to Contractor by the terms of this Contract and to assume toward Contractor all of the obligations and responsibilities that Contractor, by this Contract, assumes toward the State. The State reserves the right to receive copies of and review all subcontracts, although Contractor may delete or mask any proprietary information, including pricing, contained in such contracts before providing them to the State. The management of any Subcontractor will be the responsibility of Contractor, and Contractor shall remain

responsible for the performance of its Subcontractors to the same extent as if Contractor had not subcontracted such performance. Contractor shall make all payments to Subcontractors or suppliers of Contractor. Except as otherwise agreed in writing by the State and Contractor, the State will not be obligated to direct payments for the Services other than to Contractor. The State's written approval of any Subcontractor engaged by Contractor to perform any obligation under this Contract shall not relieve Contractor of any obligations or performance required under this Contract. Attached as **Exhibit A** is a list of the Subcontractors, if any, approved by the State as of the execution of this Contract, together with a copy of the applicable subcontract.

2.074 Flow Down

Except where specifically approved in writing by the State on a case-by-case basis, Contractor shall flow down the obligations in **Sections 2.031, 2.060, 2.100, 2.110, 2.120, 2.130, 2.200** in all of its agreements with any Subcontractors.

2.075 Competitive Selection

The Contractor shall select subcontractors (including suppliers) on a competitive basis to the maximum practical extent consistent with the objectives and requirements of the Contract.

2.080 State Responsibilities

2.081 Equipment

The State will provide only the equipment and resources identified in the Statements of Work and other Contract Exhibits.

2.082 Facilities

The State must designate space as long as it is available and as provided in the Statement of Work, to house the Contractor's personnel whom the parties agree will perform the Services/Deliverables at State facilities (collectively, the "State Facilities"). The Contractor must have reasonable access to, and unless agreed otherwise by the parties in writing must observe and comply with all rules and regulations relating to each of the State Facilities (including hours of operation) used by the Contractor in the course of providing the Services. Contractor agrees that it will not, without the prior written consent of the State, use any State Facilities or access any State information systems provided for the Contractor's use, or to which the Contractor otherwise gains access in the course of performing the Services, for any purpose other than providing the Services to the State.

2.090 Security

2.091 Background Checks

On a case-by-case basis, the State may investigate the Contractor's personnel before they may have access to State facilities and systems. The scope of the background check is at the discretion of the State and the results will be used to determine Contractor personnel eligibility for working within State facilities and systems. The investigations will include Michigan State Police Background checks (ICHAT) and may include the National Crime Information Center (NCIC) Finger Prints. Proposed Contractor personnel may be required to complete and submit an RI-8 Fingerprint Card for the NCIC Finger Print Check. Any request for background checks will be initiated by the State and will be reasonably related to the type of work requested.

All Contractor personnel will also be expected to comply with the State's security and acceptable use policies for State IT equipment and resources. See http://www.michigan.gov/dit. Furthermore, Contractor personnel will be expected to agree to the State's security and acceptable use policies before the Contractor personnel will be accepted as a resource to perform work for the State. It is expected the Contractor will present these documents to the prospective employee before the Contractor presents the individual to the State as a proposed resource. Contractor staff will be expected to comply with all Physical Security procedures in place within the facilities where they are working.

2.092 Security Breach Notification

If the Contractor breaches this Section, the Contractor must (i) promptly cure any deficiencies and (ii) comply with any applicable federal and state laws and regulations pertaining to unauthorized disclosures. Contractor and the State will cooperate to mitigate, to the extent practicable, the effects of any breach, intrusion, or unauthorized use or disclosure. Contractor must report to the State in writing any use or disclosure of Confidential Information, whether suspected or actual, other than as provided for by the Contract within 10 days of becoming aware of the use or disclosure or the shorter time period as is reasonable under the circumstances.

2.093 PCI Data Security Requirements– Deleted, Not applicable

2.100 Confidentiality

2.101 Confidentiality

Contractor and the State each acknowledge that the other possesses and will continue to possess confidential information that has been developed or received by it. As used in this Section, "Confidential Information" of Contractor must mean all non-public proprietary information of Contractor (other than Confidential Information of the State as defined below) which is marked confidential, restricted, proprietary or with a similar designation. "Confidential Information" of the State must mean any information which is retained in confidence by the State (or otherwise required to be held in confidence by the State under applicable federal, state and local laws and regulations) or which, in the case of tangible materials provided to Contractor by the State under its performance under this Contract, is marked as confidential, proprietary or with a similar designation by the State. "Confidential Information" excludes any information (including this Contract) that is publicly available under the Michigan FOIA.

2.102 Protection and Destruction of Confidential Information

The State and Contractor will each use at least the same degree of care to prevent disclosing to third parties the Confidential Information of the other as it employs to avoid unauthorized disclosure, publication or dissemination of its own confidential information of like character, but in no event less than reasonable care. Neither Contractor nor the State will (i) make any use of the Confidential Information of the other except as contemplated by this Contract, (ii) acquire any right in or assert any lien against the Confidential Information of the other, or (iii) if requested to do so, refuse for any reason to promptly return the other party's Confidential Information to the other party. Each party will limit disclosure of the other party's Confidential Information to employees and Subcontractors who must have access to fulfill the purposes of this Contract. Disclosure to, and use by, a Subcontractor is permissible where (A) use of a Subcontractor is authorized under this Contract, (B) the disclosure is necessary or otherwise naturally occurs in connection with work that is within the Subcontractor's scope of responsibility, and (C) Contractor obligates the Subcontractor in a written Contract to maintain the State's Confidential Information in confidence. At the State's request, any employee of Contractor and of any Subcontractor having access or continued access to the State's Confidential Information may be required to execute an acknowledgment that the employee has been advised of Contractor's and the Subcontractor's obligations under this Section and of the employee's obligation to Contractor or Subcontractor, as the case may be, to protect the Confidential Information from unauthorized use or disclosure.

Promptly upon termination or cancellation of the Contract for any reason, Contractor must certify to the State that Contractor has destroyed all State Confidential Information.

2.103 Exclusions

Notwithstanding the foregoing, the provisions of **Section 2.100** will not apply to any particular information which the State or Contractor can demonstrate (i) was, at the time of disclosure to it, in the public domain; (ii) after disclosure to it, is published or otherwise becomes part of the public domain through no fault of the receiving party; (iii) was in the possession of the receiving party at the time of

disclosure to it without an obligation of confidentiality; (iv) was received after disclosure to it from a third party who had a lawful right to disclose the information to it without any obligation to restrict its further disclosure; or (v) was independently developed by the receiving party without reference to Confidential Information of the furnishing party. Further, the provisions of **Section 2.100** will not apply to any particular Confidential Information to the extent the receiving party is required by law to disclose the Confidential Information, provided that the receiving party (i) promptly provides the furnishing party with notice of the legal request, and (ii) assists the furnishing party in resisting or limiting the scope of the disclosure as reasonably requested by the furnishing party.

2.104 No Implied Rights

Nothing contained in this Section must be construed as obligating a party to disclose any particular Confidential Information to the other party, or as granting to or conferring on a party, expressly or impliedly, any right or license to the Confidential Information of the other party.

2.105 Respective Obligations

The parties' respective obligations under this Section must survive the termination or expiration of this Contract for any reason.

2.110 Records and Inspections

2.111 Inspection of Work Performed

The State's authorized representatives must at all reasonable times and with 10 days prior written request, have the right to enter Contractor's premises, or any other places, where the Services are being performed, and must have access, upon reasonable request, to interim drafts of Deliverables or work-in-progress. Upon 10 Days prior written notice and at all reasonable times, the State's representatives must be allowed to inspect, monitor, or otherwise evaluate the work being performed and to the extent that the access will not reasonably interfere or jeopardize the safety or operation of the systems or facilities. Contractor must provide all reasonable facilities and assistance for the State's representatives.

2.112 Examination of Records

For seven years after the Contractor provides any work under this Contract (the "Audit Period"), the State may examine and copy any of Contractor's books, records, documents and papers pertinent to establishing Contractor's compliance with the Contract and with applicable laws and rules. The State must notify the Contractor 20 days before examining the Contractor's books and records. The State does not have the right to review any information deemed confidential by the Contractor to the extent access would require the confidential information to become publicly available. This provision also applies to the books, records, accounts, documents and papers, in print or electronic form, of any parent, affiliated or subsidiary organization of Contractor, or any Subcontractor of Contractor performing services in connection with the Contract.

2.113 Retention of Records

Contractor must maintain at least until the end of the Audit Period all pertinent financial and accounting records (including time sheets and payroll records, and information pertaining to the Contract and to the Services, equipment, and commodities provided under the Contract) pertaining to the Contract according to generally accepted accounting principles and other procedures specified in this Section. Financial and accounting records must be made available, upon request, to the State at any time during the Audit Period. If an audit, litigation, or other action involving Contractor's records is initiated before the end of the Audit Period, the records must be retained until all issues arising out of the audit, litigation, or other action are resolved or until the end of the Audit Period, whichever is later.

2.114 Audit Resolution

If necessary, the Contractor and the State will meet to review each audit report promptly after issuance. The Contractor will respond to each audit report in writing within 30 days from receipt of the report, unless a shorter response time is specified in the report. The Contractor and the State must develop, agree

upon and monitor an action plan to promptly address and resolve any deficiencies, concerns, and/or recommendations in the audit report.

2.115 Errors

(a) If the audit demonstrates any errors in the documents provided to the State, then the amount in error must be reflected as a credit or debit on the next invoice and in subsequent invoices until the amount is paid or refunded in full. However, a credit or debit may not be carried for more than four invoices. If a balance remains after four invoices, then the remaining amount will be due as a payment or refund within 45 days of the last quarterly invoice that the balance appeared on or termination of the contract, whichever is earlier.

(b) In addition to other available remedies, the difference between the payment received and the correct payment amount is greater than 10%, then the Contractor must pay all of the reasonable costs of the audit.

2.120 Warranties

2.121 Warranties and Representations

The Contractor represents and warrants:

(a) It is capable in all respects of fulfilling and must fulfill all of its obligations under this Contract. The performance of all obligations under this Contract must be provided in a timely, professional, and workman-like manner and must meet the performance and operational standards required under this Contract.

(b) The Contract Appendices, Attachments and Exhibits identify the equipment and software and services necessary for the Deliverable(s) to perform and Services to operate in compliance with the Contract's requirements and other standards of performance.

(c) It is the lawful owner or licensee of any Deliverable licensed or sold to the State by Contractor or developed by Contractor under this Contract, and Contractor has all of the rights necessary to convey to the State the ownership rights or licensed use, as applicable, of any and all Deliverables. None of the Deliverables provided by Contractor to the State under this Contract, nor their use by the State, will infringe the patent, copyright, trade secret, or other proprietary rights of any third party.

(d) If, under this Contract, Contractor procures any equipment, software or other Deliverable for the State (including equipment, software and other Deliverables manufactured, re-marketed or otherwise sold by Contractor under Contractor's name), then in addition to Contractor's other responsibilities with respect to the items in this Contract, Contractor must assign or otherwise transfer to the State or its designees, or afford the State the benefits of, any manufacturer's warranty for the Deliverable.

(e) The contract signatory has the power and authority, including any necessary corporate authorizations, necessary to enter into this Contract, on behalf of Contractor.

(f) It is qualified and registered to transact business in all locations where required.

(g) Neither the Contractor nor any Affiliates, nor any employee of either, has, must have, or must acquire, any contractual, financial, business, or other interest, direct or indirect, that would conflict in any manner or degree with Contractor's performance of its duties and responsibilities to the State under this Contract or otherwise create an appearance of impropriety with respect to the award or performance of this Agreement. Contractor must notify the State about the nature of the conflict or appearance of impropriety within two days of learning about it.

(h) Neither Contractor nor any Affiliates, nor any employee of either has accepted or must accept anything of value based on an understanding that the actions of the Contractor or Affiliates or employee

on behalf of the State would be influenced. Contractor must not attempt to influence any State employee by the direct or indirect offer of anything of value.

(i) Neither Contractor nor any Affiliates, nor any employee of either has paid or agreed to pay any person, other than bona fide employees and consultants working solely for Contractor or the Affiliate, any fee, commission, percentage, brokerage fee, gift, or any other consideration, contingent upon or resulting from the award or making of this Contract.

(j) The prices proposed by Contractor were arrived at independently, without consultation, communication, or agreement with any other Bidder for the purpose of restricting competition; the prices quoted were not knowingly disclosed by Contractor to any other Bidder; and no attempt was made by Contractor to induce any other person to submit or not submit a proposal for the purpose of restricting competition.

(k) All financial statements, reports, and other information furnished by Contractor to the State as part of its response to the RFP or otherwise in connection with the award of this Contract fairly and accurately represent the business, properties, financial condition, and results of operations of Contractor as of the respective dates, or for the respective periods, covered by the financial statements, reports, other information. Since the respective dates or periods covered by the financial statements, reports, or other information, there have been no material adverse change in the business, properties, financial condition, or results of operations of Contractor.

(l) All written information furnished to the State by or for the Contractor in connection with this Contract, including its bid, is true, accurate, and complete, and contains no untrue statement of material fact or omits any material fact necessary to make the information not misleading.

(m) It is not in material default or breach of any other contract or agreement that it may have with the State or any of its departments, commissions, boards, or agencies. Contractor further represents and warrants that it has not been a party to any contract with the State or any of its departments that was terminated by the State or the department within the previous five years for the reason that Contractor failed to perform or otherwise breached an obligation of the contract.

(n) If any of the certifications, representations, or disclosures made in the Contractor's original bid response change after contract award, the Contractor is required to report those changes immediately to the Department of Management and Budget, Purchasing Operations.

2.122 Warranty of Merchantability

Goods provided by Contractor under this agreement shall be merchantable. All goods provided under this Contract shall be of good quality within the description given by the State, shall be fit for their ordinary purpose, shall be adequately contained and packaged within the description given by the State, shall conform to the agreed upon specifications, and shall conform to the affirmations of fact made by the Contractor or on the container or label.

2.123 Warranty of Fitness for a Particular Purpose

When the Contractor has reason to know or knows any particular purpose for which the goods are required, and the State is relying on the Contractor's skill or judgment to select or furnish suitable goods, there is a warranty that the goods are fit for such purpose.

2.124 Warranty of Title

Contractor shall, in providing goods to the State, convey good title in those goods, whose transfer is right and lawful. All goods provided by Contractor shall be delivered free from any security interest, lien, or encumbrance of which the State, at the time of contracting, has no knowledge. Goods provided by Contractor, under this Contract, shall be delivered free of any rightful claim of any third person by of infringement or the like.

2.125 Equipment Warranty– Deleted, Not applicable

2.126 Equipment to be New

If applicable, all equipment provided under this Contract by Contractor shall be new where Contractor has knowledge regarding whether the equipment is new or assembled from new or serviceable used parts that are like new in performance or has the option of selecting one or the other. Equipment that is assembled from new or serviceable used parts that are like new in performance is acceptable where Contractor does not have knowledge or the ability to select one or other, unless specifically agreed otherwise in writing by the State.

2.127 Prohibited Products

The State will not accept salvage, distressed, outdated or discontinued merchandise. Shipping of such merchandise to any State agency, as a result of an order placed against the Contract, shall be considered default by the Contractor of the terms and conditions of the Contract and may result in cancellation of the Contract by the State. The brand and product number offered for all items shall remain consistent for the term of the Contract, unless Purchasing Operations has approved a change order pursuant to **Section 2.024**.

2.128 Consequences For Breach

In addition to any remedies available in law, if the Contractor breaches any of the warranties contained in this section, the breach may be considered as a default in the performance of a material obligation of this Contract.

2.130 Insurance

2.131 Liability Insurance

The Contractor must provide proof of the minimum levels of insurance coverage as indicated below. The insurance must protect the State from claims which may arise out of or result from the Contractor's performance of services under the terms of this Contract, whether the services are performed by the Contractor, or by any subcontractor, or by anyone directly or indirectly employed by any of them, or by anyone for whose acts they may be liable.

The Contractor waives all rights against the State of Michigan, its departments, divisions, agencies, offices, commissions, officers, employees and agents for recovery of damages to the extent these damages are covered by the insurance policies the Contractor is required to maintain under this Contract.

All insurance coverages provided relative to this Contract/Purchase Order are PRIMARY and NON-CONTRIBUTING to any comparable liability insurance (including self-insurances) carried by the State.

The insurance must be written for not less than any minimum coverage specified in this Contract or required by law, whichever is greater.

The insurers selected by Contractor must have an A.M. Best rating of A or better, or as otherwise approved in writing by the State, or if the ratings are no longer available, with a comparable rating from a recognized insurance rating agency. All policies of insurance required in this Contract must be issued by companies that have been approved to do business in the State.
See www.michigan.gov/dleg.

Where specific limits are shown, they are the minimum acceptable limits. If Contractor's policy contains higher limits, the State must be entitled to coverage to the extent of the higher limits.

The Contractor is required to pay for and provide the type and amount of insurance checked ☑ below:

☑ 1. Commercial General Liability with the following minimum coverage:

$2,000,000 General Aggregate Limit other than Products/Completed Operations
$2,000,000 Products/Completed Operations Aggregate Limit
$1,000,000 Personal & Advertising Injury Limit
$1,000,000 Each Occurrence Limit

The Contractor must list the State of Michigan, its departments, divisions, agencies, offices, commissions, officers, employees and agents as ADDITIONAL INSUREDS on the Commercial General Liability certificate. The Contractor also agrees to provide evidence that insurance policies contain a waiver of subrogation by the insurance company.

☑ 2. If a motor vehicle is used to provide services or products under this Contract, the Contractor must have vehicle liability insurance on any auto including owned, hired and non-owned vehicles used in Contractor's business for bodily injury and property damage as required by law.

The Contractor must list the State of Michigan, its departments, divisions, agencies, offices, commissions, officers, employees and agents as ADDITIONAL INSUREDS on the vehicle liability certificate. The Contractor also agrees to provide evidence that insurance policies contain a waiver of subrogation by the insurance company.

☑ 3. Workers' compensation coverage must be provided according to applicable laws governing the employees and employers work activities in the state of the Contractor's domicile. If the applicable coverage is provided by a self-insurer, proof must be provided of approved self-insured authority by the jurisdiction of domicile. For employees working outside of the state of qualification, Contractor must provide appropriate certificates of insurance proving mandated coverage levels for the jurisdictions where the employees' activities occur.

Any certificates of insurance received must also provide a list of states where the coverage is applicable.

The Contractor also agrees to provide evidence that insurance policies contain a waiver of subrogation by the insurance company. This provision must not be applicable where prohibited or limited by the laws of the jurisdiction in which the work is to be performed.

☑ 4. Employers liability insurance with the following minimum limits:

$100,000 each accident
$100,000 each employee by disease
$500,000 aggregate disease

☐ 5. Employee Fidelity, including Computer Crimes, insurance naming the State as a loss payee, providing coverage for direct loss to the State and any legal liability of the State arising out of or related to fraudulent or dishonest acts committed by the employees of Contractor or its Subcontractors, acting alone or in collusion with others, in a minimum amount of one million dollars ($1,000,000.00) with a maximum deductible of fifty thousand dollars ($50,000.00).

☐ 6. Umbrella or Excess Liability Insurance in a minimum amount of ten million dollars ($10,000,000.00), which must apply, at a minimum, to the insurance required in Subsection 1 (Commercial General Liability) above.

☐ 7. Professional Liability (Errors and Omissions) Insurance with the following minimum coverage: three million dollars ($3,000,000.00) each occurrence and three million dollars ($3,000,000.00) annual aggregate.

☐ 8. Fire and Personal Property Insurance covering against any loss or damage to the office space used by Contractor for any reason under this Contract, and the equipment, software and other contents of the office space, including without limitation, those contents used by Contractor to provide the Services to the State, up to its replacement value, where the office space and its contents are under the care, custody and control of Contractor. The policy must cover all risks of direct physical loss or damage, including without limitation, flood and earthquake coverage and coverage for computer hardware and software. The State must be endorsed on the policy as a loss payee as its interests appear.

2.132 Subcontractor Insurance Coverage

Except where the State has approved in writing a Contractor subcontract with other insurance provisions, Contractor must require all of its Subcontractors under this Contract to purchase and maintain the insurance coverage as described in this Section for the Contractor in connection with the performance of work by those Subcontractors. Alternatively, Contractor may include any Subcontractors under Contractor's insurance on the coverage required in this Section. Subcontractor(s) must fully comply with the insurance coverage required in this Section. Failure of Subcontractor(s) to comply with insurance requirements does not limit Contractor's liability or responsibility.

2.133 Certificates of Insurance and Other Requirements

Contractor must furnish to DMB-PurchOps, certificate(s) of insurance verifying insurance coverage or providing satisfactory evidence of self-insurance as required in this Section (the "Certificates"). The Certificate must be on the standard "accord" form or equivalent. **THE CONTRACT OR PURCHASE ORDER NO. MUST BE SHOWN ON THE CERTIFICATE OF INSURANCE TO ASSURE CORRECT FILING.** All Certificate(s) are to be prepared and submitted by the Insurance Provider. All Certificate(s) must contain a provision indicating that coverages afforded under the policies WILL NOT BE CANCELLED, MATERIALLY CHANGED, OR NOT RENEWED without 30 days prior written notice, except for 10 days for non-payment of premium, having been given to the Director of Purchasing Operations, Department of Management and Budget. The notice must include the Contract or Purchase Order number affected. Before the Contract is signed, and not less than 20 days before the insurance expiration date every year thereafter, the Contractor must provide evidence that the State and its agents, officers and employees are listed as additional insureds under each commercial general liability and commercial automobile liability policy. In the event the State approves the representation of the State by the insurer's attorney, the attorney may be required to be designated as a Special Assistant Attorney General by the Attorney General of the State of Michigan.

The Contractor must maintain all required insurance coverage throughout the term of the Contract and any extensions and, in the case of claims-made Commercial General Liability policies, must secure tail coverage for at least three years following the expiration or termination for any reason of this Contract. The minimum limits of coverage specified above are not intended, and must not be construed, to limit any liability or indemnity of Contractor under this Contract to any indemnified party or other persons. Contractor is responsible for all deductibles with regard to the insurance. If the Contractor fails to pay any premium for required insurance as specified in this Contract, or if any insurer cancels or significantly reduces any required insurance as specified in this Contract without the State's written consent, then the State may, after the State has given the Contractor at least 30 days written notice, pay the premium or procure similar insurance coverage from another company or companies. The State may deduct any part of the cost from any payment due the Contractor, or the Contractor must pay that cost upon demand by the State.

2.140 Indemnification

2.141 General Indemnification

To the extent permitted by law, the Contractor must indemnify, defend and hold harmless the State from liability, including all claims and losses, and all related costs and expenses (including reasonable attorneys' fees and costs of investigation, litigation, settlement, judgments, interest and penalties), accruing or resulting to any person, firm or corporation that may be injured or damaged by the Contractor

in the performance of this Contract and that are attributable to the negligence or tortious acts of the Contractor or any of its subcontractors, or by anyone else for whose acts any of them may be liable.

2.142 Code Indemnification

To the extent permitted by law, the Contractor shall indemnify, defend and hold harmless the State from any claim, loss, or expense arising from Contractor's breach of the No Surreptitious Code Warranty.

2.143 Employee Indemnification

In any claims against the State of Michigan, its departments, divisions, agencies, sections, commissions, officers, employees and agents, by any employee of the Contractor or any of its subcontractors, the indemnification obligation under the Contract must not be limited in any way by the amount or type of damages, compensation or benefits payable by or for the Contractor or any of its subcontractors under worker's disability compensation acts, disability benefit acts or other employee benefit acts. This indemnification clause is intended to be comprehensive. Any overlap in provisions, or the fact that greater specificity is provided as to some categories of risk, is not intended to limit the scope of indemnification under any other provisions.

2.144 Patent/Copyright Infringement Indemnification

To the extent permitted by law, the Contractor must indemnify, defend and hold harmless the State from and against all losses, liabilities, damages (including taxes), and all related costs and expenses (including reasonable attorneys' fees and costs of investigation, litigation, settlement, judgments, interest and penalties) incurred in connection with any action or proceeding threatened or brought against the State to the extent that the action or proceeding is based on a claim that any piece of equipment, software, commodity or service supplied by the Contractor or its subcontractors, or the operation of the equipment, software, commodity or service, or the use or reproduction of any documentation provided with the equipment, software, commodity or service infringes any United States patent, copyright, trademark or trade secret of any person or entity, which is enforceable under the laws of the United States.

In addition, should the equipment, software, commodity, or service, or its operation, become or in the State's or Contractor's opinion be likely to become the subject of a claim of infringement, the Contractor must at the Contractor's sole expense (i) procure for the State the right to continue using the equipment, software, commodity or service or, if the option is not reasonably available to the Contractor, (ii) replace or modify to the State's satisfaction the same with equipment, software, commodity or service of equivalent function and performance so that it becomes non-infringing, or, if the option is not reasonably available to Contractor, (iii) accept its return by the State with appropriate credits to the State against the Contractor's charges and reimburse the State for any losses or costs incurred as a consequence of the State ceasing its use and returning it.

Notwithstanding the foregoing, the Contractor has no obligation to indemnify or defend the State for, or to pay any costs, damages or attorneys' fees related to, any claim based upon (i) equipment developed based on written specifications of the State; (ii) use of the equipment in a configuration other than implemented or approved in writing by the Contractor, including, but not limited to, any modification of the equipment by the State; or (iii) the combination, operation, or use of the equipment with equipment or software not supplied by the Contractor under this Contract.

2.145 Continuation of Indemnification Obligations

The Contractor's duty to indemnify under this Section continues in full force and effect, notwithstanding the expiration or early cancellation of the Contract, with respect to any claims based on facts or conditions that occurred before expiration or cancellation.

2.146 Indemnification Procedures

The procedures set forth below must apply to all indemnity obligations under this Contract.

(a) After the State receives notice of the action or proceeding involving a claim for which it will seek indemnification, the State must promptly notify Contractor of the claim in writing and take or assist Contractor in taking, as the case may be, any reasonable action to avoid the imposition of a default judgment against Contractor. No failure to notify the Contractor relieves the Contractor of its indemnification obligations except to the extent that the Contractor can prove damages attributable to the failure. Within 10 days following receipt of written notice from the State relating to any claim, the Contractor must notify the State in writing whether Contractor agrees to assume control of the defense and settlement of that claim (a "Notice of Election"). After notifying Contractor of a claim and before the State receiving Contractor's Notice of Election, the State is entitled to defend against the claim, at the Contractor's expense, and the Contractor will be responsible for any reasonable costs incurred by the State in defending against the claim during that period.

(b) If Contractor delivers a Notice of Election relating to any claim: (i) the State is entitled to participate in the defense of the claim and to employ counsel at its own expense to assist in the handling of the claim and to monitor and advise the State about the status and progress of the defense; (ii) the Contractor must, at the request of the State, demonstrate to the reasonable satisfaction of the State, the Contractor's financial ability to carry out its defense and indemnity obligations under this Contract; (iii) the Contractor must periodically advise the State about the status and progress of the defense and must obtain the prior written approval of the State before entering into any settlement of the claim or ceasing to defend against the claim and (iv) to the extent that any principles of Michigan governmental or public law may be involved or challenged, the State has the right, at its own expense, to control the defense of that portion of the claim involving the principles of Michigan governmental or public law. But the State may retain control of the defense and settlement of a claim by notifying the Contractor in writing within 10 days after the State's receipt of Contractor's information requested by the State under clause (ii) of this paragraph if the State determines that the Contractor has failed to demonstrate to the reasonable satisfaction of the State the Contractor's financial ability to carry out its defense and indemnity obligations under this Section. Any litigation activity on behalf of the State, or any of its subdivisions under this Section, must be coordinated with the Department of Attorney General. In the event the insurer's attorney represents the State under this Section, the insurer's attorney may be required to be designated as a Special Assistant Attorney General by the Attorney General of the State of Michigan.

(c) If Contractor does not deliver a Notice of Election relating to any claim of which it is notified by the State as provided above, the State may defend the claim in the manner as it may deem appropriate, at the cost and expense of Contractor. If it is determined that the claim was one against which Contractor was required to indemnify the State, upon request of the State, Contractor must promptly reimburse the State for all the reasonable costs and expenses.

2.150 Termination/Cancellation

2.151 Notice and Right to Cure

If the Contractor breaches the contract, and the State in its sole discretion determines that the breach is curable, then the State will provide the Contractor with written notice of the breach and a time period (not less than 30 days) to cure the Breach. The notice of breach and opportunity to cure is inapplicable for successive or repeated breaches or if the State determines in its sole discretion that the breach poses a serious and imminent threat to the health or safety of any person or the imminent loss, damage, or destruction of any real or tangible personal property.

2.152 Termination for Cause

(a) The State may terminate this contract, for cause, by notifying the Contractor in writing, if the Contractor (i) breaches any of its material duties or obligations under this Contract (including a Chronic Failure to meet any particular SLA), or (ii) fails to cure a breach within the time period specified in the written notice of breach provided by the State

(b) If this Contract is terminated for cause, the Contractor must pay all costs incurred by the State in terminating this Contract, including but not limited to, State administrative costs, reasonable attorneys' fees and court costs, and any reasonable additional costs the State may incur to procure the Services/Deliverables required by this Contract from other sources. Re-procurement costs are not consequential, indirect or incidental damages, and cannot be excluded by any other terms otherwise included in this Contract, provided the costs are not in excess of 50% more than the prices for the Service/Deliverables provided under this Contract.

(c) If the State chooses to partially terminate this Contract for cause, charges payable under this Contract will be equitably adjusted to reflect those Services/Deliverables that are terminated and the State must pay for all Services/Deliverables for which Final Acceptance has been granted provided up to the termination date. Services and related provisions of this Contract that are terminated for cause must cease on the effective date of the termination.

(d) If the State terminates this Contract for cause under this Section, and it is determined, for any reason, that Contractor was not in breach of contract under the provisions of this section, that termination for cause must be deemed to have been a termination for convenience, effective as of the same date, and the rights and obligations of the parties must be limited to that otherwise provided in this Contract for a termination for convenience.

2.153 Termination for Convenience

The State may terminate this Contract for its convenience, in whole or part, if the State determines that a termination is in the State's best interest. Reasons for the termination must be left to the sole discretion of the State and may include, but not necessarily be limited to (a) the State no longer needs the Services or products specified in the Contract, (b) relocation of office, program changes, changes in laws, rules, or regulations make implementation of the Services no longer practical or feasible, (c) unacceptable prices for Additional Services or New Work requested by the State, or (d) falsification or misrepresentation, by inclusion or non-inclusion, of information material to a response to any RFP issued by the State. The State may terminate this Contract for its convenience, in whole or in part, by giving Contractor written notice at least 30 days before the date of termination. If the State chooses to terminate this Contract in part, the charges payable under this Contract must be equitably adjusted to reflect those Services/Deliverables that are terminated. Services and related provisions of this Contract that are terminated for cause must cease on the effective date of the termination.

2.154 Termination for Non-Appropriation

(a) Contractor acknowledges that, if this Contract extends for several fiscal years, continuation of this Contract is subject to appropriation or availability of funds for this Contract. If funds to enable the State to effect continued payment under this Contract are not appropriated or otherwise made available, the State must terminate this Contract and all affected Statements of Work, in whole or in part, at the end of the last period for which funds have been appropriated or otherwise made available by giving written notice of termination to Contractor. The State must give Contractor at least 30 days advance written notice of termination for non-appropriation or unavailability (or the time as is available if the State receives notice of the final decision less than 30 days before the funding cutoff).

(b) If funding for the Contract is reduced by law, or funds to pay Contractor for the agreed-to level of the Services or production of Deliverables to be provided by Contractor are not appropriated or otherwise unavailable, the State may, upon 30 days written notice to Contractor, reduce the level of the Services or the change the production of Deliverables in the manner and for the periods of time as the State may elect. The charges payable under this Contract will be equitably adjusted to reflect any equipment, services or commodities not provided by reason of the reduction.

(c) If the State terminates this Contract, eliminates certain Deliverables, or reduces the level of Services to be provided by Contractor under this Section, the State must pay Contractor for all Work-in-Process performed through the effective date of the termination or reduction in level, as the case may be

and as determined by the State, to the extent funds are available. This Section will not preclude Contractor from reducing or stopping Services/Deliverables or raising against the State in a court of competent jurisdiction, any claim for a shortfall in payment for Services performed or Deliverables finally accepted before the effective date of termination.

2.155 Termination for Criminal Conviction

The State may terminate this Contract immediately and without further liability or penalty in the event Contractor, an officer of Contractor, or an owner of a 25% or greater share of Contractor is convicted of a criminal offense related to a State, public or private Contract or subcontract.

2.156 Termination for Approvals Rescinded

The State may terminate this Contract if any final administrative or judicial decision or adjudication disapproves a previously approved request for purchase of personal services under Constitution 1963, Article 11, § 5, and Civil Service Rule 7-1. In that case, the State will pay the Contractor for only the work completed to that point under the Contract. Termination may be in whole or in part and may be immediate as of the date of the written notice to Contractor or may be effective as of the date stated in the written notice.

2.157 Rights and Obligations upon Termination

(a) If the State terminates this Contract for any reason, the Contractor must (a) stop all work as specified in the notice of termination, (b) take any action that may be necessary, or that the State may direct, for preservation and protection of Deliverables or other property derived or resulting from this Contract that may be in Contractor's possession, (c) return all materials and property provided directly or indirectly to Contractor by any entity, agent or employee of the State, (d) transfer title in, and deliver to, the State, unless otherwise directed, all Deliverables intended to be transferred to the State at the termination of the Contract and which are resulting from the Contract (which must be provided to the State on an "As-Is" basis except to the extent the amounts paid by the State in respect of the items included compensation to Contractor for the provision of warranty services in respect of the materials), and (e) take any action to mitigate and limit any potential damages, or requests for Contractor adjustment or termination settlement costs, to the maximum practical extent, including terminating or limiting as otherwise applicable those subcontracts and outstanding orders for material and supplies resulting from the terminated Contract.

(b) If the State terminates this Contract before its expiration for its own convenience, the State must pay Contractor for all charges due for Services provided before the date of termination and, if applicable, as a separate item of payment under this Contract, for Work In Process, on a percentage of completion basis at the level of completion determined by the State. All completed or partially completed Deliverables prepared by Contractor under this Contract, at the option of the State, becomes the State's property, and Contractor is entitled to receive equitable fair compensation for the Deliverables. Regardless of the basis for the termination, the State is not obligated to pay, or otherwise compensate, Contractor for any lost expected future profits, costs or expenses incurred with respect to Services not actually performed for the State.

(c) Upon a good faith termination, the State may assume, at its option, any subcontracts and agreements for services and deliverables provided under this Contract, and may further pursue completion of the Services/Deliverables under this Contract by replacement contract or otherwise as the State may in its sole judgment deem expedient.

2.158 Reservation of Rights

Any termination of this Contract or any Statement of Work issued under it by a party must be with full reservation of, and without prejudice to, any rights or remedies otherwise available to the party with respect to any claims arising before or as a result of the termination.

2.160 Termination by Contractor

2.161 Termination by Contractor

If the State breaches the Contract, and the Contractor in its sole discretion determines that the breach is curable, then the Contractor will provide the State with written notice of the breach and a time period (not less than 30 days) to cure the breach. The Notice of Breach and opportunity to cure is inapplicable for successive and repeated breaches.

The Contractor may terminate this Contract if the State (i) materially breaches its obligation to pay the Contractor undisputed amounts due and owing under this Contract, (ii) breaches its other obligations under this Contract to an extent that makes it impossible or commercially impractical for the Contractor to perform the Services, or (iii) does not cure the breach within the time period specified in a written notice of breach. But the Contractor must discharge its obligations under **Section 2.160** before it terminates the Contract.

2.170 Transition Responsibilities

2.171 Contractor Transition Responsibilities

If the State terminates this contract, for convenience or cause, or if the Contract is otherwise dissolved, voided, rescinded, nullified, expires or rendered unenforceable, the Contractor agrees to comply with direction provided by the State to assist in the orderly transition of equipment, services, software, leases, etc. to the State or a third party designated by the State. If this Contract expires or terminates, the Contractor agrees to make all reasonable efforts to effect an orderly transition of services within a reasonable period of time that in no event will exceed 30 days. These efforts must include, but are not limited to, those listed in **Sections 2.141, 2.142, 2.143, 2.144, and 2.145.**

2.172 Contractor Personnel Transition

The Contractor must work with the State, or a specified third party, to develop a transition plan setting forth the specific tasks and schedule to be accomplished by the parties, to effect an orderly transition. The Contractor must allow as many personnel as practicable to remain on the job to help the State, or a specified third party, maintain the continuity and consistency of the services required by this Contract. In addition, during or following the transition period, in the event the State requires the Services of the Contractor's subcontractors or vendors, as necessary to meet its needs, Contractor agrees to reasonably, and with good-faith, work with the State to use the Services of Contractor's subcontractors or vendors. Contractor will notify all of Contractor's subcontractors of procedures to be followed during transition.

2.173 Contractor Information Transition

The Contractor agrees to provide reasonable detailed specifications for all Services/Deliverables needed by the State, or specified third party, to properly provide the Services/Deliverables required under this Contract. The Contractor will provide the State with asset management data generated from the inception of this Contract through the date on which this Contractor is terminated in a comma-delineated format unless otherwise requested by the State. The Contractor will deliver to the State any remaining owed reports and documentation still in Contractor's possession subject to appropriate payment by the State.

2.174 Contractor Software Transition

The Contractor must reasonably assist the State in the acquisition of any Contractor software required to perform the Services/use the Deliverables under this Contract. This must include any documentation being used by the Contractor to perform the Services under this Contract. If the State transfers any software licenses to the Contractor, those licenses must, upon expiration of the Contract, transfer back to the State at their current revision level. Upon notification by the State, Contractor may be required to freeze all non-critical changes to Deliverables/Services.

2.175 Transition Payments

If the transition results from a termination for any reason, reimbursement must be governed by the termination provisions of this Contract. If the transition results from expiration, the Contractor will be reimbursed for all reasonable transition costs (i.e. costs incurred within the agreed period after contract expiration that result from transition operations) at the rates agreed upon by the State. The Contractor will prepare an accurate accounting from which the State and Contractor may reconcile all outstanding accounts.

2.176 State Transition Responsibilities

In the event that this Contract is terminated, dissolved, voided, rescinded, nullified, or otherwise rendered unenforceable, the State agrees to perform the following obligations, and any others upon which the State and the Contractor agree:

(a) Reconciling all accounts between the State and the Contractor;

(b) Completing any pending post-project reviews.

2.180 Stop Work

2.181 Stop Work Orders

The State may, at any time, by written stop work order to Contractor, require that Contractor stop all, or any part, of the work called for by the Contract for a period of up to 90 calendar days after the stop work order is delivered to Contractor, and for any further period to which the parties may agree. The stop work order must be identified as a stop work order and must indicate that it is issued under this **Section 2.180**. Upon receipt of the stop work order, Contractor must immediately comply with its terms and take all reasonable steps to minimize incurring costs allocable to the work covered by the stop work order during the period of work stoppage. Within the period of the stop work order, the State must either: (a) cancel the stop work order; or (b) terminate the work covered by the stop work order as provided in **Section 2.150**.

2.182 Cancellation or Expiration of Stop Work Order

The Contractor must resume work if the State cancels a Stop Work Order or if it expires. The parties will agree upon an equitable adjustment in the delivery schedule, the Contract price, or both, and the Contract must be modified, in writing, accordingly, if: (a) the stop work order results in an increase in the time required for, or in Contractor's costs properly allocable to, the performance of any part of the Contract; and (b) Contractor asserts its right to an equitable adjustment within 30 calendar days after the end of the period of work stoppage; provided that, if the State decides the facts justify the action, the State may receive and act upon a Contractor proposal submitted at any time before final payment under the Contract. Any adjustment will conform to the requirements of **Section 2.024**.

2.183 Allowance of Contractor Costs

If the stop work order is not canceled and the work covered by the stop work order is terminated for reasons other than material breach, the termination must be deemed to be a termination for convenience under **Section 2.153**, and the State will pay reasonable costs resulting from the stop work order in arriving at the termination settlement. For the avoidance of doubt, the State is not be liable to Contractor for loss of profits because of a stop work order issued under this **Section 2.180.**

2.190 Dispute Resolution

2.191 In General

Any claim, counterclaim, or dispute between the State and Contractor arising out of or relating to the Contract or any Statement of Work must be resolved as follows. For all Contractor claims seeking an increase in the amounts payable to Contractor under the Contract, or the time for Contractor's performance, Contractor must submit a letter, together with all data supporting the claims, executed by Contractor's Contract Administrator or the Contract Administrator's designee certifying that (a) the claim is made in good faith, (b) the amount claimed accurately reflects the adjustments in the amounts payable

to Contractor or the time for Contractor's performance for which Contractor believes the State is liable and covers all costs of every type to which Contractor is entitled from the occurrence of the claimed event, and (c) the claim and the supporting data are current and complete to Contractor's best knowledge and belief.

2.192 Informal Dispute Resolution

(a) All disputes between the parties must be resolved under the Contract Management procedures in this Contract. If the parties are unable to resolve any disputes after compliance with the processes, the parties must meet with the Director of Purchasing Operations, DMB, or designee, for the purpose of attempting to resolve the dispute without the need for formal legal proceedings, as follows:

(i) The representatives of Contractor and the State must meet as often as the parties reasonably deem necessary to gather and furnish to each other all information with respect to the matter in issue which the parties believe to be appropriate and germane in connection with its resolution. The representatives must discuss the problem and negotiate in good faith in an effort to resolve the dispute without the necessity of any formal proceeding.

(ii) During the course of negotiations, all reasonable requests made by one party to another for non-privileged information reasonably related to the Contract will be honored in order that each of the parties may be fully advised of the other's position.

(iii) The specific format for the discussions will be left to the discretion of the designated State and Contractor representatives, but may include the preparation of agreed upon statements of fact or written statements of position.

(iv) Following the completion of this process within 60 calendar days, the Director of Purchasing Operations, DMB, or designee, must issue a written opinion regarding the issue(s) in dispute within 30 calendar days. The opinion regarding the dispute must be considered the State's final action and the exhaustion of administrative remedies.

(b) This Section will not be construed to prevent either party from instituting, and a party is authorized to institute, formal proceedings earlier to avoid the expiration of any applicable limitations period, to preserve a superior position with respect to other creditors, or under **Section 2.193**.

(c) The State will not mediate disputes between the Contractor and any other entity, except state agencies, concerning responsibility for performance of work under the Contract.

2.193 Injunctive Relief

The only circumstance in which disputes between the State and Contractor will not be subject to the provisions of **Section 2.192** is where a party makes a good faith determination that a breach of the terms of the Contract by the other party is the that the damages to the party resulting from the breach will be so immediate, so large or severe and so incapable of adequate redress after the fact that a temporary restraining order or other immediate injunctive relief is the only adequate remedy.

2.194 Continued Performance

Each party agrees to continue performing its obligations under the Contract while a dispute is being resolved except to the extent the issue in dispute precludes performance (dispute over payment must not be deemed to preclude performance) and without limiting either party's right to terminate the Contract as provided in **Section 2.150**, as the case may be.

2.200 Federal and State Contract Requirements

2.201 Nondiscrimination

In the performance of the Contract, Contractor agrees not to discriminate against any employee or applicant for employment, with respect to his or her hire, tenure, terms, conditions or privileges of employment, or any matter directly or indirectly related to employment, because of race, color, religion, national origin, ancestry, age, sex, height, weight, marital status, physical or mental disability. Contractor further agrees that every subcontract entered into for the performance of this Contract or any purchase order resulting from this Contract will contain a provision requiring non-discrimination in employment, as specified here, binding upon each Subcontractor. This covenant is required under the Elliot Larsen

Civil Rights Act, 1976 PA 453, MCL 37.2101, et seq., and the Persons with Disabilities Civil Rights Act, 1976 PA 220, MCL 37.1101, et seq., and any breach of this provision may be regarded as a material breach of the Contract.

2.202 Unfair Labor Practices

Under 1980 PA 278, MCL 423.321, et seq., the State must not award a Contract or subcontract to an employer whose name appears in the current register of employers failing to correct an unfair labor practice compiled under section 2 of the Act. This information is compiled by the United States National Labor Relations Board. A Contractor of the State, in relation to the Contract, must not enter into a contract with a Subcontractor, manufacturer, or supplier whose name appears in this register. Under section 4 of 1980 PA 278, MCL 423.324, the State may void any Contract if, after award of the Contract, the name of Contractor as an employer or the name of the Subcontractor, manufacturer or supplier of Contractor appears in the register.

2.203 Workplace Safety and Discriminatory Harassment

In performing Services for the State, the Contractor must comply with the Department of Civil Services Rule 2-20 regarding Workplace Safety and Rule 1-8.3 regarding Discriminatory Harassment. In addition, the Contractor must comply with Civil Service regulations and any applicable agency rules provided to the Contractor. For Civil Service Rules, see http://www.mi.gov/mdcs/0,1607,7-147-6877---,00.html.

2.204 Prevailing Wage

The rates of wages and fringe benefits to be paid each class of individuals employed by the Contractor, its subcontractors, their subcontractors, and all persons involved with the performance of this Contract in privity of contract with the Contractor shall not be less than the wage rates and fringe benefits established by the Michigan Department of Labor and Economic Development, Wage and Hour Bureau, schedule of occupational classification and wage rates and fringe benefits for the local where the work is to be performed. The term Contractor shall include all general contractors, prime contractors, project managers, trade contractors, and all of their contractors or subcontractors and persons in privity of contract with them.

The Contractor, its subcontractors, their subcontractors and all persons involved with the performance of this contract in privity of contract with the Contractor shall keep posted on the work site, in a conspicuous place, a copy of all wage rates and fringe benefits as prescribed in the contract. You must also post, in a conspicuous place, the address and telephone number of the Michigan Department of Labor and Economic Development, the office responsible for enforcement of the wage rates and fringe benefits. You shall keep an accurate record showing the name and occupation of the actual wage and benefits paid to each individual employed in connection with this contract. This record shall be available to the State upon request for reasonable inspection.

If any trade is omitted from the list of wage rates and fringe benefits to be paid to each class of individuals by the Contractor, it is understood that the trades omitted shall also be paid not less than the wage rate and fringe benefits prevailing in the local where the work is to be performed.

2.210 Governing Law

2.211 Governing Law

The Contract must in all respects be governed by, and construed according to, the substantive laws of the State of Michigan without regard to any Michigan choice of law rules that would apply the substantive law of any other jurisdiction to the extent not inconsistent with, or pre-empted by federal law.

2.212 Compliance with Laws

Contractor shall comply with all applicable state, federal and local laws and ordinances in providing the Services/Deliverables.

2.213 Jurisdiction

Any dispute arising from the Contract must be resolved in the State of Michigan. With respect to any claim between the parties, Contractor consents to venue in Ingham County, Michigan, and irrevocably waives any objections it may have to the jurisdiction on the grounds of lack of personal jurisdiction of the court or the laying of venue of the court or on the basis of forum non conveniens or otherwise. Contractor agrees to appoint agents in the State of Michigan to receive service of process.

2.220 Limitation of Liability

2.221 Limitation of Liability

Neither the Contractor nor the State is liable to each other, regardless of the form of action, for consequential, incidental, indirect, or special damages. This limitation of liability does not apply to claims for infringement of United States patent, copyright, trademark or trade secrets; to claims for personal injury or damage to property caused by the gross negligence or willful misconduct of the Contractor; to claims covered by other specific provisions of this Contract calling for liquidated damages; or to court costs or attorney's fees awarded by a court in addition to damages after litigation based on this Contract.

The Contractor's liability for damages to the State is limited to two times the value of the Contract. The foregoing limitation of liability does not apply to claims for infringement of United States patent, copyright, trademarks or trade secrets; to claims for personal injury or damage to property caused by the gross negligence or willful misconduct of the Contractor; to claims covered by other specific provisions of this Contract calling for liquidated damages; or to court costs or attorney's fees awarded by a court in addition to damages after litigation based on this Contract.

The State's liability for damages to the Contractor is limited to the value of the Contract.

2.230 Disclosure Responsibilities

2.231 Disclosure of Litigation

(a) Disclosure. Contractor must disclose any material criminal litigation, investigations or proceedings involving the Contractor (and each Subcontractor) or any of its officers or directors or any litigation, investigations or proceedings under the Sarbanes-Oxley Act. In addition, each Contractor (and each Subcontractor) must notify the State of any material civil litigation, arbitration or proceeding which arises during the term of the Contract and extensions, to which Contractor (or, to the extent Contractor is aware, any Subcontractor) is a party, and which involves: (i) disputes that might reasonably be expected to adversely affect the viability or financial stability of Contractor or any Subcontractor; or (ii) a claim or written allegation of fraud against Contractor or, to the extent Contractor is aware, any Subcontractor by a governmental or public entity arising out of their business dealings with governmental or public entities. The Contractor must disclose in writing to the Contract Administrator any litigation, investigation, arbitration or other proceeding (collectively, "Proceeding") within 30 days of its occurrence. Details of settlements which are prevented from disclosure by the terms of the settlement may be annotated. Information provided to the State from Contractor's publicly filed documents referencing its material litigation will be deemed to satisfy the requirements of this Section.

(b) Assurances. If any Proceeding disclosed to the State under this Section, or of which the State otherwise becomes aware, during the term of this Contract would cause a reasonable party to be concerned about:

(i) the ability of Contractor (or a Subcontractor) to continue to perform this Contract according to its terms and conditions, or

(ii) whether Contractor (or a Subcontractor) in performing Services for the State is engaged in conduct which is similar in nature to conduct alleged in the Proceeding, which conduct would constitute a breach of this Contract or a violation of Michigan law, regulations or public policy,

then the Contractor must provide the State all reasonable assurances requested by the State to demonstrate that:

(a) Contractor and its Subcontractors will be able to continue to perform this Contract and any Statements of Work according to its terms and conditions, and

(b) Contractor and its Subcontractors have not and will not engage in conduct in performing the Services which is similar in nature to the conduct alleged in the Proceeding.

(c) Contractor must make the following notifications in writing:

(1) Within 30 days of Contractor becoming aware that a change in its ownership or officers has occurred, or is certain to occur, or a change that could result in changes in the valuation of its capitalized assets in the accounting records, Contractor must notify DMB PurchOps.

(2) Contractor must also notify DMB PurchOps within 30 days whenever changes to asset valuations or any other cost changes have occurred or are certain to occur as a result of a change in ownership or officers.

(3) Contractor must also notify DMB PurchOps within 30 days whenever changes to company affiliations occur.

2.232 Call Center Disclosure

Contractor and/or all subcontractors involved in the performance of this Contract providing call or contact center services to the State must disclose the location of its call or contact center services to inbound callers. Failure to disclose this information is a material breach of this Contract.

2.233 Bankruptcy

The State may, without prejudice to any other right or remedy, terminate this Contract, in whole or in part, and, at its option, may take possession of the "Work in Process" and finish the Works in Process by whatever appropriate method the State may deem expedient if:

(a) the Contractor files for protection under the bankruptcy laws;

(b) an involuntary petition is filed against the Contractor and not removed within 30 days;

(c) the Contractor becomes insolvent or if a receiver is appointed due to the Contractor's insolvency;

(d) the Contractor makes a general assignment for the benefit of creditors; or

(e) the Contractor or its affiliates are unable to provide reasonable assurances that the Contractor or its affiliates can deliver the services under this Contract.

Contractor will fix appropriate notices or labels on the Work in Process to indicate ownership by the State. To the extent reasonably possible, materials and Work in Process must be stored separately from other stock and marked conspicuously with labels indicating ownership by the State.

2.240 Performance

2.241 Time of Performance

(a) Contractor must use commercially reasonable efforts to provide the resources necessary to complete all Services and Deliverables according to the time schedules contained in the Statements of Work and other Exhibits governing the work, and with professional quality.

(b) Without limiting the generality of **Section 2.241 (a),** Contractor must notify the State in a timely manner upon becoming aware of any circumstances that may reasonably be expected to jeopardize the timely and successful completion of any Deliverables/Services on the scheduled due dates in the latest State-approved delivery schedule and must inform the State of the projected actual delivery date.

(c) If the Contractor believes that a delay in performance by the State has caused or will cause the Contractor to be unable to perform its obligations according to specified Contract time periods, the Contractor must notify the State in a timely manner and must use commercially reasonable efforts to perform its obligations according to the Contract time periods notwithstanding the State's failure. Contractor will not be in default for a delay in performance to the extent the delay is caused by the State.

(d) Should the State of Michigan issue an Executive Order thru the Office of State Employer mandating furlough days, the furlough days will not be considered a Business Day. The Contractor will

not seek additional costs from the State for project schedule extensions to the extent such extensions are needed due to Contractor's inability to complete deliverables and milestones in accordance with the project schedule as a result of the above mentioned furlough days.

2.242 Service Level Agreements (SLAs)

(a) SLAs will be completed with the following operational considerations:

(i) SLAs will not be calculated for individual Incidents where any event of Excusable Failure has been determined; Incident means any interruption in Services.

(ii) SLAs will not be calculated for individual Incidents where loss of service is planned and where the State has received prior notification or coordination.

(iii) SLAs will not apply if the applicable Incident could have been prevented through planning proposed by Contractor and not implemented at the request of the State. To invoke this consideration, complete documentation relevant to the denied planning proposal must be presented to substantiate the proposal.

(iv) Time period measurements will be based on the time Incidents are received by the Contractor and the time that the State receives notification of resolution based on 24x7x365 time period, except that the time period measurement will be suspended based on the following:

1. Time period(s) will not apply where Contractor does not have access to a physical State Location and where access to the State Location is necessary for problem identification and resolution.

2. Time period(s) will not apply where Contractor needs to obtain timely and accurate information or appropriate feedback and is unable to obtain timely and accurate information or appropriate feedback from the State.

(b) Chronic Failure for any Service(s) will be defined as three unscheduled outage(s) or interruption(s) on any individual Service for the same reason or cause or if the same reason or cause was reasonably discoverable in the first instance over a rolling 30 day period. Chronic Failure will result in the State's option to terminate the effected individual Service(s) and procure them from a different vendor for the chronic location(s) with Contractor to pay the difference in charges for up to three additional months. The termination of the Service will not affect any tiered pricing levels.

(c) Root Cause Analysis will be performed on any Business Critical outage(s) or outage(s) on Services when requested by the Contract Administrator. Contractor will provide its analysis within two weeks of outage(s) and provide a recommendation for resolution.

(d) All decimals must be rounded to two decimal places with five and greater rounding up and four and less rounding down unless otherwise specified.

2.243 Liquidated Damages- Deleted, Not Applicable

2.244 Excusable Failure

Neither party will be liable for any default, damage or delay in the performance of its obligations under the Contract to the extent the default, damage or delay is caused by government regulations or requirements (executive, legislative, judicial, military or otherwise), power failure, electrical surges or current fluctuations, lightning, earthquake, war, water or other forces of nature or acts of God, delays or failures of transportation, equipment shortages, suppliers' failures, or acts or omissions of common carriers, fire; riots, civil disorders; strikes or other labor disputes, embargoes; injunctions (provided the injunction was not issued as a result of any fault or negligence of the party seeking to have its default or delay excused); or any other cause beyond the reasonable control of a party; provided the non-performing party and its Subcontractors are without fault in causing the default or delay, and the default or delay could not have been prevented by reasonable precautions and cannot reasonably be circumvented by the non-performing party through the use of alternate sources, workaround plans or other means, including disaster recovery plans.

If a party does not perform its contractual obligations for any of the reasons listed above, the non-performing party will be excused from any further performance of its affected obligation(s) for as long as

the circumstances prevail. But the party must use commercially reasonable efforts to recommence performance whenever and to whatever extent possible without delay. A party must promptly notify the other party in writing immediately after the excusable failure occurs, and also when it abates or ends.

If any of the above-enumerated circumstances substantially prevent, hinder, or delay the Contractor's performance of the Services/provision of Deliverables for more than 10 Business Days, and the State determines that performance is not likely to be resumed within a period of time that is satisfactory to the State in its reasonable discretion, then at the State's option: (a) the State may procure the affected Services/Deliverables from an alternate source, and the State is not be liable for payment for the unperformed Services/ Deliverables not provided under the Contract for so long as the delay in performance continues; (b) the State may terminate any portion of the Contract so affected and the charges payable will be equitably adjusted to reflect those Services/Deliverables terminated; or (c) the State may terminate the affected Statement of Work without liability to Contractor as of a date specified by the State in a written notice of termination to the Contractor, except to the extent that the State must pay for Services/Deliverables provided through the date of termination.

The Contractor will not have the right to any additional payments from the State as a result of any Excusable Failure occurrence or to payments for Services not rendered/Deliverables not provided as a result of the Excusable Failure condition. Defaults or delays in performance by Contractor which are caused by acts or omissions of its Subcontractors will not relieve Contractor of its obligations under the Contract except to the extent that a Subcontractor is itself subject to an Excusable Failure condition described above and Contractor cannot reasonably circumvent the effect of the Subcontractor's default or delay in performance through the use of alternate sources, workaround plans or other means.

2.250 Approval of Deliverables

2.251 Delivery Responsibilities

Unless otherwise specified by the State within an individual order, the following must be applicable to all orders issued under this Contract.

(a) Shipment responsibilities - Services performed/Deliverables provided under this Contract must be delivered "F.O.B. Destination, within Government Premises." The Contractor must have complete responsibility for providing all Services/Deliverables to all site(s) unless otherwise stated. Actual delivery dates will be specified on the individual purchase order.

(b) Delivery locations - Services will be performed/Deliverables will be provided at every State of Michigan location within Michigan unless otherwise stated in the SOW. Specific locations will be provided by the State or upon issuance of individual purchase orders.

(c) Damage Disputes - At the time of delivery to State Locations, the State must examine all packages. The quantity of packages delivered must be recorded and any obvious visible or suspected damage must be noted at time of delivery using the shipper's delivery document(s) and appropriate procedures to record the damage.

Where there is no obvious or suspected damage, all deliveries to a State Location must be opened by the State and the contents inspected for possible internal damage not visible externally within 14 days of receipt. Any damage must be reported to the Contractor within five days of inspection.

2.252 Delivery of Deliverables

Where applicable, the Statements of Work/POs contain lists of the Deliverables to be prepared and delivered by Contractor including, for each Deliverable, the scheduled delivery date and a designation of whether the Deliverable is a document ("Written Deliverable"), a good ("Physical Deliverable") or a Service. All Deliverables must be completed and delivered for State review and written approval and, where applicable, installed according to the State-approved delivery schedule and any other applicable terms and conditions of the Contract.

2.253 Testing

(a) Before delivering any of the above-mentioned Statement of Work Physical Deliverables or Services to the State, Contractor will first perform all required quality assurance activities to verify that the Physical Deliverable or Service is complete and conforms with its specifications listed in the applicable Statement of Work or Purchase Order. Before delivering a Physical Deliverable or Service to the State, Contractor must certify to the State that (1) it has performed the quality assurance activities, (2) it has performed any applicable testing, (3) it has corrected all material deficiencies discovered during the quality assurance activities and testing, (4) the Deliverable or Service is in a suitable state of readiness for the State's review and approval, and (5) the Deliverable/Service has all Critical Security patches/updates applied.

(b) If a Deliverable includes installation at a State Location, then Contractor must (1) perform any applicable testing, (2) correct all material deficiencies discovered during the quality assurance activities and testing, and (3) inform the State that the Deliverable is in a suitable state of readiness for the State's review and approval. To the extent that testing occurs at State Locations, the State is entitled to observe or otherwise participate in testing.

2.254 Approval of Deliverables, In General

(a) All Deliverables (Physical Deliverables and Written Deliverables) and Services require formal written approval by the State, according to the following procedures. Formal approval by the State requires the State to confirm in writing that the Deliverable meets its specifications. Formal approval may include the successful completion of Testing as applicable in **Section 2.253**, to be led by the State with the support and assistance of Contractor. The approval process will be facilitated by ongoing consultation between the parties, inspection of interim and intermediate Deliverables and collaboration on key decisions.

(b) The State's obligation to comply with any State Review Period is conditioned on the timely delivery of Deliverables/Services being reviewed.

(c) Before commencement of its review or testing of a Deliverable/Service, the State may inspect the Deliverable/Service to confirm that all components of the Deliverable/Service have been delivered without material deficiencies. If the State determines that the Deliverable/Service has material deficiencies, the State may refuse delivery of the Deliverable/Service without performing any further inspection or testing of the Deliverable/Service. Otherwise, the review period will be deemed to have started on the day the State receives the Deliverable or the Service begins, and the State and Contractor agree that the Deliverable/Service is ready for use and, where applicable, certification by Contractor according to **Section 2.253**.

(d) The State will approve in writing a Deliverable/Service after confirming that it conforms to and performs according to its specifications without material deficiency. The State may, but is not be required to, conditionally approve in writing a Deliverable/Service that contains material deficiencies if the State elects to permit Contractor to rectify them post-approval. In any case, Contractor will be responsible for working diligently to correct within a reasonable time at Contractor's expense all deficiencies in the Deliverable/Service that remain outstanding at the time of State approval.

(e) If, after three opportunities (the original and two repeat efforts), the Contractor is unable to correct all deficiencies preventing Final Acceptance of a Deliverable/Service, the State may: (i) demand that the Contractor cure the failure and give the Contractor additional time to cure the failure at the sole expense of the Contractor; or (ii) keep the Contract in force and do, either itself or through other parties, whatever the Contractor has failed to do, and recover the difference between the cost to cure the deficiency and the contract price plus an additional sum equal to 10% of the cost to cure the deficiency to cover the State's general expenses provided the State can furnish proof of the general expenses; or (iii) terminate the particular Statement of Work for default, either in whole or in part by notice to Contractor provided Contractor is unable to cure the breach. Notwithstanding the foregoing, the State cannot use, as

a basis for exercising its termination rights under this Section, deficiencies discovered in a repeat State Review Period that could reasonably have been discovered during a prior State Review Period.

(f) The State, at any time and in its reasonable discretion, may halt the testing or approval process if the process reveals deficiencies in or problems with a Deliverable/Service in a sufficient quantity or of a sufficient severity that renders continuing the process unproductive or unworkable. If that happens, the State may stop using the Service or return the applicable Deliverable to Contractor for correction and re-delivery before resuming the testing or approval process.

2.255 Process For Approval of Written Deliverables

The State Review Period for Written Deliverables will be the number of days set forth in the applicable Statement of Work following delivery of the final version of the Deliverable (and if the Statement of Work does not state the State Review Period, it is by default five Business Days for Written Deliverables of 100 pages or less and 10 Business Days for Written Deliverables of more than 100 pages). The duration of the State Review Periods will be doubled if the State has not had an opportunity to review an interim draft of the Written Deliverable before its submission to the State. The State agrees to notify Contractor in writing by the end of the State Review Period either stating that the Deliverable is approved in the form delivered by Contractor or describing any deficiencies that must be corrected before approval of the Deliverable (or at the State's election, after approval of the Deliverable). If the State notifies the Contractor about deficiencies, the Contractor will correct the described deficiencies and within 30 Business Days resubmit the Deliverable in a form that shows all revisions made to the original version delivered to the State. Contractor's correction efforts will be made at no additional charge. Upon receipt of a corrected Deliverable from Contractor, the State will have a reasonable additional period of time, not to exceed the length of the original State Review Period, to review the corrected Deliverable to confirm that the identified deficiencies have been corrected.

2.256 Process for Approval of Services

The State Review Period for approval of Services is governed by the applicable Statement of Work (and if the Statement of Work does not state the State Review Period, it is by default 30 Business Days for Services). The State agrees to notify the Contractor in writing by the end of the State Review Period either stating that the Service is approved in the form delivered by the Contractor or describing any deficiencies that must be corrected before approval of the Services (or at the State's election, after approval of the Service). If the State delivers to the Contractor a notice of deficiencies, the Contractor will correct the described deficiencies and within 30 Business Days resubmit the Service in a form that shows all revisions made to the original version delivered to the State. The Contractor's correction efforts will be made at no additional charge. Upon implementation of a corrected Service from Contractor, the State will have a reasonable additional period of time, not to exceed the length of the original State Review Period, to review the corrected Service for conformity and that the identified deficiencies have been corrected.

2.257 Process for Approval of Physical Deliverables

The State Review Period for approval of Physical Deliverables is governed by the applicable Statement of Work (and if the Statement of Work does not state the State Review Period, it is by default 30 continuous Business Days for a Physical Deliverable). The State agrees to notify the Contractor in writing by the end of the State Review Period either stating that the Deliverable is approved in the form delivered by the Contractor or describing any deficiencies that must be corrected before approval of the Deliverable (or at the State's election, after approval of the Deliverable). If the State delivers to the Contractor a notice of deficiencies, the Contractor will correct the described deficiencies and within 30 Business Days resubmit the Deliverable in a form that shows all revisions made to the original version delivered to the State. The Contractor's correction efforts will be made at no additional charge. Upon receipt of a corrected Deliverable from the Contractor, the State will have a reasonable additional period of time, not to exceed the length of the original State Review Period, to review the corrected Deliverable to confirm that the identified deficiencies have been corrected.

2.258 Final Acceptance

Unless otherwise stated in the Article 1, Statement of Work or Purchase Order, "Final Acceptance" of each Deliverable must occur when each Deliverable/Service has been approved by the State following the State Review Periods identified in **Sections 2.251-2.257**. Payment will be made for Deliverables installed and accepted. Upon acceptance of a Service, the State will pay for all Services provided during the State Review Period that conformed to the acceptance criteria.

2.260 Ownership – Deleted, Not applicable

2.261 Ownership of Work Product by State – Deleted, Not applicable

2.262 Vesting of Rights – Deleted, Not applicable

2.263 Rights in Data – Deleted, Not applicable

2.264 Ownership of Materials – Deleted, Not applicable

2.270 State Standards

2.271 Existing Technology Standards

The Contractor will adhere to all existing standards as described within the comprehensive listing of the State's existing technology standards at http://www.michigan.gov/dit.

2.272 Acceptable Use Policy

To the extent that Contractor has access to the State computer system, Contractor must comply with the State's Acceptable Use Policy, see http://www.michigan.gov/ditservice. All Contractor employees must be required, in writing, to agree to the State's Acceptable Use Policy before accessing the State system. The State reserves the right to terminate Contractor's access to the State system if a violation occurs.

2.273 Systems Changes

Contractor is not responsible for and not authorized to make changes to any State systems without written authorization from the Project Manager. Any changes Contractor makes to State systems with the State's approval must be done according to applicable State procedures, including security, access and configuration management procedures.

2.280 Extended Purchasing - Deleted, Not Applicable

2.281 MiDEAL- Deleted, Not Applicable

2.282 State Employee Purchases – Delete, Not Applicable

2.290 Environmental Provision

2.291 Environmental Provision

Energy Efficiency Purchasing Policy – The State seeks wherever possible to purchase energy efficient products. This includes giving preference to U.S. Environmental Protection Agency (EPA) certified 'Energy Star' products for any category of products for which EPA has established Energy Star certification. For other purchases, the State may include energy efficiency as one of the priority factors to consider when choosing among comparable products.

Environmental Purchasing Policy – The State of Michigan is committed to encouraging the use of products and services that impact the environment less than competing products. The State is accomplishing this by including environmental considerations in purchasing decisions, while remaining fiscally responsible, to promote practices that improve worker health, conserve natural resources, and prevent pollution. Environmental components that are to be considered include: recycled content and

recyclability; energy efficiency; and the presence of undesirable materials in the products, especially those toxic chemicals which are persistent and bioaccumulative. The Contractor should be able to supply products containing recycled and environmentally preferable materials that meet performance requirements and is encouraged to offer such products throughout the duration of this Contract. Information on any relevant third party certification (such as Green Seal, Energy Star, etc.) should also be provided.

Hazardous Materials:
For the purposes of this Section, "Hazardous Materials" is a generic term used to describe asbestos, ACBMs, PCBs, petroleum products, construction materials including paint thinners, solvents, gasoline, oil, and any other material the manufacture, use, treatment, storage, transportation or disposal of which is regulated by the federal, state or local laws governing the protection of the public health, natural resources or the environment. This includes, but is not limited to, materials the as batteries and circuit packs, and other materials that are regulated as (1) "Hazardous Materials" under the Hazardous Materials Transportation Act, (2) "chemical hazards" under the Occupational Safety and Health Administration standards, (3) "chemical substances or mixtures" under the Toxic Substances Control Act, (4) "pesticides" under the Federal Insecticide Fungicide and Rodenticide Act, and (5) "hazardous wastes" as defined or listed under the Resource Conservation and Recovery Act.
(a) The Contractor must use, handle, store, dispose of, process, transport and transfer any material considered a Hazardous Material according to all federal, State and local laws. The State must provide a safe and suitable environment for performance of Contractor's Work. Before the commencement of Work, the State must advise the Contractor of the presence at the work site of any Hazardous Material to the extent that the State is aware of the Hazardous Material. If the Contractor encounters material reasonably believed to be a Hazardous Material and which may present a substantial danger, the Contractor must immediately stop all affected Work, notify the State in writing about the conditions encountered, and take appropriate health and safety precautions.

(b) Upon receipt of a written notice, the State will investigate the conditions. If (a) the material is a Hazardous Material that may present a substantial danger, and (b) the Hazardous Material was not brought to the site by the Contractor, or does not result in whole or in part from any violation by the Contractor of any laws covering the use, handling, storage, disposal of, processing, transport and transfer of Hazardous Materials, the State must order a suspension of Work in writing. The State must proceed to have the Hazardous Material removed or rendered harmless. In the alternative, the State must terminate the affected Work for the State's convenience.

(c) Once the Hazardous Material has been removed or rendered harmless by the State, the Contractor must resume Work as directed in writing by the State. Any determination by the Michigan Department of Community Health or the Michigan Department of Environmental Quality that the Hazardous Material has either been removed or rendered harmless is binding upon the State and Contractor for the purposes of resuming the Work. If any incident with Hazardous Material results in delay not reasonable anticipatable under the circumstances and which is attributable to the State, the applicable SLAs for the affected Work will not be counted in time as mutually agreed by the parties.

(d) If the Hazardous Material was brought to the site by the Contractor, or results in whole or in part from any violation by the Contractor of any laws covering the use, handling, storage, disposal of, processing, transport and transfer of Hazardous Material, or from any other act or omission within the control of the Contractor, the Contractor must bear its proportionate share of the delay and costs involved in cleaning up the site and removing and rendering harmless the Hazardous Material according to Applicable Laws to the condition approved by applicable regulatory agency(ies).

Michigan has a Consumer Products Rule pertaining to labeling of certain products containing volatile organic compounds. For specific details visit http://www.michigan.gov/deq/0,1607,7-135-3310_4108-173523--,00.html

Refrigeration and Air Conditioning:
The Contractor shall comply with the applicable requirements of Sections 608 and 609 of the Clean Air Act (42 U.S.C. 7671g and 7671h) as each or both apply to this contract.

Environmental Performance:
Waste Reduction Program - Contractor shall establish a program to promote cost-effective waste reduction in all operations and facilities covered by this contract. The Contractor's programs shall comply with applicable Federal, State, and local requirements, specifically including Section 6002 of the Resource Conservation and Recovery Act (42 U.S.C. 6962, et seq.).

2.300 Other Provisions

2.301 Forced Labor, Convict Labor, Forced or Indentured Child Labor, or Indentured Servitude Made Materials

Equipment, materials, or supplies, that will be furnished to the State under the Contract must not be produced in whole or in part by forced labor, convict labor, forced or indentured child labor, or indentured servitude.

"Forced or indentured child labor" means all work or service: exacted from any person under the age of 18 under the menace of any penalty for its nonperformance and for which the worker does not offer himself voluntarily; or performed by any person under the age of 18 under a contract the enforcement of which can be accomplished by process or penalties.

Subject: RE: Blood Lead Testing Supplies - Flint Water - RUSH - Need Emergency Contact

Good Morning Sue,

We can have the gloves, bandaids (both sizes), alcohol preps, and gauze sponges delivered today if needed. We have a driver standing by right now.

Regarding the quote, the only item I haven't included is the Microcuvettes.

Please note on the 1" x 1" square gauze, I quoted a 2" x 2" gauze that is on the contract because we have them in stock and ready to ship out. We didn't have any 1" x 1" gauze on hand. I hope this will work.

On the Leadcare II items, we can order these today and they will ship to us tomorrow. We should have them here by the end of this week.

I quoted a few different sizes on the table covers, these are all plastic backed. The manufacturer has a facility in Westland, MI and they said they would work with us to get product out asap to Flint.

Thank you,
Chris Respondek

Subject: RE: Blood Lead Testing Supplies - Flint Water - RUSH - Need Emergency Contact

Good Morning Sue,

I received your email and I'm working on this right now. Is it possible to obtain the information on the plastic backed table covers and Micro-cuvettes as well? The table covers come in a wide variety of sizes and the micro-cuvettes have a few manufacturer's and these usually work with specific test kits.

Thank you,
Chris Respondek

Barb –After this initial order, will DHHS need to continue to procure the test kits, labels, microcuvettes, etc. on an ongoing basis? I did not know how long this supply of items will cover their needs. I was thinking we should have J & B check with the manufacturers for availability and their standard lead times, for DHHS planning purposes. Please advise. Thanks. Sue

Good Morning,

Here is the revised quote with a new Bath Mat we offer that is also on the contract. These are disposable and plastic like. I think they'll work to meet your needs, and we have exactly 10 cases in stock.

The only remaining item left to price out is the microcuvettes; if you have any information on these it would be greatly appreciated. I can quote one of the versions we sell, but the only way to make certain it will work for your needs is to find out which machine, or which microcuvette is currently being used.

TID950255

TIDI BATH MATS Bath Mat, White Paper, Printed Blue "Shell", 14½" x 20", 500/cs

Available : 10 (Cas)

Thank you Sue, Barb Bidigare just provided me the info on the test kits, and yes they are the Lead Care II,

Regarding the table covers, they actually need something that would resemble a place matt, something easy to dispose of instead of an entire table cover.

Please look into this for us and provide any information you obtain.

Thank you

Shirley –

Attached is the J & B Medical quotation and information in the email below for the items DHHS requested (excluding #5 micro-cuvettes), pending the agency's confirmation of the model nos.

If the 2" x 2" gauze squares that are on contract are not acceptable, J & B can order the 1" x 1" gauze squares for you.

As soon as DHHS confirms the specific models, I will forward them to J & B Medical to update their quote.

Thank you.

Subject: RE: Blood Lead Testing Supplies - Flint Water - RUSH - Need Emergency Contact

Good Morning Sue,

We can have the gloves, bandaids (both sizes), alcohol preps, and gauze sponges delivered today if needed. We have a driver standing by right now.

Regarding the quote, the only item I haven't included is the Microcuvettes.

Please note on the 1" x 1" square gauze, I quoted a 2" x 2" gauze that is on the contract because we have them in stock and ready to ship out. We didn't have any 1" x 1" gauze on hand. I hope this will work.

On the Leadcare II items, we can order these today and they will ship to us tomorrow. We should have them here by the end of this week.

I quoted a few different sizes on the table covers, these are all plastic backed. The manufacturer has a facility in Westland, MI and they said they would work with us to get product out asap to Flint.

Thank you,
Chris Respondek

Good Morning Shirley & Barb,

First of all thank you for the order, I'm happy to assist you with this process. One question is the ship to Address from yesterday correct as:
G3373 S. Saginaw
Burton, MI 48529

This PO doesn't have one listed, and would you like an attention name on this line?

The items we have in stock we will deliver today via our personal driver. We have everything in stock except for the LeadCare II items, the 366593 lancets, which will be here this Thursday, and the SAR20-1278-100 kits.

The LeadCare II items we should have here shortly. The company ships these within 1 day of ordering so we should have them here shortly. The SAR20-1278-100 we should have here shortly as well. I will send more information on these items as I receive it from our purchasing department

Thank you,

Rebecca,

As we discussed, I removed the vendors that were disabled only, so the remaining list is service disabled veteran business owners.

Judy

Subject: Helpful contacts for businesses
Attachments: Database of Chambers and Partners SW MI 1-18-12.xls

Mr. Cook

Per our phone conversation, here is an edited list of community partners that may be active in or adjacent to Southwest Michigan. I apologize if some of these contacts are not current - we use them as needed.

In case the federal Small Business Administration (SBA) was not listed in the spreadsheet, here is a web link to their Michigan office. http://www.sba.gov/about-offices-content/2/3121

Local units of government can find out more about the Michigan Public Purchasing Officials Association (MPPOA) at www.mppoa.net. Member benefits include a job posting board, and MPPOA might be willing to network with SW Michigan members if a local government is looking for a part time or limited term procurement official. MPPOA also has a statewide member email listserv. Members ask questions of each other, share recent bid documents and the like.

Please contact me if you have questions.
Thank you.

Rebecca Cook
MPPOA board member

Farah

I've only identified two current State contracts that may have water filters. Meijer is not a current contract holder; although it's possible to approach them, depending on the path forward. Will it help if I try to explain three possible sourcing methods?

- Work with one or two current contract holders. By using current contracts, we don't need to seek additional quotes. (Grainger and Home Depot have been identified, contacted, and will provide updates tomorrow morning.)
- If current contract holders cannot provide in the time window, seek exemption from online bidding, obtain three quotes with price and lead time, and order from one or multiple sources.
- If the above two options are not viable, DHHS can issue an emergency purchase (EP) order. By using an EP, DHHS can order filters as soon as suppliers are identified, without seeking multiple quotes. Terri can clarify DHHS' process for EPs.

I'll continue researching with our two contract vendors. If it becomes apparent tomorrow morning that neither can supply these, then we'll start cold calling alternate suppliers to get three quotes and obtain an exemption from online bidding.

Does DHHS have an estimated timeframe tomorrow morning when we'll receive responses to the questions below?

Please feel free to give me a call on my cell anytime as we work through this.

All

I just spoke with our rep for the Grainger contract. We reviewed the specs, quantity and timeframe. He is activating his executive leadership now, and they will be working with vendors tomorrow morning to determine whether Grainger can fulfill this. I will receive a status update call by 10 am.

I may be receiving emails tonight and tomorrow morning with vendor questions. Who in DCH should be my lead contact to seek answers, or do you prefer I email them to the group?

A couple of questions now:

- Just to clarify, DHHS seeks a filter that fits on a residential kitchen faucet, and meets the specs in the attachment?
- How many filters are needed in an initial shipment?
- If Grainger can supply these, they may have to pull from various manufacturers that meet the specifications listed. Please confirm it is acceptable that DHHS may not receive 25,000 of precisely the same item.

Please contact me and buyer Steve Rigg with any questions.
Thank you.

I intend on sending a purchase request through iTRAC, but wanted to know how quickly your office could procure them. Director Lyon is meeting with Governor Snyder tomorrow to discuss the topic. If you could give me an idea of how many you could procure and how soon, that would be great. If the two DHHS offices in Flint could obtain am initial shipment in the next day or two, that information can be shared with the Director and the Governor's Office .

Thanks Chris – Looping in Elizabeth.

Elizabeth said the brand name is called Zero Water and that we'd like to offer the large pitcher – 24 cups

https://www.google.com/?gws_rd=ssl#q=Zero+Water

The guy from DEQ just emailed and I've attached the email. I'm trying to find out if Zero water matches these specs but I can't figure it out so I've emailed him back looking for feedback.

The quantity is just by suggestion. We'd prefer people use the water faucet filter as opposed to the pitcher due to significantly higher cost for the pitcher. So if we're placing a 25,000 order – my thoughts are 20,000 water faucet filters and 5,000 pitchers.

Subject: Filter Order

Farah,

3 things:

1) Home Depot lead time: If they are provided notice by 2 p.m., delivery of additional filters can occur next day. If we need a shorter turn-around time, they will try and accommodate.
2) You mentioned that someone from DEQ was going to identify what brand/model water pitcher with filter meets the specification criteria. As soon as I know what brand/model number water pitcher w/ filter to order from Home Depot we can initiate the purchase request.
3) You also mentioned ordering 1,000 pitchers and an additional 5,000 water faucet filters, for a total of 25,000 water faucet filters. Please confirm these additional quantities are correct.

Sheryl,

Once the above information has been provided, will you please have someone complete a DHS-319 Purchase Request form and route for approval. Once we have the approved DHS-319, we will issue the PO to Home Depot.

If you have any questions, please let me know.

Chris

Hi Chris,

Please use 96000 32000 AY16 aobj 6335 -- for the expenditures related to the bulk purchase of water filters. This is going to be funded with $1.0 M in revenue from DEQ.
Please use 96000 32100 AY15 aobj 6335 -- for the expenditures related to the vouchers for the DHHS Clients. This is going to be a work project.

The expenditures will come out of agency 431.

Gov. Rick Snyder: Move back to Detroit water provides best protection for public health in Flint

State, city, Mott Foundation, join to fund switch until KWA is ready

Oct. 8, 2015

For More Information:
Sara Wurfel or Dave Murray
Governor's Office: 517-335-6397

Brad Wurfel, 517-284-6713
Department of Environmental Quality

Jennifer Eisner, 517-230-9804
Department of Health and Human Services

Kathryn Thomas, 810-766-1734
Mott Foundation

Jason Lorenz, 810-237-2039
City of Flint

FLINT, Mich. – Flint families and children will be better protected by reconnecting with the Great Lakes Water Authority as the source of the city's drinking water until the Karegnondi Water Authority pipeline is completed, Gov. Rick Snyder said.

Snyder said Thursday that he will request the state Legislature to provide half, or $6 million, of the $12 million needed to reconnect with the authority through next summer, when the KWA is expected to be completed. The Flint city government will provide $2 million and the Charles Stewart Mott Foundation has committed $4 million.

“All Flint residents need clean, safe drinking water,” Snyder said. “The technical experts helping the city on its water advisory all agree this move back to the Great Lakes Water Authority provides the best public health protection for children and families. This effort today is the result of people coming together to solve a problem. I appreciate Detroit’s willingness to reconnect with Flint, the Mott Foundation’s generous commitment, and the dedication of all parties to come together to protect Flint families and children.”

Flint city leaders requested the state’s help to fund the reconnection and to assist with health and infrastructure issues. Flint’s move to the Great Lakes Water Authority is expected to cost about $1.3 million per month until the Karegnondi Water Authority is completed next summer.

“It’s heartening to know so many people are working at so many levels to bring safe, clean water back to Flint,” Mott Foundation President Ridgway White said. “We believe this transitional solution is the right and necessary thing to do, and we’re glad we could help the state and the city make it happen.”

The move to Detroit water, which is expected to carry, carries many public health benefits. As large bodies of water, the Great Lakes are naturally prone to fewer problems from large rain events and other runoff issues that can sometimes be present in shallower rivers. Additionally, the Great Lakes Water Authority water already has additional corrosion control, using phosphates to help coat the insides of pipes and limit lead from leaching into the water.

However, reconnecting with the authority will not completely resolve the city’s problem with lead service lines or aging infrastructure. It will take time for pipes in Flint to become coated with the phosphate corrosion control. Additionally, some households in the city could experience lead in their drinking water until all lead pipes and plumbing are replaced.

"Reconnecting to Detroit is the fastest way to deliver clean, safe water to Flint and stabilize the infrastructure system,” Flint Mayor Dayne Walling said. “I appreciate the state, the Mott Foundation, Detroit, and the county's participation in a solution for Flint's water problems. The health and safety of Flint's families, children and seniors is my top priority, and reconnecting to Detroit is a major step that the city could not take alone given budget constraints."

To best protect public health, Snyder said state and local authorities will continue to carry out steps outlined on Oct. 2 in a comprehensive action plan, including continued testing, the use of faucet filters and providing residents with accurate information about steps to eliminate lead exposure. The Michigan Departments of Environmental Quality and Health and Human Services today also committed an additional $3.5 million for water filters, free lead testing through the state laboratory for Flint water customers, and hiring additional staff to conduct health exposure monitoring for lead in drinking water.

Free filters are available for current MDHHS clients at the 125 E. Union St. or 4809

Clio Road MDHHS office locations. For residents who are not currently enrolled in MDHHS assistance programs, free filters are available at the Genesee County Community Action Resource Department offices at 2727 Lippincott and 601 North Saginaw in Flint. Staff will be at all four locations from 9 a.m. to 4 p.m., Monday through Friday, to distribute filters and assist residents who have questions about proper installation. At the Lippincott location only, extended hours will be offered this weekend, including until 7 p.m. on Thursday and Friday and from 10 a.m. to 2 p.m. on Saturday.

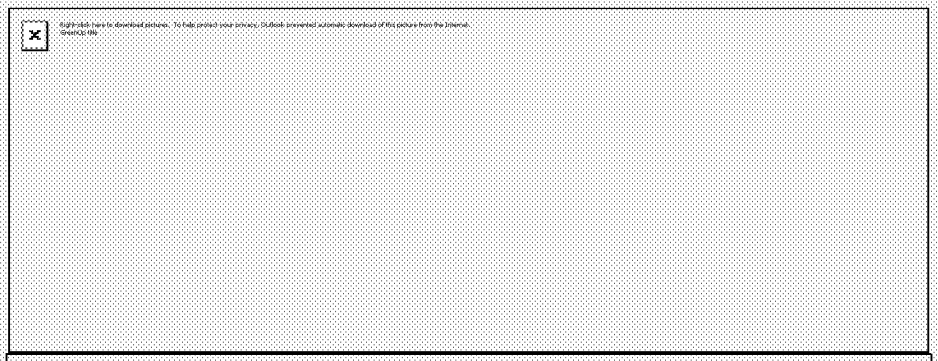
Other good practices for residents concerned about lead include turning on the cold water tap and running the water until it's as cold as it will go. Additionally, only use cold water for cooking, drinking and especially mixing baby formula.

School test results released; more investigation planned

The state today also released the first results from its lead screening program in schools and homes. Of 37 total samples taken at 13 buildings, four samples spread over three buildings exceeded the federal action level of 15 parts per billion.

However, this sampling provides only an initial screen, and the state is committing to further testing water and inspecting plumbing at these schools. Until testing is complete, schools are advised to continue using bottled water and filtration as a precaution to protect children.

In addition, free testing is still available for any other Flint school, including daycares and Head Starts. Free testing is also available for any Flint resident.



Additional information, including more detailed lead screening results, is available at www.michigan.gov/flintwater.

Exhibitor and poster spots available for 2015 Michigan Green Chemistry and Engineering Conference

10/08/2015

Advancing toward a Safer and Sustainable Future

University of Michigan, North Campus Research Complex
Ann Arbor

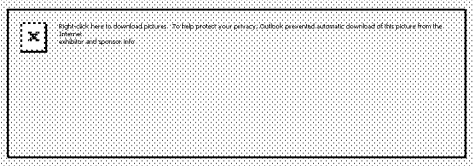
Exhibitor opportunities now available!

$500 prize for student poster contest!

REGISTER NOW

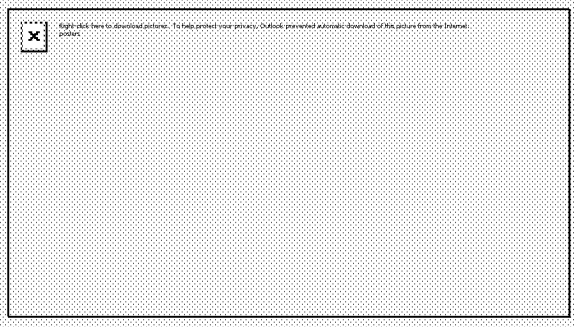
Don't miss the biggest gathering of green chemistry practitioners and innovators in Michigan!

HEAR keynote addresses from leading Green Chemistry and Engineering (GC&E) experts.



ENHANCE your understanding of the latest developments of GC&E in the breakout sessions.

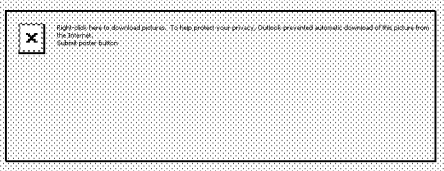
Attend the preconference workshop to **REINFORCE** your foundational understanding of the field.



NETWORK with other practitioners at the preconference reception and tour the student poster competition to meet the best of the next generation of Green Chemists and Engineers.

Exhibitor opportunities now available!

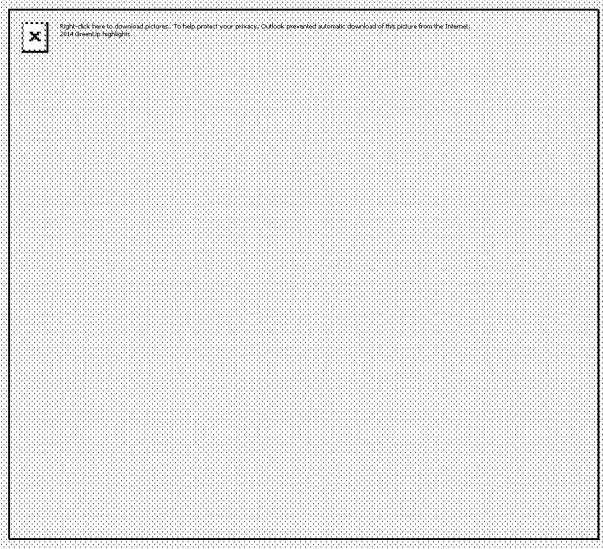
Due to popular demand, this year's conference has expanded to include an exhibitor area, giving you a fantastic opportunity to interface with organizations developing products, services, and ideas for a more sustainable Michigan. Exhibitor opportunities exist for any company or organization interested in demonstrating their use of green chemistry and engineering at a fabulous price of only $150, which includes a full conference registration! Sponsorships are also still available at different levels and include exhibition booth space.



Submission deadline for poster presentations has been extended to October 23!

- Publicize your projects and ideas to Michigan's leaders
- Compete against other universities and departments
- Network with future employers
- Take home $500 in cash (sponsored by the Michigan Chemistry Council)!*

**The winning poster will be selected by a team of judges and recognized at the conference.*



Conference Highlights

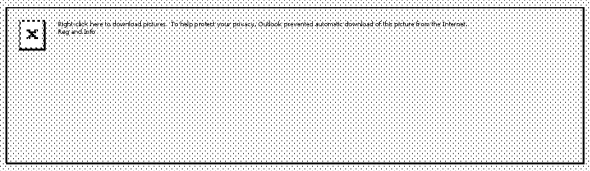
For chemists, engineers, industry executives, educators, students, entrepreneurs, decision makers, policymakers, and anyone interested in innovation and sustainability in Michigan, this conference is your opportunity to hear from leading experts and share your solutions to "GreenUp" Michigan through green chemistry and engineering. Attendees will receive information and examples of real strategies to employ less toxic materials and processes in the manufacture and design of the products we use every day while protecting human health and the environment.

Pre-conference events - November 3:

- Green Chemistry & Engineering 101 Workshop
- Networking Reception

Conference highlights - November 4:

- 7th Annual Michigan Green Chemistry Governor's Award Ceremony
- Keynote Speakers: **Andy Hoffman**, Ph.D., Professor and Director of the Erb Institute, University of Michigan and **Dr. Deborah Mielewski**, Senior Technical Leader of Sustainable Materials and Plastics Research, Ford Motor Company
- Breakout sessions and panels
- Student Poster Contest with a $500 prize



Check out the detailed agenda here.

The pre-conference 101 workshop (11/3) qualifies for 3 Continuing Education Hours (CEHs) and 3 Professional Development Hours (PDHs) and the GreenUp conference (11/4) qualifies for 5 CEHs and PDHs.

Registration

GreenUp Conference Cost:
$75 professional / $25 students (includes continental breakfast and lunch)

Pre-conference Green Chemistry and Engineering 101 Workshop:
$25 / $15 students

www.michigan.gov/deqworkshops

Check out what past attendees had to say about this event!

"Extremely interesting perspectives."

"I was pleasantly surprised at the depth of the presentations!!! Not "topical" at all and some cutting edge technology was discussed!!!"

"Well organized and well executed meeting."

"It is important to build a "bridge" between industry and education (academia, high school) system."

"GreenUp is a vital event for us. I am convinced – more than ever – of the fundamental importance of Green Chemistry, and the role it can play in Michigan, both economically, and more importantly, for the common good of all."

Thanks Rebecca! I've reached out to the director of MSP's Emergency Management Division and let him know that we are here to assist. The DHHS and MSP have been participating in conference calls with the city and providing updates to the emergency managers.

I've already shared with MSP what a great team we have in procurement! Hopefully, we'll hear more in the next week or so to better prepare us for response. Once I have additional information, I will share it with you.

Are you in the loop on this yet? Anything you need from us?

FYI, my team worked with DHHS to source all of the water filters and replacement cartridges the State distributed in Flint. We also obtained some donations of bottled water and could assess what contracts may be available for purchases of bottled water. Please let us know if you would like us to have that prepped for you, or what else you might need. The buyer is copied in case you need something asap and I'm in a meeting.

Snyder Gathering Info On Declaring Emergency In Flint

Gov. Rick SNYDER's administration is gathering the "information about the resources needed" to declare a state of emergency in Flint from the lead-in-the-water crisis.

The Governor's office confirmed this after the Genesee County Board of Commissioners voted to declare a state of emergency in Flint today.

Snyder spokesperson Dave **MURRAY** said after the vote today, the Michigan State Police's Emergency Management and Homeland Security Division is working with Genesee County on the next steps.

"But prior to a formal declaration, we are recognizing this as an emergency and are working with city and county leaders to coordinate efforts, streamline communication and tap all available resources at the state's control," Murray said.

Senate Minority Leader Jim ANANICH (D-Flint) issued a statement today, saying, "This is an important step in the process and the Governor should make a swift decision. I'll continue pushing hard to make sure we receive

additional resources that address immediate and long-term needs, and that they are used efficiently and effectively."

A Governor's declaration of emergency would trigger more state resources and assistance with the crisis, and locals can request this if the recovery efforts are beyond the ability of the local government.

Good Morning Rebecca –

I am headed over to the SEOC at 8 am this morning and will get back with you on your questions below and will be meeting with the EMHSD director on DTMB's role and contribution in addressing the problem after the 9 am briefing. We should have a good sense of direction after both meetings.

Thank you for you/your teams support!

Sorry for the delayed reply! I'm in meetings a lot of the day, so you are always welcome to use my cell 517-930-4015, or directly contact the buyer.

For your 9 am call, please share that Procurement is actively compiling information, *and has a few questions in italics.*

Will the State be seeking FEMA reimbursement for any of these purchases? If so, is there one person that can work with Steve to ensure that our sourcing process complies with FEMA Guidelines for reimbursement?

WATER FILTERS AND REPLACEMENT CARTRIDGES

- Wednesday morning Steve will contact Home Depot to get price/availability/lead time for current inventory
- *Who will develop usage estimates and share them with us? Last time Home Depot's executive leadership contacted the manufacturer on our behalf to route limited stock to Michigan to fill our purchase order. Stocks were limited due to flood conditions in other states – and currently there may be similar or worse national flood conditions.*

WATER PITCHER FILTRATION AND REPLACEMENT CARTRIDGES

- In the previous distribution, Home Depot sourced water pitcher filters and replacement cartridges in limited applications where the faucet filter was not feasible. Steve will pull price/availability/lead time for current inventory
- *Who will develop usage estimates and share them with us?*

BOTTLED WATER

- There may be more contracts to pull from than we first thought. Wednesday morning Steve and I will make a list of contracts that may be able to source bottled water, including sizes – and then Steve will work with the vendors to assess price/availability/lead time.
- *Are they looking for cases of individual servings of bottled water, or larger commercial size bottles?*

- *Any feedback on the applications, number of ship to's, and usage estimates?*

Steve will expedite updates to you as information becomes available.

Comments / concerns on the above?
Please let us know how else we may be of help.

Hi Rebecca –

I left a voicemail message for you earlier in regards to contracts (thought we would have a couple days), but I just received notification tonight that the SEOC will be activated tomorrow morning at 8 AM with a briefing to be conducted at 9 AM. I will put together a list of water contracts currently in place and may need to contact you for potential items we may need to procure. Not sure at this time what may be requested.

You mentioned that your group was involved in obtaining water filters. We may be needed to acquire replacement filters and I was wondering how soon / where we could get these delivered? Would the vendor ship them to wherever we requested i.e. multiple addresses or would one site be best?

Thanks for your help!

Subject: FW: EcoSmarte Scalable water filtration supply via Home Depot vendor contract

Jeanette,

Just an FYI. Dan Montag from EcoSmart reached out to me yesterday about how they could help the city of Flint with their water filtration systems. Below is his message to me.

After reading the quote from Chris Kelenske in Gongwer about one of the goals is to ensure that every source of drinking water in Flint has a filter, I thought that this might be a good company to think about because of what they can provide as far as filtration systems for homes, schools, hospitals, etc.

Let me know if you need me to follow up with this company for you.

Subject: EcoSmarte Scalable water filtration supply via Home Depot vendor contract

Good afternoon Steve,

Per our conversation, I have reached out to Kelly Mayhall the Midwest Regional Vice President of Home Depot (734-855-1300 X429) re: the supply of a scalable filtration system: she was out of the office this afternoon and is going to get back me via phone later today or tomorrow morning.

EcoSmarte has the necessary infrastructure Michigan to support the supply chain per the following:
-Ecosmarte Michigan, West Olive, MI (www.ecosmartemichigan.com) - local distributor
-Meg Service, West Bloomfield, MI (www.megservice.com) - installation subcontractor
-National Testing Laboratories, Ypsilanti, MI (www.ntllabs.com) - EPA rated water testing laboratory

EcoSmarte's filtration systems are scalable from single family homes to apartment buildings to schools to restaurants to hospitals, etc. We're in the process of putting some materials which will provide an overview of the filtration method and scalability, which we are overnighting to you.

FYI - EcoSmarte will also provide an EcoSmarte filtration system and complete water analysis (before/after) at no charge via the National Testing Laboratory in Ypsilanti, MI; the testing turn-around is ~24 hrs. post filter installation.

I'll get back to you as soon as I speak to Ms. Mayhall.

Best Rgds.

Thanks Steve. I shared the information and should know if additional filters/cartridges are needed as the day progresses. I've requested they notify me ASAP. With the door-to-door visits we may see the current quantities dwindle quickly. DEQ is currently conducting the water testing at their laboratory (just over 600 of 45,000 facilities in the area), so we have a lot more to go!

Genesee County and the SEOC are working on plans now. Sorry for the late response – I kept getting interrupted and just realized the message hadn't been sent!

Jeanette,

Just a few things:

1. Talked to David Khanuja at Home Depot and he tells me that Sheryl Thompson from DHHS and she approved a PO for the purchase of 5,000 2-pack replacement filters.
2. Before we receive donated filters and replacement cartridges we should make sure that they are certified to remove lead.
3. If you have a question over the weekend that you think I might be able to answer regarding filters, you can give me a call on my cell phone at 517-281-2467. I also have David Khanuja's number from Home Depot and he has been a great resource.
4. If someone makes a decision to make large purchases through Home Depot I'll need to know dollar amount to make sure enough money is on the contract to cut purchase orders.
5. I'll wait to hear from you if you need DTMB Procurement to do anything.
6. David Khanuja has the ability to bring in vendors that specialize in large filtration systems, so let me know if you need something to be coordinated.
7. Have a good weekend.

Subject: Home Depot contract updated

Hello,

This morning we are adding $30,000,000 to the Home Depot contract under an Emergency change notice so there won't be any delays in the cutting of PO's in the future.

I had Home Depot increase our credit limit to $10,000,000. However, I'm suggesting that we process payments on receipts as soon as they come in so that we can keep this credit line open. By the end of today we will have approximately $6,000,000 worth of receipts unless some have been paid off already. I just don't want anything to hold up purchases.

As you get receipts for anything purchased under the Home Depot contract related to City of Flint, please send me a copy so I can keep track of actual purchases. I'm going to need this later. Thank you.

Denise,

Attached is the plumbing materials quote for the items the LARA needs. Apparently they are going to need more than what was originally ordered, but I don't have that yet. Below is the filters that will be ordered to also fall under the same PO. I also attached the request for PO. Thank you.

The estimate cost of these items below is $4,215,339 and the attached quoted total is $1,875.45 for a total of $4,217,214.45.

Faucet Mounts – Delivering direct to GCCARD on 1/14/16 (Ordered against new DTMB PO)
11,000 – PUR vertical faucet mount - $29.97
1,500 – PUR Horizontal faucet mount - $29.97

Denise,

Attached is the plumbing materials quote for the items the LARA needs. Apparently they are going to need more than what was originally ordered, but I don't have that yet. Below is the filters that will be ordered to also fall under the same PO. I also attached the request for PO. Thank you.

The estimate cost of these items below is $4,215,339 and the attached quoted total is $1,875.45 for a total of $4,217,214.45.

Faucet Mounts – Delivering direct to GCCARD on 1/14/16 (Ordered against new DTMB PO)
11,000 – PUR vertical faucet mount - $29.97
1,500 – PUR Horizontal faucet mount - $29.97
5,000 – Brita faucet mount - $17.47
10,000 – Brita adv faucet mount white - $25.97
12,000 – Brita adv faucet mount chrome - $25.97

Replacement Filters – Delivering direct to GCCARD on 1/14/16 (Ordered against new DTMB PO)
15,000 – PUR replacement filter - $14.37
45,000 – PUR replacement filter - $35.97
40,000 – PUR replacement filter - $25.98
16,000 – PUR replacement filter - $16.47
1,600 – Brita replacement filter - $28.19

Ok, here's the plan we must follow. Every purchase we make on behalf of DTMB or any other agency must be approved by Chris Christensen (our SEOC rep.) in advance. Chris will ensure that we don't create a situation where multiple departments pull the trigger on the same expenditure. I have communicated this plan to Shawn Sible (MSP) and Nancy Duncan (SBO).

Chris, if you have any concerns, please call me.

Brom, Phil, Natalie---My understanding is there is a PO for $4.3 million for water filters and cartridges pending funding approval. Nancy indicated DTMB has agreed to pay for this per David; however, she has a slight preference that DHHS pay for it to keep DTMB from being another line item on the supplemental. Phil, are you the right person to take the lead to identify the funding source so that the PO can be released?

Thanks, everyone!

Subject: Volunteer Opportunity in Flint

The State Emergency Operations Center (SEOC) is coordinating a response to the ongoing health and safety issues in the city of Flint's drinking water. Teams from the Michigan State Police, Genesee County Sheriff's Department, Michigan Department of Health and Human Services, and volunteer organizations have been delivering bottled water, water filters, replacement cartridges and water testing kits at homes in the city of Flint since Tuesday.

To help with this critical work, the SEOC is looking for volunteers to expand this effort and continue this distribution during the upcoming holiday weekend. Teams are being assembled for shifts on Saturday, January 16; Sunday, January 17; and Monday, January 18, 2016. If you are interested in volunteering your time for this critical work, please complete the information in one of the attached surveys (depending on which day you are volunteering).

To volunteer on Saturday, January 16, https://www.surveymonkey.com/r/28NVJBL

To volunteer on Sunday, January 17, https://www.surveymonkey.com/r/26NMJKK

To volunteer on Monday, January 18, https://www.surveymonkey.com/r/26P7P5G

Volunteers will begin their assignment at the Local Emergency Operations Center located in the Genesee County Administration Building located at 1101 Beach St, Flint at 9 a.m. and end by 4 p.m. Parking is available at the corner of Beach Street and 8th Street. Lunch will be provided. This is strictly a volunteer effort, as all three days will be unpaid. Volunteers are responsible for their own transportation; mileage reimbursement for personal vehicles is not authorized. Volunteers should dress for working outdoors and wear foot attire appropriate for walking.

This opportunity is for state employees and their immediate family members 16 years of age or older only, others looking to assist should volunteer through the American Red Cross in Flint. The volunteer coordination center for the Red Cross is located at 1401 S. Grand Traverse, Flint, MI. They are open from 9 a.m. to 7 p.m.

For more information on the state's response efforts, visit www.michigan.gov/flintwater.

Subject: Re: Flint Issue Questions from DTMB Procurement

Hi Steve, in the very beginning October I would send 319 to budget to process and order products from Home Depot.

As product begin getting scarce I began working directly with David as to what we needed vs what was available etc. then I would complete the PO but budget always knew what was coming.

When SEOC and got involved Richard or Brian would ask me to order products to maintain consistency and to continue working with David.

I also have a financial specialist Jeff Sanford who works with me and prepares the 319 for processing for all the filter orders.

He received all of the invoices from Home Depot for the product that we received under our existing POs. He will go through and consolidate the product received with our tracking spreadsheet and signed 319s. Once That is completed he can create a payment voucher for Home Depot to get paid.

I also just got a message from David that he has 12,000 Brita filters available. He needs direction as to what we want.

I am not approving any orders at this time per directions that FEMA is now ordering.

I'm am available to do whatever is needed.

Sheryl Thompson

On Jan 21, 2016, at 11:36 AM, Rigg, Steve (DTMB) <RiggS@michigan.gov> wrote:

Chris/Jeanette,

My questions only pertain to Home Depot and the procurement of water filters, bottled water, and supplies needed for repairs. I'm trying to sort out the confusion that David from Home Depot and I have regarding the procurement of these items and the processing of payments. We need to finalize a fluid process for this so that we can avoid further confusion. I want to do everything I can to help, but I first need to understand the current process so I can direct what I have control over to the right people. I don't want there to be a disruption in the incoming flow of these items.

1. What is the current process for ordering these items? David from Home Depot is currently getting calls from a minimum of 4 different people.

2. Response: Sheryl had been the lead until EOC came on board.

3. What is FEMA's role in procuring these items? Apparently a FEMA rep called Brita directly to order filters. Home Depot has cornered the market on all filters from Brita and PUR, so it is suggested that we continue to work directly with David from Home Depot.

4. Response: I agree

5. If FEMA does take over the ordering of filters, water, and supplies, will they agree to work with Home Depot and who is the contact person that could work directly with David from Home Depot?

6. Will FEMA be creating contracts directly with manufacturers or will they utilize current contracted vendors?
7. If FEMA takes over, will they be paying invoices directly or will that continue to be done by the State?
8. What happens when FEMA leaves in 3 months? Good question

9. Who is responsible for entering Home Depot receipts into the MySimms tracking system so that David from Home Depot can send these receipts to that person directly? I have attached the receipts that I have received from Home Depot.
10. Right now Home Depot invoices are sent out monthly because of the 60 day terms in the contract. However, we currently have over $10,000,000 in outstanding invoices. We had gotten CitiBank to increase our credit limit to $10,000,000 last week. We requested CitiBank to increase the credit line to $20,000,000, but that has not yet been approved by CitiBank. To keep the credit line open we need to turn around these invoices much quicker. Citi has an EFT program that a State designee could log into and pull invoices from immediately to get them paid. Who would be the person that Citi could set up an account with so that they could log in and download invoices for quicker processing?
11. LARA recently purchased items from Home Depot for plumbing supplies. Moving forward, if LARA is to procure any more items through Home Depot can they work directly with David from Home Depot so as to not cause any more delays?

That is all I have at this point. Thanks for any feedback.

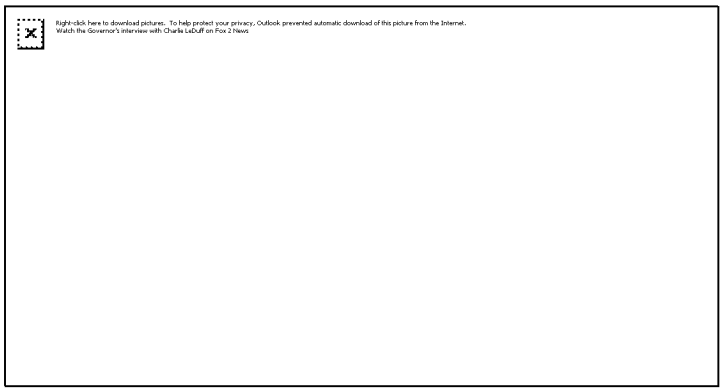
How we are fixing the Flint water crsis

Governor Rick Snyder has committed to spending the rest of his time as Governor to fixing the Flint water crisis. Over the last few days, he has sat down to explain what happened and how we're fixing the Flint water crisis. Watch the interviews below and be sure to read the Governor's Op-Ed in the USA Today.

Governor Snyder on Morning Joe

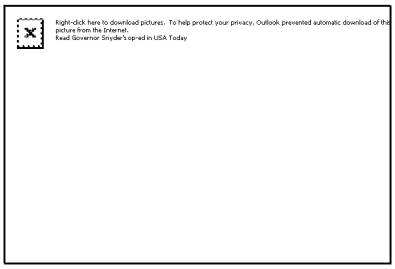


"What is so frustrating and what makes you so angry is you have a handful of experts who were career civil servants that made terrible decisions, in my view. We have to live with the consequences, and they worked for me, so I accept that responsibility. We are going to fix this problem." Watch Governor Snyder address how we are fixing the Flint water crisis on Morning Joe.

Governor Snyder with Charlie LeDuff on Fox 2 Detroit

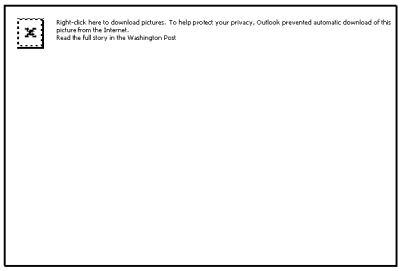
"I feel awful about this. These are people. They've been harmed. You can't feel good about that. The people of Flint have been harmed and a major influence of that harm

came from people who worked for me, and I feel responsible for that. But I am committed to solving the problem and addressing the damage as much as possible for the rest of the time I'm Governor." Watch Governor Snyder address the Flint water crisis with Charlie LeDuff on Fox 2 News.



Governor Snyder's 2016 State of the State

"Michiganders don't quit, we don't give up, instead we will work with even more passion and commitment to truly improve our state. For everyone who's chosen to make Michigan their home, this is more than a promise, this is my commitment." Watch Governor Snyder's full closing statement from his 2016 State of the State address.



Governor in USA Today: "I will fix this, and I mean it."

"Residents in one of Michigan's proud cities cannot drink their water. That's unacceptable. The crisis in Flint arose from missteps at all levels of government — local, state and federal. But as governor, I take responsibility for what these families are going through, and I'm holding people in my administration accountable for their failures." Click here to read the Governor's full op-ed.

Washington Post: "Michigan Gov. Rick Snyder is in a tough spot, but he's his own best spokesman"

Snyder has born the brunt of criticism in the local health crisis that has turned into a national scandal. But unlike many other politicians facing crises of leadership, Snyder may also be his own best counter-programming. Click here to read the full story in the Washington Post.

Subject: Flint Volunteer Efforts

Dear State Employees,

Gov. Rick Snyder and I want to thank everyone who donated their time during the holiday weekend to deliver bottled water, water filters, replacement cartridges and water testing kits to families in the city of Flint. We are working hard to ensure all residents are provided with the safe water resources they need, and each donation and hour of your time volunteered goes a long way.

For employees who would like to help the residents of Flint, there are several opportunities to do so. Please visit www.helpforflint.com to learn how you can help.

For additional information and updates, visit www.michigan.gov/flintwater.

Again, thank you for all your support.

Sincerely, Mike Zimmer
Office of Good Government Director
Dept. of Licensing and Regulatory Affairs Director

Hi Rebecca,

It was nice talking to you this morning, we will appreciate if you can read this email and forward to related team who in charge of procurement for Flint water crisis.

Bluewater is a Swedish company that has innovated a patented second-generation reverse osmosis technology which turns tap water into healthier drinking water by removing up to 99% of almost all known water-borne contaminants; plus, cuts the water wastage common to traditional reverse osmosis systems by up to 82%.

Bluewater has been selling in the USA for the past 18 months, based out of Overland Park, Kansas, where we also have our warehouse that serves customers across the United States. We are a sister company to Blueair, which is one of the major air purifier companies in the United States, based out of Chicago.

Last week saw us donate and install two of our high performance water purifiers in Flint, Michigan, in response to their crisis as our water purifiers excel at removing lead and other toxic metals from residential drinking water. While we applaud people donating water bottles, it is only a short term solution, whereas as water purifiers are both a short-term and a long term solution.

One Bluewater Pro machine was installed at the Community Center at Catholic Charities of Shiawassee and Genesee Counties, where they serve 1,000 meals every day to local residents. The other unit was installed at Shelter of Flint, the largest shelter at Flint.

Both units were installed by Bluewater's Product Manager who traveled to Flint personally. FYI, many bottled water brands in the USA use reverse osmosis to purify their water. Using a Bluewater unit is a cheaper long-term option that also contributes to a better environment because they negate the need for plastic bottles as they deliver purifier water 'on demand'. (a side note, as you may already know, "Pepsi Admits That Its Aquafina Bottled Water is Just Tap Water, Coca-Cola's Dasani Is Next" see news of today http://healthycures.org/pepsi-admits-that-its-aquafina-bottled-water-is-just-tap-water-coca-colas-dasani-is-next

The Bluewater Pro400 reverse osmosis water purifiers we donated to Flint can produce 52 gallons of purified water per hour, which means we can supply 2,700 people a total of two liters of clean water free of lead and other toxic metals every day. This translates into saving 4,800 one-liter bottles being put into the environment every day!

The compact Pro is designed for professional use, in restaurants, hotels, schools, hospitals and laboratories. Installing just 38 of our units in Flint would deliver the 100,000 residents two liters of totally clean water every day - meeting their basic daily human health need for drinking water.

Bluewater harnesses our own patented second-generation reverse osmosis technology, which removes practically all toxic contamination from tap drinking water including lead. The other contaminates we remove include other heavy metals, pesticides, medical residues, and dioxins and petro chemicals.

What also makes our water purifiers unique is that our unique technology ALSO radically increases the efficiency of water treatment, which translates into a Bluewater unit using 82% less water to generate clean water than a traditional reverse osmosis unit.

Reverse osmosis technology purifies water by forcing untreated water through a semi-permeable filter or 'membrane'. Bluewater membranes will block toxic metals and chemicals down to 0.0001 micron (that's 500,000 times smaller than a human hair). Our technology also delivers water 'on-demand', which means no need for a holding tank

As a business, we cannot afford to donate an endless number of units free to Flint, but due to the special nature of the situation (and the fact that most of us are parents of small children and have huge sympathy for those impacted by the crisis) we want to step up even more by offering Michigan State prices that are very substantially discounted. In fact, we want to offer you a one-off purchase opportunity that sees us offering you our products at the manufacturing price (i.e. we make no margin on the deal).

This would see the products we recommend you consider coming in at:

Pro 400C-HF(high flow) (this is the model we donated to Flint) $1920 + shipping
(suitable for professional use, hospitals, labs, restaurant, coffee shop, office building)
- Superior Osmosis Technology
- Direct flow, no need of tank
- Capacity up to 52 gallon per hour
- Clean water delivery rate of 52 gallon per hour
- Cleaning brackish water, up to 7500 ppm
- water quality monitor
- Calibration of cleanliness
- Advanced leak protection system
-Clean water per kWh: 433L/kWh (114.3gallon/kWh)
-Clean water rate: 222L/hour (58.6 gallons/hour)
-Dimensions: 225 x 466 x 460mm (8.9 x 18.3 x 18.10 inch)
-Weight: 29kgs (64lb)
-Water recovery rate: 60-70%

<u>The other two models we could consider as an alternative (the only difference is that the water flow is less powerful) are:</u>

Spirit 300-HF(high flow) $1350 + shipping
Compact design that fits into any contemporary kitchen
- Designed for Municipal water
- Superior Osmosis Technology
- Capacity up to 43.2 gallon per hour
- Director Flow, no need of tank
- Extra compact Design
- Advanced leak protection system
- Clean water per KWh: 377L/kWh (99.5 gallons/kWh)

- Clean water rate: of 99L/hour (26.2 gallons/hour)
- Dimensions: 150 x 462 x 365 mm(5.9 x 18.2 x 14.4 inches)
- Weight: 15 kgs (33lb)
- Water recovery rate: 40-60%

Spirit 300Cp-HR(high rejection) $1500 + shipping
Compact design that fits into any contemporary kitchen, can connect to dish washer, coffee maker, ice machine/refrigerator
- Designed for Municipal water
- Superior Osmosis Technology
- Capacity up to 43.2 gallon per hour
- Director Flow, no need of tank
- Extra compact Design
- Advanced leak protection system
- Clean water per KWh: 377L/kWh (99.5 gallons/kWh)
- Clean water rate: of 99L/hour (26.2 gallons/hour)
- Dimensions: 150 x 462 x 365 mm(5.9 x 18.2 x 14.4 inches)
- Weight: 15 kgs (33lb)
- Water recovery rate: 40-60%

Please do not hesitate to get back if there is anything additional information you need from us. Attached is our catalog and photo how it looks in the kitchen.

Here are two reference you can contact at Flint, they are using our donated water purifiers now for producing pure water

Jeanette

As we previously discussed, you are my contact to triage and route external inquiries. Bluewater called me this morning, and I requested an email with more information.

It is unclear to me whether this unit meets the standards used for the faucet water filter sourcing. Can a resource be identified to check? If not, someone may want to consider reaching out to the two locations that received donated units.

Thanks for routing this into the correct hands.

Rebecca

Could we have someone look into the water purifier (attached) to see if it meets NSF standards? The unit was already installed in a couple locations within Flint (below) and would like to make sure the units will not need to be replaced.

Thank you –

Jeanette

To: Rigg, Steve (DTMB) <RiggS@michigan.gov>
Subject: FW: Nephros Cartridge Filter

Mr. Rigg,
I'm glad Ms. Premoe connected us! We sell Nephros filters, which are FDA approved to retain bacteria, viruses and biological toxins. Attached is more information. These filters have been installed on faucets, showerheads and ice machines in hospitals where Legionella outbreaks have occurred, and we'd like to talk with someone to see if these might be a good option for the Flint area.

Are you the right person? If so, can we take 5 minutes of your time to discuss? Also, since you're in purchasing, my company can you help attain the 5% disabled veteran business goal since I qualify.

Look forward to hearing from you!

PRODUCT RELEASE
NEPHROS FILTERS

About Nephros

Nephros is a commercial stage medical device company that develops and sells high performance liquid purification filters. Nephros filters capture contaminants as small as 5 nanometers (.005 microns) in size; they minimize exposure to a wide variety of bacteria, viruses, fungi, parasites, and endotoxins.

Nephros filters use a proprietary hollow fiber technology; the hollow fiber design enables the filters to optimize the three elements critical to filter performance:

- Filtration – as low as 5 nanometers
- Flow rate – minimal disruption
- Filter life – up to 12 months

Hospital Water Treatment

According to the American Hospital Association there are approximately 5,700 hospitals and 920,000 beds in the U.S. and the United States Centers for Disease Control and Prevention estimates that healthcare associated infections (HAI) annually account for 1.7 million infections and 99,000 deaths. HAIs affect patients in a hospital or other healthcare facilities, and are not present or incubating at the time of admission. They also include infections acquired by patients in the hospital or facility, but appearing after discharge, and occupational infections among staff. Many HAIs are waterborne bacteria and viruses that can thrive in aging or complex plumbing systems often found in healthcare facilities. The Affordable Care Act ("ACA"), which was passed in March 2010, puts in place comprehensive health insurance reforms that aim to lower costs and enhance quality of care. With its implementation, healthcare providers have substantial incentives to deliver better care or be forced to absorb the expenses associated with repeat medical procedures or complications like HAIs. As a consequence, hospitals and other healthcare facilities are proactively implementing strategies to reduce the potential for HAIs. Nephros ultrafilters are designed to aid in infection control in the hospital and healthcare setting by treating facility water just prior to it being used.

Nephros DSU-H and SSU-H Ultrafilters are FDA 510(k) cleared and are intended to be used to filter EPA quality drinking water. The filters retain bacteria, viruses and endotoxins. By providing ultrapure water for patient washing and drinking, the filters aid in infection control. The filters also produce water that is suitable for wound cleansing, cleaning of equipment used in medical procedures and washing of a surgeon's hands. The filters are not intended to provide water that can be used as a substitute for USP sterile water.

Feature and Benefit Comparison

	Pall	Nephros
ADA Clearance	Not Always	Always
Removed too soon	Can be	No
Flow prevented when filter needs to be changed	No	Yes
FDA Cleared	No	Yes
Lasts up to 6 months	No	Yes
Removes Viruses	No	Yes
Removes to .005 microns	No	Yes
Cost per day	1 month filter - $2.50/day 2 month filter - $2.00/day	DSU-H Filter - $1.66/day SSU-H Filter - $1.95/day
Annual replacement labor	1 month – 12 times per year 2 month – 6 times per year	DSU-H Filter – 2 times per year SSU-H Filter – 4 times per year

Nephros Filter FAQs

What does "Nephros" mean?
Nephros is "Greek" for Kidney.

Where are Nephros products used today?

- Dialysis – Water and Bicarbonate
- Hospitals & Long Term Care facilities – Water as an aid in infection control
- Commercial & Food Services – Water for drinking & washing
- Military/Emergency/Outdoor & Recreation-Water for drinking & washing-**partnered with Camelbak**.

What is the (filtration) membrane?
Nephros uses a medical grade, hollow polysulphone fiber membrane – 0.005 micron pore size.

How does the filter work?
There are two primary filters, a single stage or "SSU-H" and a dual stage "DSU-H." The single stage flows from inside the hollow fiber out, while the dual stage has a secondary barrier the flows outside the hollow fiber in.

How is it made?
The fiber is extruded, then run through a proprietary process to open the pores. Then the fibers are sliced, bundled and packed into the filter casing. A polyurethane-based polymer provides the seal.

What can the filter retain?
Nephros filters retains bacteria (11-log reduction), viruses (8-log reduction), and biological toxins (5-log reduction).

Is it validated?
Yes, in order for Nephros to receive their FDA 510(k) clearance in both Dialysis and Hospital Water Filtration, they needed to provide 3rd party validation, which was thoroughly reviewed by the FDA.

Is that documentation available?
Yes, they can provide the two primary studies along with the letter from the FDA.

Can it be cleaned or disinfected?
Nephros membranes are routinely disinfected (in dialysis) by means of Chlorination, Peracetic Acid and Heat with no detriment to the membrane.

Is there anything that would affect this membrane?
Ozone (sometimes used in dialysis bicarbonate delivery) is the only disinfection process that is not compatible.

Would Chlorine Dioxide or Copper Silver cause any issues or pass through your membrane?
Neither would have any detrimental impact and will pass through Nephros membrane.

Do Nephros filters remove Salt or Scale?
No, Nephros filter is a barrier for particulate (bacteria, etc.) not dissolved solids.

What size particulate does your filter remove?
Nephros 5 nanometer membrane is hydrophobic so it removes by size exclusion (to 5nm) and by adsorption down to 15 kilodaltons.

How much surface area does each Nephros filter have?
The hollow fiber offers unparalleled surface area. The SSU-H has approximately 0.9 square meters of flow area, while the DSU-H has approximately 2.9 square meters of flow area. Nephros has between 16-58 x more surface area compared to conventional micro-filters in the same space.

What are the flow rates of the filters?
Although it depends on the inlet pressure, the SSU-H is generally up to 1.5 gpm while the DSU-H is closer to 3gpm.

What is the maximum operating pressure that Nephros filters will withstand?
The maximum operating pressure for the DSU-H is 100psi, and for the SSU-H is 75psi.

What if a building has higher pressure spikes?
Nephros generally recommends some type of "PRV" or pressure reduction valve if the building has the potential for water pressure spikes, typically over 75psi.

What is the longest Nephros filters will last?
The FDA has established a maximum life of up to 90 days for our SSU-H and 180 days for our DSU-H.

How will the customer know if they need to be changed?
Nephros recommends changing the filter prior to their "end of life" if the flow rate does not satisfy the flow requirement.

Has Nephros had filters that have not lasted the period?
Yes. Turbidity of the water will have an end of life impact on any filters. If the filters do not last the full expected life, then Nephros can help diagnose the source of the particulates and recommend modifications to the building water system.

Can we use a pre-filter to extend the life?
Yes, that may be an option, but remember the FDA has established a maximum life (90 days for SSU-H & 180 days for DSU-H).

Can our customer use a carbon filter with a Nephros filter for our ice machines?
Yes, however it's important the carbon is properly flushed when it's first installed to avoid its particulate to add unnecessary particle accumulation in our filter. The carbon filter must also be installed upstream of the Nephros as it's designed to remove chemistry has the propensity to grow bacteria.

Can Nephros filters be recycled or would it be considered medical waste?
The capsule is made of ABS and the membrane is a thermo-plastic material, both of which are recyclable.

Does Nephros manufacture "POU" or Point of Use filters?
Yes, the filters are technically considered a point of use or point of delivery filter due to the proximity of their discharge to the patient or equipment.

Is the Nephros product FDA cleared or considered a Medical Device?
Yes, the Nephros FDA 510(k) reads as follows:

The DSU-H and SSU-H Ultrafilers are intended to be used to filter EPA quality drinking water. The filters retain bacteria, viruses and endotoxins. By providing ultrapure water for patient washing and drinking, the filters aid in infection control. The filters also produce water that is suitable for wound cleansing, cleaning of equipment used in medical procedures and washing of surgeon's hands. The filters are not intended to provide water that can be used as a substitute for USP sterile water.

Are any other manufacturers FDA Cleared?
Nephros is not aware of any other medical filter with such clearance.

Why is the FDA Clearance so important?
Risk mitigation

A. The FDA oversight ensures the products meet the highest standards of performance, and that the performance has been validated by 3rd parties, and reviewed by the FDA. What reporting responsibilities do non-FDA regulated products have?
B. Legally, if a hospital did not use an FDA cleared medical device for infection control when one was available, and there was an event – then the prosecution could use the decision to increase judgment.
C. Also legally, given the VA Directive 1061, the pending adoption of the ASHRAE 188 Standard and current "ACA" Affordable Care Act and CMS penalties imposed upon healthcare providers for hospital acquired infections; hospitals must take all reasonable protective measures possible.

Is Nephros suggesting we place these filters at every sink, shower and ice machine?
No, we advocate installing them a) at every ice machine, and b) in sinks and showers in your high risk environments, such as the NICU, and in rooms with burn patients, transplant patients, or any other patient in an immune-compromised setting.

How do these filters connect to our plumbing system?
Nephros offers the filters in both a quick connect and threaded version for your convenience.

Are these difficult to install?
Customers have found that because we use standard plumbing hardware, these are easy to install and adapt to almost any condition.

How long does it take to install these filters?
The shower takes about 5 minutes; an ice machine takes about 10 minutes (after the ice machine is disinfected), and a sink takes 15-20 minutes. Once the initial install is complete, replacing filters takes 5-7 minutes thereafter.

How do we address the disinfection of the faucet of downstream water line?
The sink disinfection kit plugs directly into the quick connection fitting to facilitate a very simple and clean way to introduce the chemistry into the faucet.

What type of chemistry does Nephros recommend for faucet or line disinfection?
Nephros typically uses bleach; however some clients have elected to use chlorine dioxide or sodium hypochlorite.

How long does it take for the chemical disinfectant to do the job?
Nephros found that it usually takes between 5-10 minutes – the time it takes to install the filter into the wall.

Given tight budgets, where should we start?
We'd recommend phasing the ice machine filters in with each cleaning and disinfection. In the meantime, you should install shower filters in every high risk room.

Why the ice machines? The customer already has filters on their ice machines…
If they are using carbon filters, then they have improved the taste, but decreased the residual chemicals that are in the water to kill bacteria. Ice machines are notorious for harboring bacteria and biofilm build-up, and the ice is generally used by patients, staff and visitors, which increases their risk.

Why would we want to install the shower filters?
Generally the shower represents the highest risk given the infrequency of use (stagnancy of the water) and exposure through the aerosolizing the bacteria in each water droplet.

Why does the customer need filters when we have Chlorine Dioxide?
It takes flow or movement of the chemistry to deliver exposure and kill. Water sitting in a pipe, days after the last chlorine dioxide treatment, can become a welcome place for bacterial growth. A multi-barrier approach will provide patients the best protection when occupancy or flow is uncertain.

They've never had a problem at their hospital.
Are they testing the water in patient rooms and ice machines? Of the 18,000 reported cases of Legionella alone coupled with a 5-30% mortality rate, the CDC believes this may be one of the most underreported HAI's in healthcare today.

Importance: High

Can you check with DTMB on this. Tori Sachs with the Gov's Office was considering adding a button on www.helpforflint.com to capture vendors who want to pitch their product/idea; however, last I talked with her, there were concerns about violating state procurement processes.

Maybe DTMB has an email account already established for people who want to do business with the state? This is what FEMA has on their website for disasters.

Seems to me this should be handed off to DTMB procurement for a solution.

Subject: RE: Bluewater water purifiers help Flint

Hi Jen,

Thank you for contacting WQA with your questions. I did confirm the models you list below, Pro 400C-HF, Spirit 300-HF, and Spirit 300Cp-HR, are currently not certified by WQA. If the manufacturer re-branded any of their models that are currently certified by us, they would have let us know so we could update their listings. I apologize for any inconvenience.

I'm not sure if I already showed you how our website can pull all the manufacturers with lead reduction/removal claims, but here is a link to a pre-filtered search that will pull up NSF/ANSI 53 (filtration) and NSF/ANSI 58 (reverse osmosis) certified for lead claims:
https://www.wqa.org/Find-Products#/keyword/?claim=46

Lastly, attached is an FAQ we developed for consumers and technical personnel alike. I hope it may be helpful to you!

Please let me know if you think of any other way WQA can help you.

Thank you!

Jeanette

As we previously discussed, you are my contact to triage and route external inquiries. Bluewater called me this morning, and I requested an email with more information.

It is unclear to me whether this unit meets the standards used for the faucet water filter sourcing. Can a resource be identified to check? If not, someone may want to consider reaching out to the two locations that received donated units.

Thanks for routing this into the correct hands.

Subject: Bluewater water purifiers help Flint

Hi Rebecca,

It was nice talking to you this morning, we will appreciate if you can read this email and forward to related team who in charge of procurement for Flint water crisis.

Bluewater is a Swedish company that has innovated a patented second-generation reverse osmosis technology which turns tap water into healthier drinking water by removing up to 99% of almost all known water-borne contaminants; plus, cuts the water wastage common to traditional reverse osmosis systems by up to 82%.

Bluewater has been selling in the USA for the past 18 months, based out of Overland Park, Kansas, where we also have our warehouse that serves customers across the United States. We are a sister company to Blueair, which is one of the major air purifier companies in the United States, based out of Chicago.

Last week saw us donate and install two of our high performance water purifiers in Flint, Michigan, in response to their crisis as our water purifiers excel at removing lead and other toxic metals from residential drinking water. While we applaud people donating water bottles, it is only a short term solution, whereas as water purifiers are both a short-term and a long term solution.

One Bluewater Pro machine was installed at the Community Center at Catholic Charities of Shiawassee and Genesee Counties, where they serve 1,000 meals every day to local residents. The other unit was installed at Shelter of Flint, the largest shelter at Flint.

Both units were installed by Bluewater's Product Manager who traveled to Flint personally. FYI, many bottled water brands in the USA use reverse osmosis to purify their water. Using a Bluewater unit is a cheaper long-term option that also contributes to a better environment because they negate the need for plastic bottles as they deliver purifier water 'on demand'. (a side note, as you may already know, "Pepsi Admits That Its Aquafina Bottled Water is Just Tap Water, Coca-Cola's Dasani Is Next" see news of today http://healthycures.org/pepsi-admits-that-its-aquafina-bottled-water-is-just-tap-water-coca-colas-dasani-is-next

The Bluewater Pro400 reverse osmosis water purifiers we donated to Flint can produce 52 gallons of purified water per hour, which means we can supply 2,700 people a total of two liters of clean water free of lead and other toxic metals every day. This translates into saving 4,800 one-liter bottles being put into the environment every day!

The compact Pro is designed for professional use, in restaurants, hotels, schools, hospitals and laboratories. Installing just 38 of our units in Flint would deliver the 100,000 residents two liters of totally clean water every day - meeting their basic daily human health need for drinking water.

Bluewater harnesses our own patented second-generation reverse osmosis technology, which removes practically all toxic contamination from tap drinking water including lead. The other contaminates we remove include other heavy metals, pesticides, medical residues, and dioxins and petro chemicals.

What also makes our water purifiers unique is that our unique technology ALSO radically increases the efficiency of water treatment, which translates into a Bluewater unit using 82% less water to generate clean water than a traditional reverse osmosis unit.

Reverse osmosis technology purifies water by forcing untreated water through a semi-permeable filter or 'membrane'. Bluewater membranes will block toxic metals and chemicals down to 0.0001 micron (that's 500,000 times smaller than a human hair). Our technology also delivers water 'on-demand', which means no need for a holding tank

As a business, we cannot afford to donate an endless number of units free to Flint, but due to the special nature of the situation (and the fact that most of us are parents of small children and have huge sympathy for those impacted by the crisis) we want to step up even more by offering Michigan State prices that are very substantially discounted. In fact, we want to offer you a one-off purchase opportunity that sees us offering you our products at the manufacturing price (i.e. we make no margin on the deal).

This would see the products we recommend you consider coming in at:

Pro 400C-HF(high flow) (this is the model we donated to Flint) $1920 + shipping
(suitable for professional use, hospitals, labs, restaurant, coffee shop, office building)
- Superior Osmosis Technology
- Direct flow, no need of tank
- Capacity up to 52 gallon per hour
- Clean water delivery rate of 52 gallon per hour
- Cleaning brackish water, up to 7500 ppm
- water quality monitor
- Calibration of cleanliness
- Advanced leak protection system
-Clean water per kWh: 433L/kWh (114.3gallon/kWh)
-Clean water rate: 222L/hour (58.6 gallons/hour)
-Dimensions: 225 x 466 x 460mm (8.9 x 18.3 x 18.10 inch)
-Weight: 29kgs (64lb)
-Water recovery rate: 60-70%

The other two models we could consider as an alternative (the only difference is that the water flow is less powerful) are:

Spirit 300-HF(high flow) $1350 + shipping
Compact design that fits into any contemporary kitchen
- Designed for Municipal water
- Superior Osmosis Technology
- Capacity up to 43.2 gallon per hour
- Director Flow, no need of tank
- Extra compact Design
- Advanced leak protection system
- Clean water per KWh: 377L/kWh (99.5 gallons/kWh)
- Clean water rate: of 99L/hour (26.2 gallons/hour)
- Dimensions: 150 x 462 x 365 mm(5.9 x 18.2 x 14.4 inches)
- Weight: 15 kgs (33lb)
- Water recovery rate: 40-60%

Spirit 300Cp-HR(high rejection) $1500 + shipping
Compact design that fits into any contemporary kitchen, can connect to dish washer, coffee maker, ice machine/refrigerator
- Designed for Municipal water
- Superior Osmosis Technology
- Capacity up to 43.2 gallon per hour
- Director Flow, no need of tank
- Extra compact Design
- Advanced leak protection system
- Clean water per KWh: 377L/kWh (99.5 gallons/kWh)
- Clean water rate: of 99L/hour (26.2 gallons/hour)
- Dimensions: 150 x 462 x 365 mm(5.9 x 18.2 x 14.4 inches)
- Weight: 15 kgs (33lb)
- Water recovery rate: 40-60%

Please do not hesitate to get back if there is anything additional information you need from us. Attached is our catalog and photo how it looks in the kitchen.

Here are two reference you can contact at Flint, they are using our donated water purifiers now for producing pure water

Lead in Drinking Water - Frequently Asked Questions

WQA proudly serves as an educator of water treatment professionals, certifier of water treatment product, public information resources and voice of the water quality improvement industry. This document addresses frequently asked questions about lead in drinking water, developed by staff at WQA.

1. **Where can I find the latest updates on the drinking water crisis in Flint, Michigan?**
   The EPA has established the Flint Safe Drinking Water Task Force to provide the latest news to Flint residents. Below is the link to the taskforce website and to the Flint, Michigan website:
   http://www.epa.gov/flint
   http://mi.gov/flintwater

2. **How can lead get into the water supply?**
   Studies indicate nearly all the lead in users' tap water does not come from the primary water source or from the municipal treatment plant, but is a result of corrosion resulting from materials containing lead coming into contact with water after it leaves the treatment plant.[1] Lead can enter a home's drinking water by leaching from lead service connections, from lead solder used in copper piping, and from brass fixtures.

3. **What are potential health effects from lead?**
   Lead poisoning often shows no symptoms; however, signs such as irritability, weight loss, vomiting, constipation, or stomach pain could occur.[2] Young children and pregnant women are at the greatest risk, even from short-term exposure. Reduced cognitive development and neurobehavioral deficits are associated with blood levels less than 10 micrograms of lead per deciliter of blood (µg/dL) in children.[2] Thus, it is determined there is no safe blood lead level in children.[3] Individuals will adsorb more lead if they have poor nutrition than those with better diets. To learn more, read the information on the Centers for Disease Control's (CDC) website:
   http://www.cdc.gov/nceh/lead/acclpp/blood_lead_levels.htm

4. **Where can I go to get my water tested?**
   WQA strongly recommends water testing be conducted at each point of use following appropriate sampling procedures capturing lead levels after a period of disuse before a specific water treatment product is selected. Water conditions can change, test water before treatment has been installed and continue testing after installation.

   The EPA website is a resource to find EPA and state-accredited laboratories that can perform a water analysis:
   http://water.epa.gov/scitech/drinkingwater/labcert/statecertification.cfm

   All the certified laboratories in Michigan are listed on the web page below:
   http://michigan.gov/documents/deq/deq-rrd-Lab-ChemistryLabsListCertifications_429759_7.pdf

5. **How do I find a certified professional?**
   To find a water treatment professional (WQA member) in your area, please visit the link below and search by your location: http://www.wqa.org/Find-Providers

   To find certified water professionals who have completed WQA's professional certification program, please visit this link and search by your state: http://www.wqa.org/Programs-Services/Resources/Find-Providers/Find-Certified-Professionals

4151 Naperville Road
Lisle, Illinois 60532-3696 USA
Phone 630-505-0160
www.wqa.org

630-505-0610
David Loveday, Director Government Affairs
Kathleen Fultz, Regulatory and Government Affairs Coordinator

6. Where do I find a product certified for lead reduction?

American National Standards Institute (ANSI) accredited entities offering product certification include: Water Quality Association's Product Certification Program, NSF International, International Association of Plumbing and Mechanical Officials, and Underwriters Laboratory. All of these certifiers have product listings. To find WQA certified products for lead reduction and links to the manufacturer's website, consumers can visit wqa.org. Products certified through WQA's Product Certification Program have been tested and certified to the material safety requirement and contaminant reduction claim(s) as specified by the standard. Products displaying the WQA Gold Seal provide assurance that they have been rigorously tested and meet the requirements of the standard, ensuring they are actually effective for the contaminants which are covered by the marketing claims. Factory audits are performed by WQA on a regular basis to ensure there are no changes to the product which would negatively impact safety or performance. WQA is also audited yearly by ANSI to keep its accreditation. Confirmation of WQA's accreditation can be found on ANSI's website.

7. Does a "lead-free" claim mean the product can remove lead from the water?

No, a product is considered compliant with the "lead-free" standard, NSF/ANSI 372, if its weighted average lead content is no greater than 0.25%. This certification is to standard NSF/ANSI 372 and is not a claim that the product completely removes any trace of lead from the water.

8. How do I maintain a filter once it is installed?

Studies have shown the reported levels of lead found in some Flint, MI water results are higher than conditions under which the manufacturer set the replacement recommendations in published manuals.[4] Consumers should contact a water treatment professional as described above, or follow the equipment manufacturer's installation instructions and contact the manufacturer to confirm usage and capacity. To ensure the manufacturer can provide the most accurate recommendations, have test results for lead and iron on hand for review.

9. What treatment methods can be used at the tap or whole-house?

Lead can exist in water in a broad array of forms, therefore, more than one type of technology may be needed for adequate removal. **Soluble** (or dissolved) lead may be removed by ion exchange, reverse osmosis, adsorption, or distillation. Insoluble (or **particulate**) lead may be removed by fine filtration and adsorption as well as by reverse osmosis and distillation.

Solid block and precoat adsorption filters, using a mixture of activated carbon and a lead adsorbent, can remove particulate lead by filtration and adsorption, and soluble lead by adsorption. Contact time, type and size of activated carbon and the lead adsorbent material, flow rate per unit area, and the design of submicron filter void sizes to ensure effective filtration of the lead species are critical to the success of this treatment technology. Removal of lead by **reverse osmosis** is effective because the membrane removes the soluble lead and also acts as a barrier to particulate lead. **Strong-acid cation exchange softeners** only remove soluble lead, and will not remove particulate lead. Properly designed and operated **distillation** units are capable of reducing both forms of lead.

System performance characteristics should be verified by tests conducted under established test procedures and water analysis. Thereafter, the resulting water should be monitored periodically to verify continued performance. The application of the water treatment equipment must be controlled diligently to ensure acceptable feed water conditions and equipment capacity are not exceeded. Use certified products recommended by water treatment professionals. Visit WQA.org to locate water professionals in your area. Read more about water treatment in WQA's technical fact sheet on lead:
https://www.wqa.org/Portals/0/Technical/Technical%20Fact%20Sheets/2014_Lead.pdf

630-505-0610
David Loveday, Director Government Affairs
Kathleen Fultz, Regulatory and Government Affairs Coordinator

10. How do you determine if the lead in drinking water is particulate, dissolved, or a percentage of both?

It is important to establish the exact water quality parameters in each home when installing water treatment products in Flint. Some homes were found to contain high levels of lead, including particulate lead, far exceeding the conditions under which water treatment devices are tested and certified. For example, the water in LeeAnne Walter's home was found to contain up to 13,200 ppb of lead. [4] Due to the unusually high levels of lead found in Flint, including particulate lead, WQA recommends water treatment professionals in Flint test before and after installation of treatment even when installing a certified device. Field sampling kits for dissolved and total lead can be obtained through a local certified drinking water laboratory, or through the WQA laboratory.

11. What types of exposure to drinking water with lead should I be concerned about?

Lead in drinking water is mostly inorganic leached from lead contained in plumbing. Ingestion is the route of most concern for lead than dermal exposure, although organic lead is of concern for dermal exposure. Examples of organic lead would be tetraethyl lead and tetramethyl lead, not generally found in drinking water, however.

For more information please visit the links below:
http://www.atsdr.cdc.gov/csem/csem.asp?csem=7&po=6
https://www.osha.gov/pls/oshaweb/owadisp.show_document?p_table=STANDARDS&p_id=10031

12. What can cause water to have a brown color?

A brown color is not attributed to lead in the water. This can be from iron being oxidized when it is exposed to the chlorine added to the water at the treatment plant for disinfection. Taste and odor contaminants, including iron, are mostly considered to contribute undesirable aesthetic effects, such as bad taste, odor, color or cloudiness. These contaminants and those covered under the USEPA National Secondary Drinking Water Regulations (NSDWRs) at the Secondary Maximum Contaminant Level (SMCL) may alter the appearance of the water but do not impose a health risk. The SMCL for iron is 0.3 mg/L.

As a result of corrosive conditions, iron will mostly exist in as oxidized, or ferric, iron (Fe^{3+}), and to some extent can be dissolved iron (Fe^{2+}). The visibly red or brown water when first drawn from the tap is oxidized iron. Consult with a water treatment professional for appropriate filtration methods for oxidized iron.

If water is coming out brown, it should be tested for iron levels in addition to testing for any lead concerns. Test before and after treatment has been installed, especially if filtered water turns red after a while. To learn more read WQA's technical factsheet on taste & odor contaminants:
https://www.wqa.org/LinkClick.aspx?fileticket=UzyTWNS66UY%3d&portalid=0

Subject: RE: Bluewater water purifiers help Flint

Hi Jen,

Thank you for contacting WQA with your questions. I did confirm the models you list below, Pro 400C-HF, Spirit 300-HF, and Spirit 300Cp-HR, are currently not certified by WQA. If the manufacturer re-branded any of their models that are currently certified by us, they would have let us know so we could update their listings. I apologize for any inconvenience.

I'm not sure if I already showed you how our website can pull all the manufacturers with lead reduction/removal claims, but here is a link to a pre-filtered search that will pull up NSF/ANSI 53 (filtration) and NSF/ANSI 58 (reverse osmosis) certified for lead claims:
https://www.wqa.org/Find-Products#/keyword/?claim=46

Lastly, attached is an FAQ we developed for consumers and technical personnel alike. I hope it may be helpful to you!

Please let me know if you think of any other way WQA can help you.

Thank you!

Could we have someone look into the water purifier (attached) to see if it meets NSF standards? The unit was already installed in a couple locations within Flint (below) and would like to make sure the unit will not need to be replaced.

Thank you –

Jeanette

Jeanette

As we previously discussed, you are my contact to triage and route external inquiries. Bluewater called me this morning, and I requested an email with more information.

It is unclear to me whether this unit meets the standards used for the faucet water filter sourcing. Can a resource be identified to check? If not, someone may want to consider reaching out to the two locations that received donated units.

Thanks for routing this into the correct hands.

Rebecca

Subject: Bluewater water purifiers help Flint

Hi Rebecca,

It was nice talking to you this morning, we will appreciate if you can read this email and forward to related team who in charge of procurement for Flint water crisis.

Bluewater is a Swedish company that has innovated a patented second-generation reverse osmosis technology which turns tap water into healthier drinking water by removing up to 99% of almost all known water-borne contaminants; plus, cuts the water wastage common to traditional reverse osmosis systems by up to 82%.

Bluewater has been selling in the USA for the past 18 months, based out of Overland Park, Kansas, where we also have our warehouse that serves customers across the United States. We are a sister company to Blueair, which is one of the major air purifier companies in the United States, based out of Chicago.

Last week saw us donate and install two of our high performance water purifiers in Flint, Michigan, in response to their crisis as our water purifiers excel at removing lead and other toxic metals from residential drinking water. While we applaud people donating water bottles, it is only a short term solution, whereas as water purifiers are both a short-term and a long term solution.

One Bluewater Pro machine was installed at the Community Center at Catholic Charities of Shiawassee and Genesee Counties, where they serve 1,000 meals every day to local residents. The other unit was installed at Shelter of Flint, the largest shelter at Flint.

Both units were installed by Bluewater's Product Manager who traveled to Flint personally. FYI, many bottled water brands in the USA use reverse osmosis to purify their water. Using a Bluewater unit is a cheaper long-term option that also contributes to a better environment because they negate the need for plastic bottles as they deliver purifier water 'on demand'. (a side note, as you may already know, "Pepsi Admits That Its Aquafina Bottled Water is Just Tap Water, Coca-Cola's Dasani Is Next" see news of today http://healthycures.org/pepsi-admits-that-its-aquafina-bottled-water-is-just-tap-water-coca-colas-dasani-is-next

The Bluewater Pro400 reverse osmosis water purifiers we donated to Flint can produce 52 gallons of purified water per hour, which means we can supply 2,700 people a total of two liters of clean water free of lead and other toxic metals every day. This translates into saving 4,800 one-liter bottles being put into the environment every day!

The compact Pro is designed for professional use, in restaurants, hotels, schools, hospitals and laboratories. Installing just 38 of our units in Flint would deliver the 100,000 residents two liters of totally clean water every day - meeting their basic daily human health need for drinking water.

Bluewater harnesses our own patented second-generation reverse osmosis technology, which removes practically all toxic contamination from tap drinking water including lead. The other contaminates we remove include other heavy metals, pesticides, medical residues, and dioxins and petro chemicals.

What also makes our water purifiers unique is that our unique technology ALSO radically increases the efficiency of water treatment, which translates into a Bluewater unit using 82% less water to generate clean water than a traditional reverse osmosis unit.

Reverse osmosis technology purifies water by forcing untreated water through a semi-permeable filter or 'membrane'. Bluewater membranes will block toxic metals and chemicals down to 0.0001 micron (that's

500,000 times smaller than a human hair). Our technology also delivers water 'on-demand', which means no need for a holding tank

As a business, we cannot afford to donate an endless number of units free to Flint, but due to the special nature of the situation (and the fact that most of us are parents of small children and have huge sympathy for those impacted by the crisis) we want to step up even more by offering Michigan State prices that are very substantially discounted. In fact, we want to offer you a one-off purchase opportunity that sees us offering you our products at the manufacturing price (i.e. we make no margin on the deal).

This would see the products we recommend you consider coming in at:

Pro 400C-HF(high flow) (this is the model we donated to Flint) $1920 + shipping
(suitable for professional use, hospitals, labs, restaurant, coffee shop, office building)
- Superior Osmosis Technology
- Direct flow, no need of tank
- Capacity up to 52 gallon per hour
- Clean water delivery rate of 52 gallon per hour
- Cleaning brackish water, up to 7500 ppm
- water quality monitor
- Calibration of cleanliness
- Advanced leak protection system
-Clean water per kWh: 433L/kWh (114.3gallon/kWh)
-Clean water rate: 222L/hour (58.6 gallons/hour)
-Dimensions: 225 x 466 x 460mm (8.9 x 18.3 x 18.10 inch)
-Weight: 29kgs (64lb)
-Water recovery rate: 60-70%

<u>The other two models we could consider as an alternative (the only difference is that the water flow is less powerful) are:</u>

Spirit 300-HF(high flow) $1350 + shipping
Compact design that fits into any contemporary kitchen
- Designed for Municipal water
- Superior Osmosis Technology
- Capacity up to 43.2 gallon per hour
- Director Flow, no need of tank
- Extra compact Design
- Advanced leak protection system
- Clean water per KWh: 377L/kWh (99.5 gallons/kWh)
- Clean water rate: of 99L/hour (26.2 gallons/hour)
- Dimensions: 150 x 462 x 365 mm(5.9 x 18.2 x 14.4 inches)
- Weight: 15 kgs (33lb)
- Water recovery rate: 40-60%

Spirit 300Cp-HR(high rejection) $1500 + shipping
Compact design that fits into any contemporary kitchen, can connect to dish washer, coffee maker, ice machine/refrigerator
- Designed for Municipal water
- Superior Osmosis Technology

- Capacity up to 43.2 gallon per hour
- Director Flow, no need of tank
- Extra compact Design
- Advanced leak protection system
- Clean water per KWh: 377L/kWh (99.5 gallons/kWh)
- Clean water rate: of 99L/hour (26.2 gallons/hour)
- Dimensions: 150 x 462 x 365 mm(5.9 x 18.2 x 14.4 inches)
- Weight: 15 kgs (33lb)
- Water recovery rate: 40-60%

Please do not hesitate to get back if there is anything additional information you need from us. Attached is our catalog and photo how it looks in the kitchen.

Here are two reference you can contact at Flint, they are using our donated water purifiers now for producing pure water

10. How do you determine if the lead in drinking water is particulate, dissolved, or a percentage of both?

It is important to establish the exact water quality parameters in each home when installing water treatment products in Flint. Some homes were found to contain high levels of lead, including particulate lead, far exceeding the conditions under which water treatment devices are tested and certified. For example, the water in LeeAnne Walter's home was found to contain up to 13,200 ppb of lead. [4] Due to the unusually high levels of lead found in Flint, including particulate lead, WQA recommends water treatment professionals in Flint test before and after installation of treatment even when installing a certified device. Field sampling kits for dissolved and total lead can be obtained through a local certified drinking water laboratory, or through the WQA laboratory.

11. What types of exposure to drinking water with lead should I be concerned about?

Lead in drinking water is mostly inorganic leached from lead contained in plumbing. Ingestion is the route of most concern for lead than dermal exposure, although organic lead is of concern for dermal exposure. Examples of organic lead would be tetraethyl lead and tetramethyl lead, not generally found in drinking water, however.

For more information please visit the links below:
http://www.atsdr.cdc.gov/csem/csem.asp?csem=7&po=6
https://www.osha.gov/pls/oshaweb/owadisp.show_document?p_table=STANDARDS&p_id=10031

12. What can cause water to have a brown color?

A brown color is not attributed to lead in the water. This can be from iron being oxidized when it is exposed to the chlorine added to the water at the treatment plant for disinfection. Taste and odor contaminants, including iron, are mostly considered to contribute undesirable aesthetic effects, such as bad taste, odor, color or cloudiness. These contaminants and those covered under the USEPA National Secondary Drinking Water Regulations (NSDWRs) at the Secondary Maximum Contaminant Level (SMCL) may alter the appearance of the water but do not impose a health risk. The SMCL for iron is 0.3 mg/L.

As a result of corrosive conditions, iron will mostly exist in as oxidized, or ferric, iron (Fe^{3+}), and to some extent can be dissolved iron (Fe^{2+}). The visibly red or brown water when first drawn from the tap is oxidized iron. Consult with a water treatment professional for appropriate filtration methods for oxidized iron.

If water is coming out brown, it should be tested for iron levels in addition to testing for any lead concerns. Test before and after treatment has been installed, especially if filtered water turns red after a while. To learn more read WQA's technical factsheet on taste & odor contaminants:
https://www.wqa.org/LinkClick.aspx?fileticket=UzyTWNS66UY%3d&portalid=0

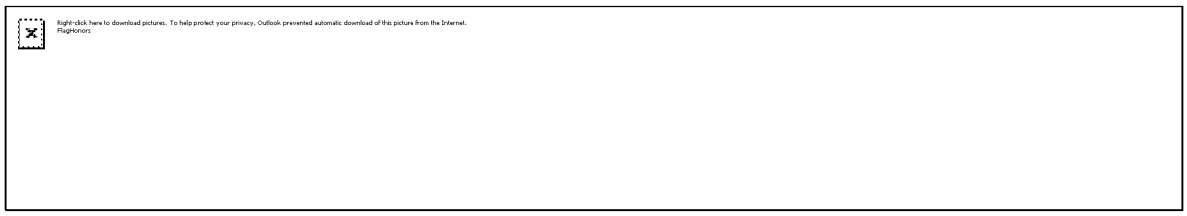
Subject: Overtime Reimbursement Procedure



Jeanette,

I'm looking into possible overtime for some of our buyers for their work on the Flint Water Response. Rebecca mentioned that she has talked to you about it. Can you tell me how we would go about requesting reimbursement if we move forward with it? If there are any steps we have to have in place at the beginning to qualify I want to make sure we do it right. Thanks!

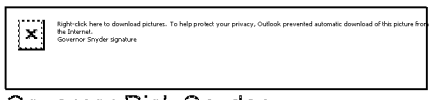
Subject: Thank you for your service

THANK YOU!

Fellow employees,

Each day, more than 46,000 state of Michigan employees come to work with the confidence and commitment to make Michigan a better place to live, work and play. I appreciate the way you care about the citizens we serve, and how it is reflected in the work that you do.

As you have heard from me and the media, our reputation and trust can be severely impacted when people do not make good decisions, or use good judgment in solving problems. That principle is universal, but never more so than when public health is at stake. What happened in Flint can never be allowed to happen again anywhere in our state.



I know that you want to work in a place where employee input is valued, efforts are recognized, and teams are always striving for continuous improvement. That's why we introduced employee surveys, Bureaucracy Busters and other reinvention initiatives. We want and deserve a culture of innovation, continuous improvement and employee engagement at every level. We can never take for granted how important the people are who depend on us to do our jobs, and I am asking you not to let the situation in Flint negatively impact your motivation to excel every day.

Many of you have taken an interest in helping the citizens of Flint on your own time, and I'd like to take this opportunity to recognize and thank those who have volunteered over the last couple of weekends. You have worked tirelessly to deliver cases of bottled water, water filters, replacement cartridges and water testing kits to the families in need. I appreciate you donating your time to help our fellow Michiganders. To date, more than 37,000 homes have been visited by one of our water resource teams.

For employees who would like to further help the people of Flint, please visit www.HelpForFlint.com to learn how you can do so. For additional information and to sign up for daily updates, please visit www.mi.gov/FlintWater. I am committed to ensuring that all residents have access to safe and clean water.

Again, I'd like to express my gratitude for the work you do every day to continuously improve our state and earn the trust of those you serve. You make a real difference.

Thanks,

Governor Rick Snyder

Steve –

Please send me the employee names, dates and times worked by pay period to me. I report out each week to MSP on estimated OT costs for DTMB.

Once the event closes, I will work with Finance and to obtain actual numbers to include in our formal reimbursement request to MSP.

Thanks for your help, saved me an email!

Subject: Bluewater water purifiers help Flint

Hi Rebecca,

It was nice talking to you this morning, we will appreciate if you can read this email and forward to related team who in charge of procurement for Flint water crisis.

Bluewater is a Swedish company that has innovated a patented second-generation reverse osmosis technology which turns tap water into healthier drinking water by removing up to 99% of almost all known water-borne contaminants; plus, cuts the water wastage common to traditional reverse osmosis systems by up to 82%.

Bluewater has been selling in the USA for the past 18 months, based out of Overland Park, Kansas, where we also have our warehouse that serves customers across the United States. We are a sister company to Blueair, which is one of the major air purifier companies in the United States, based out of Chicago.

Last week saw us donate and install two of our high performance water purifiers in Flint, Michigan, in response to their crisis as our water purifiers excel at removing lead and other toxic metals from residential drinking water. While we applaud people donating water bottles, it is only a short term solution, whereas as water purifiers are both a short-term and a long term solution.

One Bluewater Pro machine was installed at the Community Center at Catholic Charities of Shiawassee and Genesee Counties, where they serve 1,000 meals every day to local residents. The other unit was installed at Shelter of Flint, the largest shelter at Flint.

Both units were installed by Bluewater's Product Manager who traveled to Flint personally. FYI, many bottled water brands in the USA use reverse osmosis to purify their water. Using a Bluewater unit is a cheaper long-term option that also contributes to

a better environment because they negate the need for plastic bottles as they deliver purifier water 'on demand'. (a side note, as you may already know, "Pepsi Admits That Its Aquafina Bottled Water is Just Tap Water, Coca-Cola's Dasani Is Next" see news of today http://healthycures.org/pepsi-admits-that-its-aquafina-bottled-water-is-just-tap-water-coca-colas-dasani-is-next

The Bluewater Pro400 reverse osmosis water purifiers we donated to Flint can produce 52 gallons of purified water per hour, which means we can supply 2,700 people a total of two liters of clean water free of lead and other toxic metals every day. This translates into saving 4,800 one-liter bottles being put into the environment every day!

The compact Pro is designed for professional use, in restaurants, hotels, schools, hospitals and laboratories. Installing just 38 of our units in Flint would deliver the 100,000 residents two liters of totally clean water every day - meeting their basic daily human health need for drinking water.

Bluewater harnesses our own patented second-generation reverse osmosis technology, which removes practically all toxic contamination from tap drinking water including lead. The other contaminates we remove include other heavy metals, pesticides, medical residues, and dioxins and petro chemicals.

What also makes our water purifiers unique is that our unique technology ALSO radically increases the efficiency of water treatment, which translates into a Bluewater unit using 82% less water to generate clean water than a traditional reverse osmosis unit.

Reverse osmosis technology purifies water by forcing untreated water through a semi-permeable filter or 'membrane'. Bluewater membranes will block toxic metals and chemicals down to 0.0001 micron (that's 500,000 times smaller than a human hair). Our technology also delivers water 'on-demand', which means no need for a holding tank

As a business, we cannot afford to donate an endless number of units free to Flint, but due to the special nature of the situation (and the fact that most of us are parents of small children and have huge sympathy for those impacted by the crisis) we want to step up even more by offering Michigan State prices that are very substantially discounted. In fact, we want to offer you a one-off purchase opportunity that sees us offering you our products at the manufacturing price (i.e. we make no margin on the deal).

This would see the products we recommend you consider coming in at:

Pro 400C-HF(high flow) (this is the model we donated to Flint) S1920 + shipping
(suitable for professional use, hospitals, labs, restaurant, coffee shop, office building)
- Superior Osmosis Technology
- Direct flow, no need of tank
- Capacity up to 52 gallon per hour
- Clean water delivery rate of 52 gallon per hour
- Cleaning brackish water, up to 7500 ppm
- water quality monitor
- Calibration of cleanliness
- Advanced leak protection system
-Clean water per kWh: 433L/kWh (114.3gallon/kWh)
-Clean water rate: 222L/hour (58.6 gallons/hour)
-Dimensions: 225 x 466 x 460mm (8.9 x 18.3 x 18.10 inch)
-Weight: 29kgs (64lb)
-Water recovery rate: 60-70%

The other two models we could consider as an alternative (the only difference is that the water flow is less powerful) are:

Spirit 300-HF(high flow) S1350 + shipping
Compact design that fits into any contemporary kitchen
- Designed for Municipal water
- Superior Osmosis Technology

- Capacity up to 43.2 gallon per hour
- Director Flow, no need of tank
- Extra compact Design
- Advanced leak protection system
- Clean water per KWh: 377L/kWh (99.5 gallons/kWh)
- Clean water rate: of 99L/hour (26.2 gallons/hour)
- Dimensions: 150 x 462 x 365 mm(5.9 x 18.2 x 14.4 inches)
- Weight: 15 kgs (33lb)
- Water recovery rate: 40-60%

Spirit 300Cp-HR(high rejection) $1500 + shipping
Compact design that fits into any contemporary kitchen, can connect to dish washer, coffee maker, ice machine/refrigerator
- Designed for Municipal water
- Superior Osmosis Technology
- Capacity up to 43.2 gallon per hour
- Director Flow, no need of tank
- Extra compact Design
- Advanced leak protection system
- Clean water per KWh: 377L/kWh (99.5 gallons/kWh)
- Clean water rate: of 99L/hour (26.2 gallons/hour)
- Dimensions: 150 x 462 x 365 mm(5.9 x 18.2 x 14.4 inches)
- Weight: 15 kgs (33lb)
- Water recovery rate: 40-60%

Please do not hesitate to get back if there is anything additional information you need from us. Attached is our catalog and photo how it looks in the kitchen.

Here are two reference you can contact at Flint, they are using our donated water purifiers now for producing pure water

Subject: Bluewater water purifiers help Flint

Hi Rebecca,

It was nice talking to you this morning, we will appreciate if you can read this email and forward to related team who in charge of procurement for Flint water crisis.

Bluewater is a Swedish company that has innovated a patented second-generation reverse osmosis technology which turns tap water into healthier drinking water by removing up to 99% of almost all known water-borne contaminants; plus, cuts the water wastage common to traditional reverse osmosis systems by up to 82%.

Bluewater has been selling in the USA for the past 18 months, based out of Overland Park, Kansas, where we also have our warehouse that serves customers across the United States. We are a sister company to Blueair, which is one of the major air purifier companies in the United States, based out of Chicago.

Last week saw us donate and install two of our high performance water purifiers in Flint, Michigan, in response to their crisis as our water purifiers excel at removing lead and other toxic metals from residential drinking water. While we applaud people donating water bottles, it is only a short term solution, whereas as water purifiers are both a short-term and a long term solution.

One Bluewater Pro machine was installed at the Community Center at Catholic Charities of Shiawassee and Genesee Counties, where they serve 1,000 meals every day to local residents. The other unit was installed at Shelter of Flint, the largest shelter at Flint.

Both units were installed by Bluewater's Product Manager who traveled to Flint personally. FYI, many bottled water brands in the USA use reverse osmosis to purify their water. Using a Bluewater unit is a cheaper long-term option that also contributes to a better environment because they negate the need for plastic bottles as they deliver purifier water 'on demand'. (a side note, as you may already know, "Pepsi Admits That Its Aquafina Bottled Water is Just Tap Water, Coca-Cola's Dasani Is Next" see news of today http://healthycures.org/pepsi-admits-that-its-aquafina-bottled-water-is-just-tap-water-coca-colas-dasani-is-next

The Bluewater Pro400 reverse osmosis water purifiers we donated to Flint can produce 52 gallons of purified water per hour, which means we can supply 2,700 people a total of two liters of clean water free of lead and other toxic metals every day. This translates into saving 4,800 one-liter bottles being put into the environment every day!

The compact Pro is designed for professional use, in restaurants, hotels, schools, hospitals and laboratories. Installing just 38 of our units in Flint would deliver the 100,000 residents two liters of totally clean water every day - meeting their basic daily human health need for drinking water.

Bluewater harnesses our own patented second-generation reverse osmosis technology, which removes practically all toxic contamination from tap drinking water including lead. The other contaminates we remove include other heavy metals, pesticides, medical residues, and dioxins and petro chemicals.

What also makes our water purifiers unique is that our unique technology ALSO radically increases the efficiency of water treatment, which translates into a Bluewater unit using 82% less water to generate clean water than a traditional reverse osmosis unit.

Reverse osmosis technology purifies water by forcing untreated water through a semi-permeable filter or 'membrane'. Bluewater membranes will block toxic metals and chemicals down to 0.0001 micron (that's 500,000 times smaller than a human hair). Our technology also delivers water 'on-demand', which means no need for a holding tank

As a business, we cannot afford to donate an endless number of units free to Flint, but due to the special nature of the situation (and the fact that most of us are parents of small children and have huge sympathy for those impacted by the crisis) we want to step up even more by offering Michigan State prices that are very substantially discounted. In fact, we want to offer you a one-off purchase opportunity that sees us offering you our products at the manufacturing price (i.e. we make no margin on the deal).

This would see the products we recommend you consider coming in at:

Pro 400C-HF(high flow) (this is the model we donated to Flint) S1920 + shipping
(suitable for professional use, hospitals, labs, restaurant, coffee shop, office building)
- Superior Osmosis Technology
- Direct flow, no need of tank
- Capacity up to 52 gallon per hour
- Clean water delivery rate of 52 gallon per hour
- Cleaning brackish water, up to 7500 ppm
- water quality monitor
- Calibration of cleanliness
- Advanced leak protection system
-Clean water per kWh: 433L/kWh (114.3gallon/kWh)
-Clean water rate: 222L/hour (58.6 gallons/hour)
-Dimensions: 225 x 466 x 460mm (8.9 x 18.3 x 18.10 inch)
-Weight: 29kgs (64lb)
-Water recovery rate: 60-70%

The other two models we could consider as an alternative (the only difference is that the water flow is less powerful) are:

Spirit 300-HF(high flow) S1350 + shipping
Compact design that fits into any contemporary kitchen
- Designed for Municipal water
- Superior Osmosis Technology
- Capacity up to 43.2 gallon per hour
- Director Flow, no need of tank
- Extra compact Design
- Advanced leak protection system
- Clean water per KWh: 377L/kWh (99.5 gallons/kWh)
- Clean water rate: of 99L/hour (26.2 gallons/hour)
- Dimensions: 150 x 462 x 365 mm(5.9 x 18.2 x 14.4 inches)
- Weight: 15 kgs (33lb)
- Water recovery rate: 40-60%

Spirit 300Cp-HR(high rejection) S1500 + shipping
Compact design that fits into any contemporary kitchen, can connect to dish washer, coffee maker, ice machine/refrigerator
- Designed for Municipal water
- Superior Osmosis Technology
- Capacity up to 43.2 gallon per hour
- Director Flow, no need of tank
- Extra compact Design
- Advanced leak protection system
- Clean water per KWh: 377L/kWh (99.5 gallons/kWh)
- Clean water rate: of 99L/hour (26.2 gallons/hour)
- Dimensions: 150 x 462 x 365 mm(5.9 x 18.2 x 14.4 inches)
- Weight: 15 kgs (33lb)
- Water recovery rate: 40-60%

Please do not hesitate to get back if there is anything additional information you need from us. Attached is our catalog and photo how it looks in the kitchen.

Here are two reference you can contact at Flint, they are using our donated water purifiers now for producing pure water

Jeanette

Do you know if someone called the two locations that took donations of these filters yet?

Who would be the appropriate person to follow up with this vendor? I ask because they may wish to discuss technical spec as part of the conversation.

Staples Donates Two Truckloads Of Water To Flint, Michigan

Staples joins a host of celebrities and public figures who have stepped up to help the city plagued by a crisis that has drawn national attention.

January 29, 2016

Staples associates are helping to Make More Happen in a time of need for the residents of Flint, Mich.

Earlier this week, Mike Teceno, District Manager, Region 5, and a team of associates delivered 40 pallets of bottled water to residents there, where the water supply has been contaminated with lead.

"The leadership team wanted to do something to help the community in which we have served for over 20 years in our retail locations," Mike said. "As a team, we came together and partnered with the State of Michigan, the Red Cross, and the National Guard to donate two truckloads of bottled water."

That water, which came from our distribution center in Terre Haute, Indiana, will be provided to the affected city residents through door-to-door distribution and pick up points at local fire and police stations.

Through these efforts, Staples joins a host of other celebrities and public figures who have stepped up to give water or money to the city plagued by a crisis that has drawn national attention.

"I want to extend my sincere appreciation to our executive leadership team, Otis Pannell, Andy Lewis, and Bob Wolfe for their generous giving," Mike said. "Also a very special thanks to Doug Schmidt, Director of Distribution at our Terre Haute distribution center, for quickly coordinating this delivery."

He added that this is a wonderful example of how Staples and its associates truly care about the people in our communities.

Subject: State of Michigan Contract Question

Good Morning,

I am reaching out today with a couple questions. Given the water issues in Flint, which have made national news, the State has additional translation needs. Various documents, including water filter instructions may need to be translated into a variety of languages for the residents of Flint. The State would need services provided with both standard and expedited lead times and a 24/7 contact for the Flint response teams. Are these items Linguistica could provide, and if so what languages could be provided? More details will be provided as we discuss further.

I look forward to hearing from you,

Yours,
Will Camp

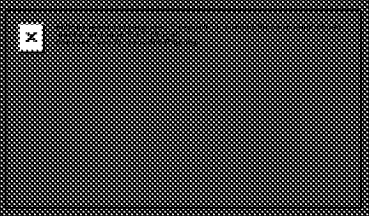
Subject: "Flint residents should not have to pay for water they cannot drink"

Budget recommendation will include $30 million request for Flint water bill repayments

When Governor Rick Snyder presents his budget recommendation next Wednesday, Feb. 10, he will include a $30 million request for the residents of Flint to keep their water service on and eliminate the need to pay for water they cannot completely trust to drink.



Under the governor's ask, the funding would enable the city of Flint to apply credits for customers on future bills. Estimates show water is roughly 47 percent of billing and sewer costs are around 53 percent. The credit would be applied to consumption usage (roughly 65 percent) of a resident's water portion of the bill, such as for bathing, drinking, cooking, and washing your hands. Residents still would be responsible for paying the sewer portion

of their water bills.

Professor Marc Edwards of Virginia Tech said, "This essentially refunds all the money associated with consumption or consumer use. I think it's an amazing gesture of common sense and good will and it corrects an injustice. I don't think there's a precedent for this. I feel so encouraged by the direction this is going."

Click here to learn more about the budget request.

We spoke with Staff Sgt. Thomas Vega about the critical resources they're providing to Flint families every day. He also encouraged residents to pick up and return their water testing kits to Flint fire stations. Test results will be posted online at www.mi.gov/flintwater. **Click here to watch the video.**

Subject: RE: DHHS Inquiry - Home Depot orders for Flint response

Hello,

I have David from Home Depot working on updating this spreadsheet to include additional items that have been purchased since this file was last updated. He will also break down the bottled water orders as well. The bottled water orders with Home Depot was originally set up by Jeanette Doll and myself during this week.

During the week all these orders with Home Depot were placed, 1/11/16-1/16/16, the plan at the time was once DHHS ran out of their original appropriations, all orders would then be processed through a DTMB PO. This never happened, but the spreadsheet was never updated to reflect this and that is why it still says "Product Received from DTMB PO's".

I have include Sheryl Thompson, the Deputy Director of Field Operations for DHHS, in this email as she was the primary person responsible for all orders during this week. I did talk to Chris Sanchez earlier this afternoon, and she will work with Sheryl to clear this up.

It was pretty hectic during this week, but everyone's primary concern at the time was to make sure that Flint had filters and water to be distributed door-to-door and through the distribution centers.

I hope this clears up everyone's concerns regarding this spreadsheet. Please let me know if you have any other questions.

Subject: DHHS Inquiry - Home Depot orders for Flint response

Steve

Per my afternoon meeting with Kim and Chris, here's clarification on DHHS' request. They need more information regarding all of the transactions under the sub-heading "Product Received from DTMB POs." Chris believes the title is incorrect, and these materials were not ordered through DTMB POs. These transactions were likely made before DHHS implemented their current ordering and tracking methods, and Kim/Chris need more info on them. DHHS needs to know who placed each of these orders, whether it was a phone order, a PO, or if a PO# given to Home Depot, etc.

DHHS needs David/Home Depot to review their records and add a comments column to describe who placed the order, whether it was a phone order, etc. for every transaction under this heading.

Please let me know if you have any questions, before getting Home Depot working on this Thursday.
Thank you.
Rebecca

Subject: RE: Home Depot order

After talking with David, why does DHHS think that $8M worth of filters were ordered over MLK weekend? Who is questioning this that raised the red flag or what did they see? David isn't aware of $8M worth of filters ordered over MLK weekend.

I have attached the most recent spreadsheet that shows $8.5M in purchases, but not $8M over MLK weekend.

Rebecca - We will handle the immediate request as an emergency purchase order. But we have CS138 issues with guard service.

Jeff – There is no pricing mentioned in this request. I need a cost estimate for the first month of service so I can enter an emergency CS138 ASAP.

Do you plan on executing this as an emergency purchase order? Or do you want us to research the possibility of whether it can be added to a current contract?

Will you be working with DK to negotiate rates again? Hopefully $43/hr or lower.

Please let me know if you have questions.

Thank you.

Matt,

Request was received today to deploy an armed security guard for a second warehouse facility in the Flint region. Could you please coordinate deployment of an armed guard as per the following details? Advise if you have any questions or require any additional details. Please confirm assignment at your earliest opportunity.

Thanks,

Jeff

Subject: RE: Armed Guard Deployment - Second Flint warehouse

Because we have State employees working as armed guards (MSP), we are required to get approval from the Civil Service Commission to hire outside of the State Classified Service. I can justify a one month emergency purchase order based on short term/temporary/intermittent needs as long as we stay under 832 hours. For a longer term, we need to show a cost savings for contracting the service, otherwise Civil Service will deny our request.

Subject: Bluewater water purifiers help Flint

Hi Rebecca,

It was nice talking to you this morning, we will appreciate if you can read this email and forward to related team who in charge of procurement for Flint water crisis.

Bluewater is a Swedish company that has innovated a patented second-generation reverse osmosis technology which turns tap water into healthier drinking water by removing up to 99% of almost all known water-borne contaminants; plus, cuts the water wastage common to traditional reverse osmosis systems by up to 82%.

Bluewater has been selling in the USA for the past 18 months, based out of Overland Park, Kansas, where we also have our warehouse that serves customers across the United States. We are a sister company to Blueair, which is one of the major air purifier companies in the United States, based out of Chicago.

Last week saw us donate and install two of our high performance water purifiers in Flint, Michigan, in response to their crisis as our water purifiers excel at removing lead and other toxic metals from residential drinking water. While we applaud people donating water bottles, it is only a short term solution, whereas as water purifiers are both a short-term and a long term solution.

One Bluewater Pro machine was installed at the Community Center at Catholic Charities of Shiawassee and Genesee Counties, where they serve 1,000 meals every day to local residents. The other unit was installed at Shelter of Flint, the largest shelter at Flint.

Both units were installed by Bluewater's Product Manager who traveled to Flint personally. FYI, many bottled water brands in the USA use reverse osmosis to purify their water. Using a Bluewater unit is a cheaper long-term option that also contributes to a better environment because they negate the need for plastic bottles as they deliver purifier water 'on demand'. (a side note, as you may already know, "Pepsi Admits That Its Aquafina Bottled Water is Just Tap Water, Coca-Cola's Dasani Is Next" see news of today http://healthycures.org/pepsi-admits-that-its-aquafina-bottled-water-is-just-tap-water-coca-colas-dasani-is-next

The Bluewater Pro400 reverse osmosis water purifiers we donated to Flint can produce 52 gallons of purified water per hour, which means we can supply 2,700 people a total of two liters of clean water free of lead and other toxic metals every day. This translates into saving 4,800 one-liter bottles being put into the environment every day!

The compact Pro is designed for professional use, in restaurants, hotels, schools, hospitals and laboratories. Installing just 38 of our units in Flint would deliver the 100,000 residents two liters of totally clean water every day - meeting their basic daily human health need for drinking water.

Bluewater harnesses our own patented second-generation reverse osmosis technology, which removes practically all toxic contamination from tap drinking water including lead. The other contaminates we remove include other heavy metals, pesticides, medical residues, and dioxins and petro chemicals.

What also makes our water purifiers unique is that our unique technology ALSO radically increases the efficiency of water treatment, which translates into a Bluewater unit using 82% less water to generate clean water than a traditional reverse osmosis unit.

Reverse osmosis technology purifies water by forcing untreated water through a semi-permeable filter or 'membrane'. Bluewater membranes will block toxic metals and chemicals down to 0.0001 micron (that's 500,000 times smaller than a human hair). Our technology also delivers water 'on-demand', which means no need for a holding tank

As a business, we cannot afford to donate an endless number of units free to Flint, but due to the special nature of the situation (and the fact that most of us are parents of small children and have huge sympathy for those impacted by the crisis) we want to step up even more by offering Michigan State prices that are very substantially discounted. In fact, we want to offer you a one-off purchase opportunity that sees us offering you our products at the manufacturing price (i.e. we make no margin on the deal).

This would see the products we recommend you consider coming in at:

Pro 400C-HF(high flow) (this is the model we donated to Flint) S1920 + shipping
(suitable for professional use, hospitals, labs, restaurant, coffee shop, office building)
- Superior Osmosis Technology
- Direct flow, no need of tank
- Capacity up to 52 gallon per hour
- Clean water delivery rate of 52 gallon per hour
- Cleaning brackish water, up to 7500 ppm
- water quality monitor
- Calibration of cleanliness
- Advanced leak protection system
-Clean water per kWh: 433L/kWh (114.3gallon/kWh)
-Clean water rate: 222L/hour (58.6 gallons/hour)
-Dimensions: 225 x 466 x 460mm (8.9 x 18.3 x 18.10 inch)
-Weight: 29kgs (64lb)
-Water recovery rate: 60-70%

<u>The other two models we could consider as an alternative (the only difference is that the water flow is less powerful) are:</u>

Spirit 300-HF(high flow) S1350 + shipping
Compact design that fits into any contemporary kitchen
- Designed for Municipal water
- Superior Osmosis Technology
- Capacity up to 43.2 gallon per hour
- Director Flow, no need of tank
- Extra compact Design
- Advanced leak protection system
- Clean water per KWh: 377L/kWh (99.5 gallons/kWh)
- Clean water rate: of 99L/hour (26.2 gallons/hour)
- Dimensions: 150 x 462 x 365 mm(5.9 x 18.2 x 14.4 inches)
- Weight: 15 kgs (33lb)
- Water recovery rate: 40-60%

Spirit 300Cp-HR(high rejection) $1500 + shipping
Compact design that fits into any contemporary kitchen, can connect to dish washer, coffee maker, ice machine/refrigerator
- Designed for Municipal water
- Superior Osmosis Technology
- Capacity up to 43.2 gallon per hour
- Director Flow, no need of tank
- Extra compact Design
- Advanced leak protection system
- Clean water per KWh: 377L/kWh (99.5 gallons/kWh)
- Clean water rate: of 99L/hour (26.2 gallons/hour)
- Dimensions: 150 x 462 x 365 mm(5.9 x 18.2 x 14.4 inches)
- Weight: 15 kgs (33lb)
- Water recovery rate: 40-60%

Please do not hesitate to get back if there is anything additional information you need from us. Attached is our catalog and photo how it looks in the kitchen.

Here are two reference you can contact at Flint, they are using our donated water purifiers now for producing pure water

Jeanette

Do you know if someone called the two locations that took donations of these filters yet?

Who would be the appropriate person to follow up with this vendor? I ask because they may wish to discuss technical spec as part of the conversation.

Subject: Bluewater water purifiers help Flint

Hi Rebecca,

It was nice talking to you this morning, we will appreciate if you can read this email and forward to related team who in charge of procurement for Flint water crisis.

Bluewater is a Swedish company that has innovated a patented second-generation reverse osmosis technology which turns tap water into healthier drinking water by removing up to 99% of almost all known water-borne contaminants; plus, cuts the water wastage common to traditional reverse osmosis systems by up to 82%.

Bluewater has been selling in the USA for the past 18 months, based out of Overland Park, Kansas, where we also have our warehouse that serves customers across the United States. We are a sister company to Blueair, which is one of the major air purifier companies in the United States, based out of Chicago.

Last week saw us donate and install two of our high performance water purifiers in Flint, Michigan, in response to their crisis as our water purifiers excel at removing lead and other toxic metals from residential drinking water. While we applaud people donating water bottles, it is only a short term solution, whereas as water purifiers are both a short-term and a long term solution.

One Bluewater Pro machine was installed at the Community Center at Catholic Charities of Shiawassee and Genesee Counties, where they serve 1,000 meals every day to local residents. The other unit was installed at Shelter of Flint, the largest shelter at Flint.

Both units were installed by Bluewater's Product Manager who traveled to Flint personally. FYI, many bottled water brands in the USA use reverse osmosis to purify their water. Using a Bluewater unit is a cheaper long-term option that also contributes to

a better environment because they negate the need for plastic bottles as they deliver purifier water 'on demand'. (a side note, as you may already know, "Pepsi Admits That Its Aquafina Bottled Water is Just Tap Water, Coca-Cola's Dasani Is Next" see news of today http://healthycures.org/pepsi-admits-that-its-aquafina-bottled-water-is-just-tap-water-coca-colas-dasani-is-next

The Bluewater Pro400 reverse osmosis water purifiers we donated to Flint can produce 52 gallons of purified water per hour, which means we can supply 2,700 people a total of two liters of clean water free of lead and other toxic metals every day. This translates into saving 4,800 one-liter bottles being put into the environment every day!

The compact Pro is designed for professional use, in restaurants, hotels, schools, hospitals and laboratories. Installing just 38 of our units in Flint would deliver the 100,000 residents two liters of totally clean water every day - meeting their basic daily human health need for drinking water.

Bluewater harnesses our own patented second-generation reverse osmosis technology, which removes practically all toxic contamination from tap drinking water including lead. The other contaminates we remove include other heavy metals, pesticides, medical residues, and dioxins and petro chemicals.

What also makes our water purifiers unique is that our unique technology ALSO radically increases the efficiency of water treatment, which translates into a Bluewater unit using 82% less water to generate clean water than a traditional reverse osmosis unit.

Reverse osmosis technology purifies water by forcing untreated water through a semi-permeable filter or 'membrane'. Bluewater membranes will block toxic metals and chemicals down to 0.0001 micron (that's 500,000 times smaller than a human hair). Our technology also delivers water 'on-demand', which means no need for a holding tank

As a business, we cannot afford to donate an endless number of units free to Flint, but due to the special nature of the situation (and the fact that most of us are parents of small children and have huge sympathy for those impacted by the crisis) we want to step up even more by offering Michigan State prices that are very substantially discounted. In fact, we want to offer you a one-off purchase opportunity that sees us offering you our products at the manufacturing price (i.e. we make no margin on the deal).

This would see the products we recommend you consider coming in at:

Pro 400C-HF(high flow) (this is the model we donated to Flint) S1920 + shipping
(suitable for professional use, hospitals, labs, restaurant, coffee shop, office building)
- Superior Osmosis Technology
- Direct flow, no need of tank
- Capacity up to 52 gallon per hour
- Clean water delivery rate of 52 gallon per hour
- Cleaning brackish water, up to 7500 ppm
- water quality monitor
- Calibration of cleanliness
- Advanced leak protection system
-Clean water per kWh: 433L/kWh (114.3gallon/kWh)
-Clean water rate: 222L/hour (58.6 gallons/hour)
-Dimensions: 225 x 466 x 460mm (8.9 x 18.3 x 18.10 inch)
-Weight: 29kgs (64lb)
-Water recovery rate: 60-70%

The other two models we could consider as an alternative (the only difference is that the water flow is less powerful) are:

Spirit 300-HF(high flow) S1350 + shipping
Compact design that fits into any contemporary kitchen
- Designed for Municipal water
- Superior Osmosis Technology

- Capacity up to 43.2 gallon per hour
- Director Flow, no need of tank
- Extra compact Design
- Advanced leak protection system
- Clean water per KWh: 377L/kWh (99.5 gallons/kWh)
- Clean water rate: of 99L/hour (26.2 gallons/hour)
- Dimensions: 150 x 462 x 365 mm(5.9 x 18.2 x 14.4 inches)
- Weight: 15 kgs (33lb)
- Water recovery rate: 40-60%

Spirit 300Cp-HR(high rejection) $1500 + shipping
Compact design that fits into any contemporary kitchen, can connect to dish washer, coffee maker, ice machine/refrigerator
- Designed for Municipal water
- Superior Osmosis Technology
- Capacity up to 43.2 gallon per hour
- Director Flow, no need of tank
- Extra compact Design
- Advanced leak protection system
- Clean water per KWh: 377L/kWh (99.5 gallons/kWh)
- Clean water rate: of 99L/hour (26.2 gallons/hour)
- Dimensions: 150 x 462 x 365 mm(5.9 x 18.2 x 14.4 inches)
- Weight: 15 kgs (33lb)
- Water recovery rate: 40-60%

Subject: Inquiry from National TV/Radio Newshour Democracy Now!

Dear Steve Rigg,

My name is Laura Gottesdiener, and I'm a reporter with the national TV/Radio newshour Democracy Now! I have some questions about the bottled water purchases by the state of Michigan, and I was referred to you and your office by the governor's office.

Specifically, I'm seeking information about bottled water contracts from the $15.5 million appropriated for the Michigan Department of Health and Human Resources for field operations, nutrition support and the purchase of bottled water and filters for Flint.

Who are the primary contractors that the state is purchasing bottled water from, and at what rates? Can you please provide me with (or point me in the direction of) copies of the 2015 and 2016 contracts of all bottled water purchases related to Flint, Michigan?

You can reach me at 646-217-7223.

Gratefully,
Laura Gottesdiener

1.2.5 eProcurement Punch-out portal

State of Michigan Agencies and participating MiDEAL members can also order through a dedicated State of Michigan

eProcurement punch-out portal from Home Depot.

The eProcurement punch-out portal (Only) will include the following specifics:

Home Depot will offer a 3% discount for eProcurement orders only completed exclusively through the dedicated State of Michigan eProcurement punch-out portal. Home Depot will notify the State of Michigan should the discount need to change; based upon Home Depot's discretion. As a result of the change request, Home Depot and the State of Michigan must mutually agree on Change Notice.

Home Depot and the State will mutually work to ensure the associated eProcurement punch-out portal is available to their participants within 60 days of the execution of this change notice.

All transaction requirements in section 1.2.1 also apply for these eProcurement transactions.

All other terms, conditions, specifications and pricing remain the same. Per Vendor and Category Team agreement, and DTMB Procurement approval.

Definitions

This section provides definitions for terms used throughout the Contract.

Business Day - whether capitalized or not, means any day other than a Saturday, Sunday, State employee temporary layoff day, or State-recognized legal holiday (as identified in the Collective Bargaining Agreement for State employees) from 8:00am through 5:00pm Eastern Time unless otherwise stated.

Buyer – the DTMB-Procurement employee identified on the cover page of the Contract

Chronic Failure - as defined in applicable Service Level Agreements.

Contract – an agreement that has been approved and executed by the awarded bidder, the DTMB-Chief Procurement Officer and the State Administrative Board.

Contractor – the awarded bidder after the Effective Date.

Days - Business Days unless otherwise specified.

Deleted, Not Applicable - the section is not applicable or included in the Contract. This is used as a placeholder to maintain consistent numbering.

Deliverable(s) - physical goods or commodities as required or identified in a Statement of Work.

Eastern Time – either Eastern Standard Time or Eastern Daylight Time, whichever is prevailing in Lansing, Michigan.

Effective Date - the date that a binding contract is executed by the final party.

Final Acceptance - has the meaning provided in Section 2.8.7, Final Acceptance, unless otherwise stated in Article 1.

Key Personnel - any personnel designated as Key Personnel in Sections 1.3.3, Staff, Duties, and Responsibilities, and 2.4.2, Contractor Key Personnel, subject to the restrictions of Section 2.4.2.

Home Depot Account- is a Home Depot non-interest bearing in-house credit account. The Contractor will accept a purchase order when accompanied with a Home Depot Account at the time of each transaction..

Post-Industrial Waste - industrial by-products which would otherwise go to disposal and wastes generated after completion of a manufacturing process, but does not include internally generated scrap commonly returned to industrial or manufacturing processes.

Purchase Order - a written document issued by the State that requests full or partial performance of the Contract.

State - the State of Michigan.

State Location - any physical location where the State performs work. State Location may include state-owned, leased, or rented space.

Stop Work Order - a notice requiring the Contractor to fully or partially stop work in accordance with the terms of the notice.

Subcontractor - a company or person that the Contractor delegates performance of a portion of the Deliverable(s) to, but does not include independent contractors engaged by the Contractor solely in a staff augmentation role.

Unauthorized Removal - the Contractor's removal of Key Personnel without the prior written consent of the State.

Article 1 – Statement of Work

1.1 Project Identification

The Contract is to provide building materials, hardware, plumbing, painting and miscellaneous items for use by State of Michigan agencies and participating MiDEAL members. The Contract is based on the Terms and Conditions of U.S. Communities Purchasing Alliance/ Maricopa County, Phoenix, AZ Contract Number 11019 with Home Depot also referred to as the Contractor. (Attachment D)

1.2 Scope of Work and Deliverable(s)

1.2.1 In Scope

State of Michigan Agencies and participating MiDEAL members will be able to procure the items listed below based upon the everyday low retail price available at the time of purchase and the incentives identified in the US Communities contract and Section 1.6.5 of the Contract.

-Lumber	-Electrical
-Building Materials	-Lighting
-Flooring	-Garden/Cleaning Supplies
-Paint	-Kitchen/Bath/Appliances
-Tools	-Millwork (windows and doors)
-Plumbing	-Window Treatments

The Contract will not include maintenance repair and operating items, services or services related to installation, repair and renovation.

The Contractor will not accept Cash for procuring items listed within the Contract. State of Michigan Agencies must pre-register forms of payment with the Contractor to use the Contract. Forms of payment to include, Procurement Credit Card (P-Card) or a Pre-approved Home Depot Account (for use of a purchase order).

MiDeal members must register forms of payment with the Contractor prior to use of the Contract. Registering form of payment will ensure that sales are tracked under this agreement. To ensure no tax is incurred on the transactions, the State must also register with Home Depot for tax exemption. Forms of payment include: bank cards, checking accounts or a Pre-approved Home Depot Account (for use of a purchase order).

Each State agency or local unit of government must establish their own Home Depot Account if they intend on issuing purchase orders. The Contractor will accept a purchase order and apply it to a Home Depot Account. Contact your local Pro Account Representative for a Home Depot Account application. (Attachment B, Home Depot Locations and Contact Information)

1.2.2 Deliverable(s) - Deleted, Not Applicable

1.2.3 Quantity

No minimum order required. Home Depot is a Walk In /Walk Out retailer.

1.2.4 Ordering

Walk in/Walk out orders must be processed at the Contractor's Pro Desk (Attachment B, Home Depot Locations and Contact Information)
Phone orders, utilizing a purchase order must be placed with a Pro Representative (Attachment B, Home Depot Locations and Contact Information)

1.3 Management and Staffing

1.3.1 Project Management

The Contractor will carry out the project under the direction and control of the Department of Technology, Management and Budget, Procurement.

1.3.2 Reports

See Section 2. Changes, c.), Participating Addendum (Attachment C)

1.3.3 Staff, Duties, and Responsibilities

Attachment B, Home Depot Locations and Contact Information, provides a list of Pro Account teams who are trained to support procurement requests and activities.

If the listed Pro Account Teams cannot meet customer service requirements assistance is available through the regions' Government Sales Director, Scott Matthews, who will work as the top level point of contacts to assist in resolving issues any State purchaser may have, to include business review meetings, and requests for training, with the State Department of Technology, Management and Budget, Procurement. The Government Sales Director, Scott Matthews can be reached at 615-681-547, or by email at, Scott_Matthews@homedepot.com

1.3.4 Meetings - Deleted, Not Applicable

1.3.5 Place of Performance - Deleted, Not Applicable

1.3.6 Reserved

1.3.7 Binding Commitments - Deleted, Not Applicable

1.3.8 Training

The Contractor shall provide training to individual agencies, when necessary and upon mutual agreement of the parties, on aspects of ordering, shipping, billing, and receiving. At the request of any State agency or participating MiDEAL member, the Contractor shall provide in-service training to agency personnel on products, installation, and product safety issues. The Contractor shall also provide agency training jointly with the State as needed during the period covered by the Contract at no additional charge.

1.3.9 Security

Although, the Contract is for Walk In/Walk Out purchases, the Contract may require frequent deliveries to State of Michigan facilities. The State may decide to require information regarding security background check. If so, the Contractor will be required to provide to the State a list of all delivery people that will service State of Michigan facilities, including name, date of birth and driver license number.

The Contractor and its subcontractors shall comply with the security access requirements of individual State facilities; see section 2.051, Background Checks and Security.

The Contractor has enlisted the services of Choicepoint to qualify drivers and maintain Driver Qualification Files. Choicepoint will work with current or potential Home Depot associates to attain all required documentation as listed in the Program requirements below if needed or available:

-3 years of certificates of violations
-3 years of annual reviews
-3 years of employment verification
-Copy of drivers license
-Copy of current medical card
-Copy of road test & certificate
-(GVWR 10,000-26,000lbs)
-DOT Driver application
-Motor Vehicle Record check every 6 months
-Signed release for request of driving record
-Hours of duty form, if driving less than 6 months
-Physical
-Random, post accident and reasonable cause drug and alcohol test

1.4 Delivery and Acceptance

1.4.1 Time Frames

The Contractor is a Walk In/ Walk Out retailer. Delivery service for large order will be available at the discretion of the Pro Account Representative. A targeted delivery fee of $59.00, is subject to change with each transaction. Delivery fees will be identified and coordinated at the time of each transaction. (See, Attachment B, Home Depot Locations and Contact Information)

1.4.2 Minimum Order

Home Depot is a Walk In /Walk Out retailer. No minimum order required.

1.4.3 Packaging

Although, the Contract is for Walk In/Walk Out purchases, some deliveries may occur. Therefore, packaging and containers, etc., shall be in accordance with supplier's commercial practice and shall meet the requirements of Department of Transportation (D.O.T.) and rail and motor carrier freight classifications in effect at time of shipment, which will permit application of the lowest freight rate.

1.4.4 Palletizing

If applicable, shipments shall be palletized whenever possible and shall conform to the following: Manufacture's standard 40-wqy shipping pallets.

1.4.5 Delivery Term

F.O.B. Origin, at local Home Depot Stores.

1.4.6 Acceptance Process - Deleted, Not Applicable

1.4.7 Criteria - Deleted, Not Applicable

1.5 Proposal Pricing

1.5.1 Pricing

The Contract is for retail items, pricing will vary by item. Volume pricing is available per Section 1.6.5.

1.5.2 Quick Payment Terms -Deleted, Not Applicable

1.5.3 Price Term

The Contractor is a Walk In/Walk Out retailer, participants will be charged the current retail price or special price available through volume pricing (See Section 1.6.5).

1.5.4 Tax Excluded from Price

(a) Sales Tax: For purchases made directly by the State, the State is exempt from State and Local Sales Tax. Prices must not include the taxes provided the State is registered with Home Depot for tax exemption and that is identified at the time of each transaction. .

(b) Federal Excise Tax: The State may be exempt from Federal Excise Tax, or the taxes may be reimbursable, if articles purchased under any resulting Contract are used for the State's exclusive use. Certificates showing exclusive use for the purposes of substantiating a tax-free, or tax-reimbursable sale will be sent upon request. If a sale is tax exempt or tax reimbursable under the Internal Revenue Code, prices must not include the Federal Excise Tax provided the State is registered with Home Depot for tax exemption and that is identified at the time of each transaction .

(c) The Contractor will not accept Cash for procuring items listed within the Contract and under the contract.

To ensure tax exemption all forms of acceptable payment, as defined below, will be pre-registered prior to use of the Contract.

State agencies who are authorized to use the Contract will use a pre-registered form of payment to include, Procurement bank cards (P-Cards) or a pre-approved Home Depot Account that is registered with Home Depot.

The Contractor will accept a purchase order and apply it to a Home Depot Account. Contact your local Pro Account Representative for a Home Depot Account application. (Attachment B, Home Depot Locations and Contact Information)

MiDeal members must register forms of payment with the Contractor prior to use of the Contract. Registering form of payment will ensure that no tax is incurred on the sale. Forms of payment to include, bank cards, checking accounts or a Pre-approved Home Depot Account.

1.5.5 Invoices -Deleted, Not Applicable

1.6 Commodity Requirements

1.6.2 Research and Development - Deleted, Not Applicable

1.6.3 Quality Assurance Program - Deleted, Not Applicable

1.6.4 Warranty for Deliverable(s)

The Contractor is a reseller of products and as such does not provide a warranty for the products it supplies, hereunder, only the warranty given by the manufacturer, if any shall apply.

1.6.5 Special Incentives

State Agencies and MiDeal Members are automatically qualified for Volume Pricing discount for transactions over $2500. Currently, the average savings exceeds 10% nationwide (depending on dollar value, quantity and type of material).

1.6.6 Energy Efficiency - Deleted Not Applicable

1.6.7 Environmental Requirements

The Contractor's EcoOptions, product labeling includes energy efficiency, water conservation and healthy homes. Upon request, the Contractor also provides product knowledge and project instructions at any local location regarding the products and projects they are planned to be used on.

1.6.8 Recycled Content and Recyclability -Deleted, Not Applicable

1.6.9 Materials Identification and Tracking

The following information is located on each individual item.

(a) **Hazardous Chemical Identification**.
(b) **Mercury Content**.
(c) **Brominated Flame Retardants**.

1.7 Extended Purchasing

1.7.1 MiDEAL

The Management and Budget Act, MCL 18.1263, permits the State to provide purchasing services to any city, village, county, township, school district, intermediate school district, and non-profit hospital, institution of higher education, or community or junior college (MiDEAL Members). A current listing of approved MiDEAL Members is available at: www.michigan.gov/mideal.

Deliverable(s) to the State and MiDEAL Members at the established State Contract prices and terms, subject to Section 2.22.1, MiDEAL Requirements.

Article 2 – Terms and Conditions

2.1 Contract Term

2.1.1 Contract Term

The Contract term begins May 15, 2012 and expires July 31, 2014. All outstanding Purchase Orders will expire upon the termination of the Contract for any of the reasons listed in Section 2.16, Termination by the State, unless otherwise agreed to in writing by DTMB-Purchasing Operations. Absent an early termination, Purchase Orders issued, but not expired, by the end of the Contract's term will remain in effect until the next September 30.

2.1.2 Options to Renew

Renewal of the Contract is in conjunction with section 1.2 of the U.S. Communities Purchasing Alliance/ Maricopa County, Phoenix, AZ Contract Number 11019 with Home Depot also referred to as the Contractor. (Attachment D)

2.2 Payments and Taxes

2.2.1 Fixed Prices for Deliverable(s)

Prices are fixed for all Deliverable(s) based upon the price at the time of each transaction.

2.2.2 Payment Deadlines

Undisputed invoices will be due and payable by the State, in accordance with the State's standard payment procedure as specified in 1984 PA 279, MCL 17.51 *et seq.*, within 30 days after receipt.

2.2.3 Invoicing and Payment – In General - Deleted, Not Applicable

2.2.4 Pro-ration - Deleted, Not Applicable

2.2.5 Final Payment and Waivers - Deleted, Not Applicable

2.2.6 Electronic Payment Requirement - Deleted, Not Applicable

2.2.7 Employment Taxes - Deleted, Not Applicable

2.2.8 Sales and Use Taxes

The Contractor must register and remit sales and use taxes on taxable sales of tangible personal property or services delivered into the State. If the Contractor lacks sufficient presence in Michigan to be required to register and pay taxes, it must do so on a voluntary basis. The requirement to register and remit sales and use taxes extends to (a) all members of a "controlled group of corporations" as defined in § 1563(a) of the Internal Revenue Code, 26 USC 1563(a), and applicable regulations; and (b) all organizations under common control that make sales at retail for delivery into the State. Any United States Department of Treasury regulation that references "two or more trades or businesses under common control" includes organizations such as sole proprietorships, partnerships (as defined in § 7701(a)(2) of the Internal Revenue Code, 26 USC 7701(a)(2)), trusts, estates, corporations, or limited liability companies.

2.3 Contract Administration

2.3.1 Issuing Office

The Contract is issued by DTMB-Procurement on behalf of all State Agencies. **DTMB-Procurement is the only entity authorized to modify the terms and conditions of the Contract, including the prices and specifications.** The Contract Administrator within DTMB-Procurement for the Contract is:

Klatra Pickett
Department of Technology, Management and Budget
Procurement
Stevens T. Mason Bldg, 2nd Floor
PO Box 30026
Lansing, MI 48909
pickettk@michigan.gov
517-373-7374

2.3.2 Contract Compliance Inspector - Deleted, Not Applicable

2.3.3 Project Manager - Deleted, Not applicable

2.3.4 Contract Changes

(a) If the State requests or directs the Contractor to provide any Deliverable(s) that the Contractor believes are outside the scope of the Contractor's responsibilities under the Contract, the Contractor must notify the State before performing the requested activities. If the Contractor fails to notify the State, any activities performed will be considered in-scope and not entitled to additional compensation or time. If the Contractor begins work outside the scope of the Contract and then ceases performing that work, the Contractor must, at the request of the State, retract any out-of-scope work that would adversely affect the Contract.

(b) The State or the Contractor may propose changes to the Contract. If the Contractor or the State requests a change to the Deliverable(s) or if the State requests additional Deliverable(s), the Contractor must provide a detailed outline of all work to be done, including tasks, timeframes, listing of key personnel assigned, estimated hours for each individual per Deliverable, and a complete and detailed cost justification. If the parties agree on the proposed change, DTMB-Purchasing Operations will prepare and issue a notice that describes the change, its effects on the Deliverable(s), and any affected components of the Contract (Contract Change Notice).

(c) No proposed change may be performed until DTMB-Purchasing Operations issues a duly executed Contract Change Notice for the proposed change.

2.3.5 Price Changes - Deleted, Not applicable

2.3.6 Notices

All notices and other communications required or permitted under the Contract must be in writing and will be considered given when delivered personally, by fax (if provided) or by e-mail (if provided), or by registered mail, return receipt requested, addressed as follows (or any other address that is specified in writing by either party):

If to State:

State of Michigan
DTMB-Procurement
Attention: Klatra Pickett
PO Box 30026
530 West Allegan
Lansing, MI 48909
pickettk@michigan.gov
517-335-0046 (fax)

If to Contractor:
Colleen Weaver
17197 N Laurel Park Drive, Building 3, Suite 400
Livonia, MI 48152
Colleen_A_Weaver@homedepot.com
419-819-7066

Delivery by a nationally recognized overnight express courier will be treated as personal delivery.

2.3.7 Covenant of Good Faith

Each party must act reasonably and in good faith. Unless otherwise provided in the Contract, the parties will not unreasonably delay, condition or withhold their consent, decision, or approval any time it is requested or reasonably required in order for the other party to perform its responsibilities under the Contract.

2.3.8 Assignments

(a) Neither party may assign the Contract, or assign or delegate any of its duties or obligations under the Contract, to another party (whether by operation of law or otherwise), without the prior approval of the other party. The State may, however, assign the Contract to any other State agency, department, or division without the prior approval of the Contractor.

(b) If the Contractor intends to assign the Contract or any of the Contractor's rights or duties under the Contract, the Contractor must notify the State and provide adequate information about the assignee at least 90 days before the proposed assignment or as otherwise provided by law or court order. The State may withhold approval from proposed assignments, subcontracts, or novations if the State determines, in its sole discretion, that the transfer of responsibility would decrease the State's likelihood of receiving performance on the Contract or the State's ability to recover damages.

(c) If the State permits an assignment of the Contractor's right to receive payments, the Contractor is not relieved of its responsibility to perform any of its contractual duties. All payments must continue to be made to one entity.

2.3.9 Equipment - Deleted, Not Applicable

2.3.10 Facilities - Deleted, Not Applicable

2.4 Contract Management

2.4.1 Contractor Personnel Qualifications - Deleted, Not Applicable

2.4.2 Contractor Key Personnel

See Attachment B

2.4.3 Removal or Reassignment of Personnel at the State's Request

The State may require the Contractor to remove or reassign personnel if the State has legitimate, good-faith reasons articulated in a notice to the Contractor. Replacement personnel must be fully qualified for the position. If the State exercises the right, and the Contractor cannot immediately replace the removed personnel, the State agrees to an equitable adjustment in schedule or other terms that may be affected.

2.4.4 Contractor Personnel Location - Deleted, Not Applicable

2.4.5 Contractor Identification

The Contractor's employees must be clearly identifiable while on State property by wearing a State-issued badge, and must clearly identify themselves and the company they work for whenever making contact with State personnel by telephone or other means.

2.4.6 Cooperation with Third Parties - Deleted, Not Applicable

2.4.7 Relationship of the Parties

The relationship between the State and Contractor is that of client and independent contractor. No agent, employee, or servant of the Contractor, or any of its subcontractors, is an employee, agent or servant of the State. The Contractor will be solely and entirely responsible for its acts and the acts of its agents, employees, servants, and subcontractors during the performance of the Contract.

2.4.8 Contractor Return of State Equipment/Resources - Deleted, Not Applicable

2.4.9 Background Checks

The State may request to investigate the Contractor's personnel before granting access to State facilities and systems. The scope of the background check is at the discretion of the State and the results will be used to determine eligibility for working within State facilities and systems. The investigations will include a Michigan State Police background check (ICHAT) and may include a Criminal Justice Information Services (CJIS) fingerprint check. Proposed Contractor personnel may be required to complete and submit an RI-8 Fingerprint Card for the CJIS fingerprint check. Affirmation citing previous completion of these checks by the contractor may suffice for this requirement in certain situations.

2.4.10 Compliance With State Policies – Deleted, Not Applicable

2.5 Subcontracting by Contractor - Deleted, Not Applicable

2.6 Reserved

2.7 Performance

2.7.1 Time of Performance

(a) The Contractor must immediately notify the State upon becoming aware of any circumstances that may reasonably be expected to jeopardize the completion of any Deliverable(s) by the scheduled due dates in the latest State-approved delivery schedule and must inform the State of the projected actual delivery date.

(b) If the Contractor believes that a delay in performance by the State has caused or will cause the Contractor to be unable to perform its obligations according to specified Contract time periods, the Contractor must immediately notify the State and, to the extent practicable, continue to perform its obligations according to the Contract time periods. The Contractor will not be in default for a delay in performance to the extent the delay is caused by the State.

2.7.2 Service Level Agreements –Deleted, Not Applicable

2.7.3 Liquidated Damages - Deleted, Not Applicable

2.7.4 Excusable Failure

Neither party will be liable for any default, damage or delay in the performance of its obligations that is caused by government regulations or requirements, power failure, electrical surges or current fluctuations, war, forces of nature or acts of God, delays or failures of transportation, equipment shortages, suppliers' failures, acts or omissions of common carriers, fire, riots, civil disorders, labor disputes, embargoes, injunctions (provided the injunction was not issued as a result of any fault or negligence of the party seeking to have its default or delay excused), or any other cause beyond the reasonable control of a party; provided the non-performing party and any Subcontractors are without fault in causing the default or delay, and the default or delay could not have been prevented by reasonable precautions and cannot reasonably be circumvented by the non-performing party through the use of alternate sources, workaround plans, or other means, including disaster recovery plans.

If a party does not perform its contractual obligations for any of the reasons listed, the non-performing party will be excused from any further performance of its affected obligation(s) for as long as the circumstances prevail. The non-performing party must promptly notify the other party immediately after the excusable failure occurs, and when it abates or ends. Both parties must use commercially reasonable efforts to resume performance.

If any of the reasons listed substantially prevent, hinder, or delay the Contractor's performance of the Deliverable(s) for more than 10 Days, and the State reasonably determines that performance is not likely to be resumed within a period of time that is satisfactory to the State, the State may: (a) procure the affected Deliverable(s) from an alternate source; or (b) terminate any portion of the Contract so affected and equitably adjust charges payable to the Contractor to reflect those Deliverable(s) that are terminated. The State must pay for all Deliverable(s) for which Final Acceptance has been granted before the termination date.

The Contractor will not have the right to any additional payments from the State as a result of any Excusable Failure or to payments for Deliverable(s) not provided as a result of the Excusable Failure. The Contractor will not be relieved of a default or delay caused by acts or omissions of its Subcontractors except to the extent that a Subcontractor experiences an Excusable Failure and the Contractor cannot reasonably circumvent the effect of the Subcontractor's default or delay in performance through the use of alternate sources, workaround plans, or other means, including disaster recovery plans.

2.8 Acceptance of Deliverable(s) - Deleted, Not Applicable

2.9 Ownership - Deleted, Not Applicable

2.10 State Standards - Deleted, Not Applicable

2.11 Confidentiality

2.11.1 Confidential Information

As used in the Section, "Confidential Information" means all information of the parties, except information that is:

(a) disclosable under the Michigan Freedom Of Information Act (FOIA);

(b) now available or becomes available to the public without breach of the Contract;

(c) released in writing by the disclosing party;

(d) obtained from a third party or parties having no obligation of confidentiality with respect to such information;

(e) publicly disclosed pursuant to federal or state law; or

(f) independently developed by the receiving party without reference to Confidential Information of the furnishing party.

2.11.2 Protection and Destruction of Confidential Information

(a) Each party must use the same care to prevent unauthorized disclosure of Confidential Information as it uses to prevent disclosure of its own information of a similar nature, but in no event less than a reasonable degree of care. Neither the Contractor nor the State will: (i) make any use of the Confidential Information of the other except as contemplated by the Contract; (ii) acquire any interest or license in or assert any lien against the Confidential Information of the other; or (iii) if requested to do so, refuse for any reason to promptly return the other party's Confidential Information.

(b) Each party will limit disclosure of the other party's Confidential Information to employees, agents, and Subcontractors who must have access to fulfill the purposes of the Contract. Disclosure to, and use by, a Subcontractor is permissible where: (i) use of a Subcontractor is authorized under the Contract; (ii) the disclosure is necessary or otherwise naturally occurs in connection with work that is within the Subcontractor's scope of responsibility; and (iii) Contractor obligates the Subcontractor in a written contract to maintain the State's Confidential Information in confidence. At the State's request, any employee of Contractor and of any Subcontractor having access to the State's Confidential Information may be required to execute a separate agreement to be bound by the confidentiality requirements of this Section.

(c) Upon termination of the Contract, Contractor must promptly return the State's Confidential Information or certify to the State that Contractor has destroyed all of the State's Confidential Information.

2.11.3 Exclusions

The provisions of Section 2.11, Confidentiality, will not apply where the receiving party is required by law to disclose the other party's Confidential Information, provided that the receiving party: (i) promptly provides the furnishing party with notice of the legal request; and (ii) assists the furnishing party in resisting or limiting the scope of the disclosure as reasonably requested by the furnishing party.

2.11.4 No Obligation to Disclose

Nothing contained in Section 2.11, Confidentiality, will be construed as obligating a party to disclose any particular Confidential Information to the other party.

2.11.5 Security Breach Notification

If Contractor breaches this Section, it must (i) promptly cure any deficiencies in Contractor's internal security controls; and (ii) comply with any applicable federal and state laws and regulations pertaining to unauthorized disclosures. Contractor and the State will cooperate to mitigate, to the extent practicable, the effects of any breach, intrusion, or unauthorized access, use, or disclosure. Contractor must notify the State of any unauthorized use or disclosure of Confidential Information, whether suspected or actual, within 10 days of becoming aware of the use or disclosure or a shorter time period as is reasonable under the circumstances. The State may require Contractor to purchase credit monitoring services for any individuals affected by the breach.

2.12 Records and Inspections

2.12.1 Inspection of Work Performed

The State's authorized representatives, at reasonable times and with 10 days prior notice, have the right to enter the Contractor's premises or any other places where work is being performed in relation to the Contract. The representatives may inspect, monitor, or evaluate the work being performed, to the extent the access will not reasonably interfere with or jeopardize the safety or operation of Contractor's systems or facilities. The Contractor must provide reasonable assistance for the State's representatives during inspections.

2.12.2 Retention of Records

(a) The Contractor must retain all financial and accounting records related to the Contract for a period of seven years after the Contractor performs any work under the Contract (Audit Period).

(b) If an audit, litigation, or other action involving the Contractor's records is initiated before the end of the Audit Period, the Contractor must retain the records until all issues arising out of the audit, litigation, or other action are resolved or until the end of the Audit Period, whichever is later.

2.12.3 Examination of Records

The State, upon 10 day notice to the Contractor, may examine and copy any of the Contractor's records that relate specifically to the Contract. The State does not have the right to review any information deemed confidential by the Contractor if access would require the information to become publicly available. This requirement also applies to the records of any parent, affiliate, or subsidiary organization of the Contractor, or any Subcontractor that performs services in connection with the Contract.

2.12.4 Audit Resolution

If necessary, the Contractor and the State will meet to review any audit report promptly after its issuance. The Contractor must respond to each report in writing within 30 days after receiving the report, unless the report specifies a shorter response time. The Contractor and the State must develop, agree upon, and monitor an action plan to promptly address and resolve any deficiencies, concerns, or recommendations in the report.

2.12.5 Errors

(a) If an audit reveals any financial errors in the records provided to the State, the amount in error must be reflected as a credit or debit on the next invoice and subsequent invoices until the amount is paid or refunded in full. However, a credit or debit may not be carried forward for more than four invoices or beyond the termination of the Contract. If a balance remains after four invoices, the remaining amount will be due as a payment or refund within 45 days of the last invoice on which the balance appeared or upon termination of the Contract, whichever is earlier.

(b) In addition to other available remedies, if the difference between the State's actual payment and the correct invoice amount, as determined by an audit, is greater than 10%, the Contractor must pay all reasonable audit costs.

2.13 Warranties

2.13.1 Warranties and Representations

The Contractor represents and warrants:

(a) It is capable of fulfilling and will fulfill all of its obligations under the Contract.

(b) The Contract signatory has the authority to enter into the Contract on behalf of the Contractor.

(c) It is qualified and registered to transact business in all locations where required.

(d) Neither the Contractor nor any affiliates, nor any employee of either, has, will have, or will acquire, any interest that would conflict in any manner with the Contractor's performance of its duties and responsibilities to the State or otherwise create an appearance of impropriety with respect to the award or performance of the Contract. The Contractor must notify the State about the nature of any conflict or appearance of impropriety within two days of learning about it.

(e) Neither the Contractor nor any affiliates, nor any employee of either, has accepted or will accept anything of value based on an understanding that the actions of the Contractor, its affiliates, or its employees on behalf of the State would be influenced. The Contractor must not attempt to influence any State employee by the direct or indirect offer of anything of value.(f) Neither the Contractor nor any affiliates, nor any employee of either, has paid or agreed to pay any person, other than bona fide employees and consultants working solely for the Contractor or the affiliate, any fee, commission, percentage, brokerage fee, gift, or any other consideration, contingent upon or resulting from the award or making of the Contract.

2.13.2 Warranty of Merchantability

The Deliverable(s) provided by the Contractor must be merchantable.

2.13.3 Warranty of Fitness for a Particular Purpose

The Deliverable(s) provided by the Contractor must be fit for the purpose(s) identified by the manufacturer.

2.13.4 Warranty of Title

The Contractor must convey good title to any Deliverable(s) provided to the State. All Deliverable(s) provided by the Contractor must be delivered free from any security interest, lien, or encumbrance of which the State, at the time of contracting, has no knowledge. Deliverable(s) provided by the Contractor must be delivered free of any rightful claim of infringement by any third person.

2.13.5 Equipment Warranty

Manufacturer Warranties apply for any product purchased from the Contract (See Section 1.6.4).

2.13.6 New Deliverable(s) - Deleted, Not Applicable

2.13.7 Prohibited Products - Deleted, Not Applicable

2.13.8 Consequences For Breach

In addition to any remedies available in law, if the Contractor breaches any of the warranties contained in Section 2.13, Warranties, the breach may be considered a material default.

2.14 Insurance

See US Communities/Maricopa County Contract, section 6.2 Insurance Requirements, (Attachment D)

2.14.2 Subcontractor Insurance Coverage - Deleted, Not Applicable

2.14.3 Certificates of Insurance and Other Requirements

See US Communities/Maricopa County contract Insurance Section 6.2.12 (Attachment D)

2.15 Indemnification

2.15.1 General Indemnification

To the extent permitted by law, the Contractor must indemnify, defend, and hold the State harmless from liability, including all claims and losses, and all related costs and expenses (including reasonable attorneys' fees and costs of investigation, litigation, settlement, judgments, interest and penalties), accruing or resulting to any person, firm, or corporation that may be injured or damaged by the Contractor in the performance of the Contract and that are attributable to the negligence or tortious acts of the Contractor, any of its subcontractors, or by anyone else for whose acts any of them may be liable.

2.15.2 Code Indemnification Deleted, Not Applicable

2.15.3 Employee Indemnification

In any claims against the State, its departments, agencies, commissions, officers, employees, and agents, by any employee of the Contractor or any of its subcontractors, the indemnification obligation will not be limited in any way by the amount or type of damages, compensation, or benefits payable by or for the Contractor or any of its subcontractors under worker's disability compensation acts, disability benefit acts, or other employee benefit acts. The indemnification clause is intended to be comprehensive. Any overlap in provisions, or the fact that greater specificity is provided as to some categories of risk, is not intended to limit the scope of indemnification under any other provisions.

2.15.4 Patent/Copyright Infringement Indemnification

(a) To the extent permitted by law, the Contractor must indemnify and hold the State harmless from liability, including all claims and losses, and all related costs and expenses (including reasonable attorneys' fees and costs of investigation, litigation, settlement, judgments, interest, and penalties) resulting from any action threatened or brought against the State to the extent that the action is based on a claim that any piece of equipment, software, commodity, or service supplied by the Contractor or its subcontractors, or its operation, use, or reproduction, infringes any United States patent, copyright, trademark or trade secret of any person or entity.

(b) If, in the State's or the Contractor's opinion, any piece of equipment, software, commodity or service supplied by the Contractor or its subcontractors, or its operation, use, or reproduction, is likely to become the subject of an infringement claim, the Contractor must, at its expense: (i) procure for the State the right to continue using the equipment, software, commodity or service or, if the option is not reasonably available to the Contractor; (ii) replace or modify to the State's satisfaction the same with equipment, software, commodity or service of equivalent function and performance so that it becomes non-infringing, or, if this option is not reasonably available to Contractor; (iii) accept its return by the State with appropriate credits to the State against the Contractor's charges and reimburse the State for any losses or costs incurred as a consequence of the State ceasing its use and returning it.

(c) Notwithstanding the foregoing, the Contractor has no obligation to indemnify or defend the State for, or to pay any costs, damages or attorneys' fees related to, any infringement claim based upon: (i) equipment, software, commodity or service developed based on written specifications of the State; (ii) use of the equipment, software, or commodity in a configuration other than implemented or approved by the Contractor, including any modification of the same by the State; or (iii) the combination, operation, or use of the equipment, software, or commodity with equipment, software, or commodities not supplied by the Contractor under the Contract.

2.15.5 Continuing Obligation

The Contractor's duty to indemnify under Section 2.15, Indemnification, continues in full force and effect, notwithstanding the expiration or early cancellation of the Contract, with respect to any claims based on facts or conditions that occurred before expiration or cancellation.

2.15.6 Indemnification Procedures

These procedures apply to all indemnity obligations:

(a) After the State receives notice of an action or proceeding involving a claim for which it will seek indemnification, the State must promptly notify the Contractor of the claim and take, or assist the Contractor in taking, any reasonable action to avoid a default judgment against the Contractor. Failure to notify the Contractor does not relieve the Contractor of its indemnification obligations except to the extent that the Contractor can prove damages attributable to the notification failure. Within 10 days following receipt of notice from the State relating to any claim, the Contractor must notify the State whether the Contractor agrees to assume control of the defense and settlement of that claim (a "Notice of Election"). After notifying the Contractor of a claim and before the State receives the Contractor's Notice of Election, the State is entitled to defend against the claim, at the Contractor's expense, and the Contractor will be responsible for any reasonable costs, including attorney fees, incurred by the State in defending against the claim during that period.

(b) If the Contractor delivers a Notice of Election relating to any claim: (i) the State is entitled to participate in the defense of the claim and to employ counsel at its own expense to assist in handling the claim and to monitor and advise the State about the status and progress of the defense; (ii) the Contractor must, at the request of the State, demonstrate the Contractor's financial ability to carry out its defense and indemnity obligations under the Contract; (iii) the Contractor must periodically advise the State about the status and progress of the defense and must obtain prior approval of the State before entering into any settlement of the claim or ceasing to defend against the claim; and (iv) to the extent that any principles of Michigan governmental or public law may be involved or challenged, the State has the right, at its own expense, to control the defense of that portion of the claim. The State may retain control of the defense and settlement of a claim by notifying the Contractor within 10 days after the State's receipt of the Contractor's information requested by the State under clause (ii) of this paragraph, if the State determines that the Contractor has failed to demonstrate to the reasonable satisfaction of the State the Contractor's financial ability to carry out its defense and indemnity obligations under this Section. Any litigation activity on behalf of the State, or any of its subdivisions under this Section, must be coordinated with the Department of Attorney General. In the event the insurer's attorney represents the State under this Section, the insurer's attorney may be required to be designated as a Special Assistant Attorney General by the Attorney General of the State of Michigan.

(c) If the Contractor does not deliver a Notice of Election relating to any claim of which it is notified, the State may defend the claim in a manner it deems appropriate, at the cost and expense of the Contractor. If it is determined that the claim was one against which the Contractor was required to indemnify the State, upon request of the State, the Contractor must promptly reimburse the State for all reasonable costs and expenses.

2.15.7 Limitation of Liability

Neither the Contractor nor the State is liable to each other, regardless of the form of action, for consequential, incidental, indirect, or special damages. This limitation of liability does not apply to claims for infringement of United States patent, copyright, trademark or trade secrets; to claims for personal injury or damage to property caused by the gross negligence or willful misconduct of the Contractor; to claims covered by other specific provisions of the Contract calling for liquidated damages; or to court costs or attorneys' fees awarded by a court in addition to damages after litigation based on the Contract.

2.16 Termination by the State

2.16.1 Notice and Right to Cure

If the Contractor breaches the Contract, and the State, in its sole discretion, determines that the breach is curable, the State will provide the Contractor notice of the breach and a period of at least 30 days to cure the breach. The State does not need to provide notice or an opportunity to cure for successive or repeated breaches or if the State determines, in its sole discretion, that a breach poses a serious and imminent threat to the health or safety of any person or the imminent loss, damage, or destruction of any real or tangible personal property.

2.16.2 Termination for Cause

(a) The State may fully or partially terminate the Contract for cause by notifying the Contractor if the Contractor: (i) breaches any of its material duties or obligations (including a Chronic Failure to meet any SLA); or (ii) fails to cure a breach within the time period specified in a notice of breach provided by the State.

(b) If the State partially terminates the Contract for cause, any charges payable to the Contractor will be equitably adjusted to reflect those Deliverable(s) that are terminated. The State must pay for all Deliverable(s) for which Final Acceptance has been granted before the termination date. Any services or related provisions of the Contract that are terminated for cause must cease on the effective date of the termination.

(c) If the State terminates the Contract for cause and it is determined, for any reason, that the Contractor was not in breach of the Contract, the termination will be deemed to have been a termination under Section 2.16.3, Termination for Convenience, effective as of the same date, and the rights and obligations of the parties will be limited to those provided in that Section.

2.16.3 Termination for Convenience

The State may fully or partially terminate the Contract for its convenience if the State determines that a termination is in the State's best interest. Reasons for the termination are within the sole discretion of the State and may include: (a) the State no longer needs the Deliverable(s) specified in the Contract; (b) a relocation of office, program changes, or changes in laws, rules, or regulations make the Deliverable(s) no longer practical or feasible for the State; (c) unacceptable prices for Contract changes; or (d) falsification or misrepresentation, by inclusion or non-inclusion, of information material to a response to any RFP issued by the State. The State may terminate the Contract for its convenience by giving Contractor notice at least 30 days before the date of termination. If the State chooses to terminate the Contract in part, any charges payable to the Contractor must be equitably adjusted to reflect those Deliverable(s) that are terminated.

2.16.4 Termination for Non-Appropriation

(a) If the Contract extends for more than one fiscal year, continuation of the Contract is subject to the appropriation or availability of funds. If sufficient funds to enable the State to continue payment are not appropriated or otherwise made available, the State must fully or partially terminate the Contract at the end of the last period for which funds have been appropriated or otherwise made available The State must give the Contractor notice at least 30 days before the date of termination, unless the State receives notice of the non-appropriation or unavailability less than 30 days before the end of the last period for which funds have been appropriated or otherwise made available.

(b) If funding for the Contract is reduced by law, or funds to pay the Contractor for the Deliverable(s) are not appropriated or are otherwise unavailable, the State may, upon 30 days notice to the Contractor, change the Deliverable(s) in the manner and for the periods of time the State may elect. The charges payable under the Contract will be equitably adjusted to reflect any Deliverable(s) not provided because of the reduction.

(c) If the State fully or partially terminates the Contract for non-appropriation, the State must pay the Contractor for all work-in-progress performed through the effective date of the termination to the extent funds are available.

2.16.5 Termination for Criminal Conviction

The State may terminate the Contract immediately and without further liability or penalty if the Contractor, an officer of the Contractor, or an owner of a 25% or greater share of the Contractor is convicted of a criminal offense related to a State, public, or private Contract or subcontract.

2.16.6 Termination for Approvals Rescinded

The State may terminate the Contract if any final administrative or judicial decision or adjudication disapproves a previously approved request for purchase of personal services under Constitution 1963, Article 11, § 5, and Civil Service Rule 7-1. In that case, the State will pay the Contractor for all work-in-progress performed through the effective date of the termination. The Contract may be fully or partially terminated and will be effective as of the date stated in the notice.

2.16.7 Rights and Obligations upon Termination

(a) If the State terminates the Contract for any reason, the Contractor must:

(i) stop all work as specified in the notice of termination;

(ii) take any action that may be necessary, or that the State may direct, to preserve and protect Deliverable(s) or other State property in the Contractor's possession;

(iii) return all materials and property provided directly or indirectly to the Contractor by any entity, agent, or employee of the State;

(iv) transfer title in and deliver to the State, unless otherwise directed, all Deliverable(s) intended to be transferred to the State at the termination of the Contract (which will be provided to the State on an "As-Is" basis except to the extent the State compensated the Contractor for warranty services related to the materials);

(v) to the maximum practical extent, take any action to mitigate and limit potential damages, including terminating or limiting subcontracts and outstanding orders for materials and supplies; and

(vi) take all appropriate action to secure and maintain State information confidentially in accordance with Section 2.11, Confidentiality.

(b) If the State terminates the Contract under Section 2.16.3, Termination for Convenience, the State must pay the Contractor all charges due for Deliverable(s) provided before the date of termination and, if applicable, as a separate item of payment, for work-in-progress, based on a percentage of completion determined by the State. All completed or partially completed Deliverable(s) prepared by the Contractor, at the option of the State, become the State's property, and the Contractor is entitled to receive equitable compensation for those Deliverable(s). Regardless of the basis for the termination, the State is not obligated to pay or otherwise compensate the Contractor for any lost expected future profits, costs, or expenses incurred with respect to Deliverable(s) not actually completed.

(c) If the State terminates the Contract for any reason, the State may assume, at its option, any subcontracts and agreements for Deliverable(s), and may pursue completion of the Deliverable(s) by replacement contract or as the State deems expedient.

2.16.8 Reservation of Rights

In the event of any full or partial termination of the Contract, each party reserves all rights or remedies otherwise available to the party.

2.16.9 Contractor Transition Responsibilities

If the Contract terminates under Section 2.16, Termination by the State, the Contractor must make reasonable efforts to transition the performance of the work, including all applicable equipment, services, software, and leases, to the State or a third party designated by the State within a reasonable period of time that does not exceed 30 days from the date of termination. The Contractor must provide any required reports and documentation.

2.16.10 Transition Payments (Deleted, Not Applicable)

2.17 Termination by the Contractor

2.17.1 Termination

If the State breaches the Contract and the Contractor, in its sole discretion, determines that the breach is curable, then the Contractor will provide the State with notice of the breach and a time period (not less than 30 days) to cure the breach.

The Contractor may terminate the Contract if the State: (a) materially breaches its obligation to pay the Contractor undisputed amounts due; (b) breaches its other obligations to an extent that makes it impossible or commercially impractical for the Contractor to complete the Deliverable(s); or (c) does not cure the breach within the time period specified in a notice of breach. The Contractor must discharge its obligations under Section 2.20, Dispute Resolution, before it terminates the Contract.

2.18 Stop Work - Deleted, Not Applicable

2.19 Reserved

2.20 Dispute Resolution

2.20.1 General

(a) The Contractor must submit any claim related to the Contract to the State under Section 2.3.6, Notices, together with all supporting documentation for the claim.

(b) The representatives of the Contractor and the State must meet as often as the parties reasonably deem necessary to gather and furnish to each other all information related to the claim.

(c) During the course of negotiations, each party will honor all reasonable requests made by the other for non-privileged information reasonably related to the claim.

2.20.2 Informal Dispute Resolution

(a) If, after a reasonable time following submission of a claim under Section 2.20.1, General, the parties are unable to resolve the claim, the parties must meet with the Director of DTMB-Purchasing Operations, or his or her designee, for the purpose of attempting to resolve the dispute without the need for formal legal proceedings.

(b) Within 60 calendar days of the meeting with the Director of DTMB-Purchasing Operations, or such other time as agreed to by the parties, the Director of DTMB-Purchasing Operations will issue a written recommendation regarding settlement of the claim. The Contractor must notify DTMB-Purchasing Operations within 21 days after the recommendation is issued whether the Contractor accepts or rejects the recommendation. Acceptance by the Contractor constitutes the final resolution of the claim addressed in the recommendation, and the Contractor may not assert that claim in any future litigation or other proceeding between the parties.

(c) The recommendation of the Director of DTMB-Purchasing Operations is not admissible in any future litigation or other proceeding between the parties. The conduct and statements made during the course of negotiations or dispute resolution under Section 2.20, Dispute Resolution, are subject to Michigan Rule of Evidence 408 and are not admissible in any future litigation or other proceeding between the parties.

(d) The section will not be construed to prohibit either party from instituting formal proceedings to avoid the expiration of any applicable limitations period, to preserve a superior position with respect to other creditors, or under Section 2.20.3, Injunctive Relief.

(e) DTMB-Purchasing Operations will not mediate disputes between the Contractor and any other entity, except State agencies, concerning responsibility for performance of work.

2.20.3 Injunctive Relief

A claim between the State and the Contractor is not subject to the provisions of Section 2.20.2, Informal Dispute Resolution, where a party makes a good faith determination that a breach of the Contract by the other party will result in damages so immediate, so large or severe, and so incapable of adequate redress that a temporary restraining order or other injunctive relief is the only adequate remedy.

2.20.4 Continued Performance

Each party will continue performing its obligations under the Contract while a claim is being resolved, except to the extent the claim precludes performance and without limiting either party's right to terminate the Contract as provided in Section 2.16, Termination by the State or Section 2.17, Termination by the Contractor. A claim involving payment does not preclude performance.

2.21 Disclosure Responsibilities

2.21.1 Disclosure of Litigation

(a) Within 30 days after receiving notice of any litigation, investigation, arbitration, or other proceeding (collectively, "Proceeding") that arises during the term of the Contract, the Contractor must disclose the following to the Contract Administrator:

(i) A criminal Proceeding involving the Contractor (or any Subcontractor) or any of its officers or directors;

(ii) A parole or probation Proceeding;

(iii) A Proceeding involving the Contractor (or any Subcontractor) or any of its officers or directors under the Sarbanes-Oxley Act; and

(iv) A civil Proceeding to which the Contractor (or, if the Contractor is aware, any Subcontractor) is a party, and which involves (A) a claim that might reasonably be expected to adversely affect the viability or financial stability of the Contractor or any Subcontractor; or (B) a claim or written allegation of fraud against the Contractor (or, if the Contractor is aware, any Subcontractor) by a governmental or public entity arising out of the Contractor's business dealings with governmental or public entities.

(b) Information provided to the State from the Contractor's publicly filed documents will satisfy the requirements of this Section.

(c) If any Proceeding that is disclosed to the State or of which the State otherwise becomes aware, during the term of this Contract, would cause a reasonable party to be concerned about: (i) the ability of the Contractor (or a Subcontractor) to continue to perform this Contract; or (ii) whether the Contractor (or a Subcontractor) is engaged in conduct that is similar in nature to the conduct alleged in the Proceeding and would constitute a breach of the Contract or a violation of federal or state law, regulations, or public policy, then the Contractor must provide the State all requested reasonable assurances that the Contractor and its Subcontractors will be able to continue to perform the Contract.

2.21.2 Other Disclosures

The Contractor must notify DTMB-Purchasing Operations within 30 days of:

(a) becoming aware that a change in the Contractor's ownership or officers has occurred or is certain to occur; or

(b) any changes to company affiliations.

2.21.3 Call Center Disclosure - Deleted, Not Applicable

2.22 Extended Purchasing

2.22.1 MiDEAL Requirements

(a) The Contractor must ensure that all purchasers are MiDEAL Members before extending the Contract pricing.

(b) The Contractor must submit quarterly reports of MiDEAL purchasing activities to DTMB-Purchasing Operations.

(c) To the extent that MiDEAL Members purchase Deliverable(s) under the Contract, the quantities of Deliverable(s) purchased will be included in determining the appropriate rate wherever tiered pricing based on quantity is provided.

(d) The Contractor must submit invoices to and receive payment from MiDEAL Members on a direct and individual basis.

2.22.2 Rebate

As stated within the US Communities/Maricopa County contract, Exhibit A Pricing section 1.0 (Attachment D) the Contractor will remit a rebate on all sales (State and MiDEAL) transacted under the Contract. The rebate structure is defined as follows:

1% Annual Rebate on purchases of $10,000 to $25,000
2% Annual Rebate on purchases of $25,000 to $100,000
3% Annual Rebate on purchases of over $100,000

The Contractor will remit the rebate within 90 days after calendar year end.

The Contractor must send the check to the following address:

Department of Technology, Management and Budget
Financial Services – Cashier Unit
Lewis Cass Building
320 South Walnut St.
P.O. Box 30681
Lansing, MI 48909

2.22.3 State Employee Purchase Requirement - Deleted, Not Applicable

2.23 Laws

2.23.1 Governing Law

The Contract is governed by, and construed according to, the substantive laws of the State of Michigan without regard to any Michigan choice of law rules that would apply the substantive law of another jurisdiction to the extent not inconsistent with or preempted by federal law.

2.23.2 Compliance with Laws

The Contractor must comply with all applicable federal, state, and local laws and ordinances in providing the Deliverable(s).

2.23.3 Jurisdiction

Any dispute arising from the Contract must be resolved in the State of Michigan. With respect to any claim between the parties, the Contractor consents to venue in Ingham County, Michigan, and irrevocably waives any objections to this venue that it may have, such as lack of personal jurisdiction or *forum non convenes.* The Contractor must appoint agents in the State of Michigan to receive service of process.

2.23.4 Nondiscrimination

In the performance of the Contract, the Contractor agrees not to discriminate against any employee or applicant for employment, with respect to his or her hire, tenure, terms, conditions or privileges of employment, or any matter directly or indirectly related to employment, because of race, color, religion, national origin, ancestry, age, sex, height, weight, marital status, or physical or mental disability. The Contractor further agrees that every subcontract entered into for the performance of the Contract will contain a provision requiring non-discrimination in employment, as specified here, binding upon each Subcontractor. This covenant is required under the Elliott-Larsen Civil Rights Act, 1976 PA 453, MCL 37.2101, *et seq.*, and the Persons with Disabilities Civil Rights Act, 1976 PA 220, MCL 37.1101, *et seq.*, and any breach of this provision may be regarded as a material breach of the Contract.

2.23.5 Unfair Labor Practices

Under 1980 PA 278, MCL 423.321, *et seq.*, the State must not award a Contract or subcontract to an employer whose name appears in the current register of employers failing to correct an unfair labor practice compiled under MCL 423.322. This information is compiled by the United States National Labor Relations Board. A Contractor of the State, in relation to the Contract, must not enter into a contract with a Subcontractor, manufacturer, or supplier whose name appears in this register. Under MCL 423.324, the State may void any Contract if, after award of the Contract, the name of the Contractor as an employer or the name of the Subcontractor, manufacturer or supplier of the Contractor appears in the register.

2.23.6 Environmental Provision - Deleted, Not Applicable

2.23.7 Freedom of Information

The Contract and all information submitted to the State by the Contractor is subject to the Michigan Freedom of Information Act (FOIA), 1976 PA 442, MCL 15.231, *et seq.*

2.23.8 Workplace Safety and Discriminatory Harassment - Deleted, Not Applicable

2.23.9 Prevailing Wage - Deleted, Not Applicable

2.23.10 Abusive Labor Practices

The Contractor may not furnish any Deliverable(s) that were produced fully or partially by forced labor, convict labor, forced or indentured child labor, or indentured servitude.

"Forced or indentured child labor" means all work or service (1) exacted from any person under the age of 18 under the menace of any penalty for its nonperformance and for which the worker does not offer himself voluntarily; or (2) performed by any person under the age of 18 under a contract the enforcement of which can be accomplished by process or penalties.

2.24 General Provisions

2.24.1 Bankruptcy and Insolvency

The State may, without prejudice to any other right or remedy, fully or partially terminate the Contract and, at its option, take possession of the work-in-progress and finish the work-in-progress by whatever method the State deems appropriate if:

(a) the Contractor files for bankruptcy protection;
(b) an involuntary petition is filed against the Contractor and not dismissed within 30 days;
(c) the Contractor becomes insolvent or a receiver is appointed due to the Contractor's insolvency;
(d) the Contractor makes a general assignment for the benefit of creditors; or
(e) the Contractor or its affiliates are unable to provide reasonable assurances that the Contractor or its affiliates can provide the Deliverable(s) under the Contract.

Contractor will place appropriate notices or labels on the work-in-progress to indicate ownership by the State. To the extent reasonably possible, work-in-progress must be stored separately from other stock and marked conspicuously with labels indicating State ownership.

2.24.2 Media Releases

News releases (including promotional literature and commercial advertisements) pertaining to the RFP and the Contract or the project to which it relates will not be made without prior approval by the State, and only in accordance with the instructions from the State.

2.24.3 Contract Distribution

DTMB-Purchasing Operations retains the sole right of Contract distribution to all State agencies and local units of government unless other arrangements are authorized by DTMB-Purchasing Operations.

2.24.4 Permits

Contractor must obtain and pay any associated costs for all required governmental permits, licenses, and approvals for the delivery, installation, and performance of the Contract.

2.24.5 Website Incorporation

The State is not bound by any content on the Contractor's website unless incorporated directly into the Contract.

2.24.6 Future Bidding Preclusion - Deleted, Not Applicable

2.24.7 Antitrust Assignment

The Contractor assigns to the State any claim for overcharges resulting from state or federal antitrust violations to the extent that those violations concern materials or services supplied by third parties toward fulfillment of the Contract.

2.24.8 Disaster Recovery - Deleted, Not Applicable

2.24.9 Legal Effect

The State is not liable for costs incurred by the Contractor or for payment(s) under the Contract until the Contractor is authorized to perform under Section 1.2.4, Ordering.

2.24.10 Entire Agreement

The Contract constitutes the entire agreement between the parties and supersedes all prior agreements, whether written or oral, with respect to the subject matter. All attachments referenced in the Contract are incorporated in their entirety and form part of the Contract.

2.24.11 Order of Precedence

Any inconsistency in the terms associated with the Contract will be resolved by giving precedence to the terms in the following descending order:

(a) Mandatory sections (2.1.1, Contract Term, 2.24.9, Legal Effect, 2.2.2, Payment Deadlines, 2.14, Insurance, 2.15, Indemnification, 2.16, Termination, 2.23, Governing Law, 2.15.7, Limitation of Liability) identified herein;

(b) The most recent Statement of Work related to the Contract;

(c) All sections from Article 2 - Terms and Conditions, not listed in subsection (a);

(d) Any attachment or exhibit to the Contract documents;

(e) Any Purchase Order, Direct Voucher, or Procurement Card Order issued under the Contract; and

(f) Bidder Responses contained in any of the RFP documents.

2.24.12 Headings

The captions and section headings used in the Contract are for convenience only and may not be used to interpret the scope and intent of the Contract.

2.24.13 Form, Function and Utility

If the Contract is for statewide use, but the Deliverable(s) does not the meet the form, function, and utility required by a State agency, that agency may, subject to State purchasing policies, procure the Deliverable(s) from another source.

2.24.14 Reformation and Severability

Each provision of the Contract is severable from all other provisions of the Contract. If any provision of the Contract is held unenforceable, then the Contract will be modified to reflect the parties' original intent. All remaining provisions of the Contract remain in full force and effect.

2.24.15 Approval

Unless otherwise provided in the Contract, approval(s) must be in writing and must not be unreasonably withheld or delayed.

2.24.16 No Waiver of Default

Failure by a party to insist upon strict adherence to any term of the Contract does not waive that party's right to later insist upon strict adherence to that term, or any other term, of the Contract.

2.24.17 Survival

The provisions of the Contract that impose continuing obligations, including warranties, indemnification, and confidentiality, will survive the expiration or termination of the Contract.

Attachment A
Product Categories

1. Lumber
2. Building Materials
3. Flooring
4. Paint
5. Tools
6. Plumbing
7. Electrical
8. Lighting
9. Garden/Cleaning Supplies
10. Kitchen & Bath Appliances
11. Millwork (windows and doors)
12. Window Treatments

NOTE: The State or the Contractor may propose changes to the Contract. During the course of ordinary business, it may become necessary for the State to add or discontinue certain product categories under the Contract. No proposed change may be performed until DTMB Procurement issues a duly executed Contract Change Notice for the proposed change. It is the State's responsibility regarding procurement of any product group under this agreement.

Attachment C, Participating Addendum

Participating Addendum to
U.S. Communities Purchasing Alliance / Maricopa County, Phoenix, AZ
Contract Number 11019 Between Home Depot U.S.A., Inc
And
State of Michigan, Contract Number: 071B2200178

1. Scope:

   Within the State of Michigan, state facilities, counties, cities and any political sub-division or any entity funded in part with tax dollars are eligible purchasers and authorized to purchase products and services under the terms of this price agreement, in lieu of conducting a separate competitive selection process. These purchases will be made by the State at the Home Depot stores. Home Depot will sell products to Company based upon the everyday low retail price available at the time of purchase and the incentives identified the US Communities contract.

2. Changes:
   a.) Prices are to be FOB Origin at local Home Depot stores, with delivery charges on a case-by-case basis. Title to goods and the risk of loss / damage transfers from seller to buyer upon transaction. A form of payment is required at the time of transaction.

   b.) This agreement shall be governed by the laws of the State of Michigan. Venue for any claims, disputes, or action concerning an order placed under this contract shall be in the State of Michigan.

   c.) The contractor shall upon request provide an electronic detailed yearly report on all sales based upon registered accounts made against this agreement within the State of Michigan to the State's primary contact below and based upon registered purchasers' information identified by the registrant under this agreement. The report file format shall be Microsoft Excel compatible format. The reports may include the customer name and address (based upon registrants input information), product description, quantity, unit and extended prices.

3. Primary contact:

   The primary participating entity contact, for participation by "Customers" as defined in Scope above, for this participating addendum is as follows:

Participating Entity Name:	State of Michigan
Contact Name:	Klatra Pickett
Address:	Stevens T. Mason Building-2nd Floor 530 West Allegan Street P.O. Box 30026 Lansing, MI 48909
Telephone:	(517)-335-0046
Fax:	(517) 335-0046
E-mail:	pickettk@michigan.gov

The primary contractor contact for this participating addendum is as follows:

Contractor:	Home Depot U.S.A. Inc.
Contact name:	Richard Nyberg
Address:	2455 Paces Ferry Rd NW Atlanta, GA 30339
Telephone:	770-384-3772
Fax:	770-384-2229
E-Mail	richard_nyberg@homedepot.com
EIN Number:	58-1853319

This Addendum and the US Communities contract together with its exhibits/addendums, set forth the entire agreement between the parties with respect to the subject matter of all previous communications, representations or agreements, whether oral or written respect to the subject matter hereof. Terms and conditions inconsistent with, contrary or in addition to the terms and conditions of this Addendum and the Price Agreement, together with it exhibits shall not be added to or incorporated into this Addendum or the Price Agreement and its exhibits, by any subsequent purchase order or otherwise, and any such attempts to add or incorporate such terms and conditions are hereby rejected. The terms and conditions of this Addendum and the US Communities contract shall prevail and govern in the case of any such inconsistent or additional terms. This agreement shall consist of the following component parts:

- This Instrument;
- Maricopa County Contract 11019 in association with U. S. Communities effective 8/1/11;

This instrument, together with the other documents enumerated above, which said documents are as fully a part of this Agreement as if hereto attached or herein repeated, form the Agreement. In the event that any provision or any component part of this Agreement conflicts with any provision of any other component part, the provision of the component part first enumerated in this section above shall govern, except as otherwise specifically stated.

IN WITNESS WHEREOF, the parties have executed this Addendum as of the date of execution by Contractor below.

Attachment D, U.S. Communities Contract Information

CONTRACT PURSUANT TO RFP

SERIAL 11019-RFP

This Contract is entered into this sixth (6th) day of July, 2011 by and between Maricopa County ("County"), a political subdivision of the State of Arizona, and Home Depot U.S.A. Inc, a Delaware corporation ("Contractor") for the purchase of Retail Maintenance, Repair and Operating (MRO) commodities and related services.

1.0 CONTRACT TERM:

1.1 This Contract is for a term of three (3) years, beginning on the first (1st) day of August, 2011 and ending the thirty-first (31st) day of July, 2014.

1.2 The County may, at its option and with the agreement of the Contractor, renew the term of this Contract for additional terms up to a maximum of three (3) years, (or at the County's sole discretion, extend the contract on a month-to-month bases for a maximum of six (6) months after expiration). The County shall notify the Contractor in writing of its intent to extend the Contract term at least thirty (30) calendar days prior to the expiration of the original contract term, or any additional term thereafter.

2.0 FEE ADJUSTMENTS:

Retail prices or discounts off marked prices at point-of-sale (POS) are permitted to be adjusted once per calendar year after the initial award, in conjunction with the Contractor's annual catalog publication date.

Any requests for other reasonable pricing adjustments shall be submitted sixty (60) days prior to the catalog publication date. If County agrees to the adjusted discounts, County shall issue written approval of the changes.

3.0 PAYMENTS:

3.1 As consideration for performance of the duties described herein, County shall pay Contractor the sums stated in Exhibit "A."

3.2 For non-procurement card transactions, payment shall be made upon the County's receipt of a properly completed invoice.

3.3 INVOICES (NON-PROCUREMENT CARD TRANSACTIONS):

3.3.1 The Contractor shall submit detailed invoice before payment(s) can be made. At a minimum, the invoice must provide the following information:

- Company name, address and contact
- County bill-to name and contact information
- Contract serial number
- County purchase order number

- Invoice number and date
- Payment terms
- Date of service or delivery
- Quantity
- Description of service provided
- Pricing per unit of service
- Freight (if applicable)
- Extended price
- Total Amount Due

3.3.2 Problems regarding billing or invoicing shall be directed to the County as listed on the Purchase Order.

3.3.3 Payment shall be made to the Contractor by Accounts Payable through the Maricopa County Vendor Express Payment Program. This is an Electronic Funds Transfer (EFT) process. After Contract Award the Contractor shall complete the Vendor Registration Form located on the County Department of Finance Vendor Registration Web Site (www.maricopa.gov/finance/vendors).

3.3.4 EFT payments to the routing and account numbers designated by the Contractor will include the details on the specific invoices that the payment covers. The Contractor is required to discuss remittance delivery capabilities with their designated financial institution for access to those details.

4.0 AVAILABILITY OF FUNDS:

4.1 The provisions of this Contract relating to payment for services shall become effective when funds assigned for the purpose of compensating the Contractor as herein provided are actually available to County for disbursement. The County shall be the sole judge and authority in determining the availability of funds under this Contract. County shall keep the Contractor fully informed as to the availability of funds.

4.2 If any action is taken by any state agency, Federal department or any other agency or instrumentality to suspend, decrease, or terminate its fiscal obligations under, or in connection with, this Contract, County may amend, suspend, decrease, or terminate its obligations under, or in connection with, this Contract. In the event of termination, County shall be liable for payment only for services rendered prior to the effective date of the termination, provided that such services are performed in accordance with the provisions of this Contract. County shall give written notice of the effective date of any suspension, amendment, or termination under this Section, at least ten (10) days in advance.

5.0 DUTIES:

5.1 The Contractor shall perform all duties stated in Exhibit "B", or as otherwise directed in writing by the Procurement Officer.

6.0 TERMS and CONDITIONS:

6.1 INDEMNIFICATION:

6.1.1 To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless County, its agents, representatives, officers, directors, officials, and employees from and against all claims, damages, losses and expenses, including, but not limited to, attorney fees, court costs, expert witness fees, and the cost of appellate proceedings, relating to, arising out of, or alleged to have resulted from the negligent acts, errors, omissions, mistakes or malfeasance relating to the performance of this Contract. Contractor's duty to defend, indemnify and hold harmless County, its agents, representatives, officers, directors, officials, and employees shall arise in connection with

or mistakes in the performance of this Contract by the Contractor, as well as any person or entity for whose acts, errors, omissions, mistakes or malfeasance Contractor may be legally liable.

6.1.2 The amount and type of insurance coverage requirements set forth herein will in no way be construed as limiting the scope of the indemnity in this paragraph.

6.1.3 The scope of this indemnification does not extend to the sole negligence of County.

6.2 INSURANCE REQUIREMENTS:

6.2.1 Contractor, at Contactor's own expense, shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best, Inc. rating of A-, VII or higher. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of County. The form of any insurance policies and forms must be acceptable to County.

6.2.2 All insurance required herein shall be maintained in full force and effect until all work or service required to be performed under the terms of the Contract is satisfactorily completed and formally accepted. Failure to do so may, at the sole discretion of County, constitute a material breach of this Contract.

6.2.3 Contractor's insurance shall be primary insurance as respects County, and any insurance or self-insurance maintained by County shall not contribute to it.

6.2.4 Any failure to comply with the claim reporting provisions of the insurance policies or any breach of an insurance policy warranty shall not affect the County's right to coverage afforded under the insurance policies.

6.2.5 The insurance policies may provide coverage that contains deductibles or self-insured retentions. Such deductible and/or self-insured retentions shall not be applicable with respect to the coverage provided to County under such policies. Contactor shall be solely responsible for the deductible and/or self-insured retention and County, at its option, may require Contractor to secure payment of such deductibles or self-insured retentions by a surety bond or an irrevocable and unconditional letter of credit.

6.2.6 County reserves the right to request and to receive, within 10 working days, certified copies of any or all of the herein required insurance certificates. County shall not be obligated to review policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

6.2.7 Notwithstanding anything to the contrary contained herein, **CONTRACTOR** shall have the right to self-insure part or all of any of the insurance it is required to maintain hereunder in its sole discretion so long as **CONTRACTOR** maintains a net worth of not less than One Hundred Million ($100,000,000) Dollars. Such net worth shall be documented to **COUNTY** and **COUNTY** shall be advised in writing in the event such net worth requirement is not met. In the event that **CONTRACTOR** elects to self-insure all or any part of any risk that would be insured under the policies and limits described herein, and an event occurs where insurance proceeds would have been available but for the election to self-insure, **CONTRACTOR** shall make funds available to the same extent that they would have been available had such insurance policy been carried, unless specifically provided to the contrary herein.

6.2.8 The policies required hereunder, except Workers' Compensation, shall contain a waiver of transfer of rights of recovery (subrogation) against County, its agents, representatives, officers, directors, officials and employees for any claims arising out of Contractor's work or service.

6.2.9 Commercial General Liability.

Commercial General Liability insurance and, if necessary, Commercial Umbrella insurance with a limit of not less than $1,000,000 for each occurrence, $2,000,000 Products/Completed Operations Aggregate, and $2,000,000 General Aggregate Limit. The policy shall include coverage for bodily injury, broad form property damage, personal injury, products and completed operations and blanket contractual coverage, and shall not contain any provision which would serve to limit third party action over claims. There shall be no endorsement or modification of the CGL limiting the scope of coverage for liability arising from explosion, collapse, or underground property damage.

6.2.10 Automobile Liability.

Commercial/Business Automobile Liability insurance and, if necessary, Commercial Umbrella insurance with a combined single limit for bodily injury and property damage of not less than $1,000,000 each occurrence with respect to any of the Contractor's owned, hired, and non-owned vehicles assigned to or used in performance of the Contractor's work or services under this Contract.

6.2.11 Workers' Compensation.

6.2.11.1 Workers' Compensation insurance to cover obligations imposed by federal and state statutes having jurisdiction of Contractor's employees engaged in the performance of the work or services under this Contract; and Employer's Liability insurance of not less than $100,000 for each accident, $100,000 disease for each employee, and $500,000 disease policy limit.

6.2.11.2 Contractor waives all rights against County and its agents, officers, directors and employees for recovery of damages to the extent these damages are covered by the Workers' Compensation and Employer's Liability or commercial umbrella liability insurance obtained by Contractor pursuant to this Contract.

6.2.12 Certificates of Insurance.

6.2.11.1 Prior to commencing work or services under this Contract, Contractor shall furnish the County with certificates of insurance, or formal endorsements as required by the Contract in the form provided by the County, issued by Contractor's insurer(s), as evidence that policies providing the required coverage, conditions and limits required by this Contract are in full force and effect. Such certificates shall identify this contract number and title.

6.2.11.1.1 In the event any insurance policy (ies) required by this Contract is (are) written on a "claims made" basis, coverage shall extend for two (2) years past completion and acceptance of Contractor's work or services and as evidenced by annual Certificates of Insurance.

6.2.11.1.2 If a policy does expire during the life of the Contract, a renewal certificate must be sent to County fifteen (15) days prior to the expiration date.

6.2.13 Cancellation and Expiration Notice.

Insurance required herein shall not be permitted to expire, be canceled, or materially changed without thirty (30) days prior written notice to the County.

6.3 WARRANTY OF SERVICES:

6.3.1 The Contractor warrants that all services provided hereunder will conform to the requirements of the Contract, including all descriptions, specifications and attachments made a part of this Contract. County's acceptance of services or goods provided by the Contractor shall not relieve the Contractor from its obligations under this warranty.

6.3.2 In addition to its other remedies, County may, at the Contractor's expense, require prompt correction of any services failing to meet the Contractor's warranty herein. Services corrected by the Contractor shall be subject to all the provisions of this Contract in the manner and to the same extent as services originally furnished hereunder.

6.4 INSPECTION OF SERVICES:

6.4.1 The Contractor shall provide and maintain an inspection system acceptable to County covering the services under this Contract. Complete records of all inspection work performed by the Contractor shall be maintained and made available to County during contract performance and for as long afterwards as the Contract requires.

6.4.2 County has the right to inspect and test all services called for by the Contract, to the extent practicable at all times and places during the term of the Contract. County shall perform inspections and tests in a manner that will not unduly delay the work.

6.4.3 If any of the services do not conform with Contract requirements, County may require the Contractor to perform the services again in conformity with Contract requirements, at on increase in Contract amount. When the defects in services cannot be corrected by re-performance, County may:

6.4.3.1 Require the Contractor to take necessary action to ensure that future performance conforms to Contract requirements; and

6.4.3.2 Reduce the Contract price to reflect the reduced value of the services performed.

6.4.4 If the Contractor fails to promptly perform the services again or to take the necessary action to ensure future performance in conformity with Contract requirements, County may:

6.4.4.1 By Contract or otherwise, perform the services and charge to the Contractor any cost incurred by County that is directly related to the performance of such service; or

6.4.4.2 Terminate the Contract for default.

6.5 PROCUREMENT CARD ORDERING CAPABILITY:

The County may determine to use a MasterCard Procurement Card, to place and make payment for orders under the Contract.

6.6 INTERNET ORDERING CAPABILITY:

The County intends, at its option, to use the Internet to communicate and to place orders under this Contract.

6.7 NOTICES:

All notices given pursuant to the terms of this Contract shall be addressed to:

For County:

Maricopa County
Department of Materials Management
Attn: Director of Purchasing
320 West Lincoln Street
Phoenix, Arizona 85003-2494

For Contractor:

Government and National Accounts
Contract Manager
2455 Paces Ferry Road
Atlanta, GA 30339

6.8 REQUIREMENTS CONTRACT:

6.8.1 Contractor signifies its understanding and agreement by signing this document that this Contract is a requirements contract. This Contract does not guarantee any purchases will be made (minimum or maximum). Orders will only be placed when County identifies a need and issues a purchase order or a written notice to proceed.

6.8.2 County reserves the right to cancel purchase orders or notice to proceed within a reasonable period of time after issuance. Should a purchase order or notice to proceed be canceled, the County agrees to reimburse the Contractor for actual and documented costs incurred by the Contractor. The County will not reimburse the Contractor for any avoidable costs incurred after receipt of cancellation, or for lost profits, or shipment of product or performance of services prior to issuance of a purchase order or notice to proceed.

6.8.3 Purchase orders will be cancelled in writing.

6.9 TERMINATION FOR CONVENIENCE:

The County reserves the right to terminate the Contract, in whole or in part at any time, when in the best interests of the County without penalty or recourse. Upon receipt of the written notice, the Contractor shall immediately stop all work, as directed in the notice, notify all subcontractors of the effective date of the termination and minimize all further costs to the County. . The Contractor shall be entitled to receive just and equitable compensation for work in progress, work completed and materials accepted before the effective date of the termination.

6.10 TERMINATION FOR DEFAULT:

6.10.1 In addition to the rights reserved in the Contract, the County may terminate the Contract in whole or in part due to the failure of the Contractor to comply with any term or condition of the Contract, to acquire and maintain all required insurance policies, bonds, licenses and permits, or to make satisfactory progress in performing the Contract. The Procurement Officer shall provide written notice of the termination and the reasons for it to the Contractor.

6.10.2 The County may, upon termination of this Contract, procure, on terms and in the manner that it deems appropriate, materials or services to replace those under this Contract.

6.10.3 The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

6.11 STATUTORY RIGHT OF CANCELLATION FOR CONFLICT OF INTEREST:

Notice is given that pursuant to A.R.S. §38-511 the County may cancel this Contract without penalty or further obligation within three years after execution of the contract, if any person significantly involved in initiating, negotiating, securing, drafting or creating the contract on behalf of the County is at any time while the Contract or any extension of the Contract is in effect, an employee or agent of any other party to the Contract in any capacity or consultant to any other party of the Contract with respect to the subject matter of the Contract. Additionally, pursuant to A.R.S §38-511 the County may recoup any fee or commission paid or due to any person significantly involved in initiating, negotiating, securing, drafting or creating the contract on behalf of the County from any other party to the contract arising as the result of the Contract.

6.12 OFFSET FOR DAMAGES;

In addition to all other remedies at law or equity, the County may offset from any money due to the Contractor any amounts Contractor owes to the County for damages resulting from breach or deficiencies in performance under this contract.

6.13 ADDITIONS/DELETIONS OF SERVICE:

The County reserves the right to add and/or delete products and/or services provided under this Contract. If a requirement is deleted, payment to the Contractor will be reduced proportionately to the amount of service reduced in accordance with the proposal price. If additional services and/or products are required from this Contract, prices for such additions will be negotiated between the Contractor and the County.

6.14 RELATIONSHIPS:

In the performance of the services described herein, the Contractor shall act solely as an independent contractor, and nothing herein or implied herein shall at any time be construed as to create the relationship of employer and employee, partnership, principal and agent, or joint venture between the District and the Contractor.

6.15 SUBCONTRACTING:

The Contractor may not assign this Contract or subcontract to another party for performance of the terms and conditions hereof without the written consent of the County, which shall not be unreasonably withheld. All correspondence authorizing subcontracting must reference the Proposal Serial Number and identify the job project.

6.16 AMENDMENTS:

All amendments to this Contract shall be in writing and approved/signed by both parties. Maricopa County Materials Management shall be responsible for approving all amendments for Maricopa County.

6.17 RETENTION OF RECORDS:

6.17.1 The Contractor agrees to retain all financial books, records, and other documents relevant to this Contract for six (6) years after final payment or until after the resolution of any audit questions which could be more than six (6) years, whichever is longer. The County, Federal or State auditors and any other persons duly authorized by the Department shall have full access to, and the right to examine, copy and make use of, any and all said materials.

6.17.2 If the Contractor's books, records and other documents relevant to this Contract are not sufficient to support and document that requested services were provided, the Contractor

shall reimburse Maricopa County for the services not so adequately supported and documented.

6.18 AUDIT DISALLOWANCES:

6.18.1 If at any time, County determines that a cost for which payment has been made is a disallowed cost, such as overpayment, County shall notify the Contractor in writing of the disallowance. County shall also state the means of correction, which may be but shall not be limited to adjustment of any future claim submitted by the Contractor by the amount of the disallowance, or to require repayment of the disallowed amount by the Contractor.

6.19 ALTERNATIVE DISPUTE RESOLUTION:

6.19.1 After the exhaustion of the administrative remedies provided in the Maricopa County Procurement Code, any contract dispute in this matter is subject to compulsory arbitration. Provided the parties participate in the arbitration in good faith, such arbitration is not binding and the parties are entitled to pursue the matter in state or federal court sitting in Maricopa County for a de novo determination on the law and facts. If the parties cannot agree on an arbitrator, each party will designate an arbitrator and those two arbitrators will agree on a third arbitrator. The three arbitrators will then serve as a panel to consider the arbitration. The parties will be equally responsible for the compensation for the arbitrator(s). The hearing, evidence, and procedure will be in accordance with Rule 74 of the Arizona Rules of Civil Procedure. Within ten (10) days of the completion of the hearing the arbitrator(s) shall:

6.19.1.1 Render a decision;

6.19.1.2 Notify the parties that the exhibits are available for retrieval; and

6.19.1.3 Notify the parties of the decision in writing (a letter to the parties or their counsel shall suffice).

6.19.2 Within ten (10) days of the notice of decision, either party may submit to the arbitrator(s) a proposed form of award or other final disposition, including any form of award for attorneys' fees and costs. Within five (5) days of receipt of the foregoing, the opposing party may file objections. Within ten (10) days of receipt of any objections, the arbitrator(s) shall pass upon the objections and prepare a signed award or other final disposition and mail copies to all parties or their counsel.

6.19.3 Any party which has appeared and participated in good faith in the arbitration proceedings may appeal from the award or other final disposition by filing an action in the state or federal court sitting in Maricopa County within twenty (20) days after date of the award or other final disposition. Unless such action is dismissed for failure to prosecute, such action will make the award or other final disposition of the arbitrator(s) a nullity.

6.20 SEVERABILITY:

The invalidity, in whole or in part, of any provision of this Contract shall not void or affect the validity of any other provision of this Contract.

6.21 RIGHTS IN DATA:

The County shall own have the use of all data and reports resulting from this Contract without additional cost or other restriction except as provided by law. Each party shall supply to the other party, upon request, any available information that is relevant to this Contract and to the performance hereunder.

6.22 INTEGRATION:

This Contract represents the entire and integrated agreement between the parties and supersedes all prior negotiations, proposals, communications, understandings, representations, or agreements, whether oral or written, express or implied.

6.23 VERIFICATION REGARDING COMPLIANCE WITH ARIZONA REVISED STATUTES §41-4401 AND FEDERAL IMMIGRATION LAWS AND REGULATIONS:

6.23.1 By entering into the Contract, the Contractor warrants compliance with the Immigration and Nationality Act (INA using e-verify) and all other federal immigration laws and regulations related to the immigration status of its employees and A.R.S. §23-214(A). The contractor shall obtain statements from its subcontractors certifying compliance and shall furnish the statements to the Procurement Officer upon request. These warranties shall remain in effect through the term of the Contract. The Contractor and its subcontractors shall also maintain Employment Eligibility Verification forms (I-9) as required by the Immigration Reform and Control Act of 1986, as amended from time to time, for all employees performing work under the Contract and verify employee compliance using the E-verify system and shall keep a record of the verification for the duration of the employee's employment or at least three years, whichever is longer. I-9 forms are available for download at USCIS.GOV.

6.23.2 The County retains the legal right to inspect contractor and subcontractor employee documents performing work under this Contract to verify compliance with paragraph 3.18.1 of this Section. Contractor and subcontractor shall be given reasonable notice of the County's intent to inspect and shall make the documents available at the time and date specified. Should the County suspect or find that the Contractor or any of its subcontractors are not in compliance, the County will consider this a material breach of the contract and may pursue any and all remedies allowed by law, including, but not limited to: suspension of work, termination of the Contract for default, and suspension and/or debarment of the Contractor. All costs necessary to verify compliance are the responsibility of the Contractor.

6.23.3 This section is applicable to services provided in the state of Arizona only. The Contractor shall comply with similar statutes that may have been enacted in other states.

6.24 VERIFICATION REGARDING COMPLIANCE WITH ARIZONA REVISED STATUTES §§35-391.06 AND 35-393.06 BUSINESS RELATIONS WITH SUDAN AND IRAN:

6.24.1 By entering into the Contract, the Contractor certifies it does not have scrutinized business operations in Sudan or Iran. The contractor shall obtain statements from its subcontractors certifying compliance and shall furnish the statements to the Procurement Officer upon request. These warranties shall remain in effect through the term of the Contract.

6.24.2 The County may request verification of compliance for any contractor or subcontractor performing work under the Contract. Should the County suspect or find that the Contractor or any of its subcontractors are not in compliance, the County may pursue any and all remedies allowed by law, including, but not limited to: suspension of work, termination of the Contract for default, and suspension and/or debarment of the Contractor. All costs necessary to verify compliance are the responsibility of the Contractor.

6.25 CONTRACTOR LICENSE REQUIREMENT:

6.25.1 The Respondent shall procure all permits, insurance, licenses and pay the charges and fees necessary and incidental to the lawful conduct of his/her business, and as necessary complete any required certification requirements, required by any and all governmental or non-governmental entities as mandated to maintain compliance with and in good standing for all permits and/or licenses. The Respondent shall keep fully informed of existing and future trade or industry requirements, Federal, State and Local laws, ordinances, and regulations which in any manner affect the fulfillment of a Contract and shall comply with the same. Contractor shall immediately notify both Materials Management and the using agency of any and all changes concerning permits, insurance or licenses.

6.25.2 Respondents furnishing finished products, materials or articles of merchandise that will require installation or attachment as part of the Contract, shall possess any licenses required. A Respondent is not relieved of its obligation to posses the required licenses by subcontracting of the labor portion of the Contract. Respondents are advised to contact the Arizona Registrar of Contractors, Chief of Licensing, at (602) 542-1525 to ascertain licensing requirements for a particular contract. Respondents shall identify which license(s), if any, the Registrar of Contractors requires for performance of the Contract.

6.26 CERTIFICATION REGARDING DEBARMENT AND SUSPENSION

6.26.1 The undersigned (authorized official signing for the Contractor) certifies to the best of his or her knowledge and belief, that the Contractor, defined as the primary participant in accordance with 45 CFR Part 76, and its principals:

6.26.1.1 are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal Department or agency;

6.26.1.2 have not within 3-year period preceding this Contract been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statues or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

6.26.1.3 are not presently indicted or otherwise criminally or civilly charged by a government entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (2) of this certification; and

6.26.1.4 have not within a 3-year period preceding this Contract had one or more public transaction (Federal, State or local) terminated for cause of default.

6.26.2 Should the Contractor not be able to provide this certification, an explanation as to why should be attached to the Contact.

6.26.3 The Contractor agrees to include, without modification, this clause in all lower tier covered transactions (i.e. transactions with subcontractors) and in all solicitations for lower tier covered transactions related to this Contract.

6.27 PRICES:

Contractor warrants that prices extended to County under this Contract are no higher than those paid by any other non-federal government customer for these or similar services.

6.28 GOVERNING LAW:

This Contract shall be governed by the laws of the state of Arizona. Venue for any actions or lawsuits involving this Contract will be in Maricopa County Superior Court or in the United States District Court for the District of Arizona, sitting in Phoenix, Arizona

6.29 ORDER OF PRECEDENCE:

In the event of a conflict in the provisions of this Contract and Contractor's license agreement, if applicable, the terms of this Contract shall prevail.

6.30 STRATEGIC ALLIANCE for VOLUME EXPENDITURES ($AVE)

The County is a member of the $AVE cooperative purchasing group. $AVE includes the State of Arizona, many Phoenix metropolitan area municipalities, and many K-12 unified school districts. Under the $AVE Cooperative Purchasing Agreement, and with the concurrence of the successful Respondent under this solicitation, a member of $AVE may access a contract resulting from a solicitation issued by the County. If you **do not** want to grant such access to a member of $AVE, **please so state** in your proposal. In the absence of a statement to the contrary, the County will assume that you do wish to grant access to any contract that may result from this Request for Proposal.

6.31 INTERGOVERNMENTAL COOPERATIVE PURCHASING AGREEMENTS (ICPA's)

County currently holds ICPA's with numerous governmental entities throughout the State of Arizona. These agreements allow those entities, with the approval of the Contractor, to purchase their requirements under the terms and conditions of the County Contract. Please indicate on Attachment A, your acceptance or rejection regarding such participation of other governmental entities. Your response will not be considered as an evaluation factor in awarding a contract.

6.32 INCORPORATION OF DOCUMENTS:

The following are to be attached to and made part of this Contract:

6.32.1 Exhibit A, Pricing;

6.32.2 Exhibit B, Scope of Work;

6.32.3 Exhibit C, FEMA and ARRA Terms and Conditions

SERIAL 11019-RFP

IN WITNESS WHEREOF, this Contract is executed on the date set forth above.

I was also contacted on this request and sent it to DHHS to see if they should respond. I haven't heard back yet.

Chris, I'd be interested to hear what the SEOC would like to do.

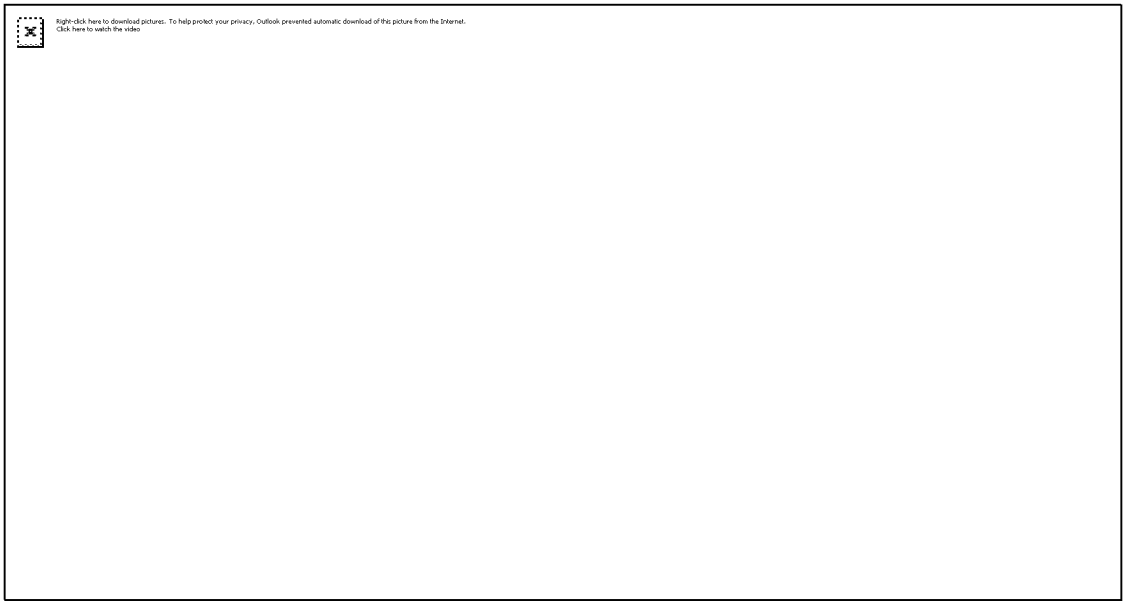
To: Rigg, Steve (DTMB) <RiggS@michigan.gov>
Subject: Inquiry from National TV/Radio Newshour Democracy Now!

Dear Steve Rigg,

My name is Laura Gottesdiener, and I'm a reporter with the national TV/Radio newshour Democracy Now! I have some questions about the bottled water purchases by the state of Michigan, and I was referred to you and your office by the governor's office.

Specifically, I'm seeking information about bottled water contracts from the $15.5 million appropriated for the Michigan Department of Health and Human Resources for field operations, nutrition support and the purchase of bottled water and filters for Flint.

Who are the primary contractors that the state is purchasing bottled water from, and at what rates? Can you please provide me with (or point me in the direction of) copies of the 2015 and 2016 contracts of all bottled water purchases related to Flint, Michigan?



You can reach me at 646-217-7223.

Gratefully,
Laura Gottesdiener

VIDEO: How volunteers are helping Flint

Volunteers at the Food Bank of Eastern Michigan are working hard to collect donations in order to help the families of Flint. Last Thursday, Governor Snyder visited with the many dedicated volunteers and helped sort cans of food.

Good nutrition is critically important for Flint's children. Foods that are high in calcium, vitamin C, and iron can help limit the effects of lead exposure. To donate or volunteer at the Food Bank of Eastern Michigan, visit www.fbem.org.

Hi Jean,

I have not been getting any of these emails. Could you please add me to this email list? I manage the Home Depot and Grainger contracts and I have been highly involved in helping coordinate the procurement of the water filters, bottled water, and plumbing materials for Flint. I just want to make sure I'm not missing anything. Thanks.

Lansing, MI 48933

Call-in: 866-390-1828
Access code: 1842654

Security:
Please have your State Employee ID showing at all times.

Parking:
Metered parking is available along Ottawa and Pine street.

Briefing:
In recent months, the State of Michigan has received a number of requests to produce documents related to the water emergency in Flint. You have been identified as a potential custodian of relevant/responsive correspondence and/or documents related to these requests. As a custodian, you are required to produce, by a certain date, any documents containing certain search terms. In this meeting we will review instructions for the process of identifying, compiling, scanning, and copying the necessary information.

Agenda
1) Kickoff – Brom Stibitz, Chief Deputy Director
2) Why you are here – Jean Ingersoll, Interim Chief of Staff
3) What you need to do (February 22, 2016 deadline) – Jean
4) What will be done for you – Jean
5) What's next – Jean
6) Public Information Reminder – Caleb Buhs, Public Information Officer
7) Questions and Answers - Group

<< File: All DTMB Custodians of Correspondence Related to Flint - UPDATED.pdf >>

STATE OF MICHIGAN

RICK SNYDER
GOVERNOR

DEPARTMENT OF TECHNOLOGY, MANAGEMENT & BUDGET
LANSING

DAVID B. BEHEN
DIRECTOR

February 18, 2016

TO: All DTMB Custodians of Correspondence Related to Flint

FROM: Jean Ingersoll, Interim Chief of Staff to David B. Behen, Director and CIO

SUBJECT: Flint Document Production – Search Terms and Guidance

In recent months, the State of Michigan has received a number of requests to produce documents related to the water emergency in Flint. You have been identified as a potential custodian of relevant/responsive correspondence and/or documents related to these requests. **As a custodian, you are required to produce any documents containing the search terms listed below, no later than Monday, February 22, 2016.** This memorandum contains detailed instructions for the process of identifying, compiling, scanning, and copying the necessary information.

Microsoft 365 – Outlook (*includes emails, calendar items) and OneDrive*

DTMB staff will centrally coordinate the Microsoft 365 search for all of DTMB's custodians. Therefore, DTMB's custodians *do not need to independently search any of their Microsoft 365 applications* for the search terms listed below.

Network Drives

Similar to the approach outlined above, DTMB staff will centrally coordinate the network drive search effort for all DTMB custodians. Custodians do *not* need to independently conduct a network drive search for the search terms below.

Non-Network Drives – *includes hard drives, desktop, and thumb/flash drives*

For all non-network drive types, ***each custodian will need to search every search term listed below in every non-network format, and move all relevant/related documents in to a network drive for collection. In order to move items to the network, you must be connected to the network.***

Start by conducting the search of all non-network drives, filling out the attached search term checklist as you go. If you need guidance as to how to perform this search, a step-by-step guide is included below in Appendix 1.

All relevant/responsive items that are produced as a result of your search need to be moved to a network drive. You can move your relevant/related documents to a network drive in whatever format the document is currently in. After the February 22, 2016, deadline, DTMB staff will access the network drives to collect the files.

Paper Files

Review all applicable paper files. Scan any relevant/related documents, and save them to a network drive, as described above. If this is not possible, you may provide hard copies of documents to Jean Ingersoll in the Director's Office. These documents must be received in the Director's Office by February 22, 2016, and will not be returned to you.

Home Computer

Any relevant e-mails or other documents on a personal computer also are subject to this request. Please check your personal computer for any e-mails or other documents relating to this search. If you discover any relevant/related documents, please include the phrase "personal computer" in the file name, and save them to the aforementioned network drive.

Conclusion

Thank you for your cooperation in complying with this request. Should you have any questions, please contact Jean Ingersoll at 1-8844.

- FOIA Checklist
- Attachment 1 – Search Guidance

Search Term Checklist

In recent months, the State of Michigan has received a number of requests to produce documents related to the water emergency in Flint. You have been identified as a potential custodian of relevant/responsive correspondence and/or documents related to these requests. As a custodian, you are required to search and copy all items that you identify to a DTMB network drive, as described above.

Please complete your search no later than close of business on Monday, February 22, 2016. Relevant/related items from the past 10 years should be included.

You should search for *each term exactly as it is shown below, and include quotation marks around each separate word.* For example, "Legionnaire", "Legionella", or "Flint" would all go into search fields. After you complete a search term, check the box beside the term.

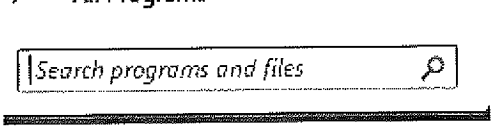
Search Terms:

- ☐ "Legionnaire"
- ☐ "Legionella"
- ☐ "boil water order" & "Flint"
- ☐ "coli" & "Flint"
- ☐ "bacteria" & "Flint"
- ☐ "microb" & "Flint"
- ☐ "TTHM" & "Flint"
- ☐ "Lead" & "Flint"
- ☐ "emergency" & "Flint"
- ☐ "Karegnondi"
- ☐ "Genesee County Health Department"
- ☐ "Flint" & "utilities"
- ☐ "Lead and Copper Rule"
- ☐ "Detroit Water and Sewerage Department" & "Flint"
- ☐ "DWSD" & "Flint"
- ☐ "Flint River"
- ☐ "Pb" & "water"
- ☐ "KWA"
- ☐ "Flint" & "water"

Search conducted on the email account of: _____

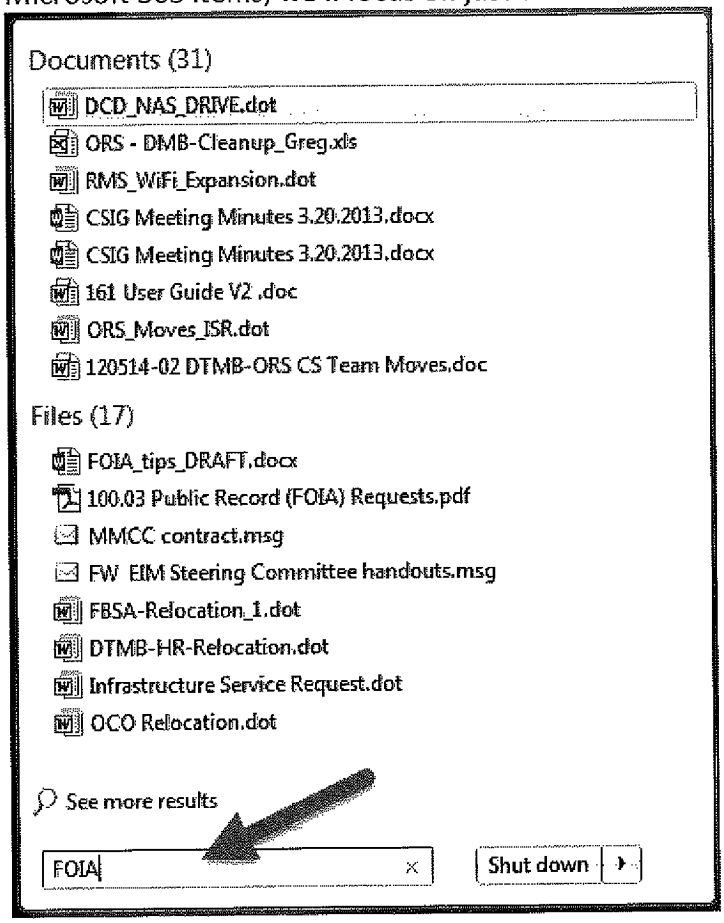
By (your name): _____

Date completed: _____



Please return this completed Checklist to DTMB Director's Office staff by Monday, February 22, 2016, at DTMB@michigan.gov, or Directors Office, Cass Building, Second Floor

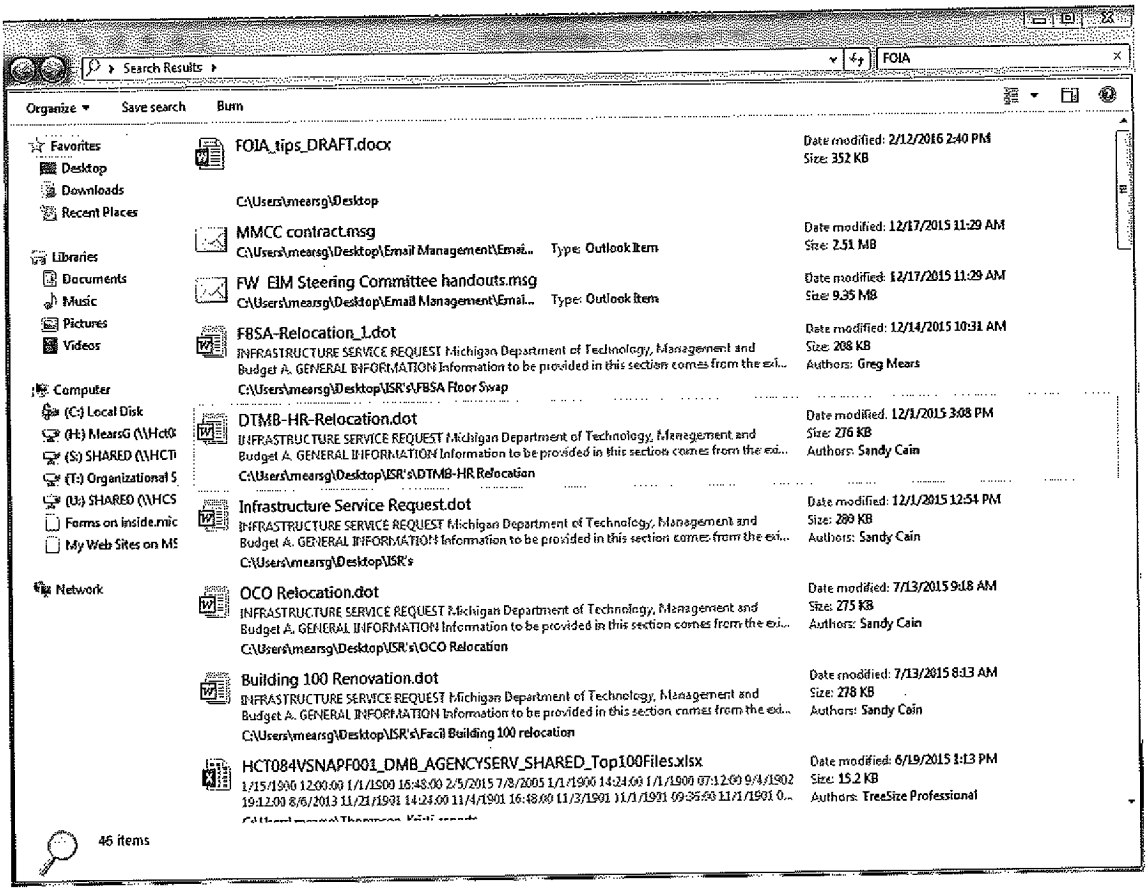
APPENDIX 1 – Search Guidance



Regardless of what version of Windows you're using, each of them has a search feature built in called "Windows Explorer," you see it every time you open up a folder on a network drive, or on your own computer.

Using the search function in windows 7

Since the majority of DTMB is on Windows 7, the examples below are on that operating system. If you click on windows Start button, you'll see the search box right next to it



This example searches for the word FOIA. As you can see, the search yielded numerous documents including emails. Since DTMB is centrally collecting relevant emails and other Microsoft 365 items, we'll focus on just the documents.

You need to open each document to make sure that it's relevant. In this instance, the search brought up a DTMB Move form, but only because it has the word FOIA in the form.
You'll notice that the words "See more results" appears at the bottom of the list. This means that the search turned up a lot more documents than what can easily be displayed. You must

click on the link to open Windows Explorer and reveal a comprehensive list, along with their locations.

As you can see from this example the search found 46 items. We can now select them all using the "Ctrl-A method", and copy them to a network drive.

DEPARTMENT OF ATTORNEY GENERAL

ROAD SALT PRICING REPORT

November 2014

[

ATTORNEY GENERAL

2014 ROAD SALT PRICING REPORT

November 2014

Overview

Snow and ice-covered roads can pose significant risks to public safety and negatively impact economic activity. Many areas of the country, including Michigan, have historically relied upon the application of road salt to clear roads. The efficacy of road salt is well established. For example, a Marquette University study examined highway accidents occurring in winter-road conditions and found that road salt reduced the instances of crashes by 88 percent while injuries and accident costs were reduced by 85 percent.[1]

However, like any commodity, the cost of road salt can vary, and such changes in cost structure can interrupt normal budgeting and operations. Recent market prices for road-salt have done just that. This year, road salt prices for MDOT and other agencies buying salt through the MiDeal purchasing program have risen by more than 46 percent from last year. This coming winter's maintenance budget for state highways is $95 million.[2] State, County and local municipalities are facing significant price increases that will profoundly impact operating budgets and agencies' ability to ensure safe roadways during the winter season.

In light of this, some have questioned whether market forces are in fact driving higher prices for road-salt. As a result, this Office undertook a review of the issue; this report is the result of that review. It includes: (1) background information about road salt and why it is an important commodity for this state, (2) an overview of the MiDeal Road Salt Program and other salt procurement methods, (3) an explanation of the factors effecting road salt prices, (4) a description of 2014 road salt prices in Michigan and other Midwest states, (5) details about the 2014 MiDeal

road salt bids, (6) the suppliers' explanations for their bids, (7) our discussions with other states, (8) our investigation conclusions and (9) recommendations as to how to avoid similar situations in the future.

In particular, this report concludes that the most-recent price increase was due to a legitimate market conditions caused by last winter's harsh weather. Road salt suppliers and government agencies depleted existing inventories at the end of last winter, which was one of the harshest on record. Suppliers consequently had less road salt to supply for this season while agencies were simultaneously purchasing above-average amounts in order to restock. In addition, due to heavy market demand, fewer road-salt suppliers were willing to bid for supply contracts under the MiDeal program, which also negatively influenced pricing for purchasers.

To avoid similar bidding situations in the future, it would likely be beneficial if the State and other purchasing agencies issued requests for bids earlier in the year. Based on our investigation, it appears that opening bids earlier in the year can generate more bids and at lower bid prices. We recommend the Legislature to request a comprehensive audit by the auditor general to confirm this apparent benefit. Additionally, we recommend that public entities consider alternative materials and implement technology improvements to potentially reduce road salt usage, and thereby lower costs.

Introduction

Our office last reviewed road salt pricing in 2009 after receiving complaints of higher prices and possible anticompetitive conduct by the salt suppliers. Following an investigation, which included reviewing the suppliers' extensive responses to our civil investigative demands; we found that the evidence did not support a finding that anticompetitive conduct was the cause. Rather, the concerns were explained by what appeared to be a legitimate salt shortage.

Upon receipt of the most recent complaints, we again conducted an investigation into road salt pricing. In addition to using the information obtained from our last investigation, we reviewed all the road salt bids and awards for the MiDeal program for the past two years; reviewed other relevant documents related to the 2014-2015 RFP; interviewed representatives from the four road salt suppliers for the 2014-2015 MiDeal RFP; spoke with representatives from local municipalities, as well as MDOT, DTMB, FTC, and county roads associations; spoke with other states' attorney generals' office to discuss road salt prices; conducted internet research; and toured a salt supplier's production facility.

This report summarizes the information obtained during this investigation and the conclusions reached as a result. It provides recommendations to address the issue of salt pricing in the future.[3]

Road Salt and Mining Information

Road salt is one of the most popular methods of deicing roadways because of its ease of use, effectiveness, and relatively low cost compared to alternative deicing methods. Road salt, also known as rock salt, is larger and heavier than table salt. Both are the same molecule—sodium chloride—but table salt is ground, purified, and often has additives like iodine (to decrease the incidence of goiters) and anti-clumping agents.[4] Road salt's size and weight keep it from being easily pushed off the road, and it is used to keep roads and bridges free of snow and ice during wintery weather. Driven by increasing public expectations for clear roads, and fueled by relatively low costs, Michigan steadily increased its use of road salt over the last 30 years. It was recently reported that public agencies in Michigan use nearly 2 million tons of salt annually to clear snow and ice.[5]

---

[3] This report does not address any environmental issues concerning the use of road salt or alternative road de-icing materials. It also does not address other costs associated with winter road safety maintenance, such as equipment, training and staffing.

[4] "The Surprising History Of Road Salt", National Geographic, 2/12/14, http://news.nationalgeographic.com/news/2014/02/140212-road-salt-shortages-melting-ice-snow-science/.

[5] Cornwell, Mark, "Michigan Road Salt: What is costing us" Mackinac Center for Public Policy, 6/7/11, http://www.mackinac.org/15189

There are approximately 15 salt mines in the U.S., one is owned by Detroit Salt Company and is located in Detroit, Michigan. The salt under Detroit was first discovered in 1895. Development of the resource proceeded slowly until 1914, when the salt mine produced 8,000 tons of rock salt each month. Because of its local resource, Detroit was the first city in the world to apply salt to its roads in 1940.[6] Two mines are located in Ohio, two in New York, and the remainders are in Kansas, Louisiana, Utah, and Nevada.[7] Overall, approximately 35-40 million metric tons of salt are mined annually in the U.S., of which rock salt for ice control accounts for approximately 30 percent.[8]

Mining takes place about 1000-2000 feet below the ground. Most rock salt mines use the "room and pillar" system of mining. Shafts are sunk down to the floor of the mine, and rooms are carefully constructed by drilling, cutting and blasting between the shafts, creating a checkerboard pattern.[9] The salt is then crushed and screened to the desired size and brought to the surface to be bagged or shipped in bulk to the customer via railroad cars, trucks, river barges, or lake boats.[10]

MiDeal Road Salt Program and Other Salt Procurement Methods

In Michigan there are multiple avenues for a government agency to procure road salt. The agency can solicit its own bids or it can join a consortium of governments to give it added purchasing power.

MiDeal is an extended purchasing program that allows Michigan local units of government to use state contracts to buy goods and services, including road salt. MCL 18.1263. Run by DTMB, MiDeal is the State's vehicle for purchasing road salt on behalf of MDOT and participating counties and local agencies.

Through MiDeal, municipalities across Michigan order salt in two rounds: early fill and seasonal fill. The first "early fill" delivery arrives in December and by December 31 agencies must take delivery of 100% of the early fill tonnage that they ordered. For seasonal fill awards, the agencies can take as little as 70% of the amount they ordered or as much as 130%. The agencies must take delivery of at least 70% of the seasonal fill road salt by the following October.

MiDeal has contracts with four road salt suppliers; Cargill, Compass Minerals (fka North American Salt), Detroit Salt Company, and Morton. The contracts expire on August 31, 2016, with two 1-year options, but prices are rebid every Spring.

On an annual basis, MDOT collects the salt requirements for MiDeal participants for the upcoming season and supplies the requirements to DTMB for inclusion in the Request for Proposal (RFP). Suppliers bid county by county for both the early and seasonal fills. However, MiDeal handles Wayne County somewhat differently than other counties. For the seasonal fill, MiDeal breaks down Wayne County into over 50 separate "drop points," and salt suppliers can bid on any or all of those areas.

Besides MiDeal, some local agencies contract directly with suppliers or through purchasing consortiums. For example, Genesee County Road Commission ("GCRC") has a contract with Detroit Salt.[11] MITN is a purchasing consortium comprised of over 100 local government agencies that also purchases road salt. And another group salt purchaser is the Downriver Community Conference ("DCC"), which has approximately 20 members.[12]

Road Salt Pricing

[11] The GCRC supplies the City of Flint and several other municipalities and school districts. GCRC's contract allowed it to extend last year's prices of $43 a ton to this year, if both Detroit Salt and GCRC agreed (which they did). However, the Clio city administrator opines that, although it isn't this year, the MiDeal program typically saves them money. Available at http://www.mlive.com/news/flint/index.ssf/2014/09/salt_prices_staying_the_same_f.html.

[12] Downriver Community Conference website, available at http://www.dccwf.org/. DCC locked in road salt prices from two years ago through its multi-year contract with Detroit Salt.

Because of its solubility and the difficulty of large scale storage, surface salt inventories are usually kept at minimal levels.[13] Inventories kept underground in salt mines are stored for short-term imminent sale, such as near winter use for highway deicing. The basic difference between salt production and salt sold or used is the mathematical change in inventory additions or drawdowns.[14]

Generally, road salt prices are based on the costs of mining, transportation, and distribution. Mining costs include labor, energy, heavy equipment, explosives, and the purchase of mineral rights.[15] Transportation costs vary considerably across road salt suppliers, given that the suppliers transport the salt to customers via shipping vessels, barges, trains, and trucks, depending on the location of the mines and the suppliers' stockpiles.[16] A cubic yard of road salt weighs about a ton. As a result, moving salt by water is usually the least expensive method of transport. This cost is also partially dependent upon the cost of diesel fuel.

Suppliers' prices are presumably also impacted by market forces, including the prices charged by competitors and information available regarding industry inventory. Competitor pricing is somewhat transparent as governmental RFP bid awards are generally public information. Additionally, suppliers can also determine each other's inventories because road salt is normally stored in outdoor stockpiles that are easy to monitor.

Supplier bidding is also impacted, however, with uncertainty caused by the bid process. Nine Midwest states, including Michigan, typically open their bids in a short span of time, between May and July. This causes uncertainty because suppliers will not know the tonnage they will be required to supply until the awards are made. Even after awards are made, there is uncertainty because most states require the suppliers to commit to supplying between 70% and 130% of the actual amount of road salt awarded. Thus the timing of the bids in other states and the supply left from the previous season are factors affecting bids as they are developed.[17]

2014 Michigan Road Salt Prices

[13] Kostick, Dennis, "The Material Flow of Salt", Bureau of Mines Information Circular, 1993. http://pubs.usgs.gov/usbmic/ic-9343/

[14] Id.

[15] Interview with Emanuel Manos, Vice President, Detroit Salt Company, 9/24/14; Metropolitan Mining, available at http://www-personal.umich.edu/~copyrght/image/solstice/sum99/salt.html. In Michigan every landowner having free title to his or her land owns the mineral rights for all minerals beneath it. Id.

[16] USGS 2012 Minerals Yearbook, p 6, available at http://minerals.usgs.gov/minerals/pubs/commodity/salt/myb1-2012-salt.pdf.

[17] Id.; interviews with Michael Skoglund, Cargill Counsel, 9/23/14, and John Schneiders, Vice President, Compass, 9/26/14.

According to MDOT, the cost of road salt for the state and local road agencies is $65.81 per ton this year, an increase of about 46 percent over last years' average of $44.99 per ton.[18] According to news reports, Washtenaw County reports 46 percent and 122 percent price hikes for early and seasonal fills, respectively. Macomb County expects its costs will likely increase $30 a ton between the early and seasonal deliveries. And Oakland County expects to pay 25 percent more to get ready for this winter, which some forecasters say will be just as cold and snowy as last winter.[19]

Wayne County reports that last year it was paying $32.67 a ton from Morton Salt for early fill through the MiDeal program. This year, Wayne County ordered 33,000 tons from Compass Minerals for the early fill at a price per ton of $74.42, representing a cost increase to the county of about $1.5 million over last year. Wayne County's seasonal fill RFP was for 168,800 tons. Detroit Salt bid $47.01 in 11 drop points and won all 11, while Compass bid $58.95 in all 50 drop points and won the drop points where Detroit Salt did not bid.

The City of Dearborn reports that it was paying $74.42 per ton this year for road salt while the Downriver Community Conference (DCC) was paying $50.71 per ton. Jim Perry, the DCC Executive Director, explained that the DCC is in the third year of a three-year contract with Detroit Salt. Hence, the DCC locked into the $50.71 price two years ago, before prices went up.

Missaukee County has also raised concerns about the high costs of road salt it purchased through MiDeal, particularly relative to surrounding counties. Compass was the only bidder in 2014-2014 in all of the counties in the top half of the Lower Peninsula. Missaukee is paying $82 per ton for the early fill while some neighboring counties are paying just under $70 per ton. For the late fill, Missaukee County is paying $78.61 per ton, while other nearby counties are paying under $70.

Investigation

The Corporate Oversight Division took the following actions to investigate road salt prices:

- Reviewed all emails between DTMB and the four road salt suppliers for the 2014-2015 RFP
- Reviewed bid amounts, prices, and awards for 2013-2014 and 2014-2015 RFPs.

---

[18] Michigan Department of Transportation 11/6/14 bulletin http://www.michigan.gov/mdot/0,4616,7-151--340721--,00.html

[19] Detroit News 9/2/14, http://www.detroitnews.com/story/news/traffic/2014/09/02/detroit-metro-counties-feel-pinch-of-salt/14950309/

- Reviewed CID responses from the four salt suppliers relating to the Road Salt investigation in 2009.
- Reviewed materials relating concerns raised by Wayne County, City of Dearborn and Missaukee County about road salt prices.
- Interviewed each of the four suppliers that submitted MiDeal bids.
- Toured the Detroit Salt mine production facility.
- Communicated with Rebecca Cook, Lymon Hunter and Mary Hanses of DTMB
- Communicated with Myron Frierson, Terry Harris, Tim Croze, and Dee Parker of MDOT
- Communicated with Monica Ware of the County Roads Association of Michigan.
- Communicated with Jim Perry of the DCC.
- Communicated with Cindy Dingell and Bob Conrad of Wayne County.
- Communicated with other state AAGs to discuss road salt prices.
- Communicated with FTC attorney Jill Frumin.
- Followed road salt news through a Google alert.
- Conducted independent research on road salt pricing

2014-2015 Winter Season Road Salt Bids

The 2014-2015 road salt bids for the Midwest states were opened in this order:

1. Minnesota April 29
2. Iowa May 7
3. Wisconsin May 13
4. Ohio early fill May 13
5. Pennsylvania May 28
6. Indiana May 30
7. Missouri early June 10
8. **Michigan June 16**
9. Illinois July 1
10. Ohio seasonal fill July 8
11. Missouri seasonal July 22

Notably, Minnesota, Iowa, Wisconsin, Ohio-early fill, and Pennsylvania did not experience the significant price increases seen in Indiana, Missouri, Michigan, Illinois, and Ohio-seasonal fill.

For Michigan's 2014-2015 winter season, DTMB posted the RFP on May 15, 2014, opened the bids on June 16, 2014, and posted the awards on July 24, 2014. The bids were opened over a week later than the year before. And, as mentioned earlier and explained in more detail below, the date of the bid opening is perhaps the most important date that can influence road salt suppliers' pricing.

For the 2014-2015 MiDeal RFP for 1,459,879 tons of road salt:

Cargill bid 0 tons, which is 554,335 tons less than last year.
Detroit Salt bid 226,820 tons, which is 401,680 tons less than last year.
Morton bid 348,295, which is 539,720 tons less than last year.
Compass bid 1,291,079, which is 292,240 tons more than last year.

The Suppliers

Cargill

Cargill, headquartered in Minneapolis, Minnesota, is a privately owned business that provides food, agriculture, financial, and industrial products and services. Cargill Deicing Technology operates three salt mines in the U.S. The mines are located in Cleveland, Avery Island, Louisiana, and Lansing, New York. The Cleveland mine, which services Michigan and other Great Lakes states, produces approximately 3.6 million tons of road salt annually. Cargill stockpiles its road salt in the Great Lakes region in Cleveland, Duluth, South Chicago, Green Bay, Milwaukee, Burns Harbor IN, Detroit, and Gladstone, MI.

In Michigan, in response to the 2013-2014 MiDeal RFP, Cargill bid 236,100 tons of road salt for the early fill and 318,235 in the seasonal fill (but was awarded only a nominal amount). Cargill did not bid any of the 2014-2015 MiDeal RFP.

In the Midwest, Cargill bid on 4.956 million tons of salt in 2013-2014 and won 2.434 million tons. Cargill bid on 2.808 million tons for the Midwest states in 2014-2015 and won 2.8 million.

"It was an unprecedented winter across the snow belt last winter," said Mark Klein, a spokesman for Cargill, one of Indiana's two salt suppliers. "Huge amounts of road salt were used everywhere. ... There was very little left over after last winter." Klein said demand for salt is high this year because many expect this to be another rough winter, and states are racing to restock their supplies. Crews worked all summer, including on Saturdays, at the company's three salt mines, and the company has even imported salt from Chile to replenish its supply, Klein said.

Compass Minerals

Compass Minerals is headquartered in Overland Park, Kansas. Compass operates two salt mines that service the U.S. Compass' Godderich, Ontario mine is located on Lake Huron. The mine produces 7.5 million tons of salt annually. It serves areas surrounding the Great Lakes in both the U.S. and Canada and areas that

DRAFT

border the St. Lawrence Seaway. Salt is transported to customers via the Great Lakes and the St. Lawrence Seaway on shipping vessels that hold between 15,000 and 30,000 tons. Compass serves Michigan from three stockpiles located on the east coast of Lake Michigan and four stockpiles located on the Detroit River and the west coasts of Lake Huron and Lake Erie.

Compass' second mine is located in Cote Blanch, Louisiana, and services southern states and the southern portions of Indiana, Ohio, and Pennsylvania, plus Wisconsin, Minnesota, and Missouri. Salt is transported from this mine to customers via the Mississippi, Ohio, and Tennessee Rivers on barges that can hold 1,500 tons of salt.

Compass normally has 750,000 to 1,250,000 tons of inventory at the end of a season but had none last year. Nonetheless, Compass submitted a bid for every agency on the MiDeal RFP for both the early and seasonal fills. Their practice is to bid on everything for every RFP with the expectation that they will only get part of the award. Compass bids higher prices for some agencies and lower prices for others, expecting to win some of the lower bids and very few of the higher bids. This year they were awarded significant tonnage because of the reduced number of tons bid by Morton, Detroit Salt, and Cargill.

In total, Compass was awarded over 1 million tons of salt in Michigan for the 2014-2015 season. Because the amount awarded was higher than expected, Compass asked DTMB if the award could be reduced, to which DTMB said no. To meet Michigan's and other states' requirements, Compass purchased 600,000 tons of salt from Cordillera, a Chilean company.

Regarding Missuakee County, Compass was the only supplier to bid in that county this season. Compass indicated it did not expect to have sufficient inventory to supply salt to the counties of Missaukee, Roscommon, Osceola and Clare for the early fill, so it bid high in those counties relative to surrounding counties. Similarly, for the seasonal bid, Compass indicated it did not expect to have sufficient salt to meet the demands of Missaukee, Newaygo and Kent counties, so it bid those counties higher than surrounding counties. In 2013-2014, Compass won almost all of the early fill bids in the North and Grand Regions,[20] except DSC won those in Missaukee, Roscommon, Osceola, and Montcalm. Hence, it is likely that Compass bid higher in those counties in 2014-2015, expecting to lose to DSC, but if Compass won it would be able to command higher prices. Compass did win, given that it was the only bidder in those counties.

The same is true for the seasonal fill bids. Compass won almost all of the seasonal bids in 2013-2014 for the North and Grand Regions, except DSC won Missaukee,

---

[20] The North Region consists of those counties north of Oceana, Newaygo, Mecosta, Clare, Gladwin, and Arenac. The Grand Region consists of Oceana, Newaygo, Mecosta, Muskegon, Ottawa, Kent, Montcalm, and Ionia counties.

Morton won Roscommon, Osceola, Oceana, Newaygo, and Muskegon, and Cargill won Kent. Compass bid higher in the counties of Missaukee, Newaygo, and Kent, apparently expecting to lose to Cargill (Kent), DSC (Missaukee), and Newaygo (Morton).

Detroit Salt Company

The Kissner Group, a privately held equity group out of Cambridge, Ontario, purchased the Detroit Salt Company from the Ferrantino family in 2010. Kissner made some investments in the mine this past year with additional contract employees and equipment, so production may increase. The mine is currently running at full capacity. It produces approximately 1.1 to 1.4 million tons of salt annually. Detroit Salt stockpiles salt for delivery to Michigan customers in Detroit and a new facility (as of November 2013) in Lansing. Detroit Salt delivers its salt to its stockpiles via truck.

This season approximately 50% of Detroit Salt's production was slated for renewal contracts with the City of Chicago, the State of Illinois, Livingston county, Genesee county, and Ft. Wayne, Indiana. Additionally, Detroit Salt provides 10 percent of its production to Kissner for retail sales every year.

For the 2014-2015 season, Detroit Salt bid on the Indiana and Ohio-early fill RFPs before the MiDeal RFP. The MITN RFP was also opened before the MiDeal RFP, and MITN awarded 280,000 tons to Detroit Salt. Detroit Salt backed out of the Indiana bid, citing lack of inventory, when Indiana asked it to correct a technicality.

On the MiDeal RFP, Detroit Salt bid 628,500 tons last season and only 226,820 tons this season, which is a decrease of 401,680 tons. Detroit Salt was awarded 214,070 tons this season. Detroit Salt President Emanuel Manos says that it had no inventory at the end of last season so all of the salt produced now is being shipped directly to customers. Where Detroit Salt did bid, their prices were lower than their competition. For example, Detroit Salt bid $47.01 per ton on the MiDeal Wayne County seasonal fill drop points, while Compass bid $58.95 and Morton bid $65.07 (Cargill did not bid.).

Manos recommends that the State bid as early as possible following a harsh winter because depleted inventories will push prices higher. In contrast, he recommends the State bid later following a mild winter, when inventories are closer to capacity.

Morton Salt

Morton is headquartered in Chicago. It operates the Ojibway mine in Windsor, Ontario, Canada, which can produce approximately 2.569 million tons of road salt per year, and a mine in Fairport, Ohio that can produce approximately 1.4 million

tons annually. Morton can stockpile road salt for delivery to Michigan in Benton Harbor, Detroit, Muskegon, Saginaw, and Toledo. Morton transports salt from its mines to its stockpiles by truck.

In Michigan, for the 2013-2014 MiDeal RFP, Morton bid 888,015 tons and won 162,400 but actually sold 194,856 tons to Michigan agencies because of the harsh winter. In 2014-2015, Morton no-bid the early fill and bid 348,295 tons in the seasonal fill, explaining that its inventory was exhausted. Morton was awarded only 30,000 tons.

In the Midwest states, Morton bid 4.502 million tons in 2013-2014 and sold 1.82 million tons. In 2014-2015, Morton bid 3.147 million tons and was awarded 1.473 million tons.

Road Salt Prices in Other Midwest States and Canada

The issue of high road salt prices this year is not unique to Michigan:

Ohio

Increased salt prices may have hit hardest in Ohio, where most counties are paying between 43 percent and 128 percent more for salt this year compared to last year. Some counties rejected bids that were too expensive or received none. The state is stepping in to try to help those counties by buying 170,000 additional tons of salt from an Indiana supplier, Midwest Salt.[21] Midwest Salt plans to obtain the salt from Morocco and bring it in through the port of Toledo.[22]

Ohio used more than 1 million tons of salt on state roads last year, which was a nearly 60 percent increase over the average. The road salt prices, which are bid on by county, were higher than last year in the first round of bidding for early fill - between $36 a ton and $81 a ton, compared to the state average of $35 per ton last year. Some communities waited until the second round of bidding for the seasonal fill in hopes of getting a better price, but prices went up, including one quote of $165 per ton.[23]

Furthermore, 15 counties received bids of more than $100 per ton, and 10 counties received no bids from suppliers. "The demand for salt is simply outpacing the

[22] http://www.fox19.com/Global/story.asp?S=26900385.

[23] http://www.wlwt.com/news/ohios-salt-supplier-importing-shipments-from-morocco/29337054.

supply that is available," said Steve Faulkner, spokesman for the Ohio Department of Transportation.

Cargill and Morton are the only two companies with salt mines in Ohio. Furthermore, they have been the only two suppliers of road salt to Ohioans since 1997; probably because Ohio has a "Buy Ohio" law that favors companies that mine salt in Ohio over out-of-state competitors (Ohio miners received a 5% pricing advantage). Unfortunately for Ohioans, ODOT incorrectly interpreted the law such that if at least two firms bid Ohio-mined salt, ODOT picked one of them regardless of how much lower the bid(s) from non-Ohio salt companies were. The effect was to discourage any vendors other than Cargill and Morton from bidding on Ohio salt.[24]

The Ohio Attorney General filed a state antitrust case against Cargill and Morton in Ohio state court in 2012. *State of Ohio v Cargill et al*, Docket No. 12-cv-030268, Tuscarawas County Court of Common Pleas. The complaint alleges that the two vendors allocated public purchasers, including ODOT, geographically, and therefore were able to raise prices. The State of Ohio survived a motion to dismiss its claim. Discovery is ongoing, and a trial is scheduled for May 12, 2015.

Another complaint making similar allegations was filed by Erie County, Ohio, on behalf of itself and other Ohio counties, in 2011. *Erie County v Morton Salt, Inc et al*, 2011 WL 4361615 (ND Ohio 2011). The district court granted Morton's and Cargill's motion to dismiss, opining that the suppliers' duopoly and increased profits were the result of "'marketplace dysfunction' caused by ODOT's erroneous interpretation of the Buy Ohio law, not of any wrongdoing by the defendants."[25] Erie County appealed to the Sixth Circuit. While the appeal was pending, Erie County discovered that the counties have never been bound by the Buy Ohio law.[26] The Sixth Circuit affirmed on other grounds, holding that while it appeared that the salt companies engaged in parallel conduct, plaintiffs did not "allege facts sufficient to raise a plausible inference of an unlawful agreement to restrain trade."[27]

However, had the counties been bound by the Buy Ohio law, the Sixth Circuit court opined that facts were sufficient to raise an inference that the companies engaged in sham bidding.[28] That is because under the Buy Ohio law, for one of the two defendants to automatically win, there has to be bids from at least two suppliers that mine salt in Ohio. As a result, the suppliers bid everywhere, but it appeared that they purposefully submitted losing bids in each other's historical territories.[29]

Indiana

An Indiana procurement agent supplied DTMB with copies of the Indiana road salt awards for 2013-2014 and 2014-2015. Those awards show that Indiana was paying between $48.75 and $79 per ton last year and will pay between $71 and $106 per ton this year. All four suppliers responded to the initial 2014-2015 RFP, but Detroit Salt withdrew its bid during an initial clarification round. For the past five years, the department has used an average of 352,000 tons of salt. Last year, which saw heavy snow and bitterly cold temperatures, the state used more than 437,000 tons of salt.[30]

Illinois

Illinois officials say this season's prices range from $75 a ton to more than $130 per ton, up from last year's statewide average of about $55. Like other states, Illinois offered centralized purchasing to local governments, but many still didn't receive bids. Illinois says it's continuing to work with those communities by connecting them with vendors, and believes that those who need salt ultimately will be able to get it.[31]

According to Lance Trainer, Illinois Strategic Sourcing Director, Illinois bids/purchases road salt for over 500 local entities, with RFPs let for half of the locals each year, in alternating years. One of the contracts in their portfolio is for a two-year agreement, with a cap on price escalations during the second year. That vendor did honor the 5% escalation contract cap for the usage specified ($55-$60/ton) for the 2014-2015 season.[32]

The locations being taken to market for 2014-2015 pricing had a different experience. In the initial round of bidding, 195 of the local public entities were no-bid. Of the locations bid, pricing ranged from approximately $70 - $140 per ton. Illinois chose to issue a second bid, along with 90 local entities, and only 20 locals received bids. Some pricing was over $140.[33]

Missouri

Tim Chojnacki, maintenance liaison engineer for MoDOT, said the department is paying an average of $80 per ton for road salt this year. Last year, it was paying an average of $60 per ton. The department will head into winter with 220,000 tons of

[32] Rebecca Cook (DTMB-Procurement) discussion with Lance Trainer, August 2014.

[33] Id.

road salt, and on average it uses 180,000 per winter, Chojnacki said. Last year, however, the department used 215,000 tons and bought additional road salt during the winter.[34]

Pennsylvania

Pennsylvania is reporting a modest 8 to 9 percent increase in salt prices. State transportation officials say they used about 1.2 million tons of road salt last winter, a 43 percent increase over the five-year average.[35] Pennsylvania opened its bid before Indiana, Illinois, Michigan, Missouri, and Ohio-seasonal.

Wisconsin

Officials in Wisconsin are paying on average 14 percent more for salt this year. State highways official Todd Matheson said he knew the increase was coming but was grateful the state was able to secure salt for all of Wisconsin's 72 counties and hundreds of municipalities.[36] Wisconsin was the third of the Midwest states to open its bid.

Iowa

Planning ahead enabled the state to lock in a good price, said Craig Bargfrede, Winter Operations administrator for the Iowa Department of Transportation. "To say there is a shortage is probably somewhat accurate," Bargfrede said. "However, in our case, as the Iowa DOT, we are very proactive in putting together our contract for the year. As far as our supply goes, we're sitting very well."

Statewide prices have gone up an average of $10 per ton, depending upon which part of the state, he said. The overall average price per ton is $82, about a 13 percent increase over last year.[37] Iowa was the second state to open its bid.

Minnesota

DRAFT

[34] http://www.columbiatribune.com/news/local/road-salt-supply-low-demand-high-as-winter-looms/article_dbfa9e58-4652-53bb-b9c5-c29751958cd4.html

[36] AP 9/29/14, http://bigstory.ap.org/article/7623d35d1a6145e9b88ec6ade6db229e/summary-snow-states-road-salt-problems

[37] http://www.messengernews.net/page/content.detail/id/580122/Ready-for-the-roads.html?nav=5010.

Minnesota communities are paying about 4 percent more on average this year for salt, which the state is crediting to securing prices in early spring before prices jumped. Some local governments are paying about 15 percent more, but most increases are more moderate.[38] Minnesota was the first of the Midwest states to open their bid.

Canada

Governmental agencies in Canada do not appear to be experiencing the price increases and shortages that we are seeing in the U.S. In Canada, regional, and provincial government agencies typically contract with private entities to provide winter services. The services include plowing, salt application, sidewalk clearing, etc. These private entities have contracts with the road salt suppliers that are typically multi-year agreements for the purchase of a specified amount of salt. The contracts contain negotiated annual price provisions, which specify the size of a price increase, irrespective of any significant fluctuation in year-to-year demand. Additionally, the salt suppliers' contracts have staggered end dates, so they start each bid season with a known, "committed" amount of salt to be sold to Canadian purchasers.

Investigation Conclusions

Our investigation did not find evidence of collusion or illegal anti-competitive conduct. Last winter was the snowiest winter on record in many Great Lakes states. Michigan's four suppliers report that they depleted their inventories this past spring, which is highly unusual as they typically have 15-20 percent inventory remaining at the end of a season.[39] In addition, states depleted their inventories as well, so the tonnage they requested increased.

A review of road salt contracting in eight other Midwest states indicates that road salt prices increased as the states' bids were opened between May and July 2014. In other words, the later the bid was opened, the higher the price of salt. This is consistent with salt suppliers having insufficient inventories to cover the demand.

---

[38] AP 9/29/14, http://bigstory.ap.org/article/7623d35d1a6145e9b88ec6ade6db229e/summary-snow-states-road-salt-problems

[39] Jill Frumin, an attorney at FTC knowledgeable about the road salt industry, opined that the road salt inventories probably were in fact depleted given last year's winter. Frumin was involved in the investigation of the merger between two salt mining companies, K+S and Morton Salt, a couple of years ago.

When salt suppliers bid for states' business, they try to win only as much business as they can serve with their expected inventories, and this year their inventories were low. They might bid higher prices in areas where they don't expect to win and lower prices in areas that they want to win. With decreased inventory, they bid higher in a greater number of areas than usual. If they win the higher priced bids, they can meet their obligation with higher cost product, such as salt mined in South America. Due to heavy market demand, fewer road-salt suppliers were willing to bid for supply contracts under the MiDeal program, which also negatively influenced pricing for purchasers.

Recommendations

1) Consider Changes to the State Bidding Process

Based on our investigation, it appears the timing of the bidding is a crucial factor affecting road salt prices. Understanding that pricing of road salt is a complex process, we recommend further discussions with DTMB and MDOT to see if to see if there are better ways to improve Michigan's position in MiDeal's road salt bidding process. One potential option it to set an earlier bid date to enable local governments to buy salt earlier in the season and to negotiate multiyear contracts. We also recommend that DTMB work more closely with municipalities to lock in competitive road salt prices.

2) Consider alternatives to road salt and modifying distribution methods

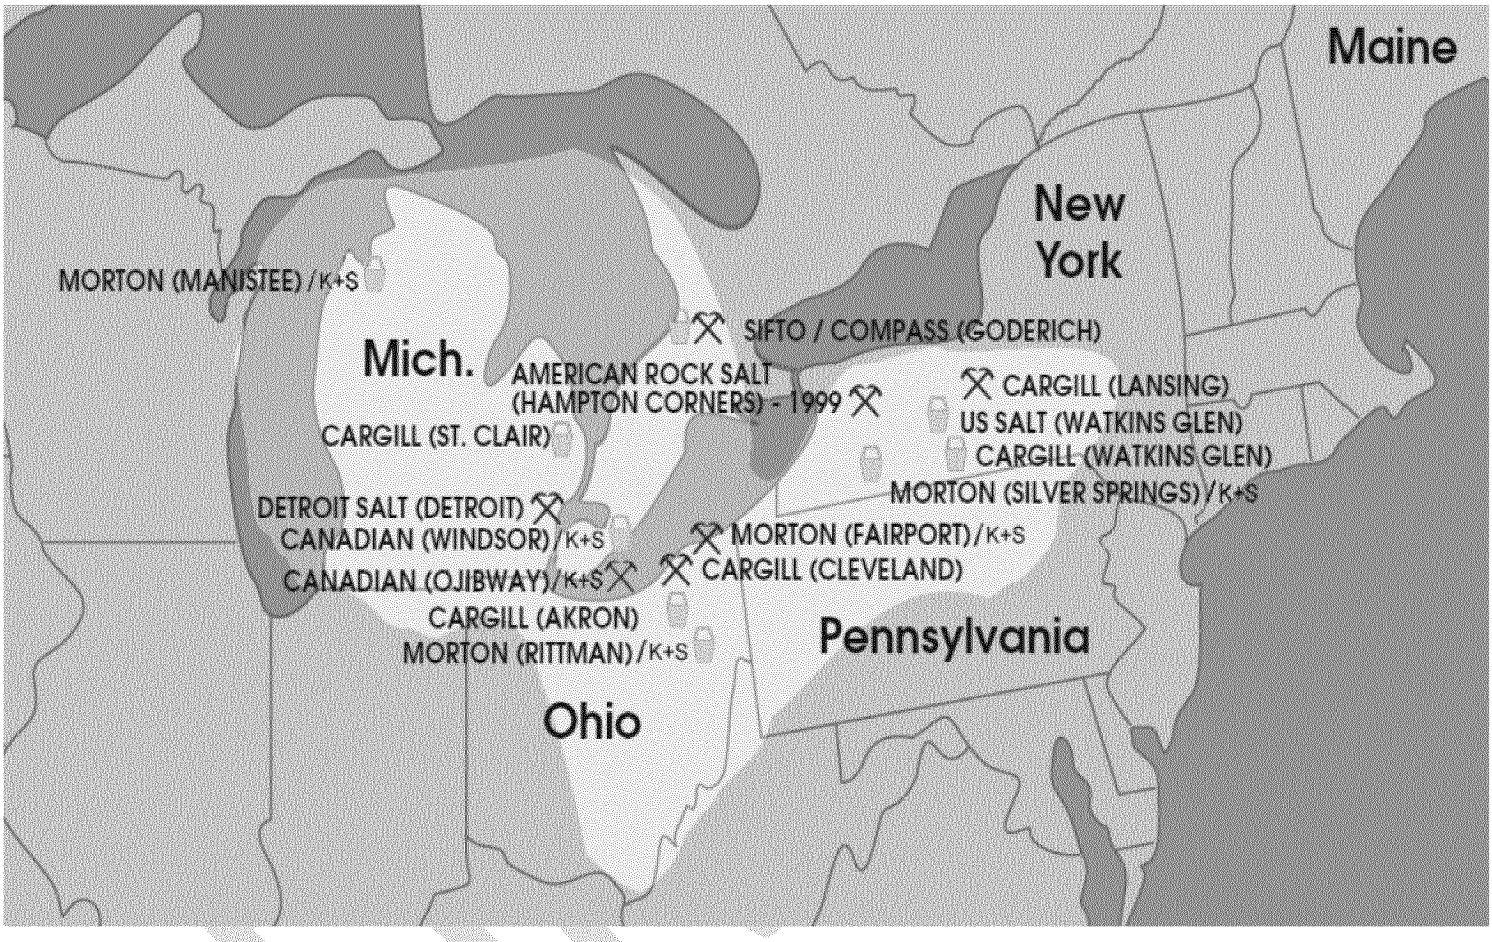
During our investigation we learned that one way to stretch the limited supply of salt is to combine it with other materials. Sand is most commonly used, but it is not the only option. It is our understanding that public works agencies are working with local businesses to obtain manufacturing byproducts to mix in with the salt. They are experimenting with additives such as cheese brine and molasses, rum and vodka distillery leftovers, and sugar beet juice.

Another option is to reduce "bounce and scatter." Properly calibrated dispensing equipment can cut waste by nearly 35%.[40] Washtenaw County is looking make its salt distribution more efficient, including having salt trucks drive slower and pre-wetting the salt to prevent bounce and scatter.[41]

Combined, new materials and spreading finesse can potentially reduce usage, and thereby lower costs.

[40] Public Works 9/23/14 http://www.pwmag.com/snow-and-ice-control/buyers-beware-road-salt-prices-are-way-up_o.aspx

[41] AP 9/29/14 http://bigstory.ap.org/article/7623d35d1a6145e9b88ec6ade6db229e/summary-snow-states-road-salt-problems



According to Mackinac Center, however, there is no single "silver bullet," but rather a collection of practices that improve overall efficiency and effectiveness. The Center recommends improved plowing technologies, greater focus on calibration procedures, operator training, materials-placement strategies, greater use of liquids, advanced forecasting of weather and pavement conditions, improved material-spreading equipment, and greater public awareness.[42]

MICHIGAN DEPARTMENT OF CORRECTIONS

"Expecting Excellence Every Day"

MEMORANDUM

DATE:

TO: Julie Hamp, Procurement Manager

FROM: Lisa Lehnert, Proposal Manager/Buyer

SUBJECT: Award Recommendation for 047214B0001865 Prisoner Clothing and Linens

BACKGROUND INFORMATION/GENERAL:
This Request for Proposal (RFP) is for the Michigan Department of Corrections (MDOC), Michigan State Industries (MSI) to obtain bids from qualified vendors to provide prisoner clothing and linens.

The contract period is three years, with two additional one year options.

BID EVALUATION METHOD:
Proposals for this solicitation were evaluated by a Joint Evaluation Committee (JEC).

BIDDERS:
The RFP was posted on Buy4Michigan on April 18, 2014, and was available for 41 days with a published due date of May 29, 2014. On May 22, 2014, Amendment #3 was posted on Buy4Michigan to revise the bid opening date to June 12, 2014. The following bidders submitted proposals in response to this RFP:

Bidder	City, State	Michigan Business	SDVOB
American Textile Systems	Cerritos, CA	No	No
Keefe Commissary Network, LLC	Strongsville, OH	No	No
Lockett Enterprises, LLC	Flint, MI	Yes	Yes
Tabb Textiles Co., Inc.	Opelika, AL	No	No
Grand Strategy LLC	South Haven, MI	Yes	Yes
Uniforms Manufacturing, Inc.	Scottsdale, AZ	No	No
Northwest Woolen Mills	Woonsocket, RI	No	No
Charm Tex	Brooklyn, NY	No	No
OD Taragin & Bros. LLC	Baltimore, MD	No	No
Bob Barker Company Inc.	Fuguay Varina, NC	No	No
Holmdel Footwear LLC	Marlboro, NJ	No	No
Just In Trend	Johnston, IA	No	No

Paradise Pillow Inc.	Philadelphia, PA	No	No
Scion Industries	Springfield, IL	No	No
Robinson Textiles	Gardena, CA	No	No
Carolina Textiles	Charlotte, NC	No	No

SELECTION CRITERIA AND EVALUATION:

3.4.1 Method of Evaluation

Proposals will be evaluated by a JEC.

3.4.2 Evaluation Criteria

Step 1
Technical evaluation of written bid proposal
The following chart represents the scoring of the particular factors:

	Technical Evaluation Criteria	Weight
1.	Scope of Work and Deliverables: Section 1.2.2, Deliverables; Section 1.3.2, Reports	35
2.	Commodity Requirements: Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives	15
3.	Delivery and Acceptance: Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term	20
4.	Bidder Information: Article 4.1.1, Company Information	5
5.	Bidder Information: Article 4.1.9 Prior Experience	20
6.	Bidder Information: Article 4.1.10 Contract Performance	5
	Total	100

Step 2
For those bidders with a passing technical score in Step 1, their pricing will be evaluated. The State reserves the right to perform price negotiations as part of Step 2. In its sole discretion, the State will determine which bidders are in a competitive price range to proceed to Step 3.

Step 3
Samples will be evaluated for the bidder or bidders with a passing technical score in Step 1, and who are determined to be within a competitive price rage in Step 2. Evaluation of samples will be pass/fail, on an item by item basis. Sample evaluation forms are included as Attachment C, Bath Linens Evaluation Form; Attachment D, Clothing Evaluation Form; and Attachment E, Bed Linens Evaluation Form.

Step 4
Best value determination based on those who pass Steps 1, 2, and 3 above.

3.4.3 Technical and Price Evaluation

(a) Proposals receiving a score of 80 points or more will be considered for award.

(b) Price proposals will only be evaluated from those bidders that the State considers for award in accordance with subsection (a). Evaluation of price proposals includes consideration of a qualified disabled veteran preference. MCL 18.1261 establishes a preference of up to 10% for businesses owned by qualified disabled veterans that are considered for award in accordance with subsection (a).

3.4.4 Award Recommendation

The award recommendation will be made for the bidder that: (a) is considered for award in accordance with Section 3.4.3(a), Technical and Price Evaluation; (b) has its price proposal evaluated under Section 3.4.3(b), Technical and Price Evaluation; and (c) in the State's determination, offers the best value to the State.

3.4.5 Reservations

The State reserves the right to:

(a) consider total cost of ownership in the final award recommendation (i.e. transition costs, training costs, etc.);
(b) award by item or part of an item;
(c) reject any proposals in whole or in part;
(d) award multiple, optional-use contracts. The State may evaluate offers based on advantages and disadvantages that may result from making more than one award;
(e) consider overall economic impact. This includes considering principal place of performance, number of Michigan citizens employed or potentially employed, money paid to Michigan residents, Michigan capital investments, etc;
(f) award to another bidder if the recommended bidder does not accept the award;
(g) give a preference for products manufactured or services offered by Michigan-based firms if all other things are equal and if consistent with federal statutes. (MCL 18.1261);
(h) disqualify any bid based on the failure to complete the Vendor Categories in the Buy4Michigan registration; and
(i) disqualify any bid based on the information provided in the Vendor Categories in the Buy4Michigan registration.

3.4.6 Award Decision

Award recommendation will be made to the Director of MDOC.

3.4.7 Protests

If a bidder wishes to protest the award recommendation, the bidder must submit a written protest by the date and time stated in the attachment provided with the recommendation (bid tab). The bidder must include the RFP number and clearly state the facts believed to constitute error in the award recommendation along with the desired remedy. More information about the bidder protest process is available at www.michigan.gov/contractconnect; click on the "Vendor Information" link.

3.4.8 State Administrative Board

State Administrative Board (SAB) approval is required for all Contracts or Purchase Orders of $250,000.00 or more. The decision of the SAB is final; however, SAB approval does not constitute a Contract. The award process is complete when the bidder receives a properly executed Contract or Purchase Order from MDOC-Procurement.

3.5.5 Past Performance

The State may evaluate the bidder's prior performance with the State in making its award decision.

3.5.6 Financial Stability

The State may evaluate the bidder's financial stability in making its award decision. The State may seek financial information from the bidder and from third parties.

Evaluation Results (100 points possible):

Bidder Information: Article 4.1.10 Contract Performance	5/5
Step 1 – Technical Evaluation Score	**89/100**

Section 1.2.2, Deliverables; Section 1.3.2, Reports

- The JEC did not find any deficiencies in this section.

Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives

- The JEC did not find any deficiencies in this section.

Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term

- The JEC did not find any deficiencies in this section.

Article 4.1.1, Company Information

- The JEC could not find the Bidder's gross annual sales for the last five years.

Article 4.1.9 Prior Experience

- The Bidder provided a list of two prior experiences, instead of the required three.
- The JEC could only find one of the required three Attachment F "Reference Forms."

Article 4.1.10 Contract Performance

- The JEC did not find any deficiencies in this section.

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were compared to the MDOC's current price for each item. The JEC determined that the Bidder's pricing was in the competitive range.

Step 3 – Sample Evaluation	**Pass/Fail**
Wool blanket	Pass

Cotton blanket	Pass
Flat sheet (54" x 90" minimum)	Pass
Flat sheet (66" x 104" minimum)	Pass
Bath towel	Pass
Wash cloth	Pass

Keefe Commissary Network, LLC

Step 1: Criteria	**Weight Received**
Scope of Work and Deliverables: Section 1.2.2, Deliverables; Section 1.3.2, Reports	35/35
Commodity Requirements: Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives	11/15
Delivery and Acceptance: Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term	20/20
Bidder Information: Article 4.1.1, Company Information	5/5
Bidder Information: Article 4.1.9 Prior Experience	18/20
Bidder Information: Article 4.1.10 Contract Performance	5/5
Step 1 – Technical Evaluation Score	**94/100**

Section 1.2.2, Deliverables; Section 1.3.2, Reports

- The JEC did not find any deficiencies in this section.

Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives

- The customer service hours were not evident in the RFP.
- The Bidder's warranty has limited product return. Bidder must be notified within thirty days of purchase for the product to be eligible under warranty.

Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term

- The JEC did not find any deficiencies in these sections of the RFP.

Article 4.1.1, Company Information

- The JEC did not find any deficiencies in this section of the RFP.

Article 4.1.9 Prior Experience

- The JEC could only find two of the required three Attachment F "Reference Forms."

Article 4.1.10 Contract Performance

- The JEC did not find any deficiencies in this section of the RFP.

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were compared to the MDOC's current price for each item.

It was determined by the JEC that the following items on Attachment A-1 would not be awarded to any Contractors: colored t-shirts, boxers, women's briefs, bras and sports bras. The MDOC currently has a contract for women's undergarments, which the department will continue to utilize.

It was determined by the JEC that the price for this Bidder's crew socks was too high compared to the MDOC's current price; therefore, this item was not evaluated in Step 3.

It was determined by the JEC that the items on Attachment A-2 "Prisoner Sleepwear" were too costly; therefore, these items were not evaluated in Step 3.

It was determined by the JEC that the price for this Bidder's bath towels was too high compared to the MDOC's

current price; therefore, this item was not evaluated in Step 3.

Step 3 – Sample Evaluation	**Pass/Fail**
T-Shirt	Failed Step 8 of Attachment D – Product specifications stated that hem of shirt and sleeves must be cleanly finished with no raw edges. The raw edge in the hem is sticking out all around the seam.
Briefs – Men's	Pass
Thermal top (white) – Women's	Pass
Thermal top (off white) – Men's	Pass
Thermal bottom (white) – Women's	Pass
Thermal bottom (off white) – Men's	Pass
Wash cloth	Failed Step 3 of Attachment C - The minimum size requirement is 12" x 12". Item measured 11 ½" x 12".

Lockett Enterprises, LLC

Step 1: Criteria	**Weight Received**
Scope of Work and Deliverables: Section 1.2.2, Deliverables; Section 1.3.2, Reports	30/35
Commodity Requirements: Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives	11/15
Delivery and Acceptance: Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term	15/20

Bidder Information: Article 4.1.9 Prior Experience	18/20
Bidder Information: Article 4.1.10 Contract Performance	5/5
Step 1 – Technical Evaluation Score	**84/100**

Section 1.2.2, Deliverables; Section 1.3.2, Reports

- The JEC could not find the Bidder's sizing chart.

Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives

- The customer service hours were not evident in the RFP.
- The RFP lacked specific details of its quality assurance program.
- The Bidder's response stated that most garments do not come with any warranties.
- The process for reporting warranty issues was not evident in the RFP.

Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term

- The Bidder's response stated it would work closely with the MDOC to fulfill all requests within the scope of the contract. The Bidder did not acknowledge acceptance of the requested minimum order.
- The JEC could not find the Bidder's acknowledgement any of the packaging requirements listed in Article 1.4.3.

Article 4.1.1, Company Information

- The JEC did not find any deficiencies in this section of the RFP.

Article 4.1.9 Prior Experience

- The JEC could only find two of the required three Attachment F "Reference Forms."

Article 4.1.10 Contract Performance

- The JEC did not find any deficiencies in this section of the RFP.

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were compared to the MDOC's current price for each item.

It was determined by the JEC that the following items on Attachment A-1 would not be awarded to any Contractors: colored t-shirts, boxers, women's briefs, bras and sports bras. The MDOC currently has a contract for women's undergarments, which the department will continue to utilize.

It was determined by the JEC that the prices for this Bidder's briefs and crew socks were too high compared to the MDOC's current price and proposed pricing of other Bidders; therefore, these samples were not evaluated in Step 3.

It was determined by the JEC that the price for this Bidder's shorts (mesh and smooth) were too high compared to the MDOC's current price; therefore, these items were not evaluated in Step 3.

The JEC determined that the following items on Attachment A-4 "Prisoner Outerwear" would not be award to any Contractors: kitchen cap, baseball cap, cold weather hat, mittens, jacket (winter), hood for work crew jacket, bib coveralls, raincoat and rain pants.

The JEC determined that the price for this Bidder's wool blankets were too high compared to the MDOC's current price; therefore, these items were not evaluated in Step 3.

Step 3 – Sample Evaluation	**Pass/Fail**
Thermal top – Women's	No pricing provided – sample not evaluated
Thermal bottom – Women's	No pricing provided – sample not evaluated
Thermal top – Men's (red)	No pricing provided – sample not evaluated
Thermal bottom – Men's (off white)	No pricing provided – sample not evaluated
Knit hat	Pass
Gloves (knit – blue) - RFP requested mittens, not gloves	Failed Step 1 on Attachment D – Step 1 stated that the State will review the label to verify item meets the product requirements listed on the appropriate Attachment(s) A-1through A-6, such as cotton and/or cotton polyester, fabric content, waterproof and water resistant. The product requirements were for quilt nylon mittens with insulation, and that were waterproof. The product sample received was knit gloves, which did not meet the fabric content or the waterproof requirement. It was also gloves instead of mittens.
Gloves (fleece – blue) - RFP requested mittens, not gloves	Failed Step 1 on Attachment D – Step 1 stated that the State will review the label to verify item meets the product requirements listed on the appropriate Attachment(s) A-1through A-6, such as cotton and/or cotton polyester, fabric content, waterproof and water resistant. The product requirements were for quilt nylon mittens with insulation, and that were waterproof. The product sample received was fleece gloves, which did not meet the fabric content or the waterproof requirement. It was also gloves instead of mittens.
Cotton blanket	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a label.
Flat sheet (54" x 90" minimum)	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a label.
Flat sheet (66" x 104" minimum)	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a label.
Pillow case	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a label.
Pillow protector	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a

	label.
Bath towel	Failed Step 8 on Attachment C – Item must weigh a minimum 5 lbs. per dozen (6.67 oz. each). Item weighed 6.5 oz.
Wash cloth	Pass

Tabb Textiles Co., Inc.

Step 1: Criteria	**Weight Received**
Scope of Work and Deliverables: Section 1.2.2, Deliverables; Section 1.3.2, Reports	35/35
Commodity Requirements: Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives	11/15
Delivery and Acceptance: Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term	14/20
Bidder Information: Article 4.1.1, Company Information	5/5
Bidder Information: Article 4.1.9 Prior Experience	20/20
Bidder Information: Article 4.1.10 Contract Performance	5/5
Step 1 – Technical Evaluation Score	**90/100**

Section 1.2.2, Deliverables; Section 1.3.2, Reports

- The JEC did not find any deficiencies in this section.

Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives

- The Bidder confirmed that it is able to receive orders by fax or e-mail. The Bidder does not appear to accept orders via telephone or written orders.
- The RFP lacked details of the warranty.

Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term

- The Bidder's response specified that it would need 30 to 75 days to build inventory levels.
- The Bidder is requesting that orders are placed in increments of "full case" quantities. The MDOC is requesting a no minimum order.

Article 4.1.1, Company Information

- The JEC did not find any deficiencies in this section of the RFP.

Article 4.1.9 Prior Experience

- The JEC did not find any deficiencies in this section of the RFP.

Article 4.1.10 Contract Performance

- The JEC did not find any deficiencies in this section of the RFP.

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were compared to the MDOC's current price for each item. The JEC determined that the Bidder's pricing was in the competitive range.

Step 3 – Sample Evaluation of Provided Samples	**Pass/Fail**
Wool blanket	Pass
Cotton blanket	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a label.
Flat sheet	Pass
Pillow case	Pass

Bath towel	Failed Step 2 on Attachment C – The terrycloth had some missed loops in the middle of the item (approximately ½" wide). There was also a major snag in the item.
Wash cloth	Failed Step 3 on Attachment C - The minimum size requirement is 12" x 12". Item measured 11 ¾" in one spot, so the item was not square.

Delivery and Acceptance: Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term	18/20
Bidder Information: Article 4.1.1, Company Information	5/5
Bidder Information: Article 4.1.9 Prior Experience	11/20
Bidder Information: Article 4.1.10 Contract Performance	5/5
Step 1 – Technical Evaluation Score	**82/100**

Section 1.2.2, Deliverables; Section 1.3.2, Reports

- The JEC did not find any deficiencies in this section of the RFP.

Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives

- The customer service hours were not evident in the RFP.
- The RFP lacked details of the Bidder's quality assurance program.
- The Bidder's warranty has limited product return. Bidder must be notified within thirty days for the product to be eligible under warranty.

Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term

- The MDOC requested that stock items be delivered within 14 calendar days of receipt of order. The Bidder's response specified the delivery time frame would be 5-30 days.
- The Bidder has a minimum order requirement for certain items. The MDOC is requesting a no minimum order.

Article 4.1.1, Company Information

- The JEC did not find any deficiencies in this section of the RFP.

Article 4.1.9 Prior Experience

- The Bidder provided a list of five prior experiences; however, the JEC could not find the total project costs, deliverables and dates for each experience.
- The JEC could not find the requested three Attachment F "Reference Forms."

Article 4.1.10 Contract Performance

- The JEC did not find any deficiencies in this section of the RFP.

Step 2 – Pricing Evaluation
The pricing proposals for Bidders that passed Step 1 were compared to the MDOC's current price for each item. The JEC determined that the Bidder's pricing was in the competitive range.

It was determined by the JEC that the following items on Attachment A-1 would not be awarded to any Contractors: colored t-shirts, boxers, women's briefs, bras and sports bras. The MDOC currently has a contract for women's undergarments, which the department will continue to utilize.

The JEC determined that the following items on Attachment A-4 "Prisoner Outerwear" would not be award to any Contractors: kitchen cap, baseball cap, cold weather hat, mittens, jacket (winter), hood for work crew jacket, bib coveralls, raincoat and rain pants.

The JEC determined that the mattress covers noted on Attachment A-5 "Bed Linens" would not be awarded to any Contractors.

Step 3 – Sample Evaluation	**Pass/Fail**
T-Shirt	Failed Step 7 on Attachment D – The JEC was unable to find the sizing chart for this item.
Briefs – Men's	Pass
Crew socks	Pass
Thermal top – unisex	Failed Step 7 on Attachment D – The sleeves were too short.
Thermal bottom – unisex	Pass
Shirt – Men's (short sleeve)	Pass for men only. Sample does not pass for women.
Pants – Men's	Failed Step 3 on Attachment D – Item must have one back pocket. Item did not have a pocket.
Jumpsuit – non-insulated (short sleeve)	Pass
Knit hat	Pass
Wool blanket	Pass
Cotton blanket	Failed Step 2 on Attachment E – The item had some see through spots in the middle of the blanket, holes in the selvage sides of the fabric and loose strings in the hem.
Flat sheet (54" x 90" minimum, T180)	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a label.
Pillow case (T180)	Failed Step 3 of Attachment E - The minimum size requirement is 22" x 30". Item measured 20" x 29 ½".
Bath towel	Failed Step 8 on Attachment C - – Item must weigh a minimum 5 lbs. per dozen (6.67 oz. each). Item weighed 6.25 oz.
Wash cloth	Failed Step 2 on Attachment C – The hems on the item were coming apart.

Holmdel Footwear LLC

Bidder Information: Article 4.1.9 Prior Experience	16/20

Bidder Information: Article 4.1.10 Contract Performance	5/5
Step 1 – Technical Evaluation Score	**92/100**

Section 1.2.2, Deliverables; Section 1.3.2, Reports

- The JEC did not find any deficiencies in this section.

Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives

- The customer service days and hours are limited. The account manager is available 9:00 – 1:30 p.m. EST, Monday-Thursday.
- The RFP lacked details of the Bidder's quality assurance program.

Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term

- The JEC did not find any deficiencies in these sections of the RFP.

Article 4.1.1, Company Information

- The JEC did not find any deficiencies in this section of the RFP.

Article 4.1.9 Prior Experience

- The JEC could only find one of the required three Attachment F "Reference Forms."

Article 4.1.10 Contract Performance

- The JEC did not find any deficiencies in this section of the RFP.

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were compared to the MDOC's current price for each item. The JEC determined that the Bidder's pricing was in the competitive range.

It was determined by the JEC that the following items on Attachment A-1 would not be awarded to any Contractors: colored t-shirts, boxers, women's briefs, bras and sports bras. The MDOC currently has a contract for women's undergarments, which the department will continue to utilize.

Step 3 – Sample Evaluation	**Pass/Fail**
T-Shirt (white)	Pass
Briefs – Men's	Pass
Crew socks	Pass

Just In Trend

Step 1: Criteria	**Weight Received**
Scope of Work and Deliverables: Section 1.2.2, Deliverables; Section 1.3.2, Reports	35/35
Commodity Requirements: Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives	12/15
Delivery and Acceptance: Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term	14/20
Bidder Information: Article 4.1.1, Company Information	1/5
Bidder Information: Article 4.1.9 Prior Experience	8/20
Bidder Information: Article 4.1.10 Contract Performance	5/5
Step 1 – Technical Evaluation Score	**75/100**

Section 1.2.2, Deliverables; Section 1.3.2, Reports

- The JEC did not find any deficiencies in this section.

Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives

- The RFP lacked details of the Bidder's quality assurance program.

Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term

- The Bidder's response specified that it would need 50 to 90 days to build its inventory levels at the beginning of the contract. The Bidder also requested that a rough forecast of the demand be provided.
- The Bidder agreed to the no minimum order; however, it requested a token minimum order quantity of $250.00. The MDOC is requesting a no minimum order.

Article 4.1.1, Company Information

- The Bidder has been in business for five years. Its gross annual sales for the last five years have ranged from $11,000.00 to $170,000.00. The State's account has the potential of representing 25% or more of the Bidder's total sales. The JEC could not find where the Bidder fully described in its proposal how the company would be scaling up to serve the State's account. The JEC is concerned that the Bidder is not large enough to service the MDOC.

Article 4.1.9 Prior Experience

- The Bidder provided three prior experiences; however, the prior experiences were not of similar size. The JEC is concerned that the Bidder will not be able to provide service to the entire MDOC.
- The Bidder provided three Attachment F "Reference Forms." One of the references stated that the vendor took too long to process orders and had a minimum order that the customer did not satisfy. The reference stated that they would not extend its contract because of the minimum order requirement and that they had to cancel a year-end purchase order because the vendor did not supply items in a timely manner. The other two references were happy with the Bidder; however, they were not of similar size either.

Article 4.1.10 Contract Performance

- The JEC did not find any deficiencies in this section of the RFP.

Steps 2 and 3 – The JEC did not evaluate the pricing or samples due to the Bidder not passing Step 1 - Technical.

Paradise Pillow Inc.

Step 1: Criteria	Weight Received

MICHIGAN DEPARTMENT OF CORRECTIONS

"Expecting Excellence Every Day"

MEMORANDUM

DATE:

TO: Julie Hamp, Procurement Manager

FROM: Lisa Lehnert, Proposal Manager/Buyer

SUBJECT: Award Recommendation for 047214B0001865 Prisoner Clothing and Linens

BACKGROUND INFORMATION/GENERAL:
This Request for Proposal (RFP) is for the Michigan Department of Corrections (MDOC), Michigan State Industries (MSI) to obtain bids from qualified vendors to provide prisoner clothing and linens.

The contract period is three years, with two additional one year options.

BID EVALUATION METHOD:
Proposals for this solicitation were evaluated by a Joint Evaluation Committee (JEC).

BIDDERS:
The RFP was posted on Buy4Michigan on April 18, 2014, and was available for 41 days with a published due date of May 29, 2014. On May 22, 2014, Amendment #3 was posted on Buy4Michigan to revise the bid opening date to June 12, 2014. The following bidders submitted proposals in response to this RFP:

Bidder	City, State	Michigan Business	SDVOB
American Textile Systems	Cerritos, CA	No	No
Keefe Commissary Network, LLC	Strongsville, OH	No	No
Lockett Enterprises, LLC	Flint, MI	Yes	Yes
Tabb Textiles Co., Inc.	Opelika, AL	No	No
Grand Strategy LLC	South Haven, MI	Yes	Yes
Uniforms Manufacturing, Inc.	Scottsdale, AZ	No	No
Northwest Woolen Mills	Woonsocket, RI	No	No
Charm Tex	Brooklyn, NY	No	No
OD Taragin & Bros. LLC	Baltimore, MD	No	No
Bob Barker Company Inc.	Fuguay Varina, NC	No	No
Holmdel Footwear LLC	Marlboro, NJ	No	No
Just In Trend	Johnston, IA	No	No

Paradise Pillow Inc.	Philadelphia, PA	No	No
Scion Industries	Springfield, IL	No	No
Robinson Textiles	Gardena, CA	No	No
Carolina Textiles	Charlotte, NC	No	No

SELECTION CRITERIA AND EVALUATION:

3.4.1 Method of Evaluation

Proposals will be evaluated by a JEC.

3.4.2 Evaluation Criteria

Step 1
Technical evaluation of written bid proposal
The following chart represents the scoring of the particular factors:

	Technical Evaluation Criteria	Weight
1.	Scope of Work and Deliverables: Section 1.2.2, Deliverables; Section 1.3.2, Reports	35
2.	Commodity Requirements: Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives	15
3.	Delivery and Acceptance: Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term	20
4.	Bidder Information: Article 4.1.1, Company Information	5
5.	Bidder Information: Article 4.1.9 Prior Experience	20
6.	Bidder Information: Article 4.1.10 Contract Performance	5
	Total	100

Step 2
For those bidders with a passing technical score in Step 1, their pricing will be evaluated. The State reserves the right to perform price negotiations as part of Step 2. In its sole discretion, the State will determine which bidders are in a competitive price range to proceed to Step 3.

Step 3
Samples will be evaluated for the bidder or bidders with a passing technical score in Step 1, and who are determined to be within a competitive price rage in Step 2. Evaluation of samples will be pass/fail, on an item by item basis. Sample evaluation forms are included as Attachment C, Bath Linens Evaluation Form; Attachment D, Clothing Evaluation Form; and Attachment E, Bed Linens Evaluation Form.

Step 4
Best value determination based on those who pass Steps 1, 2, and 3 above.

3.4.3 Technical and Price Evaluation

(a) Proposals receiving a score of 80 points or more will be considered for award.

(b) Price proposals will only be evaluated from those bidders that the State considers for award in accordance with subsection (a). Evaluation of price proposals includes consideration of a qualified disabled veteran preference. MCL 18.1261 establishes a preference of up to 10% for businesses owned by qualified disabled veterans that are considered for award in accordance with subsection (a).

3.4.4 Award Recommendation

The award recommendation will be made for the bidder that: (a) is considered for award in accordance with Section 3.4.3(a), Technical and Price Evaluation; (b) has its price proposal evaluated under Section 3.4.3(b), Technical and Price Evaluation; and (c) in the State's determination, offers the best value to the State.

3.4.5 Reservations

The State reserves the right to:

(a) consider total cost of ownership in the final award recommendation (i.e. transition costs, training costs, etc.);
(b) award by item or part of an item;
(c) reject any proposals in whole or in part;
(d) award multiple, optional-use contracts. The State may evaluate offers based on advantages and disadvantages that may result from making more than one award;
(e) consider overall economic impact. This includes considering principal place of performance, number of Michigan citizens employed or potentially employed, money paid to Michigan residents, Michigan capital investments, etc;
(f) award to another bidder if the recommended bidder does not accept the award;
(g) give a preference for products manufactured or services offered by Michigan-based firms if all other things are equal and if consistent with federal statutes. (MCL 18.1261);
(h) disqualify any bid based on the failure to complete the Vendor Categories in the Buy4Michigan registration; and
(i) disqualify any bid based on the information provided in the Vendor Categories in the Buy4Michigan registration.

3.4.6 Award Decision

Award recommendation will be made to the Director of MDOC.

3.4.7 Protests

If a bidder wishes to protest the award recommendation, the bidder must submit a written protest by the date and time stated in the attachment provided with the recommendation (bid tab). The bidder must include the RFP number and clearly state the facts believed to constitute error in the award recommendation along with the desired remedy. More information about the bidder protest process is available at www.michigan.gov/contractconnect; click on the "Vendor Information" link.

3.4.8 State Administrative Board

State Administrative Board (SAB) approval is required for all Contracts or Purchase Orders of $250,000.00 or more. The decision of the SAB is final; however, SAB approval does not constitute a Contract. The award process is complete when the bidder receives a properly executed Contract or Purchase Order from MDOC-Procurement.

3.5.5 Past Performance

The State may evaluate the bidder's prior performance with the State in making its award decision.

3.5.6 Financial Stability

The State may evaluate the bidder's financial stability in making its award decision. The State may seek financial information from the bidder and from third parties.

Evaluation Results (100 points possible):

Step 1: Criteria	**Weight Received**
Scope of Work and Deliverables: Section 1.2.2, Deliverables; Section 1.3.2, Reports	35/35
Commodity Requirements: Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives	15/15
Delivery and Acceptance: Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term	20/20
Bidder Information: Article 4.1.1, Company Information	1/5
Bidder Information: Article 4.1.9 Prior Experience	13/20
Bidder Information: Article 4.1.10 Contract Performance	5/5
Step 1 – Technical Evaluation Score	**89/100**

Section 1.2.2, Deliverables; Section 1.3.2, Reports

- The JEC did not find any deficiencies in this section.

Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives

- The JEC did not find any deficiencies in this section.

Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term

- The JEC did not find any deficiencies in this section.

Article 4.1.1, Company Information

- The JEC could not find the Bidder's gross annual sales for the last five years.

Article 4.1.9 Prior Experience

- The Bidder provided a list of two prior experiences, instead of the required three.
- The JEC could only find one of the required three Attachment F "Reference Forms."

Article 4.1.10 Contract Performance

- The JEC did not find any deficiencies in this section.

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were compared to the MDOC's current price for each item. The JEC determined that the Bidder's pricing was in the competitive range.

Step 3 – Sample Evaluation	**Pass/Fail**
Wool blanket	Pass

Cotton blanket	Pass
Flat sheet (54" x 90" minimum)	Pass
Flat sheet (66" x 104" minimum)	Pass
Bath towel	Pass
Wash cloth	Pass

Keefe Commissary Network, LLC

Step 1: Criteria	**Weight Received**
Scope of Work and Deliverables: Section 1.2.2, Deliverables; Section 1.3.2, Reports	35/35
Commodity Requirements: Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives	11/15
Delivery and Acceptance: Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term	20/20
Bidder Information: Article 4.1.1, Company Information	5/5
Bidder Information: Article 4.1.9 Prior Experience	18/20
Bidder Information: Article 4.1.10 Contract Performance	5/5
Step 1 – Technical Evaluation Score	**94/100**

Section 1.2.2, Deliverables; Section 1.3.2, Reports

- The JEC did not find any deficiencies in this section.

Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives

- The customer service hours were not evident in the RFP.
- The Bidder's warranty has limited product return. Bidder must be notified within thirty days of purchase for the product to be eligible under warranty.

Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term

- The JEC did not find any deficiencies in these sections of the RFP.

Article 4.1.1, Company Information

- The JEC did not find any deficiencies in this section of the RFP.

Article 4.1.9 Prior Experience

- The JEC could only find two of the required three Attachment F "Reference Forms."

Article 4.1.10 Contract Performance

- The JEC did not find any deficiencies in this section of the RFP.

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were compared to the MDOC's current price for each item.

It was determined by the JEC that the following items on Attachment A-1 would not be awarded to any Contractors: colored t-shirts, boxers, women's briefs, bras and sports bras. The MDOC currently has a contract for women's undergarments, which the department will continue to utilize.

It was determined by the JEC that the price for this Bidder's crew socks was too high compared to the MDOC's current price; therefore, this item was not evaluated in Step 3.

It was determined by the JEC that the items on Attachment A-2 "Prisoner Sleepwear" were too costly; therefore, these items were not evaluated in Step 3.

It was determined by the JEC that the price for this Bidder's bath towels was too high compared to the MDOC's

current price; therefore, this item was not evaluated in Step 3.

Step 3 – Sample Evaluation	**Pass/Fail**
T-Shirt	Failed Step 8 of Attachment D – Product specifications stated that hem of shirt and sleeves must be cleanly finished with no raw edges. The raw edge in the hem is sticking out all around the seam.
Briefs – Men's	Pass
Thermal top (white) – Women's	Pass
Thermal top (off white) – Men's	Pass
Thermal bottom (white) – Women's	Pass
Thermal bottom (off white) – Men's	Pass
Wash cloth	Failed Step 3 of Attachment C - The minimum size requirement is 12" x 12". Item measured 11 ½" x 12".

Lockett Enterprises, LLC

Step 1: Criteria	**Weight Received**
Scope of Work and Deliverables: Section 1.2.2, Deliverables; Section 1.3.2, Reports	30/35
Commodity Requirements: Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives	11/15
Delivery and Acceptance: Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term	15/20
Bidder Information: Article 4.1.1, Company Information	5/5
Bidder Information: Article 4.1.9 Prior Experience	18/20
Bidder Information: Article 4.1.10 Contract Performance	5/5
Step 1 – Technical Evaluation Score	**84/100**

Section 1.2.2, Deliverables; Section 1.3.2, Reports

- The JEC could not find the Bidder's sizing chart.

Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives

- The customer service hours were not evident in the RFP.
- The RFP lacked specific details of its quality assurance program.
- The Bidder's response stated that most garments do not come with any warranties.
- The process for reporting warranty issues was not evident in the RFP.

Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term

- The Bidder's response stated it would work closely with the MDOC to fulfill all requests within the scope of the contract. The Bidder did not acknowledge acceptance of the requested minimum order.
- The JEC could not find the Bidder's acknowledgement any of the packaging requirements listed in Article 1.4.3.

Article 4.1.1, Company Information

- The JEC did not find any deficiencies in this section of the RFP.

Article 4.1.9 Prior Experience

- The JEC could only find two of the required three Attachment F "Reference Forms."

Article 4.1.10 Contract Performance

- The JEC did not find any deficiencies in this section of the RFP.

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were compared to the MDOC's current price for each item.

It was determined by the JEC that the following items on Attachment A-1 would not be awarded to any Contractors: colored t-shirts, boxers, women's briefs, bras and sports bras. The MDOC currently has a contract for women's undergarments, which the department will continue to utilize.

It was determined by the JEC that the prices for this Bidder's briefs and crew socks were too high compared to the MDOC's current price and proposed pricing of other Bidders; therefore, these samples were not evaluated in Step 3.

It was determined by the JEC that the price for this Bidder's shorts (mesh and smooth) were too high compared to the MDOC's current price; therefore, these items were not evaluated in Step 3.

The JEC determined that the following items on Attachment A-4 "Prisoner Outerwear" would not be award to any Contractors: kitchen cap, baseball cap, cold weather hat, mittens, jacket (winter), hood for work crew jacket, bib coveralls, raincoat and rain pants.

The JEC determined that the price for this Bidder's wool blankets were too high compared to the MDOC's current price; therefore, these items were not evaluated in Step 3.

Step 3 – Sample Evaluation	**Pass/Fail**
Thermal top – Women's	No pricing provided – sample not evaluated
Thermal bottom – Women's	No pricing provided – sample not evaluated
Thermal top – Men's (red)	No pricing provided – sample not evaluated
Thermal bottom – Men's (off white)	No pricing provided – sample not evaluated
Knit hat	Pass
Gloves (knit – blue) - RFP requested mittens, not gloves	Failed Step 1 on Attachment D – Step 1 stated that the State will review the label to verify item meets the product requirements listed on the appropriate Attachment(s) A-1through A-6, such as cotton and/or cotton polyester, fabric content, waterproof and water resistant. The product requirements were for quilt nylon mittens with insulation, and that were waterproof. The product sample received was knit gloves, which did not meet the fabric content or the waterproof requirement. It was also gloves instead of mittens.
Gloves (fleece – blue) - RFP requested mittens, not gloves	Failed Step 1 on Attachment D – Step 1 stated that the State will review the label to verify item meets the product requirements listed on the appropriate Attachment(s) A-1through A-6, such as cotton and/or cotton polyester, fabric content, waterproof and water resistant. The product requirements were for quilt nylon mittens with insulation, and that were waterproof. The product sample received was fleece gloves, which did not meet the fabric content or the waterproof requirement. It was also gloves instead of mittens.
Cotton blanket	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a label.
Flat sheet (54" x 90" minimum)	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a label.
Flat sheet (66" x 104" minimum)	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a label.
Pillow case	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a label.
Pillow protector	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a

	label.
Bath towel	Failed Step 8 on Attachment C – Item must weigh a minimum 5 lbs. per dozen (6.67 oz. each). Item weighed 6.5 oz.
Wash cloth	Pass

Tabb Textiles Co., Inc.

Step 1: Criteria	**Weight Received**
Scope of Work and Deliverables: Section 1.2.2, Deliverables; Section 1.3.2, Reports	35/35
Commodity Requirements: Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives	11/15
Delivery and Acceptance: Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term	14/20
Bidder Information: Article 4.1.1, Company Information	5/5
Bidder Information: Article 4.1.9 Prior Experience	20/20
Bidder Information: Article 4.1.10 Contract Performance	5/5
Step 1 – Technical Evaluation Score	**90/100**

Section 1.2.2, Deliverables; Section 1.3.2, Reports

- The JEC did not find any deficiencies in this section.

Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives

- The Bidder confirmed that it is able to receive orders by fax or e-mail. The Bidder does not appear to accept orders via telephone or written orders.
- The RFP lacked details of the warranty.

Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term

- The Bidder's response specified that it would need 30 to 75 days to build inventory levels.
- The Bidder is requesting that orders are placed in increments of "full case" quantities. The MDOC is requesting a no minimum order.

Article 4.1.1, Company Information

- The JEC did not find any deficiencies in this section of the RFP.

Article 4.1.9 Prior Experience

- The JEC did not find any deficiencies in this section of the RFP.

Article 4.1.10 Contract Performance

- The JEC did not find any deficiencies in this section of the RFP.

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were compared to the MDOC's current price for each item. The JEC determined that the Bidder's pricing was in the competitive range.

Step 3 – Sample Evaluation of Provided Samples	**Pass/Fail**
Wool blanket	Pass
Cotton blanket	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a label.
Flat sheet	Pass
Pillow case	Pass

Bath towel	Failed Step 2 on Attachment C – The terrycloth had some missed loops in the middle of the item (approximately ½" wide). There was also a major snag in the item.
Wash cloth	Failed Step 3 on Attachment C - The minimum size requirement is 12" x 12". Item measured 11 ¾" in one spot, so the item was not square.

Step 1: Criteria	**Weight Received**
Scope of Work and Deliverables: Section 1.2.2, Deliverables; Section 1.3.2, Reports	35/35
Commodity Requirements: Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives	8/15
Delivery and Acceptance: Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term	18/20
Bidder Information: Article 4.1.1, Company Information	5/5
Bidder Information: Article 4.1.9 Prior Experience	11/20
Bidder Information: Article 4.1.10 Contract Performance	5/5
Step 1 – Technical Evaluation Score	**82/100**

Section 1.2.2, Deliverables; Section 1.3.2, Reports

- The JEC did not find any deficiencies in this section of the RFP.

Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives

- The customer service hours were not evident in the RFP.
- The RFP lacked details of the Bidder's quality assurance program.
- The Bidder's warranty has limited product return. Bidder must be notified within thirty days for the product to be eligible under warranty.

Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term

- The MDOC requested that stock items be delivered within 14 calendar days of receipt of order. The Bidder's response specified the delivery time frame would be 5-30 days.
- The Bidder has a minimum order requirement for certain items. The MDOC is requesting a no minimum order.

Article 4.1.1, Company Information

- The JEC did not find any deficiencies in this section of the RFP.

Article 4.1.9 Prior Experience

- The Bidder provided a list of five prior experiences; however, the JEC could not find the total project costs, deliverables and dates for each experience.
- The JEC could not find the requested three Attachment F "Reference Forms."

Article 4.1.10 Contract Performance

- The JEC did not find any deficiencies in this section of the RFP.

Step 2 – Pricing Evaluation
The pricing proposals for Bidders that passed Step 1 were compared to the MDOC's current price for each item. The JEC determined that the Bidder's pricing was in the competitive range.

It was determined by the JEC that the following items on Attachment A-1 would not be awarded to any Contractors: colored t-shirts, boxers, women's briefs, bras and sports bras. The MDOC currently has a contract for women's undergarments, which the department will continue to utilize.

The JEC determined that the following items on Attachment A-4 "Prisoner Outerwear" would not be award to any Contractors: kitchen cap, baseball cap, cold weather hat, mittens, jacket (winter), hood for work crew jacket, bib coveralls, raincoat and rain pants.

The JEC determined that the mattress covers noted on Attachment A-5 "Bed Linens" would not be awarded to any Contractors.

Step 3 – Sample Evaluation	**Pass/Fail**
T-Shirt	Failed Step 7 on Attachment D – The JEC was unable to find the sizing chart for this item.
Briefs – Men's	Pass
Crew socks	Pass
Thermal top – unisex	Failed Step 7 on Attachment D – The sleeves were too short.
Thermal bottom – unisex	Pass
Shirt – Men's (short sleeve)	Pass for men only. Sample does not pass for women.
Pants – Men's	Failed Step 3 on Attachment D – Item must have one back pocket. Item did not have a pocket.
Jumpsuit – non-insulated (short sleeve)	Pass
Knit hat	Pass
Wool blanket	Pass
Cotton blanket	Failed Step 2 on Attachment E – The item had some see through spots in the middle of the blanket, holes in the selvage sides of the fabric and loose strings in the hem.
Flat sheet (54" x 90" minimum, T180)	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a label.
Pillow case (T180)	Failed Step 3 of Attachment E - The minimum size requirement is 22" x 30". Item measured 20" x 29 ½".
Bath towel	Failed Step 8 on Attachment C - – Item must weigh a minimum 5 lbs. per dozen (6.67 oz. each). Item weighed 6.25 oz.
Wash cloth	Failed Step 2 on Attachment C – The hems on the item were coming apart.

Holmdel Footwear LLC

Scope of Work and Deliverables: Section 1.2.2, Deliverables; Section 1.3.2, Reports	35/35
Commodity Requirements: Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives	11/15
Delivery and Acceptance: Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term	20/20
Bidder Information: Article 4.1.1, Company Information	5/5
Bidder Information: Article 4.1.9 Prior Experience	16/20

Bidder Information: Article 4.1.10 Contract Performance	5/5
Step 1 – Technical Evaluation Score	**92/100**

Section 1.2.2, Deliverables; Section 1.3.2, Reports

- The JEC did not find any deficiencies in this section.

Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives

- The customer service days and hours are limited. The account manager is available 9:00 – 1:30 p.m. EST, Monday-Thursday.
- The RFP lacked details of the Bidder's quality assurance program.

Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term

- The JEC did not find any deficiencies in these sections of the RFP.

Article 4.1.1, Company Information

- The JEC did not find any deficiencies in this section of the RFP.

Article 4.1.9 Prior Experience

- The JEC could only find one of the required three Attachment F "Reference Forms."

Article 4.1.10 Contract Performance

- The JEC did not find any deficiencies in this section of the RFP.

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were compared to the MDOC's current price for each item. The JEC determined that the Bidder's pricing was in the competitive range.

It was determined by the JEC that the following items on Attachment A-1 would not be awarded to any Contractors: colored t-shirts, boxers, women's briefs, bras and sports bras. The MDOC currently has a contract for women's undergarments, which the department will continue to utilize.

Step 3 – Sample Evaluation	**Pass/Fail**
T-Shirt (white)	Pass
Briefs – Men's	Pass
Crew socks	Pass

Just In Trend

Step 1: Criteria	**Weight Received**
Scope of Work and Deliverables: Section 1.2.2, Deliverables; Section 1.3.2, Reports	35/35
Commodity Requirements: Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives	12/15
Delivery and Acceptance: Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term	14/20
Bidder Information: Article 4.1.1, Company Information	1/5
Bidder Information: Article 4.1.9 Prior Experience	8/20
Bidder Information: Article 4.1.10 Contract Performance	5/5
Step 1 – Technical Evaluation Score	**75/100**

Section 1.2.2, Deliverables; Section 1.3.2, Reports

- The JEC did not find any deficiencies in this section.

Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives

- The RFP lacked details of the Bidder's quality assurance program.

Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term

- The Bidder's response specified that it would need 50 to 90 days to build its inventory levels at the beginning of the contract. The Bidder also requested that a rough forecast of the demand be provided.
- The Bidder agreed to the no minimum order; however, it requested a token minimum order quantity of $250.00. The MDOC is requesting a no minimum order.

Article 4.1.1, Company Information

- The Bidder has been in business for five years. Its gross annual sales for the last five years have ranged from $11,000.00 to $170,000.00. The State's account has the potential of representing 25% or more of the Bidder's total sales. The JEC could not find where the Bidder fully described in its proposal how the company would be scaling up to serve the State's account. The JEC is concerned that the Bidder is not large enough to service the MDOC.

Article 4.1.9 Prior Experience

- The Bidder provided three prior experiences; however, the prior experiences were not of similar size. The JEC is concerned that the Bidder will not be able to provide service to the entire MDOC.
- The Bidder provided three Attachment F "Reference Forms." One of the references stated that the vendor took too long to process orders and had a minimum order that the customer did not satisfy. The reference stated that they would not extend its contract because of the minimum order requirement and that they had to cancel a year-end purchase order because the vendor did not supply items in a timely manner. The other two references were happy with the Bidder; however, they were not of similar size either.

Article 4.1.10 Contract Performance

- The JEC did not find any deficiencies in this section of the RFP.

Steps 2 and 3 – The JEC did not evaluate the pricing or samples due to the Bidder not passing Step 1 - Technical.

Paradise Pillow Inc.

Step 1: Criteria	Weight Received
Scope of Work and Deliverables: Section 1.2.2, Deliverables; Section 1.3.2, Reports	25/35
Commodity Requirements: Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives	8/15
Delivery and Acceptance: Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term	0/20

MICHIGAN DEPARTMENT OF CORRECTIONS

"Expecting Excellence Every Day"

MEMORANDUM

DATE:

TO: Julie Hamp, Procurement Manager

FROM: Lisa Lehnert, Proposal Manager/Buyer

SUBJECT: Award Recommendation for 047214B0001865 Prisoner Clothing and Linens

BACKGROUND INFORMATION/GENERAL:
This Request for Proposal (RFP) is for the Michigan Department of Corrections (MDOC), Michigan State Industries (MSI) to obtain bids from qualified vendors to provide prisoner clothing and linens.

The contract period is three years, with two additional one year options.

BID EVALUATION METHOD:
Proposals for this solicitation were evaluated by a Joint Evaluation Committee (JEC).

BIDDERS:
The RFP was posted on Buy4Michigan on April 18, 2014, and was available for 41 days with a published due date of May 29, 2014. On May 22, 2014, Amendment #3 was posted on Buy4Michigan to revise the bid opening date to June 12, 2014. The following bidders submitted proposals in response to this RFP:

Bidder	City, State	Michigan Business	SDVOB
American Textile Systems	Cerritos, CA	No	No
Keefe Commissary Network, LLC	Strongsville, OH	No	No
Lockett Enterprises, LLC	Flint, MI	Yes	Yes
Tabb Textiles Co., Inc.	Opelika, AL	No	No
Grand Strategy LLC	South Haven, MI	Yes	Yes
Uniforms Manufacturing, Inc.	Scottsdale, AZ	No	No
Northwest Woolen Mills	Woonsocket, RI	No	No
Charm Tex	Brooklyn, NY	No	No
OD Taragin & Bros. LLC	Baltimore, MD	No	No
Bob Barker Company Inc.	Fuguay Varina, NC	No	No
Holmdel Footwear LLC	Marlboro, NJ	No	No
Just In Trend	Johnston, IA	No	No

Paradise Pillow Inc.	Philadelphia, PA	No	No
Scion Industries	Springfield, IL	No	No
Robinson Textiles	Gardena, CA	No	No
Carolina Textiles	Charlotte, NC	No	No

SELECTION CRITERIA AND EVALUATION:

3.4.1 Method of Evaluation

Proposals will be evaluated by a JEC.

3.4.2 Evaluation Criteria

Step 1
Technical evaluation of written bid proposal
The following chart represents the scoring of the particular factors:

	Technical Evaluation Criteria	Weight
1.	Scope of Work and Deliverables: Section 1.2.2, Deliverables; Section 1.3.2, Reports	35
2.	Commodity Requirements: Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives	15
3.	Delivery and Acceptance: Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term	20
4.	Bidder Information: Article 4.1.1, Company Information	5
5.	Bidder Information: Article 4.1.9 Prior Experience	20
6.	Bidder Information: Article 4.1.10 Contract Performance	5
	Total	100

Step 2
For those bidders with a passing technical score of 80 or more in Step 1, their pricing will be evaluated. The State reserves the right to perform price negotiations as part of Step 2. In its sole discretion, the State will determine which bidders are in a competitive price range to proceed to Step 3.

Step 3
Samples will be evaluated for the bidder or bidders with a passing technical score in Step 1, and who are determined to be within a competitive price rage in Step 2. Evaluation of samples will be pass/fail, on an item by item basis. Sample evaluation forms are included as Attachment C, Bath Linens Evaluation Form; Attachment D, Clothing Evaluation Form; and Attachment E, Bed Linens Evaluation Form.

Step 4
Best value determination based on those who pass Steps 1, 2, and 3 above.

3.4.3 Technical and Price Evaluation

(a) Proposals receiving a score of 80 points or more will be considered for award.

(b) Price proposals will only be evaluated from those bidders that the State considers for award in accordance with subsection (a). Evaluation of price proposals includes consideration of a qualified disabled veteran preference. MCL 18.1261 establishes a preference of up to 10% for businesses owned by qualified disabled veterans that are considered for award in accordance with subsection (a).

3.4.4 Award Recommendation

The award recommendation will be made for the bidder that: (a) is considered for award in accordance with Section 3.4.3(a), Technical and Price Evaluation; (b) has its price proposal evaluated under Section 3.4.3(b), Technical and Price Evaluation; and (c) in the State's determination, offers the best value to the State.

3.4.5 Reservations

The State reserves the right to:

(a) consider total cost of ownership in the final award recommendation (i.e. transition costs, training costs, etc.);
(b) award by item or part of an item;
(c) reject any proposals in whole or in part;
(d) award multiple, optional-use contracts. The State may evaluate offers based on advantages and disadvantages that may result from making more than one award;
(e) consider overall economic impact. This includes considering principal place of performance, number of Michigan citizens employed or potentially employed, money paid to Michigan residents, Michigan capital investments, etc;
(f) award to another bidder if the recommended bidder does not accept the award;
(g) give a preference for products manufactured or services offered by Michigan-based firms if all other things are equal and if consistent with federal statutes. (MCL 18.1261);
(h) disqualify any bid based on the failure to complete the Vendor Categories in the Buy4Michigan registration; and
(i) disqualify any bid based on the information provided in the Vendor Categories in the Buy4Michigan registration.

3.4.6 Award Decision

Award recommendation will be made to the Director of MDOC.

3.4.7 Protests

If a bidder wishes to protest the award recommendation, the bidder must submit a written protest by the date and time stated in the attachment provided with the recommendation (bid tab). The bidder must include the RFP number and clearly state the facts believed to constitute error in the award recommendation along with the desired remedy. More information about the bidder protest process is available at www.michigan.gov/contractconnect; click on the "Vendor Information" link.

3.4.8 State Administrative Board

State Administrative Board (SAB) approval is required for all Contracts or Purchase Orders of $250,000.00 or more. The decision of the SAB is final; however, SAB approval does not constitute a Contract. The award process is complete when the bidder receives a properly executed Contract or Purchase Order from MDOC-Procurement.

3.5.5 Past Performance

The State may evaluate the bidder's prior performance with the State in making its award decision.

3.5.6 Financial Stability

The State may evaluate the bidder's financial stability in making its award decision. The State may seek financial information from the bidder and from third parties.

EVALUATION RESULTS SUMMARY (100 points possible):

Bidder	Step 1 – Technical	Step 2 - Pricing	Step 3 - Samples
American Textile Systems	Passed – 89 points	See below	See below

It was determined by the JEC that the following items on Attachment A-1 would not be awarded to any Contractors: colored t-shirts, boxers, women's briefs, bras and sports bras. The MDOC currently has a contract for women's undergarments, which the department will continue to utilize.

It was determined by the JEC that the following items on Attachment A-3 would not be awarded: tear-away shirts and tear-away pants.

The JEC determined that the following items on Attachment A-4 "Prisoner Outerwear" would not be award to any Contractors: kitchen cap, baseball cap, cold weather hat, mittens, jacket (winter), hood for work crew jacket, bib coveralls, raincoat and rain pants.

The JEC determined that the mattress covers noted on Attachment A-5 "Bed Linens" would not be awarded to any Contractors.

INDIVIDUAL BIDDER EVALUTIONS:

American Textile Systems

Step 1: Criteria	**Weight Received**
Scope of Work and Deliverables: Section 1.2.2, Deliverables; Section 1.3.2, Reports	35/35
Commodity Requirements: Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives	15/15
Delivery and Acceptance: Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term	20/20
Bidder Information: Article 4.1.1, Company Information	1/5
Bidder Information: Article 4.1.9 Prior Experience	13/20
Bidder Information: Article 4.1.10 Contract Performance	5/5
Step 1 – Technical Evaluation Score	**89/100**

Section 1.2.2, Deliverables; Section 1.3.2, Reports

- The JEC did not find any deficiencies in this section.

Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives

- The JEC did not find any deficiencies in this section.

Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term

- The JEC did not find any deficiencies in this section.

Article 4.1.1, Company Information

- The JEC could not find the Bidder's gross annual sales for the last five years.

Article 4.1.9 Prior Experience

- The Bidder provided a list of two prior experiences, instead of the required three.
- The JEC could only find one of the required three Attachment F "Reference Forms."

Article 4.1.10 Contract Performance

- The JEC did not find any deficiencies in this section.

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were compared to the MDOC's current price for each item. The JEC

determined that the Bidder's pricing was in the competitive range.

Step 3 – Sample Evaluation	Pass/Fail
Wool blanket	Pass
Cotton blanket	Pass
Flat sheet (54" x 90" minimum)	Pass
Flat sheet (66" x 104" minimum)	Pass
Bath towel	Pass
Wash cloth	Pass

Keefe Commissary Network, LLC

Step 1: Criteria	Weight Received
Scope of Work and Deliverables: Section 1.2.2, Deliverables; Section 1.3.2, Reports	35/35
Commodity Requirements: Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives	11/15
Delivery and Acceptance: Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term	20/20
Bidder Information: Article 4.1.1, Company Information	5/5
Bidder Information: Article 4.1.9 Prior Experience	18/20
Bidder Information: Article 4.1.10 Contract Performance	5/5
Step 1 – Technical Evaluation Score	**94/100**

Section 1.2.2, Deliverables; Section 1.3.2, Reports

- The JEC did not find any deficiencies in this section.

Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives

- The customer service hours were not evident in the RFP.
- The Bidder's warranty has limited product return. Bidder must be notified within thirty days of purchase for the product to be eligible under warranty.

Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term

- The JEC did not find any deficiencies in these sections of the RFP.

Article 4.1.1, Company Information

- The JEC did not find any deficiencies in this section of the RFP.

Article 4.1.9 Prior Experience

- The JEC could only find two of the required three Attachment F "Reference Forms."

Article 4.1.10 Contract Performance

- The JEC did not find any deficiencies in this section of the RFP.

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were compared to the MDOC's current price for each item.

It was determined by the JEC that the price for this Bidder's crew socks was too high compared to the MDOC's current price; therefore, this item was not evaluated in Step 3.

It was determined by the JEC that the Bidder's price on the items on Attachment A-2 "Prisoner Sleepwear" were too costly; therefore, these items were not evaluated in Step 3.

It was determined by the JEC that the price for this Bidder's bath towels was too high compared to the MDOC's current price; therefore, this item was not evaluated in Step 3.

Step 3 – Sample Evaluation	**Pass/Fail**
T-Shirt	Failed Step 8 of Attachment D – Product specifications stated that hem of shirt and sleeves must be cleanly finished with no raw edges. The raw edge in the hem is sticking out all around the seam.
Briefs – Men's	Pass
Thermal top (white) – Women's	Pass
Thermal top (off white) – Men's	Pass
Thermal bottom (white) – Women's	Pass
Thermal bottom (off white) – Men's	Pass
Wash cloth	Failed Step 3 of Attachment C - The minimum size requirement is 12" x 12". Item measured 11 ½" x 12".

Lockett Enterprises, LLC

Step 1: Criteria	**Weight Received**
Scope of Work and Deliverables: Section 1.2.2, Deliverables; Section 1.3.2, Reports	30/35
Commodity Requirements: Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives	11/15
Delivery and Acceptance: Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term	15/20
Bidder Information: Article 4.1.1, Company Information	5/5
Bidder Information: Article 4.1.9 Prior Experience	18/20
Bidder Information: Article 4.1.10 Contract Performance	5/5
Step 1 – Technical Evaluation Score	**84/100**

Section 1.2.2, Deliverables; Section 1.3.2, Reports

- The JEC could not find the Bidder's sizing chart.

Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives

- The customer service hours were not evident in the RFP.
- The RFP lacked specific details of its quality assurance program.
- The Bidder's response stated that most garments do not come with any warranties.
- The process for reporting warranty issues was not evident in the RFP.

Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term

- The Bidder's response stated it would work closely with the MDOC to fulfill all requests within the scope of the contract. The Bidder did not acknowledge acceptance of the requested minimum order.
- The JEC could not find the Bidder's acknowledgement any of the packaging requirements listed in Article 1.4.3.

Article 4.1.1, Company Information

- The JEC did not find any deficiencies in this section of the RFP.

Article 4.1.9 Prior Experience

- The JEC could only find two of the required three Attachment F "Reference Forms."

Article 4.1.10 Contract Performance

- The JEC did not find any deficiencies in this section of the RFP.

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were compared to the MDOC's current price for each item.

It was determined by the JEC that the prices for this Bidder's briefs and crew socks were too high compared to the MDOC's current price and proposed pricing of other Bidders; therefore, these samples were not evaluated in Step 3.

It was determined by the JEC that the price for this Bidder's shorts (mesh and smooth) were too high compared to the MDOC's current price; therefore, these items were not evaluated in Step 3.

The JEC determined that the price for this Bidder's wool blankets were too high compared to the MDOC's current price; therefore, these items were not evaluated in Step 3.

Step 3 – Sample Evaluation	**Pass/Fail**
Thermal top – Women's	No pricing provided – sample not evaluated
Thermal bottom – Women's	No pricing provided – sample not evaluated
Thermal top – Men's (red)	No pricing provided – sample not evaluated
Thermal bottom – Men's (off white)	No pricing provided – sample not evaluated
Knit hat	Pass
Gloves (knit – blue) - RFP requested mittens, not gloves	Failed Step 1 on Attachment D – Step 1 stated that the State will review the label to verify item meets the product requirements listed on the appropriate Attachment(s) A-1through A-6, such as cotton and/or cotton polyester, fabric content, waterproof and water resistant. The product requirements were for quilt nylon mittens with insulation, and that were waterproof. The product sample received was knit gloves, which did not meet the fabric content or the waterproof requirement. It was also gloves instead of mittens.
Gloves (fleece – blue) - RFP requested mittens, not gloves	Failed Step 1 on Attachment D – Step 1 stated that the State will review the label to verify item meets the product requirements listed on the appropriate Attachment(s) A-1through A-6, such as cotton and/or cotton polyester, fabric content, waterproof and water resistant. The product requirements were for quilt nylon mittens with insulation, and that were waterproof. The product sample received was fleece gloves, which did not meet the fabric content or the waterproof requirement. It was also gloves instead of mittens.
Cotton blanket	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a label.
Flat sheet (54" x 90" minimum)	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a label.
Flat sheet (66" x 104" minimum)	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a label.
Pillow case	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a label.
Pillow protector	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a label.
Bath towel	Failed Step 8 on Attachment C – Item must weigh a minimum 5 lbs. per dozen (6.67 oz. each). Item weighed 6.5 oz.
Wash cloth	Pass

Tabb Textiles Co., Inc.

Step 1: Criteria	Weight Received
Scope of Work and Deliverables: Section 1.2.2, Deliverables; Section 1.3.2, Reports	35/35
Commodity Requirements: Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives	11/15
Delivery and Acceptance: Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term	14/20
Bidder Information: Article 4.1.1, Company Information	5/5
Bidder Information: Article 4.1.9 Prior Experience	20/20
Bidder Information: Article 4.1.10 Contract Performance	5/5
Step 1 – Technical Evaluation Score	**90/100**

Section 1.2.2, Deliverables; Section 1.3.2, Reports

- The JEC did not find any deficiencies in this section.

Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives

- The Bidder confirmed that it is able to receive orders by fax or e-mail. The Bidder does not appear to accept orders via telephone or written orders.
- The RFP lacked details of the warranty.

Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term

- The Bidder's response specified that it would need 30 to 75 days to build inventory levels.
- The Bidder is requesting that orders are placed in increments of "full case" quantities. The MDOC is requesting a no minimum order.

Article 4.1.1, Company Information

- The JEC did not find any deficiencies in this section of the RFP.

Article 4.1.9 Prior Experience

- The JEC did not find any deficiencies in this section of the RFP.

Article 4.1.10 Contract Performance

- The JEC did not find any deficiencies in this section of the RFP.

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were compared to the MDOC's current price for each item. The JEC determined that the Bidder's pricing was in the competitive range.

Step 3 – Sample Evaluation of Provided Samples	Pass/Fail
Wool blanket	Pass
Cotton blanket	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a label.
Flat sheet	Pass
Pillow case	Pass
Bath towel	Failed Step 2 on Attachment C – The terrycloth had some missed loops in the middle of the item (approximately ½" wide). There was also a major snag in the item.
Wash cloth	Failed Step 3 on Attachment C - The minimum size requirement is 12" x 12". Item measured 11 ¾" in one

	spot, so the item was not square.

Bidder Information: Article 4.1.1, Company Information	5/5
Bidder Information: Article 4.1.9 Prior Experience	20/20
Bidder Information: Article 4.1.10 Contract Performance	5/5
Step 1 – Technical Evaluation Score	**77/100**

Section 1.2.2, Deliverables; Section 1.3.2, Reports

- The RFP lacked details of the Bidder's reporting capabilities.

Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives

- The State of Michigan account representative was not evident in the RFP.
- The RFP lacked details of its quality assurance program.
- The RFP lacked details of the warranty and the process for reporting warranty issues was not evident in the RFP.
- The Bidder acknowledged it had special incentives; however, the JEC could not find any special incentives listed.

Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term

- Section 1.4.1 states "The Bidder must provide its plan for guaranteeing that the deliverables will be delivered within the above time frame(s)." The JEC could not find the Bidder's plan for guaranteeing that deliverables would be delivered on time.
- The Bidder stated that Article 1.4.5 "Delivery Term" was not applicable, since a carrier would be making the deliveries. The Bidder is still responsible for notifying its carriers of the contract delivery terms, such as, process for obtaining LEIN clearance, possibility of mobilizations, delivery hours, MDOC rules, etc.

Article 4.1.1, Company Information

- The JEC did not find any deficiencies in this section of the RFP.

Article 4.1.9 Prior Experience

- The JEC did not find any deficiencies in this section of the RFP.

Article 4.1.10 Contract Performance

- The JEC did not find any deficiencies in this section of the RFP.

Steps 2 and 3 – The JEC did not evaluate the pricing or samples due to the Bidder not passing Step 1 - Technical.

Step 1: Criteria	Weight Received
Scope of Work and Deliverables: Section 1.2.2, Deliverables; Section 1.3.2, Reports	35/35
Commodity Requirements: Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives	8/15
Delivery and Acceptance: Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term	18/20

Bidder Information: Article 4.1.1, Company Information	5/5
Bidder Information: Article 4.1.9 Prior Experience	11/20
Bidder Information: Article 4.1.10 Contract Performance	5/5
Step 1 – Technical Evaluation Score	**82/100**

Section 1.2.2, Deliverables; Section 1.3.2, Reports

- The JEC did not find any deficiencies in this section of the RFP.

Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives

- The customer service hours were not evident in the RFP.
- The RFP lacked details of the Bidder's quality assurance program.
- The Bidder's warranty has limited product return. Bidder must be notified within thirty days for the product to be eligible under warranty.

Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term

- The MDOC requested that stock items be delivered within 14 calendar days of receipt of order. The Bidder's response specified the delivery time frame would be 5-30 days.
- The Bidder has a minimum order requirement for certain items. The MDOC is requesting a no minimum order.

Article 4.1.1, Company Information

- The JEC did not find any deficiencies in this section of the RFP.

Article 4.1.9 Prior Experience

- The Bidder provided a list of five prior experiences; however, the JEC could not find the total project costs, deliverables and dates for each experience.
- The JEC could not find the requested three Attachment F "Reference Forms."

Article 4.1.10 Contract Performance

- The JEC did not find any deficiencies in this section of the RFP.

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were compared to the MDOC's current price for each item. The JEC determined that the Bidder's pricing was in the competitive range.

Step 3 – Sample Evaluation	**Pass/Fail**
T-Shirt	Failed Step 7 on Attachment D – The JEC was unable to find the sizing chart for this item.
Briefs – Men's	Pass
Crew socks	Pass
Thermal top – unisex	Failed Step 7 on Attachment D – The sleeves were too short.
Thermal bottom – unisex	Pass
Shirt – Men's (short sleeve)	Pass for men only. Sample does not pass for women since it does not contain a modesty panel or darts at the bust line as specified on Attachment A-3. Also, the pocket is located on the breast instead of on the sleeve as specified for the women's shirt.
Pants – Men's	Failed Step 3 on Attachment D – Item must have one back pocket. Item did not have a pocket.
Jumpsuit – non-insulated (short sleeve)	Pass
Knit hat	Pass
Wool blanket	Pass
Cotton blanket	Failed Step 2 on Attachment E – The item had some see through spots in the middle of the blanket, holes in the

	selvage sides of the fabric and loose strings in the hem.
Flat sheet (54" x 90" minimum, T180)	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a label.
Pillow case (T180)	Failed Step 3 of Attachment E - The minimum size requirement is 22" x 30". Item measured 20" x 29 ½".
Bath towel	Failed Step 8 on Attachment C - – Item must weigh a minimum 5 lbs. per dozen (6.67 oz. each). Item weighed 6.25 oz.
Wash cloth	Failed Step 2 on Attachment C – The hems on the item were coming apart.

Holmdel Footwear LLC

Step 1: Criteria	**Weight Received**
Scope of Work and Deliverables: Section 1.2.2, Deliverables; Section 1.3.2, Reports	35/35
Commodity Requirements: Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives	11/15
Delivery and Acceptance: Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term	20/20
Bidder Information: Article 4.1.1, Company Information	5/5
Bidder Information: Article 4.1.9 Prior Experience	16/20
Bidder Information: Article 4.1.10 Contract Performance	5/5
Step 1 – Technical Evaluation Score	**92/100**

Section 1.2.2, Deliverables; Section 1.3.2, Reports

- The JEC did not find any deficiencies in this section.

Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives

- The customer service days and hours are limited. The account manager is available 9:00 – 1:30 p.m. EST, Monday-Thursday.
- The RFP lacked details of the Bidder's quality assurance program.

Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term

- The JEC did not find any deficiencies in these sections of the RFP.

Article 4.1.1, Company Information

- The JEC did not find any deficiencies in this section of the RFP.

Article 4.1.9 Prior Experience

- The JEC could only find one of the required three Attachment F "Reference Forms."

Article 4.1.10 Contract Performance

- The JEC did not find any deficiencies in this section of the RFP.

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were compared to the MDOC's current price for each item. The JEC determined that the Bidder's pricing was in the competitive range.

Step 3 – Sample Evaluation	**Pass/Fail**
T-Shirt (white)	Pass
Briefs – Men's	Pass
Crew socks	Pass

Just In Trend

Step 1: Criteria	Weight Received
Scope of Work and Deliverables: Section 1.2.2, Deliverables; Section 1.3.2, Reports	35/35
Commodity Requirements: Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives	12/15
Delivery and Acceptance: Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term	14/20
Bidder Information: Article 4.1.1, Company Information	1/5
Bidder Information: Article 4.1.9 Prior Experience	8/20
Bidder Information: Article 4.1.10 Contract Performance	5/5
Step 1 – Technical Evaluation Score	**75/100**

Section 1.2.2, Deliverables; Section 1.3.2, Reports

- The JEC did not find any deficiencies in this section.

Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives

- The RFP lacked details of the Bidder's quality assurance program.

Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term

- The Bidder's response specified that it would need 50 to 90 days to build its inventory levels at the beginning of the contract. The Bidder also requested that a rough forecast of the demand be provided.
- The Bidder agreed to the no minimum order; however, it requested a token minimum order value of $250.00. The MDOC is requesting a no minimum order.

Article 4.1.1, Company Information

- The Bidder has been in business for five years. Its gross annual sales for the last five years have ranged from $11,000.00 to $170,000.00. The State's account has the potential of representing 25% or more of the Bidder's total sales. The JEC could not find where the Bidder fully described in its proposal how the company would be scaling up to serve the State's account. The JEC is concerned that the Bidder is not large enough to service the MDOC.

Article 4.1.9 Prior Experience

- The Bidder provided three prior experiences; however, the prior experiences were not of similar size. The JEC is concerned that the Bidder will not be able to provide service to the entire MDOC.
- The Bidder provided three Attachment F "Reference Forms." One of the references stated that the vendor took too long to process orders and had a minimum order that the customer did not satisfy. The reference stated that they would not extend its contract because of the minimum order requirement and that they had to cancel a year-end purchase order because the vendor did not supply items in a timely manner. The other two references were happy with the Bidder; however, they were not of similar size either.

Article 4.1.10 Contract Performance

- The JEC did not find any deficiencies in this section of the RFP.

Steps 2 and 3 – The JEC did not evaluate the pricing or samples due to the Bidder not passing Step 1 - Technical.

Paradise Pillow Inc.

Step 1: Criteria	Weight Received
Scope of Work and Deliverables: Section 1.2.2, Deliverables; Section 1.3.2, Reports	25/35
Commodity Requirements: Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives	8/15

Delivery and Acceptance: Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term	0/20

Bidder Information: Article 4.1.9 Prior Experience	14/20
Bidder Information: Article 4.1.10 Contract Performance	0/5
Step 1 – Technical Evaluation Score	**52/100**

Section 1.2.2, Deliverables; Section 1.3.2, Reports

- The RFP lacked details of the Bidder's reporting capabilities.
- The RFP lacked details on if the Bidder would provide a review of contract usage and provide process improvement opportunities.

Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives

- The JEC could not find a toll free customer service telephone number.
- The RFP lacked details of the Bidder's quality assurance program.
- The Bidder's warranty has limited product return. Bidder must be notified within thirty days for the product to be eligible under warranty.

Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term

- The RFP lacked responses for this section of the RFP.

Article 4.1.1, Company Information

- The JEC did not find any deficiencies in this section of the RFP.

Article 4.1.9 Prior Experience

- The JEC could not find the requested three Attachment F "Reference Forms."

Article 4.1.10 Contract Performance

- The RFP lacked a response for this section of the RFP.

Steps 2 and 3 – The JEC did not evaluate the pricing or samples due to the Bidder not passing Step 1 - Technical.

MICHIGAN DEPARTMENT OF CORRECTIONS

"Expecting Excellence Every Day"

MEMORANDUM

DATE:

TO: Julie Hamp, Procurement Manager

FROM: Lisa Lehnert, Proposal Manager/Buyer

SUBJECT: Award Recommendation for 047214B0001865 Prisoner Clothing and Linens

BACKGROUND INFORMATION/GENERAL:
This Request for Proposal (RFP) is for the Michigan Department of Corrections (MDOC), Michigan State Industries (MSI) to obtain bids from qualified vendors to provide prisoner clothing and linens.

The contract period is three years, with two additional one year options.

BID EVALUATION METHOD:
Proposals for this solicitation were evaluated by a Joint Evaluation Committee (JEC) comprised of:

Voting Members	Advisory Members
Jeri Ann Sherry, Deputy Director Department of Corrections	Lisa Lehnert, Buyer Department of Corrections
Jeffrey Woods, Warden Dept. of Corrections	Norma Killough, Administrative Assistant Department of Corrections
Linda Rubingh, Assistant Business Manager- Jackson Office Department of Corrections	

BIDDERS:
The RFP was posted on Buy4Michigan on April 18, 2014, and was available for 41 days with a published due date of May 29, 2014. On May 22, 2014, Amendment #3 was posted on Buy4Michigan to revise the bid opening date to June 12, 2014. The following bidders submitted proposals in response to this RFP:

Bidder	City, State	Michigan Business	SDVOB
American Textile Systems	Cerritos, CA	No	No
Keefe Commissary Network, LLC	Strongsville, OH	No	No
Lockett Enterprises, LLC	Flint, MI	Yes	Yes
Tabb Textiles Co., Inc.	Opelika, AL	No	No
Grand Strategy LLC	South Haven, MI	Yes	Yes
Uniforms Manufacturing, Inc.	Scottsdale, AZ	No	No
Northwest Woolen Mills	Woonsocket, RI	No	No

Charm Tex	Brooklyn, NY	No	No
OD Taragin & Bros. LLC	Baltimore, MD	No	No
Bob Barker Company Inc.	Fuguay Varina, NC	No	No
Holmdel Footwear LLC	Marlboro, NJ	No	No
Just In Trend	Johnston, IA	No	No
Paradise Pillow Inc.	Philadelphia, PA	No	No
Scion Industries	Springfield, IL	No	No
Robinson Textiles	Gardena, CA	No	No
Carolina Textiles	Charlotte, NC	No	No

SELECTION CRITERIA AND EVALUATION:

3.4.1 Method of Evaluation

Proposals will be evaluated by a JEC.

3.4.2 Evaluation Criteria

Step 1
Technical evaluation of written bid proposal
The following chart represents the scoring of the particular factors:

	Technical Evaluation Criteria	Weight
1.	Scope of Work and Deliverables: Section 1.2.2, Deliverables; Section 1.3.2, Reports	35
2.	Commodity Requirements: Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives	15
3.	Delivery and Acceptance: Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term	20
4.	Bidder Information: Article 4.1.1, Company Information	5
5.	Bidder Information: Article 4.1.9 Prior Experience	20
6.	Bidder Information: Article 4.1.10 Contract Performance	5
	Total	100

Step 2
For those bidders with a passing technical score of 80 or more in Step 1, their pricing will be evaluated. The State reserves the right to perform price negotiations as part of Step 2. In its sole discretion, the State will determine which bidders are in a competitive price range to proceed to Step 3.

Step 3
Samples will be evaluated for the bidder or bidders with a passing technical score in Step 1, and who are determined to be within a competitive price rage in Step 2. Evaluation of samples will be pass/fail, on an item by item basis. Sample evaluation forms are included as Attachment C, Bath Linens Evaluation Form; Attachment D, Clothing Evaluation Form; and Attachment E, Bed Linens Evaluation Form.

Step 4
Best value determination based on those who pass Steps 1, 2, and 3 above.

3.4.3 Technical and Price Evaluation

(a) Proposals receiving a score of 80 points or more will be considered for award.

(b) Price proposals will only be evaluated from those bidders that the State considers for award in accordance with subsection (a). Evaluation of price proposals includes consideration of a qualified disabled veteran preference. MCL 18.1261 establishes a preference of up to 10% for businesses owned by qualified disabled veterans that are considered for award in accordance with subsection (a).

3.4.4 Award Recommendation

The award recommendation will be made for the bidder that: (a) is considered for award in accordance with Section 3.4.3(a), Technical and Price Evaluation; (b) has its price proposal evaluated under Section 3.4.3(b), Technical and Price Evaluation; and (c) in the State's determination, offers the best value to the State.

3.4.5 Reservations

The State reserves the right to:

(a) consider total cost of ownership in the final award recommendation (i.e. transition costs, training costs, etc.);
(b) award by item or part of an item;
(c) reject any proposals in whole or in part;
(d) award multiple, optional-use contracts. The State may evaluate offers based on advantages and disadvantages that may result from making more than one award;
(e) consider overall economic impact. This includes considering principal place of performance, number of Michigan citizens employed or potentially employed, money paid to Michigan residents, Michigan capital investments, etc;
(f) award to another bidder if the recommended bidder does not accept the award;
(g) give a preference for products manufactured or services offered by Michigan-based firms if all other things are equal and if consistent with federal statutes. (MCL 18.1261);
(h) disqualify any bid based on the failure to complete the Vendor Categories in the Buy4Michigan registration; and
(i) disqualify any bid based on the information provided in the Vendor Categories in the Buy4Michigan registration.

3.4.6 Award Decision

Award recommendation will be made to the Director of MDOC.

3.4.7 Protests

If a bidder wishes to protest the award recommendation, the bidder must submit a written protest by the date and time stated in the attachment provided with the recommendation (bid tab). The bidder must include the RFP number and clearly state the facts believed to constitute error in the award recommendation along with the desired remedy. More information about the bidder protest process is available at www.michigan.gov/contractconnect; click on the "Vendor Information" link.

3.4.8 State Administrative Board

State Administrative Board (SAB) approval is required for all Contracts or Purchase Orders of $250,000.00 or more. The decision of the SAB is final; however, SAB approval does not constitute a Contract. The award process is complete when the bidder receives a properly executed Contract or Purchase Order from MDOC-Procurement.

3.5.5 Past Performance

The State may evaluate the bidder's prior performance with the State in making its award decision.

3.5.6 Financial Stability

The State may evaluate the bidder's financial stability in making its award decision. The State may seek financial information from the bidder and from third parties.

EVALUATION RESULTS SUMMARY (100 points possible):

Bidder	Step 1 – Technical	Step 2 - Pricing	Step 3 - Samples
American Textile Systems	Passed – 89 points	See below	See below

It was determined by the JEC that the following items on Attachment A-1 would not be awarded to any Contractors: colored t-shirts, boxers, women's briefs, bras and sports bras. The MDOC currently has a contract for women's undergarments, which the department will continue to utilize.

It was determined by the JEC that the following items on Attachment A-3 would not be awarded: tear-away shirts and tear-away pants.

The JEC determined that the following items on Attachment A-4 "Prisoner Outerwear" would not be award to any Contractors: kitchen cap, baseball cap, cold weather hat, mittens, jacket (winter), hood for work crew jacket, bib coveralls, raincoat and rain pants.

The JEC determined that the mattress covers noted on Attachment A-5 "Bed Linens" would not be awarded to any Contractors.

INDIVIDUAL BIDDER EVALUTIONS:

American Textile Systems

The JEC determined that American Textile Systems passed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) Score: 35/35

- The bidder met the requirements of this section.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) Score: 15/15

- The bidder met the requirements of this section.
- The bidder offered a 1/2% payment discount if paid within 10 days.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) Score: 20/20

- The bidder met the requirements of this section.

Company Information (4.1.1) Score: 1/5

- The JEC could not find the Bidder's gross annual sales for the last five years.

Prior Experience (4.1.9) Score: 13/20

- The Bidder provided two prior experiences (from the same entity) in Section 4.1.9, instead of the required three. The entity was contacted for a reference and the reference was positive.
- The JEC could only find one of the required three Attachment F "Reference Forms." The reference is satisfied with the

bidder.

Contract Performance (4.1.10) **Score: 5/5**

- The bidder met the requirements of this section.

Total Score: 89/100

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were compared to the MDOC's current price for each item. The JEC determined that the Bidder's pricing when compared to the MDOC's current pricing was in the competitive range.

Step 3 – Sample Evaluation	Pass/Fail
Wool blanket	Pass
Cotton blanket	Pass
Flat sheet (54" x 90" minimum)	Pass
Flat sheet (66" x 104" minimum)	Pass
Bath towel	Pass
Wash cloth	Pass

Keefe Commissary Network, LLC

The JEC determined that Keefe Commissary Network, LLC passed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) **Score: 35/35**

- The bidder met the requirements of this section.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) **Score: 11/15**

- The customer service hours were not evident in the RFP.
- The Bidder's warranty has limited product return. Bidder must be notified within thirty days of purchase for the product to be eligible under warranty.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) **Score: 20/20**

- The bidder met the requirements of this section.

Company Information (4.1.1) **Score: 5/5**

- The bidder met the requirements of this section.

Prior Experience (4.1.9) **Score: 18/20**

- The bidder provided three prior experiences as requested in Section 4.1.9. Two of entities completed the Attachment F "Reference Forms."
- The JEC could only find two of the required three Attachment F "Reference Forms." The two references provided are satisfied with the bidder.

Contract Performance (4.1.10) **Score: 5/5**

- The bidder met the requirements of this section.

Total Score: 94/100

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were compared to the MDOC's current price for each item. The JEC determined that the Bidder's price(s) for the following items when compared to the MDOC's current pricing were not in the competitive range; therefore, the item was not evaluated in Step 3:

1. Crew socks
2. Bathrobes

3. Bath towels

Step 3 – Sample Evaluation	Pass/Fail
T-Shirt	Failed Step 8 of Attachment D – Product specifications stated that hem of shirt and sleeves must be cleanly finished with no raw edges. The raw edge in the hem is sticking out all around the seam.
Briefs – Men's	Pass
Thermal top (white) – Women's	Pass
Thermal top (off white) – Men's	Pass
Thermal bottom (white) – Women's	Pass
Thermal bottom (off white) – Men's	Pass
Wash cloth	Failed Step 3 of Attachment C - The minimum size requirement is 12" x 12". Item measured 11 ½" x 12".

Lockett Enterprises, LLC

The JEC determined that Lockett Enterprises, LLC passed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) **Score: 30/35**

- The JEC could not find the Bidder's sizing chart. However, the items that passed Step 2 to proceed to Step 3 did not require a sizing chart for evaluation purposes.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) **Score: 11/15**

- The customer service hours were not evident in the RFP.
- The RFP lacked specific details of its quality assurance program.
- The Bidder's response stated that most garments do not come with any warranties.
- The process for reporting warranty issues was not evident in the RFP.
- The bidder offered a 5% payment discount if paid within 10 days.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) **Score: 15/20**

- Section 1.4.1 states "The State requests no minimum order." The Bidder's response stated it would work closely with the MDOC to fulfill all requests within the scope of the contract. The Bidder did not acknowledge acceptance of the "no minimum order."
- The JEC could not find the Bidder's acknowledgement any of the packaging requirements listed in Article 1.4.3.

Company Information (4.1.1) **Score: 5/5**

- The bidder met the requirements of this section.

Prior Experience (4.1.9) **Score: 18/20**

- The bidder provided two prior experiences in Section 4.1.9, instead of the required three. The entities completed the Attachment F "Reference Forms."
- The JEC could only find two of the required three Attachment F "Reference Forms." The two references provided are satisfied with the bidder.

Contract Performance (4.1.10) **Score: 5/5**

- The bidder met the requirements of this section.

Score: 84/100

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were compared to the MDOC's current price for each item.

It was determined by the JEC that the prices for this Bidder's briefs and crew socks were too high compared to the MDOC's current price and proposed pricing of other Bidders; therefore, these samples were not evaluated in Step 3.

It was determined by the JEC that the price for this Bidder's shorts (mesh and smooth) were too high compared to the MDOC's

current price; therefore, these items were not evaluated in Step 3.

The JEC determined that the price for this Bidder's wool blankets were too high compared to the MDOC's current price; therefore, these items were not evaluated in Step 3.

Step 3 – Sample Evaluation	**Pass/Fail**
Thermal top – Women's	No pricing provided – sample not evaluated
Thermal bottom – Women's	No pricing provided – sample not evaluated
Thermal top – Men's (red)	No pricing provided – sample not evaluated
Thermal bottom – Men's (off white)	No pricing provided – sample not evaluated
Knit hat	Pass
Gloves (knit – blue) - RFP requested mittens, not gloves	Failed Step 1 on Attachment D – Step 1 stated that the State will review the label to verify item meets the product requirements listed on the appropriate Attachment(s) A-1through A-6, such as cotton and/or cotton polyester, fabric content, waterproof and water resistant. The product requirements were for quilt nylon mittens with insulation, and that were waterproof. The product sample received was knit gloves, which did not meet the fabric content or the waterproof requirement. It was also gloves instead of mittens.
Gloves (fleece – blue) - RFP requested mittens, not gloves	Failed Step 1 on Attachment D – Step 1 stated that the State will review the label to verify item meets the product requirements listed on the appropriate Attachment(s) A-1through A-6, such as cotton and/or cotton polyester, fabric content, waterproof and water resistant. The product requirements were for quilt nylon mittens with insulation, and that were waterproof. The product sample received was fleece gloves, which did not meet the fabric content or the waterproof requirement. It was also gloves instead of mittens.
Cotton blanket	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a label.
Flat sheet (54" x 90" minimum)	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a label.
Flat sheet (66" x 104" minimum)	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a label.
Pillow case	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a label.
Pillow protector	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a label.
Bath towel	Failed Step 8 on Attachment C – Item must weigh a minimum 5 lbs. per dozen (6.67 oz. each). Item weighed 6.5 oz.
Wash cloth	Pass

Tabb Textiles Co., Inc.

The JEC determined that Tabb Textiles Co., Inc. passed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) **Score: 35/35**

- The bidder met the requirements of this section.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5)
Score: 11/15

- The Bidder confirmed that it is able to receive orders by fax or e-mail. The Bidder does not appear to accept orders via telephone or written orders.
- The RFP lacked details of the warranty.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing(1.4.4); Delivery Term (1.4.5) Score: 14/20

- The Bidder's response specified that it would need 30 to 75 days to build inventory levels.
- Section 1.4.2 states "The State requests no minimum order." The Bidder is requesting that orders are placed in increments of "full case" quantities. The MDOC is requesting a no minimum order.

Company Information (4.1.1) Score: 5/5

- The bidder met the requirements of this section.

Prior Experience (4.1.9) Score: 20/20

- The bidder met the requirements of this section. The references provided are satisfied with the bidder.

Contract Performance (4.1.10) Score: 5/5

- The bidder met the requirements of this section.

Total Score: 90/100

Step 2 – Pricing Evaluation
The pricing proposals for Bidders that passed Step 1 were compared to the MDOC's current price for each item. The JEC determined that the Bidder's pricing was in the competitive range.

Step 3 – Sample Evaluation of Provided Samples	Pass/Fail
Wool blanket	Pass
Cotton blanket	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a label.
Flat sheet	Pass
Pillow case	Pass
Bath towel	Failed Step 2 on Attachment C – The terrycloth had some missed loops in the middle of the item (approximately ½" wide). There was also a major snag in the item.
Wash cloth	Failed Step 3 on Attachment C - The minimum size requirement is 12" x 12". Item measured 11 ¾" in one spot, so the item was not square.

Grand Strategy LLC

The JEC determined that Grand Strategy LLC passed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) Score: 35/35

- The bidder met the requirements of this section.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5)
Score: 15/15

- The bidder met the requirements of this section.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) Score: 18/20

- Section 1.4.2 states "The State requests no minimum order." The Bidder is requesting that orders are placed in increments of "full case" quantities. The MDOC is requesting a no minimum order.

Company Information (4.1.1) **Score: 5/5**

- The bidder met the requirements of this section.

Prior Experience (4.1.9) **Score: 20/20**

- The bidder met the requirements of this section. The references provided are satisfied with the bidder.

Contract Performance (4.1.10) **Score: 5/5**

- The bidder met the requirements of this section.

Total Score: 98/100

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were compared to the MDOC's current price for each item. The JEC determined that the Bidder's pricing was in the competitive range.

Step 3 – Sample Evaluation	Pass/Fail
Wool blanket	Pass
Cotton blanket	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a label.
Flat sheet	Pass
Pillow case	Pass
Bath towel	Failed Step 3 on Attachment C - The minimum size requirement is 20" x 40". Item measured 19 ¼" x 41".
Wash cloth	Pass

Uniforms Manufacturing, Inc.

The JEC determined that Uniform Manufacturing, Inc. passed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) **Score: 35/35**

- The bidder met the requirements of this section.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) **Score: 15/15**

- The bidder met the requirements of this section.
- The bidder states that some quantity discounts may become available within the course of the contract.
- The bidder states that should any price breaks arise, the savings will be passed on to the State.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) **Score: 19/20**

- Standard stock items, such as t-shirts and shorts, may possibly not be wrapped in plastic.

Company Information (4.1.1) **Score: 5/5**

- The bidder met the requirements of this section.

Prior Experience (4.1.9) **Score: 19/20**

- The Bidder provided the three prior experiences; however, the JEC could not find the dates for each experience. The references provided are satisfied with the bidder.

Contract Performance (4.1.10) **Score: 5/5**

- The bidder met the requirements of this section.

Total Score: 98/100

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were compared to the MDOC's current price for each item.

The JEC determined that the Bidder's pricing was in the competitive range.

Step 3 – Sample Evaluation	Pass/Fail
T-Shirt (white)	Pass
Briefs – Men's	Failed Step 2 on Attachment D – Fabric was see through and some of the seams were not finished neatly. Some of the seams were puckered.
Crew socks	Pass
Thermal top – unisex	Pass
Thermal bottom – unisex	Failed Step 2 on Attachment D - One leg is wider than the other (5 ¼ inches and 6 inches). One leg is longer than the other (27 inches and 27 ¾ inches). The waistband was missing some stitching.
Shorts	Pass
Shirt – Women's (long sleeve)	Pass
Shirt – Women's (short sleeve)	Pass
Pants – Women's	Pass
Shirt – Men's (long sleeve)	Pass
Shirt – Men's (short sleeve)	Pass
Pants – Men's	Pass
Shirt – Unisex (Dress-out)	Pass
Pants – Men's (Dress-out)	Pass
Pants – Women's (Dress-out)	Pass
Jumpsuit – insulated (long sleeve)	Pass
Jumpsuit – non-insulated (short sleeve)	Pass
Knit hat	Pass
Jacket (winter)	Failed – The product specifications listed on Attachment A-4 "Prisoner Outerwear" stated this item must have ribbed bottom and ¾ lengths. The product sample submitted did not have a ribbed bottom and it was not ¾ lengths.
Jacket (work crew)	Pass

Northwest Woolen Mills

The JEC determined that Northwest Woolen Mills failed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) Score: 30/35

- The RFP lacked details of the Bidder's reporting capabilities.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) Score: 5/15

- The State of Michigan account representative was not evident in the RFP.
- The RFP lacked details of its quality assurance program.
- The RFP lacked details of the warranty and the process for reporting warranty issues was not evident in the RFP.
- The Bidder acknowledged it had special incentives; however, the JEC could not find any special incentives listed.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) Score: 12/20

- Section 1.4.1 states "The Bidder must provide its plan for guaranteeing that the deliverables will be delivered within the above time frame(s)." The JEC could not find the Bidder's plan for guaranteeing that deliverables would be delivered on time.
- The Bidder stated that Article 1.4.5 "Delivery Term" was not applicable, since a carrier would be making the deliveries. The Bidder is still responsible for notifying its carriers of the contract delivery terms, such as, process for obtaining LEIN clearance, possibility of mobilizations, delivery hours, MDOC rules, etc.

Company Information (4.1.1) Score: 5/5

- The bidder met the requirements of this section.

Prior Experience (4.1.9) **Score: 20/20**

- The bidder met the requirements of this section. The references provided are satisfied with the bidder.

Contract Performance (4.1.10) **Score: 5/5**

- The bidder met the requirements of this section.

Total Score: 77/100

Steps 2 and 3 – The JEC did not evaluate the pricing or samples due to the Bidder not passing Step 1 - Technical.

Charm Tex

The JEC determined that Charm Tex passed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) **Score: 35/35**

- The bidder met the requirements of this section.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) **Score: 11/15**

- The customer service hours were not evident in the RFP.
- The toll-free telephone number was not evident in the RFP.
- The process for reporting warranty issues was not evident in the RFP.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) **Score: 20/20**

- The bidder met the requirements of this section.

Company Information (4.1.1) **Score: 5/5**

- The bidder met the requirements of this section.

Prior Experience (4.1.9) **Score: 11/20**

- The Bidder provided a list of four prior experiences; however, the JEC could not find the total project costs and dates for each experience. The entities were contacted and two responded back. Both were satisfied with the bidder.
- The JEC could not find the requested three Attachment F "Reference Forms."

Contract Performance (4.1.10) **Score: 5/5**

- The bidder met the requirements of this section.

Total Score: 87/100

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were compared to the MDOC's current price for each item. The JEC determined that the Bidder's pricing was in the competitive range.

Step 3 – Sample Evaluation	Pass/Fail
Briefs – Men's	Failed Step 2 of Attachment D – The sides of the item were not even. One side was 7 inches and the other side was 7 ½ inches.
Crew socks	Pass
Wool blanket	Failed Step 1 of Attachment E – Product requirement must be a minimum of 80% wool. Item was only 70% wool.
Cotton blanket	Pass
Flat sheet	Failed Step 2 of Attachment E – The item had snags and holes in the fabric.
Flat sheet	Pass – The item met the size requirement for the 54" x

	90" flat sheet. Item measured 59" x 100".
Pillow case	Failed Step 3 of Attachment E - The minimum size requirement is 22" x 30". Item measured 19 ½" x 30".
Bath towel	Failed Step 3 of Attachment C - The minimum size requirement is 20" x 40". Item measured 19 ½" in one location and 21 ¾" in another location. The edge of the item was cut in a "wavy" fashion.
Wash cloth	Failed Step 2 of Attachment C – The item was dingy and had some major snags.

OD Taragin & Bros. LLC

The JEC determined that OD Taragin & Bros. LLC failed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) Score: 32/35

- The JEC could not find the bidder's sizing chart for T-shirts, thermal tops and thermal bottoms. Sizing charts for the other items bid were provided.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) Score: 10/15

- The RFP lacked details of its quality assurance program.
- The process for reporting warranty issues was not evident in the RFP.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) Score: 12/20

- Section 1.4.1 "Time Frames" states "The Bidder must provide its plan for guaranteeing that the deliverables will be delivered within the above time frame(s). This must include meeting the delivery time frame even during the specific holidays, plant shutdowns, etc., listed above." The JEC could not find the Bidder's plan for guaranteeing that deliverables would be delivered on time, including when its suppliers are closed or shutdown.
- The Bidder stated that all its deliveries will be made by common carriers, such as FedEx or UPS. The JEC could not find where the Bidder acknowledged that it would notify its carriers of the contract delivery terms, such as, process for obtaining LEIN clearance, possibility of mobilizations, delivery hours, MDOC rules, etc.

Company Information (4.1.1) Score: 1/5

- The JEC could not find the Bidder's gross annual sales for the last five years.

Prior Experience (4.1.9) Score: 14/20

- The bidder provided three prior experiences; however, the references were not contacted since the bidder did not pass technical.
- The JEC could not find the requested three Attachment F "Reference Forms."

Contract Performance (4.1.10) Score: 5/5

- The bidder met the requirements of this section.

Total Score: 74/100

Steps 2 and 3 – The JEC did not evaluate the pricing or samples due to the Bidder not passing Step 1 - Technical.

Bob Barker Company Inc.

The JEC determined that Bob Barker Company Inc. passed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) Score: 34/35

- The JEC could not find the bidder's sizing chart for T-shirts. Sizing charts for the other items bid were provided.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) Score: 8/15

- The customer service hours were not evident in the RFP.
- The RFP lacked details of the Bidder's quality assurance program.
- The Bidder's warranty has limited product return. Bidder must be notified within thirty days for the product to be eligible under warranty.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) Score: 18/20

- The MDOC requested that stock items be delivered within 14 calendar days of receipt of order. The Bidder's response specified the delivery time frame would be 5-30 days.
- The Bidder has a minimum order requirement for certain items. The MDOC is requesting a no minimum order.

Company Information (4.1.1) Score: 5/5

- The bidder met the requirements of this section.

Prior Experience (4.1.9) Score: 11/20

- The Bidder provided a list of five prior experiences; however, the JEC could not find the total project costs, deliverables and dates for each experience. The entities were contacted and two responded back. Both were satisfied with the bidder.
- The JEC could not find the requested three Attachment F "Reference Forms."

Contract Performance (4.1.10) Score: 5/5

- The bidder met the requirements of this section.

Total Score: 81/100

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were compared to the MDOC's current price for each item. The JEC determined that the Bidder's pricing was in the competitive range.

Step 3 – Sample Evaluation	Pass/Fail
T-Shirt	Failed Step 7 on Attachment D – The JEC was unable to find the sizing chart for this item.
Briefs – Men's	Pass
Crew socks	Pass
Thermal top – unisex	Failed Step 7 on Attachment D – The sleeves were only 19 inches long on a sample of the large size. The sleeves are too short.
Thermal bottom – unisex	Pass
Shirt – Men's (short sleeve)	Pass for men only. Sample does not pass for women since it does not contain a modesty panel or darts at the bust line as specified on Attachment A-3. Also, the pocket is located on the breast instead of on the sleeve as specified for the women's shirt.
Pants – Men's	Failed Step 3 on Attachment D – Item must have one back pocket. Item did not have a pocket.
Jumpsuit – non-insulated (short sleeve)	Pass
Knit hat	Pass
Wool blanket	Pass
Cotton blanket	Failed Step 2 on Attachment E – The item had some see through spots in the middle of the blanket, holes in the selvage sides of the fabric and loose strings in the hem.
Flat sheet (54" x 90" minimum, T180)	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a label.
Pillow case (T180)	Failed Step 3 of Attachment E - The minimum size requirement is 22" x 30". Item measured 20" x 29 ½".
Bath towel	Failed Step 8 on Attachment C - – Item must weigh a minimum 5 lbs. per dozen (6.67 oz. each). Item weighed 6.25 oz.

Wash cloth	Failed Step 2 on Attachment C – The hems on the item were coming apart.

Holmdel Footwear LLC

The JEC determined that Holmdel Footwear LLC passed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) Score: 35/35

- The bidder met the requirements of this section.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) Score: 11/15

- The customer service days and hours are limited. The account manager is available 9:00 – 1:30 p.m. EST, Monday-Thursday.
- The RFP lacked details of the Bidder's quality assurance program.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) Score: 20/20

- The bidder met the requirements of this section.

Company Information (4.1.1) Score: 5/5

- The bidder met the requirements of this section.

Prior Experience (4.1.9) Score: 16/20

- The Bidder provided the three prior experiences. The entities were contacted and one responded back that it was satisfied with the bidder.
- The JEC could only find one of the required three Attachment F "Reference Forms." The reference form was positive and the entity is satisfied with the bidder.

Contract Performance (4.1.10) Score: 5/5

- The bidder met the requirements of this section.

Total Score: 92/100

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were compared to the MDOC's current price for each item. The JEC determined that the Bidder's pricing was in the competitive range.

Step 3 – Sample Evaluation	Pass/Fail
T-Shirt (white)	Pass
Briefs – Men's	Pass
Crew socks	Pass

Just In Trend

The JEC determined that Just In Trend failed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) Score: 33/35

- The JEC could not find the bidder's sizing chart for prisoner shirts and prisoner pants. Sizing charts for the other items bid were provided.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) Score: 12/15

- The RFP lacked details of the Bidder's quality assurance program.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) Score: 14/20

- The Bidder's response specified that it would need 50 to 90 days to build its inventory levels at the beginning of the contract.

- Although the JEC did not deduct any points for this, the JEC is concerned with the bidder's request for a rough forecast of the MDOC's demand.
- The Bidder agreed to the no minimum order; however, it requested a token minimum order value of $250.00. The MDOC is requesting a no minimum order.

Company Information (4.1.1) **Score: 1/5**

- The Bidder has been in business for five years. Its gross annual sales for the last five years have ranged from $11,000.00 to $170,000.00. The State's account has the potential of representing 25% or more of the Bidder's total sales. The JEC could not find where the Bidder fully described in its proposal how the company would be scaling up to serve the State's account. The JEC is concerned that the Bidder does not have the capacity to serve the MDOC population within the required timeframes.

Prior Experience (4.1.9) **Score: 8/20**

- The Bidder provided three prior experiences; however, the prior experiences were not of similar size as the MDOC. The JEC is concerned that the Bidder will not be able to serve the entire MDOC prisoner population.
- The Bidder provided three Attachment F "Reference Forms." One of the references stated that the vendor took too long to process orders and had a minimum order that the customer did not satisfy. The reference stated that they would not extend its contract because of the minimum order requirement and that they had to cancel a year-end purchase order because the vendor did not supply items in a timely manner. The other two references were satisfied with the Bidder; however, they were not of similar size of the MDOC either.

Contract Performance (4.1.10) **Score: 5/5**

- The bidder met the requirements of this section.

Total Score: 73/100

Steps 2 and 3 – The JEC did not evaluate the pricing or samples due to the Bidder not passing Step 1 - Technical.

Paradise Pillow Inc.

The JEC determined that Paradise Pillow Inc. failed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) **Score: 25/35**

- The RFP lacked details of the Bidder's reporting capabilities.
- The RFP lacked details on if the Bidder would provide a review of contract usage and provide process improvement opportunities.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) **Score: 8/15**

- The JEC could not find a toll free customer service telephone number.
- The RFP lacked details of the Bidder's quality assurance program.
- The Bidder's warranty has limited product return. Bidder must be notified within thirty days for the product to be eligible under warranty.
- The bidder offered a prompt payment discount of 1.5% 10 days and a 1% 20 days, net 30 days.
- The bidder offered quantity discounts.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) **Score: 0/20**

- The RFP lacked responses for Sections 1.4.1, 1.4.2, 1.4.3, 1.4.4 and 1.4.5 of the RFP.

Company Information (4.1.1) **Score: 5/5**

- The bidder met the requirements of this section.

Prior Experience (4.1.9) **Score: 14/20**

- The bidder provided three prior experiences; however, the references were not contacted since the bidder did not pass technical.
- The JEC could not find the requested three Attachment F "Reference Forms."

Contract Performance (4.1.10) **Score: 0/5**

- The RFP lacked a response for this section of the RFP.

Total Score: 52/100

Steps 2 and 3 – The JEC did not evaluate the pricing or samples due to the Bidder not passing Step 1 - Technical.

Robinson Textiles

The JEC determined that Robinson Textiles failed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) **Score: 25/35**

- The JEC could not find the Bidder's sizing chart.
- The RFP lacked details of the Bidder's reporting capabilities.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) **Score: 0/15**

- The RFP lacked responses for Sections 1.6.1, 1.6.3, 1.6.4 and 1.6.5 of the RFP.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) **Score: 0/20**

- The RFP lacked responses for Sections 1.4.1, 1.4.2, 1.4.3, 1.4.4 and 1.4.5 of the RFP.

Company Information (4.1.1) **Score: 1/5**

- The JEC could not find the Bidder's gross annual sales for the last five years.

Prior Experience (4.1.9) **Score: 13/20**

- The Bidder provided a list of three prior experiences; however, the JEC could not find the total project costs for each experience. The references were not contacted since the bidder did not pass technical.
- The JEC could not find the requested three Attachment F "Reference Forms."

Contract Performance (4.1.10) **Score: 5/5**

- The bidder met the requirements of this section.

Total Score: 44/100

Steps 2 and 3 – The JEC did not evaluate the pricing or samples due to the Bidder not passing Step 1 - Technical.

Carolina Textiles

The JEC determined that Carolina Textiles passed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) **Score: 33/35**

- The JEC could not find the bidder's sizing chart for men's briefs and women's briefs. Sizing charts for the other items bid were provided.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) **Score: 8/15**

- The toll free telephone number was not evident in the RFP.
- The customer service hours were not evident in the RFP.
- The RFP lacked details of the Bidder's quality assurance program.
- The process for reporting warranty issues was not evident in the RFP.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) **Score: 16/20**

- The MDOC requested that stock items be delivered within 14 calendar days of receipt of order. The Bidder's response specified the delivery time frame would be thirty days.
- The JEC could not find the Bidder's plan for guaranteeing that deliverables would be delivered on time.

Company Information (4.1.1) **Score: 5/5**

- The bidder met the requirements of this section.

Prior Experience (4.1.9) **Score: 16/20**

- The Bidder provided the three prior experiences. One of the entities completed the Attachment F "Reference Form." The entity was satisfied with the bidder.
- The JEC could only find one of the required three Attachment F "Reference Forms."

Contract Performance (4.1.10) **Score: 5/5**

- The bidder met the requirements of this section.

Total Score: 83/100

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were compared to the MDOC's current price for each item. The JEC determined that the Bidder's pricing was in the competitive range.

Step 3 – Sample Evaluation	Pass/Fail
T-Shirt	Pass
Briefs – Men's	Failed Step 1 of Attachment D – Product must be a minimum of 50% cotton. Product sample was only 35% cotton.
Crew socks	Pass
Thermal top	Pass
Thermal bottom	Pass

Scion Industries

The Bidder did not complete the RFP document or provide the required samples. The Bidder only supplied pricing attachments on the Buy4Michigan bidding site. The Bidder is considered non-responsive, and its electronic submission of its pricing was not evaluated.

STEP 2 PRICING SUMMARY FOR ALL BIDDERS PASSING STEP 1:

See Step 2 attachments (Excel spreadsheets). Pricing was evaluated on a per item basis.

AWARD RECOMMENDATION:

Based on the above information, award recommendations for each item will be made to the Bidder that offers the BEST VALUE to the State as noted below:

Item	Awarded Bidder	Unit Price	Color
Short Sleeve T-Shirts (S-6XL) – white only (not awarding color)	Holmdel Footwear	See Award Recommendation for A-1 "Prisoner Undergarments" for awarded pricing per size.	White

MICHIGAN DEPARTMENT OF CORRECTIONS

"Expecting Excellence Every Day"

MEMORANDUM

DATE:

TO: Julie Hamp, Procurement Manager

FROM: Lisa Lehnert, Proposal Manager/Buyer

SUBJECT: Award Recommendation for 047214B0001865 Prisoner Clothing and Linens

BACKGROUND INFORMATION/GENERAL:
This Request for Proposal (RFP) is for the Michigan Department of Corrections (MDOC), Michigan State Industries (MSI) to obtain bids from qualified vendors to provide prisoner clothing and linens.

The contract period is three years, with two additional one year options.

BID EVALUATION METHOD:
Proposals for this solicitation were evaluated by a Joint Evaluation Committee (JEC) comprised of:

Voting Members	Advisory Members
Jeri Ann Sherry, Deputy Director Department of Corrections	Lisa Lehnert, Buyer Department of Corrections
Jeffrey Woods, Warden Dept. of Corrections	Norma Killough, Administrative Assistant Department of Corrections
Linda Rubingh, Assistant Business Manager- Jackson Office Department of Corrections	

BIDDERS:
The RFP was posted on Buy4Michigan on April 18, 2014, and was available for 41 days with a published due date of May 29, 2014. On May 22, 2014, Amendment #3 was posted on Buy4Michigan to revise the bid opening date to June 12, 2014. The following bidders submitted proposals in response to this RFP:

Bidder	City, State	Michigan Business	SDVOB
American Textile Systems	Cerritos, CA	No	No
Keefe Commissary Network, LLC	Strongsville, OH	No	No
Lockett Enterprises, LLC	Flint, MI	Yes	Yes
Tabb Textiles Co., Inc.	Opelika, AL	No	No
Grand Strategy LLC	South Haven, MI	Yes	Yes
Uniforms Manufacturing, Inc.	Scottsdale, AZ	No	No
Northwest Woolen Mills	Woonsocket, RI	No	No

Charm Tex	Brooklyn, NY	No	No
OD Taragin & Bros. LLC	Baltimore, MD	No	No
Bob Barker Company Inc.	Fuguay Varina, NC	No	No
Holmdel Footwear LLC	Marlboro, NJ	No	No
Just In Trend	Johnston, IA	No	No
Paradise Pillow Inc.	Philadelphia, PA	No	No
Scion Industries	Springfield, IL	No	No
Robinson Textiles	Gardena, CA	No	No
Carolina Textiles	Charlotte, NC	No	No

SELECTION CRITERIA AND EVALUATION:

3.4.1 Method of Evaluation

Proposals will be evaluated by a JEC.

3.4.2 Evaluation Criteria

Step 1
Technical evaluation of written bid proposal
The following chart represents the scoring of the particular factors:

	Technical Evaluation Criteria	Weight
1.	Scope of Work and Deliverables: Section 1.2.2, Deliverables; Section 1.3.2, Reports	35
2.	Commodity Requirements: Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives	15
3.	Delivery and Acceptance: Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term	20
4.	Bidder Information: Article 4.1.1, Company Information	5
5.	Bidder Information: Article 4.1.9 Prior Experience	20
6.	Bidder Information: Article 4.1.10 Contract Performance	5
	Total	100

Step 2
For those bidders with a passing technical score of 80 or more in Step 1, their pricing will be evaluated. The State reserves the right to perform price negotiations as part of Step 2. In its sole discretion, the State will determine which bidders are in a competitive price range to proceed to Step 3.

Step 3
Samples will be evaluated for the bidder or bidders with a passing technical score in Step 1, and who are determined to be within a competitive price rage in Step 2. Evaluation of samples will be pass/fail, on an item by item basis. Sample evaluation forms are included as Attachment C, Bath Linens Evaluation Form; Attachment D, Clothing Evaluation Form; and Attachment E, Bed Linens Evaluation Form.

Step 4
Best value determination based on those who pass Steps 1, 2, and 3 above.

3.4.3 Technical and Price Evaluation

(a) Proposals receiving a score of 80 points or more will be considered for award.

(b) Price proposals will only be evaluated from those bidders that the State considers for award in accordance with subsection (a). Evaluation of price proposals includes consideration of a qualified disabled veteran preference. MCL 18.1261 establishes a preference of up to 10% for businesses owned by qualified disabled veterans that are considered for award in accordance with subsection (a).

3.4.4 Award Recommendation

The award recommendation will be made for the bidder that: (a) is considered for award in accordance with Section 3.4.3(a), Technical and Price Evaluation; (b) has its price proposal evaluated under Section 3.4.3(b), Technical and Price Evaluation; and (c) in the State's determination, offers the best value to the State.

3.4.5 Reservations

The State reserves the right to:

(a) consider total cost of ownership in the final award recommendation (i.e. transition costs, training costs, etc.);
(b) award by item or part of an item;
(c) reject any proposals in whole or in part;
(d) award multiple, optional-use contracts. The State may evaluate offers based on advantages and disadvantages that may result from making more than one award;
(e) consider overall economic impact. This includes considering principal place of performance, number of Michigan citizens employed or potentially employed, money paid to Michigan residents, Michigan capital investments, etc;
(f) award to another bidder if the recommended bidder does not accept the award;
(g) give a preference for products manufactured or services offered by Michigan-based firms if all other things are equal and if consistent with federal statutes. (MCL 18.1261);
(h) disqualify any bid based on the failure to complete the Vendor Categories in the Buy4Michigan registration; and
(i) disqualify any bid based on the information provided in the Vendor Categories in the Buy4Michigan registration.

3.4.6 Award Decision

Award recommendation will be made to the Director of MDOC.

3.4.7 Protests

If a bidder wishes to protest the award recommendation, the bidder must submit a written protest by the date and time stated in the attachment provided with the recommendation (bid tab). The bidder must include the RFP number and clearly state the facts believed to constitute error in the award recommendation along with the desired remedy. More information about the bidder protest process is available at www.michigan.gov/contractconnect; click on the "Vendor Information" link.

3.4.8 State Administrative Board

State Administrative Board (SAB) approval is required for all Contracts or Purchase Orders of $250,000.00 or more. The decision of the SAB is final; however, SAB approval does not constitute a Contract. The award process is complete when the bidder receives a properly executed Contract or Purchase Order from MDOC-Procurement.

3.5.5 Past Performance

The State may evaluate the bidder's prior performance with the State in making its award decision.

3.5.6 Financial Stability

The State may evaluate the bidder's financial stability in making its award decision. The State may seek financial information from the bidder and from third parties.

EVALUATION RESULTS SUMMARY (100 points possible):

Bidder	Step 1 – Technical	Step 2 - Pricing	Step 3 - Samples
American Textile Systems	Passed – 89 points	See below	See below
Keefe Commissary Network, LLC	Passed – 94 points	See below	See below
Lockett Enterprises, LLC	Passed – 84 points	See below	See below

Holmdel Footwear LLC	Passed – 92 points	See below	See below
Just In Trend	Failed – 73 points	Not evaluated	Not evaluated
Paradise Pillow Inc.	Failed – 52 points	Not evaluated	Not evaluated
Scion Industries	Not evaluated – non-responsive	Not evaluated	Not evaluated
Robinson Textiles	Failed – 44 points	Not evaluated	Not evaluated
Carolina Textiles	Passed – 83 points	See below	See below

It was determined by the JEC that the following items on Attachment A-1 would not be awarded to any Contractors: colored t-shirts, boxers, women's briefs, bras and sports bras. The MDOC currently has a contract for women's undergarments, which the department will continue to utilize.

It was determined by the JEC that the following items on Attachment A-3 would not be awarded: tear-away shirts and tear-away pants.

The JEC determined that the following items on Attachment A-4 "Prisoner Outerwear" would not be award to any Contractors: kitchen cap, baseball cap, cold weather hat, mittens, jacket (winter), hood for work crew jacket, bib coveralls, raincoat and rain pants.

The JEC determined that the mattress covers noted on Attachment A-5 "Bed Linens" would not be awarded to any Contractors.

INDIVIDUAL BIDDER EVALUTIONS:

American Textile Systems

The JEC determined that American Textile Systems passed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) Score: 35/35

- The bidder met the requirements of this section.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) Score: 15/15

- The bidder met the requirements of this section.
- The bidder offered a 1/2% payment discount if paid within 10 days.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) Score: 20/20

- The bidder met the requirements of this section.

Company Information (4.1.1) Score: 1/5

- The JEC could not find the Bidder's gross annual sales for the last five years.

Prior Experience (4.1.9) Score: 13/20

- The Bidder provided two prior experiences (from the same entity) in Section 4.1.9, instead of the required three. The entity was contacted for a reference and the reference was positive.
- The JEC could only find one of the required three Attachment F "Reference Forms." The reference is satisfied with the

bidder.

Contract Performance (4.1.10) **Score: 5/5**

- The bidder met the requirements of this section.

Total Score: 89/100

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were compared to the MDOC's current price for each item. The JEC determined that the Bidder's pricing when compared to the MDOC's current pricing was in the competitive range.

Step 3 – Sample Evaluation	Pass/Fail
Wool blanket	Pass
Cotton blanket	Pass
Flat sheet (54" x 90" minimum)	Pass
Flat sheet (66" x 104" minimum)	Pass
Bath towel	Pass
Wash cloth	Pass

Keefe Commissary Network, LLC

The JEC determined that Keefe Commissary Network, LLC passed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) **Score: 35/35**

- The bidder met the requirements of this section.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) **Score: 11/15**

- The customer service hours were not evident in the RFP.
- The Bidder's warranty has limited product return. Bidder must be notified within thirty days of purchase for the product to be eligible under warranty.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) **Score: 20/20**

- The bidder met the requirements of this section.

Company Information (4.1.1) **Score: 5/5**

- The bidder met the requirements of this section.

Prior Experience (4.1.9) **Score: 18/20**

- The bidder provided three prior experiences as requested in Section 4.1.9. Two of entities completed the Attachment F "Reference Forms."
- The JEC could only find two of the required three Attachment F "Reference Forms." The two references provided are satisfied with the bidder.

Contract Performance (4.1.10) **Score: 5/5**

- The bidder met the requirements of this section.

Total Score: 94/100

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were compared to the MDOC's current price for each item. The JEC determined that the Bidder's price(s) for the following items when compared to the MDOC's current pricing and pricing of other bidders were not in the competitive range; therefore, the item was not evaluated in Step 3:

1. Crew socks
2. Bathrobes

3. Bath towels

Step 3 – Sample Evaluation	Pass/Fail
T-Shirt	Failed Step 8 of Attachment D – Product specifications stated that hem of shirt and sleeves must be cleanly finished with no raw edges. The raw edge in the hem is sticking out all around the seam.
Briefs – Men's	Pass
Thermal top (white) – Women's	Pass
Thermal top (off white) – Men's	Pass
Thermal bottom (white) – Women's	Pass
Thermal bottom (off white) – Men's	Pass
Wash cloth	Failed Step 3 of Attachment C - The minimum size requirement is 12" x 12". Item measured 11 ½" x 12".

Lockett Enterprises, LLC

The JEC determined that Lockett Enterprises, LLC passed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) **Score: 30/35**

- The JEC could not find the Bidder's sizing chart. However, the items that passed Step 2 to proceed to Step 3 did not require a sizing chart for evaluation purposes.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) **Score: 11/15**

- The customer service hours were not evident in the RFP.
- The RFP lacked specific details of its quality assurance program.
- The Bidder's response stated that most garments do not come with any warranties.
- The process for reporting warranty issues was not evident in the RFP.
- The bidder offered a 5% payment discount if paid within 10 days.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) **Score: 15/20**

- Section 1.4.1 states "The State requests no minimum order." The Bidder's response stated it would work closely with the MDOC to fulfill all requests within the scope of the contract. The Bidder did not acknowledge acceptance of the "no minimum order."
- The JEC could not find the Bidder's acknowledgement any of the packaging requirements listed in Article 1.4.3.

Company Information (4.1.1) **Score: 5/5**

- The bidder met the requirements of this section.

Prior Experience (4.1.9) **Score: 18/20**

- The bidder provided two prior experiences in Section 4.1.9, instead of the required three. The entities completed the Attachment F "Reference Forms."
- The JEC could only find two of the required three Attachment F "Reference Forms." The two references provided are satisfied with the bidder.

Contract Performance (4.1.10) **Score: 5/5**

- The bidder met the requirements of this section.

Score: 84/100

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were compared to the MDOC's current price for each item. The JEC determined that the Bidder's price(s) for the following items when compared to the MDOC's current pricing and pricing of other bidders for that item, were not in the competitive range; therefore, the item was not evaluated in Step 3:

1. Men's briefs
2. Crew socks

3. Shorts (mesh and smooth)
4. Wool blankets

Step 3 – Sample Evaluation	**Pass/Fail**
Thermal top – Women's	No pricing provided – sample not evaluated
Thermal bottom – Women's	No pricing provided – sample not evaluated
Thermal top – Men's (red)	No pricing provided – sample not evaluated
Thermal bottom – Men's (off white)	No pricing provided – sample not evaluated
Knit hat	Pass
Gloves (knit – blue) - RFP requested mittens, not gloves	Failed Step 1 on Attachment D – Step 1 stated that the State will review the label to verify item meets the product requirements listed on the appropriate Attachment(s) A-1through A-6, such as cotton and/or cotton polyester, fabric content, waterproof and water resistant. The product requirements were for quilt nylon mittens with insulation, and that were waterproof. The product sample received was knit gloves, which did not meet the fabric content or the waterproof requirement. It was also gloves instead of mittens.
Gloves (fleece – blue) - RFP requested mittens, not gloves	Failed Step 1 on Attachment D – Step 1 stated that the State will review the label to verify item meets the product requirements listed on the appropriate Attachment(s) A-1through A-6, such as cotton and/or cotton polyester, fabric content, waterproof and water resistant. The product requirements were for quilt nylon mittens with insulation, and that were waterproof. The product sample received was fleece gloves, which did not meet the fabric content or the waterproof requirement. It was also gloves instead of mittens.
Cotton blanket	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a label.
Flat sheet (54" x 90" minimum)	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a label.
Flat sheet (66" x 104" minimum)	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a label.
Pillow case	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a label.
Pillow protector	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a label.
Bath towel	Failed Step 8 on Attachment C – Item must weigh a minimum 5 lbs. per dozen (6.67 oz. each). Item weighed 6.5 oz.
Wash cloth	Pass

Tabb Textiles Co., Inc.

The JEC determined that Tabb Textiles Co., Inc. passed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) **Score: 35/35**

- The bidder met the requirements of this section.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5)

Score: 11/15

- The Bidder confirmed that it is able to receive orders by fax or e-mail. The Bidder does not appear to accept orders via telephone or written orders.
- The RFP lacked details of the warranty.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing(1.4.4); Delivery Term (1.4.5) Score: 14/20

- The Bidder's response specified that it would need 30 to 75 days to build inventory levels.
- Section 1.4.2 states "The State requests no minimum order." The Bidder is requesting that orders are placed in increments of "full case" quantities. The MDOC is requesting a no minimum order.

Company Information (4.1.1) Score: 5/5

- The bidder met the requirements of this section.

Prior Experience (4.1.9) Score: 20/20

- The bidder met the requirements of this section. The references provided are satisfied with the bidder.

Contract Performance (4.1.10) Score: 5/5

- The bidder met the requirements of this section.

Total Score: 90/100

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were compared to the MDOC's current price for each item. The JEC determined that the Bidder's pricing when compared to the MDOC's current pricing was in the competitive range.

Step 3 – Sample Evaluation of Provided Samples	Pass/Fail
Wool blanket	Pass
Cotton blanket	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a label.
Flat sheet	Pass
Pillow case	Pass
Bath towel	Failed Step 2 on Attachment C – The terrycloth had some missed loops in the middle of the item (approximately ½" wide). There was also a major snag in the item.
Wash cloth	Failed Step 3 on Attachment C - The minimum size requirement is 12" x 12". Item measured 11 ¾" in one spot, so the item was not square.

Grand Strategy LLC

The JEC determined that Grand Strategy LLC passed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) Score: 35/35

- The bidder met the requirements of this section.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) Score: 15/15

- The bidder met the requirements of this section.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) Score: 18/20

- Section 1.4.2 states "The State requests no minimum order." The Bidder is requesting that orders are placed in increments of "full case" quantities. The MDOC is requesting a no minimum order.

Company Information (4.1.1) Score: 5/5

- The bidder met the requirements of this section.

Prior Experience (4.1.9) **Score: 20/20**

- The bidder met the requirements of this section. The references provided are satisfied with the bidder.

Contract Performance (4.1.10) **Score: 5/5**

- The bidder met the requirements of this section.

Total Score: 98/100

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were compared to the MDOC's current price for each item. The JEC determined that the Bidder's pricing when compared to the MDOC's current pricing was in the competitive range.

Step 3 – Sample Evaluation	Pass/Fail
Wool blanket	Pass
Cotton blanket	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a label.
Flat sheet	Pass
Pillow case	Pass
Bath towel	Failed Step 3 on Attachment C - The minimum size requirement is 20" x 40". Item measured 19 ¼" x 41".
Wash cloth	Pass

Uniforms Manufacturing, Inc.

The JEC determined that Uniform Manufacturing, Inc. passed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) **Score: 35/35**

- The bidder met the requirements of this section.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) **Score: 15/15**

- The bidder met the requirements of this section.
- The bidder states that some quantity discounts may become available within the course of the contract.
- The bidder states that should any price breaks arise, the savings will be passed on to the State.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) **Score: 19/20**

- Standard stock items, such as t-shirts and shorts, may possibly not be wrapped in plastic.

Company Information (4.1.1) **Score: 5/5**

- The bidder met the requirements of this section.

Prior Experience (4.1.9) **Score: 19/20**

- The bidder provided the three prior experiences; however, the JEC could not find the dates for each experience. The references provided are satisfied with the bidder.

Contract Performance (4.1.10) **Score: 5/5**

- The bidder met the requirements of this section.

Total Score: 98/100

Step 2 – Pricing Evaluation

The pricing proposals for bidders that passed Step 1 were compared to the MDOC's current price for each item. The JEC determined that the bidder's pricing when compared to the MDOC's current pricing was in the competitive range.

Step 3 – Sample Evaluation	Pass/Fail
T-Shirt (white)	Pass
Briefs – Men's	Failed Step 2 on Attachment D – Fabric was see through and some of the seams were not finished neatly. Some of the seams were puckered.
Crew socks	Pass
Thermal top – unisex	Pass
Thermal bottom – unisex	Failed Step 2 on Attachment D - One leg is wider than the other (5 ¼ inches and 6 inches). One leg is longer than the other (27 inches and 27 ¾ inches). The waistband was missing some stitching.
Shorts	Pass
Shirt – Women's (long sleeve)	Pass
Shirt – Women's (short sleeve)	Pass
Pants – Women's	Pass
Shirt – Men's (long sleeve)	Pass
Shirt – Men's (short sleeve)	Pass
Pants – Men's	Pass
Shirt – Unisex (Dress-out)	Pass
Pants – Men's (Dress-out)	Pass
Pants – Women's (Dress-out)	Pass
Jumpsuit – insulated (long sleeve)	Pass
Jumpsuit – non-insulated (short sleeve)	Pass
Knit hat	Pass
Jacket (winter)	Failed – The product specifications listed on Attachment A-4 "Prisoner Outerwear" stated this item must have ribbed bottom and ¾ lengths. The product sample submitted did not have a ribbed bottom and it was not ¾ lengths.
Jacket (work crew)	Pass

Northwest Woolen Mills

The JEC determined that Northwest Woolen Mills failed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) **Score: 30/35**

- The RFP lacked details of the bidder's reporting capabilities.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5)
Score: 5/15

- The State of Michigan account representative was not evident in the RFP.
- The RFP lacked details of its quality assurance program.
- The RFP lacked details of the warranty and the process for reporting warranty issues was not evident in the RFP.
- The bidder acknowledged it had special incentives; however, the JEC could not find any special incentives listed.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) **Score: 12/20**

- Section 1.4.1 states "The bidder must provide its plan for guaranteeing that the deliverables will be delivered within the above time frame(s)." The JEC could not find the bidder's plan for guaranteeing that deliverables would be delivered on time.
- The bidder stated that Article 1.4.5 "Delivery Term" was not applicable, since a carrier would be making the deliveries. The bidder is still responsible for notifying its carriers of the contract delivery terms, such as, process for obtaining LEIN clearance, possibility of mobilizations, delivery hours, MDOC rules, etc.

Company Information (4.1.1) **Score: 5/5**

- The bidder met the requirements of this section.

- The bidder met the requirements of this section.

Company Information (4.1.1) **Score: 5/5**

- The bidder met the requirements of this section.

Prior Experience (4.1.9) **Score: 11/20**

- The bidder provided a list of four prior experiences; however, the JEC could not find the total project costs and dates for each experience. The entities were contacted and two responded back. Both were satisfied with the bidder.
- The JEC could not find the requested three Attachment F "Reference Forms."

Contract Performance (4.1.10) **Score: 5/5**

- The bidder met the requirements of this section.

Total Score: 87/100

Step 2 – Pricing Evaluation

The pricing proposals for bidders that passed Step 1 were compared to the MDOC's current price for each item. The JEC determined that the bidder's pricing when compared to the MDOC's current pricing was in the competitive range.

Step 3 – Sample Evaluation	Pass/Fail
Briefs – Men's	Failed Step 2 of Attachment D – The sides of the item were not even. One side was 7 inches and the other side was 7 ½ inches.
Crew socks	Pass
Wool blanket	Failed Step 1 of Attachment E – Product requirement must be a minimum of 80% wool. Item was only 70% wool.
Cotton blanket	Pass
Flat sheet	Failed Step 2 of Attachment E – The item had snags and holes in the fabric.
Flat sheet	Pass – The item met the size requirement for the 54" x 90" flat sheet. Item measured 59" x 100".
Pillow case	Failed Step 3 of Attachment E - The minimum size

	requirement is 22" x 30". Item measured 19 ½" x 30".
Bath towel	Failed Step 3 of Attachment C - The minimum size requirement is 20" x 40". Item measured 19 ½" in one location and 21 ¾" in another location. The edge of the item was cut in a "wavy" fashion.
Wash cloth	Failed Step 2 of Attachment C – The item was dingy and had some major snags.

OD Taragin & Bros. LLC

The JEC determined that OD Taragin & Bros. LLC failed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) Score: 32/35

- The JEC could not find the bidder's sizing chart for T-shirts, thermal tops and thermal bottoms. Sizing charts for the other items bid were provided.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) Score: 10/15

- The RFP lacked details of its quality assurance program.
- The process for reporting warranty issues was not evident in the RFP.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) Score: 12/20

- Section 1.4.1 "Time Frames" states "The bidder must provide its plan for guaranteeing that the deliverables will be delivered within the above time frame(s). This must include meeting the delivery time frame even during the specific holidays, plant shutdowns, etc., listed above." The JEC could not find the bidder's plan for guaranteeing that deliverables would be delivered on time, including when its suppliers are closed or shutdown.
- The bidder stated that all its deliveries will be made by common carriers, such as FedEx or UPS. The JEC could not find where the bidder acknowledged that it would notify its carriers of the contract delivery terms, such as, process for obtaining LEIN clearance, possibility of mobilizations, delivery hours, MDOC rules, etc.

Company Information (4.1.1) Score: 1/5

- The JEC could not find the bidder's gross annual sales for the last five years.

Prior Experience (4.1.9) Score: 14/20

- The bidder provided three prior experiences; however, the references were not contacted since the bidder did not pass technical.
- The JEC could not find the requested three Attachment F "Reference Forms."

Contract Performance (4.1.10) Score: 5/5

- The bidder met the requirements of this section.

Total Score: 74/100

Steps 2 and 3 – The JEC did not evaluate the pricing or samples due to the bidder not passing Step 1 - Technical.

Bob Barker Company Inc.

The JEC determined that Bob Barker Company Inc. passed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) Score: 34/35

- The JEC could not find the bidder's sizing chart for T-shirts. Sizing charts for the other items bid were provided.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) Score: 8/15

- The customer service hours were not evident in the RFP.
- The RFP lacked details of the bidder's quality assurance program.

- The bidder's warranty has limited product return. Bidder must be notified within thirty days for the product to be eligible under warranty.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) Score: 18/20

- The MDOC requested that stock items be delivered within 14 calendar days of receipt of order. The bidder's response specified the delivery time frame would be 5-30 days.
- The bidder has a minimum order requirement for certain items. The MDOC is requesting a no minimum order.

Company Information (4.1.1) Score: 5/5

- The bidder met the requirements of this section.

Prior Experience (4.1.9) Score: 11/20

- The bidder provided a list of five prior experiences; however, the JEC could not find the total project costs, deliverables and dates for each experience. The entities were contacted and two responded back. Both were satisfied with the bidder.
- The JEC could not find the requested three Attachment F "Reference Forms."

Contract Performance (4.1.10) Score: 5/5

- The bidder met the requirements of this section.

Total Score: 81/100

Step 2 – Pricing Evaluation

The pricing proposals for bidders that passed Step 1 were compared to the MDOC's current price for each item. The JEC determined that the bidder's pricing when compared to the MDOC's current pricing was in the competitive range.

Step 3 – Sample Evaluation	Pass/Fail
T-Shirt	Failed Step 7 on Attachment D – The JEC was unable to find the sizing chart for this item.
Briefs – Men's	Pass
Crew socks	Pass
Thermal top – unisex	Failed Step 7 on Attachment D – The sleeves were only 19 inches long on a sample of the large size. The sleeves are too short.
Thermal bottom – unisex	Pass
Shirt – Men's (short sleeve)	Pass for men only. Sample does not pass for women since it does not contain a modesty panel or darts at the bust line as specified on Attachment A-3. Also, the pocket is located on the breast instead of on the sleeve as specified for the women's shirt.
Pants – Men's	Failed Step 3 on Attachment D – Item must have one back pocket. Item did not have a pocket.
Jumpsuit – non-insulated (short sleeve)	Pass
Knit hat	Pass
Wool blanket	Pass
Cotton blanket	Failed Step 2 on Attachment E – The item had some see through spots in the middle of the blanket, holes in the selvage sides of the fabric and loose strings in the hem.
Flat sheet (54" x 90" minimum, T180)	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a label.
Pillow case (T180)	Failed Step 3 of Attachment E - The minimum size requirement is 22" x 30". Item measured 20" x 29 ½".
Bath towel	Failed Step 8 on Attachment C - – Item must weigh a minimum 5 lbs. per dozen (6.67 oz. each). Item weighed 6.25 oz.
Wash cloth	Failed Step 2 on Attachment C – The hems on the item were coming apart.

Holmdel Footwear LLC

The JEC determined that Holmdel Footwear LLC passed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) **Score: 35/35**

- The bidder met the requirements of this section.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) **Score: 11/15**

- The customer service days and hours are limited. The account manager is available 9:00 – 1:30 p.m. EST, Monday-Thursday.
- The RFP lacked details of the bidder's quality assurance program.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) **Score: 20/20**

- The bidder met the requirements of this section.

Company Information (4.1.1) **Score: 5/5**

- The bidder met the requirements of this section.

Prior Experience (4.1.9) **Score: 16/20**

- The bidder provided the three prior experiences. The entities were contacted and one responded back that it was satisfied with the bidder.
- The JEC could only find one of the required three Attachment F "Reference Forms." The reference form was positive and the entity is satisfied with the bidder.

Contract Performance (4.1.10) **Score: 5/5**

- The bidder met the requirements of this section.

Total Score: 92/100

Step 2 – Pricing Evaluation

The pricing proposals for bidders that passed Step 1 were compared to the MDOC's current price for each item. The JEC determined that the bidder's pricing when compared to the MDOC's current pricing was in the competitive range.

Step 3 – Sample Evaluation	Pass/Fail
T-Shirt (white)	Pass
Briefs – Men's	Pass
Crew socks	Pass

Just In Trend

The JEC determined that Just In Trend failed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) **Score: 33/35**

- The JEC could not find the bidder's sizing chart for prisoner shirts and prisoner pants. Sizing charts for the other items bid were provided.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) **Score: 12/15**

- The RFP lacked details of the bidder's quality assurance program.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) **Score: 14/20**

- The bidder's response specified that it would need 50 to 90 days to build its inventory levels at the beginning of the contract.
- Although the JEC did not deduct any points for this, the JEC is concerned with the bidder's request for a rough forecast of the MDOC's demand.

- The bidder agreed to the no minimum order; however, it requested a token minimum order value of $250.00. The MDOC is requesting a no minimum order.

Company Information (4.1.1) **Score: 1/5**

- The bidder has been in business for five years. Its gross annual sales for the last five years have ranged from $11,000.00 to $170,000.00. The State's account has the potential of representing 25% or more of the bidder's total sales. The JEC could not find where the bidder fully described in its proposal how the company would be scaling up to serve the State's account. The JEC is concerned that the bidder does not have the capacity to serve the MDOC population within the required timeframes.

Prior Experience (4.1.9) **Score: 8/20**

- The bidder provided three prior experiences; however, the prior experiences were not of similar size as the MDOC. The JEC is concerned that the bidder will not be able to serve the entire MDOC prisoner population.
- The bidder provided three Attachment F "Reference Forms." One of the references stated that the vendor took too long to process orders and had a minimum order that the customer did not satisfy. The reference stated that they would not extend its contract because of the minimum order requirement and that they had to cancel a year-end purchase order because the vendor did not supply items in a timely manner. The other two references were satisfied with the bidder; however, they were not of similar size of the MDOC either.

Contract Performance (4.1.10) **Score: 5/5**

- The bidder met the requirements of this section.

Total Score: 73/100

Steps 2 and 3 – The JEC did not evaluate the pricing or samples due to the bidder not passing Step 1 - Technical.

Paradise Pillow Inc.

The JEC determined that Paradise Pillow Inc. failed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) **Score: 25/35**

- The RFP lacked details of the bidder's reporting capabilities.
- The RFP lacked details on if the bidder would provide a review of contract usage and provide process improvement opportunities.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) **Score: 8/15**

- The JEC could not find a toll free customer service telephone number.
- The RFP lacked details of the bidder's quality assurance program.
- The bidder's warranty has limited product return. Bidder must be notified within thirty days for the product to be eligible under warranty.
- The bidder offered a prompt payment discount of 1.5% 10 days and a 1% 20 days, net 30 days.
- The bidder offered quantity discounts.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) **Score: 0/20**

- The RFP lacked responses for Sections 1.4.1, 1.4.2, 1.4.3, 1.4.4 and 1.4.5 of the RFP.

Company Information (4.1.1) **Score: 5/5**

- The bidder met the requirements of this section.

Prior Experience (4.1.9) **Score: 14/20**

- The bidder provided three prior experiences; however, the references were not contacted since the bidder did not pass technical.
- The JEC could not find the requested three Attachment F "Reference Forms."

Contract Performance (4.1.10) **Score: 0/5**

- The RFP lacked a response for this section of the RFP.

Total Score: 52/100

Steps 2 and 3 – The JEC did not evaluate the pricing or samples due to the bidder not passing Step 1 - Technical.

Robinson Textiles

The JEC determined that Robinson Textiles failed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) Score: 25/35

- The JEC could not find the bidder's sizing chart.
- The RFP lacked details of the bidder's reporting capabilities.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) Score: 0/15

- The RFP lacked responses for Sections 1.6.1, 1.6.3, 1.6.4 and 1.6.5 of the RFP.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) Score: 0/20

- The RFP lacked responses for Sections 1.4.1, 1.4.2, 1.4.3, 1.4.4 and 1.4.5 of the RFP.

Company Information (4.1.1) Score: 1/5

- The JEC could not find the bidder's gross annual sales for the last five years.

Prior Experience (4.1.9) Score: 13/20

- The bidder provided a list of three prior experiences; however, the JEC could not find the total project costs for each experience. The references were not contacted since the bidder did not pass technical.
- The JEC could not find the requested three Attachment F "Reference Forms."

Contract Performance (4.1.10) Score: 5/5

- The bidder met the requirements of this section.

Total Score: 44/100

Steps 2 and 3 – The JEC did not evaluate the pricing or samples due to the bidder not passing Step 1 - Technical.

Carolina Textiles

The JEC determined that Carolina Textiles passed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) Score: 33/35

- The JEC could not find the bidder's sizing chart for men's briefs and women's briefs. Sizing charts for the other items bid were provided.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) Score: 8/15

- The toll free telephone number was not evident in the RFP.
- The customer service hours were not evident in the RFP.
- The RFP lacked details of the bidder's quality assurance program.
- The process for reporting warranty issues was not evident in the RFP.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) Score: 16/20

- The MDOC requested that stock items be delivered within 14 calendar days of receipt of order. The bidder's response specified the delivery time frame would be thirty days.
- The JEC could not find the bidder's plan for guaranteeing that deliverables would be delivered on time.

Company Information (4.1.1) Score: 5/5

- The bidder met the requirements of this section.

Prior Experience (4.1.9) **Score: 16/20**

- The bidder provided the three prior experiences. One of the entities completed the Attachment F "Reference Form." The entity was satisfied with the bidder.
- The JEC could only find one of the required three Attachment F "Reference Forms."

Contract Performance (4.1.10) **Score: 5/5**

- The bidder met the requirements of this section.

Total Score: 83/100

Step 2 – Pricing Evaluation

The pricing proposals for bidders that passed Step 1 were compared to the MDOC's current price for each item. The JEC determined that the bidder's pricing when compared to the MDOC's current pricing was in the competitive range.

Step 3 – Sample Evaluation	Pass/Fail
T-Shirt	Pass
Briefs – Men's	Failed Step 1 of Attachment D – Product must be a minimum of 50% cotton. Product sample was only 35% cotton.
Crew socks	Pass
Thermal top	Pass
Thermal bottom	Pass

Scion Industries

The bidder did not complete the RFP document or provide the required samples. The bidder only supplied pricing attachments on the Buy4Michigan bidding site. The bidder is considered non-responsive, and its electronic submission of its pricing was not evaluated.

STEP 2 PRICING SUMMARY FOR ALL BIDDERS PASSING STEP 1:

See Step 2 attachments (Excel spreadsheets). Pricing was evaluated on a per item basis.

AWARD RECOMMENDATION:

Based on the above information, award recommendations for each item will be made to the bidder that offers the BEST VALUE to the State as noted below.

MICHIGAN DEPARTMENT OF CORRECTIONS

"Expecting Excellence Every Day"

MEMORANDUM

DATE:

TO: Julie Hamp, Procurement Manager

FROM: Lisa Lehnert, Proposal Manager/Buyer

SUBJECT: Award Recommendation for 047214B0001865 Prisoner Clothing and Linens

BACKGROUND INFORMATION/GENERAL:
This Request for Proposal (RFP) is for the Michigan Department of Corrections (MDOC), Michigan State Industries (MSI) to obtain bids from qualified vendors to provide prisoner clothing and linens.

The contract period is three years, with two additional one year options.

BID EVALUATION METHOD:
Proposals for this solicitation were evaluated by a Joint Evaluation Committee (JEC) comprised of:

Voting Members	Advisory Members
Jeri Ann Sherry, Deputy Director Department of Corrections	Lisa Lehnert, Buyer Department of Corrections
Jeffrey Woods, Warden Dept. of Corrections	Norma Killough, Administrative Assistant Department of Corrections
Linda Rubingh, Assistant Business Manager- Jackson Office Department of Corrections	

BIDDERS:
The RFP was posted on Buy4Michigan on April 18, 2014, and was available for 41 days with a published due date of May 29, 2014. On May 22, 2014, Amendment #3 was posted on Buy4Michigan to revise the bid opening date to June 12, 2014. The following bidders submitted proposals in response to this RFP:

Bidder	City, State	Michigan Business	SDVOB
American Textile Systems	Cerritos, CA	No	No
Keefe Commissary Network, LLC	Strongsville, OH	No	No
Lockett Enterprises, LLC	Flint, MI	Yes	Yes
Tabb Textiles Co., Inc.	Opelika, AL	No	No
Grand Strategy LLC	South Haven, MI	Yes	Yes
Uniforms Manufacturing, Inc.	Scottsdale, AZ	No	No
Northwest Woolen Mills	Woonsocket, RI	No	No

Charm Tex	Brooklyn, NY	No	No
OD Taragin & Bros. LLC	Baltimore, MD	No	No
Bob Barker Company Inc.	Fuguay Varina, NC	No	No
Holmdel Footwear LLC	Marlboro, NJ	No	No
Just In Trend	Johnston, IA	No	No
Paradise Pillow Inc.	Philadelphia, PA	No	No
Scion Industries	Springfield, IL	No	No
Robinson Textiles	Gardena, CA	No	No
Carolina Textiles	Charlotte, NC	No	No

SELECTION CRITERIA AND EVALUATION:

3.4.1 Method of Evaluation

Proposals will be evaluated by a JEC.

3.4.2 Evaluation Criteria

Step 1
Technical evaluation of written bid proposal
The following chart represents the scoring of the particular factors:

	Technical Evaluation Criteria	Weight
1.	Scope of Work and Deliverables: Section 1.2.2, Deliverables; Section 1.3.2, Reports	35
2.	Commodity Requirements: Article 1.6.1, Customer Service; Article 1.6.3 Quality Assurance Program; Article 1.6.4, Warranty for Deliverables; Article 1.6.5, Special Incentives	15
3.	Delivery and Acceptance: Article 1.4.1, Time Frames; Article 1.4.2, Minimum Order; Article 1.4.3, Packaging; Article 1.4.4, Palletizing; Article 1.4.5, Delivery Term	20
4.	Bidder Information: Article 4.1.1, Company Information	5
5.	Bidder Information: Article 4.1.9 Prior Experience	20
6.	Bidder Information: Article 4.1.10 Contract Performance	5
	Total	100

Step 2
For those bidders with a passing technical score of 80 or more in Step 1, their pricing will be evaluated. The State reserves the right to perform price negotiations as part of Step 2. In its sole discretion, the State will determine which bidders are in a competitive price range to proceed to Step 3.

NOTE: To determine if a Bidder's price was in a competitive price range to proceed to Step 3, the JEC evaluated the Bidders' prices for the companies that passed Step 1, based on the following:

1. Bidder's item price may not be more than 20% higher than the average of the bid prices of all companies passing Step 1; and
2. Must not be higher than the MDOC's current cost.

For an item with multiple sizes, samples were evaluated if prices for some of the sizes passed Step 2.

Step 3
Samples will be evaluated for the bidder or bidders with a passing technical score in Step 1, and who are determined to be within a competitive price rage in Step 2. Evaluation of samples will be pass/fail, on an item by item basis. Sample evaluation forms are included as Attachment C, Bath Linens Evaluation Form; Attachment D, Clothing Evaluation Form; and Attachment E, Bed Linens Evaluation Form.

Step 4
Best value determination based on those who pass Steps 1, 2, and 3 above.

3.4.3 Technical and Price Evaluation

(a) Proposals receiving a score of 80 points or more will be considered for award.

(b) Price proposals will only be evaluated from those bidders that the State considers for award in accordance with subsection (a). Evaluation of price proposals includes consideration of a qualified disabled veteran preference. MCL 18.1261 establishes a preference of up to 10% for businesses owned by qualified disabled veterans that are considered for award in accordance with subsection (a).

3.4.4 Award Recommendation

The award recommendation will be made for the bidder that: (a) is considered for award in accordance with Section 3.4.3(a), Technical and Price Evaluation; (b) has its price proposal evaluated under Section 3.4.3(b), Technical and Price Evaluation; and (c) in the State's determination, offers the best value to the State.

3.4.5 Reservations

The State reserves the right to:

(a) consider total cost of ownership in the final award recommendation (i.e. transition costs, training costs, etc.);
(b) award by item or part of an item;
(c) reject any proposals in whole or in part;
(d) award multiple, optional-use contracts. The State may evaluate offers based on advantages and disadvantages that may result from making more than one award;
(e) consider overall economic impact. This includes considering principal place of performance, number of Michigan citizens employed or potentially employed, money paid to Michigan residents, Michigan capital investments, etc;
(f) award to another bidder if the recommended bidder does not accept the award;
(g) give a preference for products manufactured or services offered by Michigan-based firms if all other things are equal and if consistent with federal statutes. (MCL 18.1261);
(h) disqualify any bid based on the failure to complete the Vendor Categories in the Buy4Michigan registration; and
(i) disqualify any bid based on the information provided in the Vendor Categories in the Buy4Michigan registration.

3.4.6 Award Decision

Award recommendation will be made to the Director of MDOC.

3.4.7 Protests

If a bidder wishes to protest the award recommendation, the bidder must submit a written protest by the date and time stated in the attachment provided with the recommendation (bid tab). The bidder must include the RFP number and clearly state the facts believed to constitute error in the award recommendation along with the desired remedy. More information about the bidder protest process is available at www.michigan.gov/contractconnect; click on the "Vendor Information" link.

3.4.8 State Administrative Board

State Administrative Board (SAB) approval is required for all Contracts or Purchase Orders of $250,000.00 or more. The decision of the SAB is final; however, SAB approval does not constitute a Contract. The award process is complete when the bidder receives a properly executed Contract or Purchase Order from MDOC-Procurement.

3.5.5 Past Performance

The State may evaluate the bidder's prior performance with the State in making its award decision.

3.5.6 Financial Stability

The State may evaluate the bidder's financial stability in making its award decision. The State may seek financial information from the bidder and from third parties.

EVALUATION RESULTS SUMMARY (100 points possible):

Bidder	Step 1 – Technical	Step 2 - Pricing	Step 3 - Samples
American Textile Systems	Passed – 89 points	See below	See below

Robinson Textiles	Failed – 44 points	Not evaluated	Not evaluated
Carolina Textiles	Passed – 83 points	See below	See below

It was determined by the JEC that the following items on Attachment A-1 would not be awarded to any Contractors: colored t-shirts, boxers, women's briefs, bras and sports bras. The MDOC currently has a contract for women's undergarments, which the department will continue to utilize.

It was determined by the JEC that the following item on Attachment A-2 would not be awarded: women's bathrobes.

It was determined by the JEC that the following items on Attachment A-3 would not be awarded: tear-away shirts and tear-away pants.

The JEC determined that the following items on Attachment A-4 "Prisoner Outerwear" would not be award to any Contractors: kitchen cap, baseball cap, cold weather hat, mittens, jacket (winter), hood for work crew jacket, bib coveralls, raincoat and rain pants.

The JEC determined that the mattress covers noted on Attachment A-5 "Bed Linens" would not be awarded to any Contractors.

INDIVIDUAL BIDDER EVALUTIONS:

American Textile Systems

The JEC determined that American Textile Systems passed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) Score: 35/35

- The bidder met the requirements of this section.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) Score: 15/15

- The bidder met the requirements of this section.
- The bidder offered a 1/2% payment discount if paid within 10 days.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) Score: 20/20

- The bidder met the requirements of this section.

Company Information (4.1.1) Score: 1/5

- The JEC could not find the Bidder's gross annual sales for the last five years.

Prior Experience (4.1.9) Score: 13/20

- The Bidder provided two prior experiences (from the same entity) in Section 4.1.9, instead of the required three. The entity was contacted for a reference and the reference was positive.
- The JEC could only find one of the required three Attachment F "Reference Forms." The reference is satisfied with the

bidder.

Contract Performance (4.1.10) **Score: 5/5**

- The bidder met the requirements of this section.

Total Score: 89/100

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were evaluated. Second round pricing was requested from all Bidders that passed Step 1. The JEC determined that the Bidder's pricing was in the competitive range.

Step 3 – Sample Evaluation	Pass/Fail
Wool blanket	Pass
Cotton blanket	Pass
Flat sheet (54" x 90" minimum)	Pass
Flat sheet (66" x 104" minimum)	Pass
Bath towel	Pass
Wash cloth	Pass

Keefe Commissary Network, LLC

The JEC determined that Keefe Commissary Network, LLC passed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) **Score: 35/35**

- The bidder met the requirements of this section.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) **Score: 11/15**

- The customer service hours were not evident in the RFP.
- The Bidder's warranty has limited product return. Bidder must be notified within thirty days of purchase for the product to be eligible under warranty.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) **Score: 20/20**

- The bidder met the requirements of this section.

Company Information (4.1.1) **Score: 5/5**

- The bidder met the requirements of this section.

Prior Experience (4.1.9) **Score: 18/20**

- The bidder provided three prior experiences as requested in Section 4.1.9. Two of entities completed the Attachment F "Reference Forms."
- The JEC could only find two of the required three Attachment F "Reference Forms." The two references provided are satisfied with the bidder.

Contract Performance (4.1.10) **Score: 5/5**

- The bidder met the requirements of this section.

Total Score: 94/100

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were evaluated. Second round pricing was requested from all Bidders that passed Step 1. The JEC determined that the Bidder's price(s) for the following items were not in the competitive range; therefore, the item was not evaluated in Step 3:

1. Crew socks
2. Bathrobes
3. Bath towels

Step 3 – Sample Evaluation	Pass/Fail
T-Shirt	Failed Step 8 of Attachment D – Product specifications stated that hem of shirt and sleeves must be cleanly finished with no raw edges. The raw edge in the hem is sticking out all around the seam.
Briefs – Men's	Pass
Thermal top (white) – Women's	Pass
Thermal top (off white) – Men's	Pass
Thermal bottom (white) – Women's	Pass
Thermal bottom (off white) – Men's	Pass
Wash cloth	Failed Step 3 of Attachment C - The minimum size requirement is 12" x 12". Item measured 11 ½" x 12".

Lockett Enterprises, LLC

The JEC determined that Lockett Enterprises, LLC passed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) **Score: 30/35**

- The JEC could not find the Bidder's sizing chart. However, the items that passed Step 2 to proceed to Step 3 did not require a sizing chart for evaluation purposes.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) **Score: 11/15**

- The customer service hours were not evident in the RFP.
- The RFP lacked specific details of its quality assurance program.
- The Bidder's response stated that most garments do not come with any warranties.
- The process for reporting warranty issues was not evident in the RFP.
- The bidder offered a 5% payment discount if paid within 10 days.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) **Score: 15/20**

- Section 1.4.1 states "The State requests no minimum order." The Bidder's response stated it would work closely with the MDOC to fulfill all requests within the scope of the contract. The Bidder did not acknowledge acceptance of the "no minimum order."
- The JEC could not find the Bidder's acknowledgement any of the packaging requirements listed in Article 1.4.3.

Company Information (4.1.1) **Score: 5/5**

- The bidder met the requirements of this section.

Prior Experience (4.1.9) **Score: 18/20**

- The bidder provided two prior experiences in Section 4.1.9, instead of the required three. The entities completed the Attachment F "Reference Forms."
- The JEC could only find two of the required three Attachment F "Reference Forms." The two references provided are satisfied with the bidder.

Contract Performance (4.1.10) **Score: 5/5**

- The bidder met the requirements of this section.

Score: 84/100

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were evaluated. Second round pricing was requested from all Bidders that passed Step 1. The JEC determined that the Bidder's price(s) for the following items (all sizes) were not in the competitive range; therefore, the item was not evaluated in Step 3:

1. Men's briefs
2. Crew socks
3. Shorts (mesh and smooth)

4. Knit hat
5. Wool blankets
6. Cotton blankets
7. Flat sheets (both sizes)
8. Pillow case
9. Wash cloths

Step 3 – Sample Evaluation	**Pass/Fail**
Thermal top – Women's	No pricing provided – sample not evaluated
Thermal bottom – Women's	No pricing provided – sample not evaluated
Thermal top – Men's (red)	No pricing provided – sample not evaluated
Thermal bottom – Men's (off white)	No pricing provided – sample not evaluated
Gloves (knit – blue) - RFP requested mittens, not gloves	Failed Step 1 on Attachment D – Step 1 stated that the State will review the label to verify item meets the product requirements listed on the appropriate Attachment(s) A-1through A-6, such as cotton and/or cotton polyester, fabric content, waterproof and water resistant. The product requirements were for quilt nylon mittens with insulation, and that were waterproof. The product sample received was knit gloves, which did not meet the fabric content or the waterproof requirement. It was also gloves instead of mittens.
Gloves (fleece – blue) - RFP requested mittens, not gloves	Failed Step 1 on Attachment D – Step 1 stated that the State will review the label to verify item meets the product requirements listed on the appropriate Attachment(s) A-1through A-6, such as cotton and/or cotton polyester, fabric content, waterproof and water resistant. The product requirements were for quilt nylon mittens with insulation, and that were waterproof. The product sample received was fleece gloves, which did not meet the fabric content or the waterproof requirement. It was also gloves instead of mittens.
Bath towel	Failed Step 8 on Attachment C – Item must weigh a minimum 5 lbs. per dozen (6.67 oz. each). Item weighed 6.5 oz.

Tabb Textiles Co., Inc.

The JEC determined that Tabb Textiles Co., Inc. passed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) **Score: 35/35**

- The bidder met the requirements of this section.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) **Score: 11/15**

- The Bidder confirmed that it is able to receive orders by fax or e-mail. The Bidder does not appear to accept orders via telephone or written orders.
- The RFP lacked details of the warranty.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing(1.4.4); Delivery Term (1.4.5) **Score: 14/20**

- The Bidder's response specified that it would need 30 to 75 days to build inventory levels.
- Section 1.4.2 states "The State requests no minimum order." The Bidder is requesting that orders are placed in increments of "full case" quantities. The MDOC is requesting a no minimum order.

Company Information (4.1.1) **Score: 5/5**

- The bidder met the requirements of this section.

Prior Experience (4.1.9) **Score: 20/20**

- The bidder met the requirements of this section. The references provided are satisfied with the bidder.

Contract Performance (4.1.10) **Score: 5/5**

- The bidder met the requirements of this section.

Total Score: 90/100

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were evaluated. Second round pricing was requested from all Bidders that passed Step 1. The JEC determined that the Bidder's pricing was in the competitive range.

Step 3 – Sample Evaluation of Provided Samples	Pass/Fail
Wool blanket	Pass
Cotton blanket	Failed Step 1 on Attachment E – Step 1 stated that the item must have a label. This product did not have a label.
Flat sheet	Pass
Pillow case	Pass
Bath towel	Failed Step 2 on Attachment C – The terrycloth had some missed loops in the middle of the item (approximately ½" wide). There was also a major snag in the item.
Wash cloth	Failed Step 3 on Attachment C - The minimum size requirement is 12" x 12". Item measured 11 ¾" in one spot, so the item was not square.

Grand Strategy LLC

The JEC determined that Grand Strategy LLC passed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) **Score: 35/35**

- The bidder met the requirements of this section.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) **Score: 15/15**

- The bidder met the requirements of this section.

- The bidder met the requirements of this section.

Total Score: 98/100

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were evaluated. Second round pricing was requested from all Bidders that passed Step 1. The JEC determined that the Bidder's pricing was in the competitive range.

Step 3 – Sample Evaluation	Pass/Fail
T-Shirt (white)	Pass
Briefs – Men's	Failed Step 2 on Attachment D – Fabric was see through and some of the seams were not finished neatly. Some of the seams were puckered.
Crew socks	Pass
Thermal top – unisex	Pass
Thermal bottom – unisex	Failed Step 2 on Attachment D - One leg is wider than the other (5 ¼ inches and 6 inches). One leg is longer than the other (27 inches and 27 ¾ inches). The waistband was missing some stitching.
Shorts	Pass
Shirt – Women's (long sleeve)	Pass
Shirt – Women's (short sleeve)	Pass

Pants – Women's	Pass
Shirt – Men's (long sleeve)	Pass
Shirt – Men's (short sleeve)	Pass
Pants – Men's	Pass
Shirt – Unisex (Dress-out)	Pass
Pants – Men's (Dress-out)	Pass
Pants – Women's (Dress-out)	Pass
Jumpsuit – insulated (long sleeve)	Pass
Jumpsuit – non-insulated (short sleeve)	Pass
Knit hat	Pass
Jacket (winter)	Failed – The product specifications listed on Attachment A-4 "Prisoner Outerwear" stated this item must have ribbed bottom and ¾ lengths. The product sample submitted did not have a ribbed bottom and it was not ¾ lengths.
Jacket (work crew)	Pass

Northwest Woolen Mills

The JEC determined that Northwest Woolen Mills failed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) **Score: 30/35**

- The RFP lacked details of the bidder's reporting capabilities.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) **Score: 5/15**

- The State of Michigan account representative was not evident in the RFP.
- The RFP lacked details of its quality assurance program.
- The RFP lacked details of the warranty and the process for reporting warranty issues was not evident in the RFP.
- The bidder acknowledged it had special incentives; however, the JEC could not find any special incentives listed.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) **Score: 12/20**

- Section 1.4.1 states "The bidder must provide its plan for guaranteeing that the deliverables will be delivered within the above time frame(s)." The JEC could not find the bidder's plan for guaranteeing that deliverables would be delivered on time.
- The bidder stated that Article 1.4.5 "Delivery Term" was not applicable, since a carrier would be making the deliveries. The bidder is still responsible for notifying its carriers of the contract delivery terms, such as, process for obtaining LEIN clearance, possibility of mobilizations, delivery hours, MDOC rules, etc.

- The bidder met the requirements of this section.

Prior Experience (4.1.9) **Score: 11/20**

- The bidder provided a list of four prior experiences; however, the JEC could not find the total project costs and dates for each experience. The entities were contacted and two responded back. Both were satisfied with the bidder.
- The JEC could not find the requested three Attachment F "Reference Forms."

Contract Performance (4.1.10) **Score: 5/5**

- The bidder met the requirements of this section.

Total Score: 87/100

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were evaluated. Second round pricing was requested from all Bidders that passed Step 1. The JEC determined that the Bidder's price(s) for the following items (all sizes) were not in the competitive range; therefore, the item was not evaluated in Step 3:

1. Bath towels

Step 3 – Sample Evaluation	Pass/Fail
Briefs – Men's	Failed Step 2 of Attachment D – The sides of the item were not even. One side was 7 inches and the other side was 7 ½ inches.
Crew socks	Pass
Wool blanket	Failed Step 1 of Attachment E – Product requirement must be a minimum of 80% wool. Item was only 70% wool.
Cotton blanket	Pass
Flat sheet	Failed Step 2 of Attachment E – The item had snags and holes in the fabric.
Flat sheet	Pass – The item met the size requirement for the 54" x 90" flat sheet. Item measured 59" x 100".
Pillow case	Failed Step 3 of Attachment E - The minimum size requirement is 22" x 30". Item measured 19 ½" x 30".
Wash cloth	Failed Step 2 of Attachment C – The item was dingy and had some major snags.

OD Taragin & Bros. LLC

The JEC determined that OD Taragin & Bros. LLC failed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) **Score: 32/35**

- The JEC could not find the bidder's sizing chart for T-shirts, thermal tops and thermal bottoms. Sizing charts for the other items bid were provided.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) **Score: 10/15**

- The RFP lacked details of its quality assurance program.
- The process for reporting warranty issues was not evident in the RFP.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) Score: 12/20

- Section 1.4.1 "Time Frames" states "The bidder must provide its plan for guaranteeing that the deliverables will be delivered within the above time frame(s). This must include meeting the delivery time frame even during the specific holidays, plant shutdowns, etc., listed above." The JEC could not find the bidder's plan for guaranteeing that deliverables would be delivered on time, including when its suppliers are closed or shutdown.
- The bidder stated that all its deliveries will be made by common carriers, such as FedEx or UPS. The JEC could not find where the bidder acknowledged that it would notify its carriers of the contract delivery terms, such as, process for obtaining LEIN clearance, possibility of mobilizations, delivery hours, MDOC rules, etc.

Company Information (4.1.1) **Score: 1/5**

- The JEC could not find the bidder's gross annual sales for the last five years.

Prior Experience (4.1.9) **Score: 14/20**

- The bidder provided three prior experiences; however, the references were not contacted since the bidder did not pass technical.
- The JEC could not find the requested three Attachment F "Reference Forms."

Contract Performance (4.1.10) **Score: 5/5**

- The bidder met the requirements of this section.

Total Score: 74/100

Steps 2 and 3 – The JEC did not evaluate the pricing or samples due to the bidder not passing Step 1 - Technical.

Bob Barker Company Inc.

The JEC determined that Bob Barker Company Inc. passed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) **Score: 34/35**

- The JEC could not find the bidder's sizing chart for T-shirts. Sizing charts for the other items bid were provided.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) **Score: 8/15**

- The customer service hours were not evident in the RFP.
- The RFP lacked details of the bidder's quality assurance program.
- The bidder's warranty has limited product return. Bidder must be notified within thirty days for the product to be eligible under warranty.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) Score: 18/20

- The MDOC requested that stock items be delivered within 14 calendar days of receipt of order. The bidder's response specified the delivery time frame would be 5-30 days.
- The bidder has a minimum order requirement for certain items. The MDOC is requesting a no minimum order.

Company Information (4.1.1) **Score: 5/5**

- The bidder met the requirements of this section.

Prior Experience (4.1.9) **Score: 11/20**

- The bidder provided a list of five prior experiences; however, the JEC could not find the total project costs, deliverables and dates for each experience. The entities were contacted and two responded back. Both were satisfied with the bidder.
- The JEC could not find the requested three Attachment F "Reference Forms."

Contract Performance (4.1.10) **Score: 5/5**

- The bidder met the requirements of this section.

Total Score: 81/100

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were evaluated. Second round pricing was requested from all Bidders that passed Step 1. The JEC determined that the Bidder's price(s) for the following items (all sizes) were not in the competitive range; therefore, the item was not evaluated in Step 3:

1. Flat sheets (both sizes)
2. Pillow cases

Step 3 – Sample Evaluation	Pass/Fail
T-Shirt	Failed Step 7 on Attachment D – The JEC was unable to find the sizing chart for this item.
Briefs – Men's	Pass
Crew socks	Pass
Thermal top – unisex	Failed Step 7 on Attachment D – The sleeves were only 19 inches long on a sample of the large size. The sleeves are too short.
Thermal bottom – unisex	Pass
Shirt – Men's (short sleeve)	Pass for men only. Sample does not pass for women since it does not contain a modesty panel or darts at the bust line as specified on Attachment A-3. Also, the pocket is located on the breast instead of on the sleeve as specified for the women's shirt.
Pants – Men's	Failed Step 3 on Attachment D – Item must have one back pocket. Item did not have a pocket.
Jumpsuit – non-insulated (short sleeve)	Pass
Knit hat	Pass
Wool blanket	Pass
Cotton blanket	Failed Step 2 on Attachment E – The item had some see through spots in the middle of the blanket, holes in the selvage sides of the fabric and loose strings in the hem.
Bath towel	Failed Step 8 on Attachment C - – Item must weigh a minimum 5 lbs. per dozen (6.67 oz. each). Item weighed 6.25 oz.
Wash cloth	Failed Step 2 on Attachment C – The hems on the item were coming apart.

Holmdel Footwear LLC

The JEC determined that Holmdel Footwear LLC passed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) **Score: 35/35**

- The bidder met the requirements of this section.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) **Score: 11/15**

- The customer service days and hours are limited. The account manager is available 9:00 – 1:30 p.m. EST, Monday-Thursday.
- The RFP lacked details of the bidder's quality assurance program.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) **Score: 20/20**

- The bidder met the requirements of this section.

Company Information (4.1.1) **Score: 5/5**

- The bidder met the requirements of this section.

Prior Experience (4.1.9) **Score: 16/20**

- The bidder provided the three prior experiences. The entities were contacted and one responded back that it was satisfied with the bidder.
- The JEC could only find one of the required three Attachment F "Reference Forms." The reference form was positive and the entity is satisfied with the bidder.

Contract Performance (4.1.10) **Score: 5/5**

- The bidder met the requirements of this section.

Total Score: 92/100

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were evaluated. Second round pricing was requested from all Bidders that passed Step 1. The JEC determined that the Bidder's pricing was in the competitive range.

Step 3 – Sample Evaluation	Pass/Fail
T-Shirt (white)	Pass
Briefs – Men's	Pass
Crew socks	Pass

Just In Trend

The JEC determined that Just In Trend failed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) **Score: 33/35**

- The JEC could not find the bidder's sizing chart for prisoner shirts and prisoner pants. Sizing charts for the other items bid were provided.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) **Score: 12/15**

- The RFP lacked details of the bidder's quality assurance program.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) **Score: 14/20**

- The bidder's response specified that it would need 50 to 90 days to build its inventory levels at the beginning of the contract.
- Although the JEC did not deduct any points for this, the JEC is concerned with the bidder's request for a rough forecast of the MDOC's demand.
- The bidder agreed to the no minimum order; however, it requested a token minimum order value of $250.00. The MDOC is requesting a no minimum order.

Company Information (4.1.1) **Score: 1/5**

- The bidder has been in business for five years. Its gross annual sales for the last five years have ranged from $11,000.00 to $170,000.00. The State's account has the potential of representing 25% or more of the bidder's total sales. The JEC could not find where the bidder fully described in its proposal how the company would be scaling up to serve the State's account. The JEC is concerned that the bidder does not have the capacity to serve the MDOC population within the required timeframes.

Prior Experience (4.1.9) **Score: 8/20**

- The bidder provided three prior experiences; however, the prior experiences were not of similar size as the MDOC. The JEC is concerned that the bidder will not be able to serve the entire MDOC prisoner population.
- The bidder provided three Attachment F "Reference Forms." One of the references stated that the vendor took too long to process orders and had a minimum order that the customer did not satisfy. The reference stated that they would not extend its contract because of the minimum order requirement and that they had to cancel a year-end purchase order because the vendor did not supply items in a timely manner. The other two references were satisfied with the bidder; however, they were not of similar size of the MDOC either.

Contract Performance (4.1.10) **Score: 5/5**

- The bidder met the requirements of this section.

Total Score: 73/100

Steps 2 and 3 – The JEC did not evaluate the pricing or samples due to the bidder not passing Step 1 - Technical.

Paradise Pillow Inc.

The JEC determined that Paradise Pillow Inc. failed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) **Score: 25/35**

- The RFP lacked details of the bidder's reporting capabilities.
- The RFP lacked details on if the bidder would provide a review of contract usage and provide process improvement opportunities.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) **Score: 8/15**

- The JEC could not find a toll free customer service telephone number.
- The RFP lacked details of the bidder's quality assurance program.
- The bidder's warranty has limited product return. Bidder must be notified within thirty days for the product to be eligible under warranty.
- The bidder offered a prompt payment discount of 1.5% 10 days and a 1% 20 days, net 30 days.
- The bidder offered quantity discounts.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) **Score: 0/20**

- The RFP lacked responses for Sections 1.4.1, 1.4.2, 1.4.3, 1.4.4 and 1.4.5 of the RFP.

Company Information (4.1.1) **Score: 5/5**

- The bidder met the requirements of this section.

Prior Experience (4.1.9) **Score: 14/20**

- The bidder provided three prior experiences; however, the references were not contacted since the bidder did not pass technical.
- The JEC could not find the requested three Attachment F "Reference Forms."

Contract Performance (4.1.10) **Score: 0/5**

- The RFP lacked a response for this section of the RFP.

Total Score: 52/100

Steps 2 and 3 – The JEC did not evaluate the pricing or samples due to the bidder not passing Step 1 - Technical.

Robinson Textiles

The JEC determined that Robinson Textiles failed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) **Score: 25/35**

- The JEC could not find the bidder's sizing chart.
- The RFP lacked details of the bidder's reporting capabilities.

- The RFP lacked responses for Sections 1.4.1, 1.4.2, 1.4.3, 1.4.4 and 1.4.5 of the RFP.

Company Information (4.1.1) Score: 1/5

- The JEC could not find the bidder's gross annual sales for the last five years.

Prior Experience (4.1.9) Score: 13/20

- The bidder provided a list of three prior experiences; however, the JEC could not find the total project costs for each experience. The references were not contacted since the bidder did not pass technical.
- The JEC could not find the requested three Attachment F "Reference Forms."

Contract Performance (4.1.10) Score: 5/5

- The bidder met the requirements of this section.

Total Score: 44/100

Steps 2 and 3 – The JEC did not evaluate the pricing or samples due to the bidder not passing Step 1 - Technical.

Carolina Textiles

The JEC determined that Carolina Textiles passed Step One "Technical Evaluation" of the evaluation criteria. This determination was accomplished be evaluating its responses to the selection criteria noted in the table above.

Deliverables (1.2.2); Reports (1.3.2) Score: 33/35

- The JEC could not find the bidder's sizing chart for men's briefs and women's briefs. Sizing charts for the other items bid were provided.

Customer Service (1.6.1); Quality Assurance Program (1.6.3); Warranty for Deliverables (1.6.4); Special Incentives (1.6.5) Score: 8/15

- The toll free telephone number was not evident in the RFP.
- The customer service hours were not evident in the RFP.
- The RFP lacked details of the bidder's quality assurance program.
- The process for reporting warranty issues was not evident in the RFP.

Time Frames (1.4.1); Minimum Order (1.4.2); Packaging (1.4.3); Palletizing (1.4.4); Delivery Term (1.4.5) Score: 16/20

- The MDOC requested that stock items be delivered within 14 calendar days of receipt of order. The bidder's response specified the delivery time frame would be thirty days.
- The JEC could not find the bidder's plan for guaranteeing that deliverables would be delivered on time.

Company Information (4.1.1) Score: 5/5

- The bidder met the requirements of this section.

Prior Experience (4.1.9) Score: 16/20

- The bidder provided the three prior experiences. One of the entities completed the Attachment F "Reference Form." The entity was satisfied with the bidder.
- The JEC could only find one of the required three Attachment F "Reference Forms."

Contract Performance (4.1.10) Score: 5/5

- The bidder met the requirements of this section.

Total Score: 83/100

Step 2 – Pricing Evaluation

The pricing proposals for Bidders that passed Step 1 were evaluated. Second round pricing was requested from all Bidders that passed Step 1. The JEC determined that the Bidder's price(s) for the following items (all sizes) were not in the competitive range; therefore, the item was not evaluated in Step 3:

1. Thermal tops – women's

2. Thermal bottoms – women's

Step 3 – Sample Evaluation	Pass/Fail
T-Shirt	Pass
Briefs – Men's	Failed Step 1 of Attachment D – Product must be a minimum of 50% cotton. Product sample was only 35% cotton.
Crew socks	Pass
Thermal top – Men's	Pass
Thermal bottom – Men's	Pass

Scion Industries

The bidder did not complete the RFP document or provide the required samples. The bidder only supplied pricing attachments on the Buy4Michigan bidding site. The bidder is considered non-responsive, and its electronic submission of its pricing was not evaluated.

STEP 2 PRICING SUMMARY FOR ALL BIDDERS PASSING STEP 1:

See Step 2 attachments (Excel spreadsheets). Pricing was evaluated on a per item basis.

AWARD RECOMMENDATION:

Based on the above information, award recommendations for each item will be made to the bidder that offers the BEST VALUE to the State as noted below.

Item	Awarded Bidder	Unit Price	Color

Subject: RE: Cadillac Place - State of MI Services

Hi Laura,

We are happy to be working with you and to continue working with the Cadillac place building. GE Water has provided the chemical and service program to Cadillac place since 2004 with excellent results and cost savings. The GE Water program replaced Nalco in 2004 with a program costing approximately 40% less according to Al Vettese. Since that time, over 1,000,000 gallons of water savings per year has been documented and cooling towers and condensers throughout the building have shown deposit and corrosion free results, lowering cooling electrical costs by at least 5%. Al Vettese and Glen Sevek can attest to these results.

Our program includes the following:

Chemical deliveries as needed by GE Water mini-bulk delivery – chemicals arrive via a GE Water delivery truck and are transported upon arrival to bulk tanks with containment by a GE Water delivery specialist. Unlike most delivery services, no drums or containers are shipped to Cadillac Place and received – GE Water takes the responsibility for chemicals and spill avoidance to the point of use, reducing liability and potential for spills within the building.

Two 120 gallon tanks and containment are provided as a free lease from GE Water.

Monthly service visits, at minimum from a technically degreed GE Water representative. All GE Water representatives have technical degrees with minimum 5 years water treatment experience and over 400 hours technical training. Visits at Cadillac Place are made by me, 19 years with GE Water and 23 years' experience, B.S. Chemistry MSU 1990, or by Phil Curran, 6 years with GE Water, B.S. Biology WSU 2005.

Water and deposit analysis performed as needed with at least one full spectrum water analysis grid completed annually for each water system in the building.

At each visit, a total bacteria test including Legionella bacteria (source of Legionnaires Disease) is completed for each tower along with inhibitor and conductivity tests with water usage reported for each system. Opportunities for any cost savings or improvements are reviewed with operators and documented monthly via an e-mailed service report.

GE Water will supply all chemicals and services for $9,400.00 for the six month period beginning Jan 1, 2011 with the option to extend an additional 6 months if needed at the same amount. This amount can be billed monthly or quarterly at your convenience. Please feel free to contact me anytime with any questions or further information needed.

Thanks,
Lance Lange

Subject: Cadillac Place - State of MI Services
Importance: High

Dear Contractor,

As you are aware the State of Michigan is assuming ownership of Cadillac Place in Detroit as of January 1st, 2012.

The Department of Management and Budget, Financial Services will be responsible for the procurement of services for the building.

In order to avoid a lapse in current services, the State is requesting a quote for the 6 month period beginning January 1st 2012, through June 30th, 2012. Along with the quote, a description of current services provided is required.

This information can be provided in a response to this e-mail by **December 20, 2011, close of business**.

It is the State's intent to competitive bid these services at a future date, but we plan on issuing a short term Purchase Order in interim.

Thank you for cooperation in this matter.

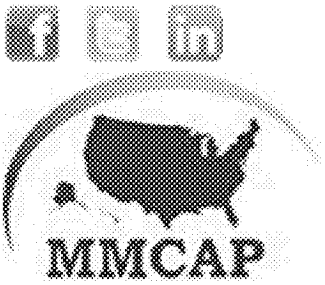
Hi Rebecca

So nice to finally meet you this week. Best of luck managing the water supply disaster in Flint. When the time is right, I'd like to learn more about the medical and dental supply procurement and contracting in MI.



Attached-MMCAP Contracts Utilized:

1. Pharmacy, some medical supplies-Department of Community Health, Lewis Cass Building
2. Dental Purchases-Department Technology, Management & Budget
3. State wide medical supply purchases

I can drill into the supporting data behind these dashboards for a deeper discussion. All the mental health facilities use the MMCAP pharmacy contracts. However, as far as I can tell none of them are using our contracted suppliers (McKesson Med-Surge and Medline). I'd like to explore if MMCAP can help out in this area.

Have a great weekend!

Genevieve

Sherry said to feel free to call her when you are reviewing these, to discuss or ask questions. The AG representative on the Ad Board committees is Iris Lopez.

Diane suggested that you call the AG's office at 3-1162 and explain what you want, to see if they'll respond in a phone call. Diane suggested starting with Socorro Guerrero.

Subject: Signed set of Ad Board Minutes

Attached is a set of Ad Board minutes complete with signatures for the minutes and all three committee reports. At this meeting we withdrew an item that many people spoke about. See the bottom of page 1 and the top of page 2 to see how I handled about 15 minutes of discussion that included Mr. Clawson accusing the Mayor of Flint and many of the Flint employees of many criminal acts. See page 25 of the minutes to see the withdrawn item and see page 33 to see what was recorded in the minutes regarding the withdrawn item.

Any time I have included any more detail than this, I have been asked by the Board Chairperson to revise the minutes.

APPROVED

MAR 01 2011

MICHIGAN STATE
ADMINISTRATIVE BOARD

Lansing, Michigan February 15, 2011

A regular meeting of the State Administrative Board was held in the Lake Superior Room, 1st Floor, Michigan Library and Historical Center, on Tuesday, February 15, 2011, at 11:00 a.m.

Present: Mike Gadola, Legal Counsel, representing Rick Snyder, Chairperson
Nat Forstner, Chief of Staff, representing Brian Calley, Lt. Governor
Mike Senyko, Chief of Staff, representing Ruth Johnson, Secretary of State
Carol Isaacs, Chief of Staff, representing Bill Schuette, Attorney General
Mary G. MacDowell, Director, Financial Services Bureau, representing Andy Dillon, State Treasurer
Janet Laverty, Director, Office of Financial Management, representing Michael P. Flanagan, Superintendent of Public Instruction
Myron Frierson, Director, Finance and Administration Bureau, representing Kirk T. Steudle, Director, Department of Transportation
Sherry Bond, Secretary

Others Present:

Iris Lopez, Department of Attorney General; Pat Mullen, Janet Rouse, Department of Technology, Management and Budget; Jean Ingersoll, Department of Transportation; Tom Saxton, Department of Treasury; Abigail Totoraitis, House Republican Policy Office; Kristin Longley, The Flint Journal; Patrick Clawson

1. CALL TO ORDER:

Mr. Gadola called the meeting to order and led the Pledge of Allegiance to the Flag.

2. READING OF MINUTES OF PRECEDING MEETING AND APPROVAL THEREOF:

Ms. MacDowell moved that the minutes of the regular meeting of February 1, 2011, be approved and adopted. The motion was supported by Mr. Senyko and unanimously approved.

3. HEARING OF CITIZENS ON MATTERS FALLING UNDER JURISDICTION OF THE BOARD:

Mr. Gadola said the Board anticipates the City of Flint's application for fiscal stabilization bonds to be withdrawn at the meeting today.

Mr. Clawson spoke in opposition to the City of Flint's application for fiscal stabilization bonds.

4. COMMUNICATIONS:

NONE

5. UNFINISHED BUSINESS:

NONE

6. NEW BUSINESS:

Retention and Disposal Schedules:

CITY OF DETROIT, Office of the Detroit City Clerk, 02/15/2011

Ms. MacDowell moved that the Retention and Disposal Schedule be approved and adopted. The motion was supported by Mr. Forstner and unanimously approved.

7. REPORTS AND RECOMMENDATIONS OF COMMITTEES:

(Please see the following pages)

APPROVED

FEB 15 2011

MICHIGAN STATE
ADMINISTRATIVE BOARD

COMMITTEE REPORT TO THE STATE ADMINISTRATIVE BOARD

The Honorable Rick Snyder, Governor
and
Members of the State Administrative Board

A regular meeting of the **Building** Committee was held at **11:00 a.m.** on **February 8, 2011**. Those present being:

Chairperson: Mary G. MacDowell, representing State Treasurer Dillon — Approved Mary G. MacDowell

Member: David Murley, representing Governor Snyder — Approved

Member: Nat Forstner, representing Lt. Governor Calley — Approved

Others: Iris Lopez, Department of Attorney General; Sherry Bond, Pat Mullen, Janet Rouse, Department of Technology, Management and Budget; Dayne Wallings, City of Flint; Mike Killbreath, Flint Area Chamber of Commerce; David Massaron, Miller Canfield; Pat Lawson, Dan Parks, Craig Smith, Scott Smith

---

Ms. MacDowell called the meeting to order.

The Building Committee regular agenda and Recovery Act Funds agenda were presented.

Following discussion, Mr. Murley moved that the regular agenda and Recovery Act Funds agenda be recommended to the State Administrative Board for approval. Supported by Mr. Forstner, the motion was unanimously adopted.

Ms. MacDowell adjourned the meeting.

2-7-11 / 9:50 am / Revised FINAL

AGENDA

BUILDING COMMITTEE / STATE ADMINISTRATIVE BOARD

February 8, 2011 / February 15, 2011
11:00 A.M. Lake Superior Room 1st Floor
Michigan Library and Historical Center

This agenda is for general informational purposes only. At its discretion, the Building Committee may revise this agenda and may take up other issues at the meeting.

MODIFICATION TO PROFESSIONAL SERVICES CONTRACTS

1. DEPARTMENT OF TECHNOLOGY, MANAGEMENT AND BUDGET, VARIOUS SITE LOCATIONS – Design and Construction Division – Architectural and Engineering Indefinite-Scope, Indefinite-Delivery (ISID) Contracts for Minor Projects
   File No. (To Be Assigned) – Index No. (To Be Established)
   Indefinite-Scope, Indefinite-Delivery Contract Nos. 00235 - Materials Testing Consultants, Inc., Grand Rapids; 00252 - Professional Service Industries, Inc., Lansing; and 00260 Soil and Materials Engineers, Inc., Lansing.
   That approval be granted to exercise the one year extension option extending the contracts from September 19, 2011 to September 19, 2012. In addition, increase the maximum cumulative fee from $250,000 to $450,000.

Purpose/Business Case
The purpose of this modification is to provide additional capabilities for professional quality control/material testing services to support construction oversight of maintenance, repair, renovation and new construction projects. These ISID contracts allow for response to emergency or urgent situations, and smaller projects on an as needed bases. Currently, we are at or near the limit on all three quality control/material testing ISID contracts. This modification exercises the one year option, allowed by the contract, providing two (2) additional years of service, as well as increases the maximum cumulative fee to $450,000 to support current and future projects.

Benefit
The State will benefit by being able to provide quality control and material testing to emergency or urgent situations and respond efficiently to smaller projects.

Funding Source
The funding will be provided by each individual project/assignment.

Commitment
The contract assignments will be paid on an hourly/direct payroll basis times a multiplier plus reimbursables.

Risk Assessment
Failure to approve this modification will result in potential delays responding to emergency or urgent situations, as well as less efficient response to smaller projects.

Zip Code
Various
